Parents will learn everything they need about the new Sony PlayStation 2 video game system, including which games are appropriate for their children, in this new guide.

Several experts in the video game industry analyze this new platform and its capabilities and the details of their industry's rating system. Parents will learn how to identify the genres of which they should be wary, how to research game content before purchasing, and how to choose games for every member of the family. Extensive reviews of the existing and upcoming PlayStation 2 games, which fully utilize the power of this new system, are arranged by title. These reviews, and reviews of older PlayStation games that are compatible with the new system, feature information on each game's genre, its industry and educational ratings, and the age range for which it is appropriate.

Videogamers will find all they need to know in this collection of reviews of the top 150 games. Includes a roundup of monthly magazines and e-zines and Web site contact information for all hardware manufacturers, game developers, and publishers mentioned in the guide. Screen shots.

With this guide, gamers can save the world from an evil corporation which is siphoning off energy from the planet. Complete walkthroughs and all the maps help players navigate the game. Character descriptions, and complete lists of items, monsters and magic are included.

Games systems used to be simple--plug into TV, put in game cartirage, power on...and occasionally spend several minutes plugging dust out and putting it in at just the right angle! Today game systems are more than game systems--they are multi-media

powerhouses. In the case of PS3, it is a full on computer. This guide will help you get the most out of your PS3 and everything that's built into it--from adjusting parental settings to changing the way it looks. GameCaps Walkthroughs was started as a way of bringing cheap, reliable, and informative game walkthroughs and system profiles. Our library is growing more every month.

The Unofficial PlayStation Handbook

The consumer electronics market has never been as awash with new consumer products as it has over the last couple of years. The devices that have emerged on the scene have led to major changes in the way consumers listen to music, access the Internet, communicate, watch videos, play games, take photos, operate their automobiles—even live. Digital electronics has led to these leaps in product development, enabling easier exchange of media, cheaper and more reliable products, and convenient services. This handbook is a much-needed, comprehensive engineering guide to the

dynamic world of today's digital consumer electronics. It provides complete details on key enabling technologies, standards, delivery and reception systems, products, appliances and networking systems. Each chapter follows a logical progression from a general overview of each device, to market dynamics, to the core technologies and components that make up that particular product. The book thoroughly covers all of the key digital consumer product categories: digital TV, digital audio, mobile communications devices, gaming consoles, DVD players, PCs and peripherals, display devices, digital imaging devices, web terminals and pads, PDAs and other handhelds, screenphones/videophones, telematics devices, eBooks and readers, and many other current and future products. To receive a FREE daily newsletter on displays and consumer electronics, go to: <http://www.displaydaily.com/> ·Surveys crucial engineering information for every digital consumer product category, including cell phones, digital TVs, digital cameras, PDAs and many more—the only reference available to do so ·Has extremely broad market appeal to embedded systems professionals, including engineers, programmers, engineering managers, marketing and sales personnel—1,000,000+ potential readers ·Helps engineers and managers make the correct design decisions based on real-world data

BradyGames' Silent Hill 3 Official Strategy Guide features comprehensive maps that mark key locations of items and supplies, including areas without in-game maps! Detailed walkthrough that includes puzzle solutions. Boss tactics guide players through every aspect of Heather's ordeal, in the normal world and the horrifying Reverse World. Game secrets, complete item and weapon coverage, enemy information and more! This product is available for sale in North America only.

If you are new to the PlayStation console or just want to learn more, this is an essential guide for you. With chapters covering PS3, PS4, and PlayStation TV this guide covers every aspect of PlayStation you can think of! This book is a bundle of three books. Each section can also be purchased individually. Please note, this book is neither written or endorsed by Sony and should be considered unofficial.

BradyGames Grand Theft Auto 3 Official Strategy Guide

provides detailed strategies for the gangland missions and side missions in the game. Comprehensive walkthrough including in-depth coverage of weapons, character moves, vehicles, and bosses. Secrets and cheats revealed to uncover mysteries and multi-layered missions interspersed in the game story.
