

Pmp Exam Prep 7th Edition Audio Book

Prepare for the PMP certification exam in a unique and inspiring way with Head First PMP. The second edition of this book provides 100% coverage of the latest principles and certification objectives offered in The PMBOK Guide, 4th edition, with a visually rich format is designed for the way your brain works. You'll find a full-length sample exam included inside the book. Using the latest research in neurobiology, cognitive science, and learning theory, Head First PMP offers you a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep. You get a thorough and effective preparation guide with hundreds of practice questions and exam strategies, along with puzzles, games, problems, and exercises that make learning easy and entertaining. More than just passing a test, a PMP certification means that you have the knowledge to solve most common project problems, but studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. The book teaches underlying concepts so that you can understand the PMBOK principles and pass the certification exam with flying colors. Head First PMP puts project management principles into context to help you understand, remember, and apply them -- not just on the exam, but also on the job.

Now updated for the 2016 PMP exam Learn the latest principles and certification objectives in The PMBOK® Guide, (Fifth Version), in a unique and inspiring way with Head First PMP. This book helps you prepare for the PMP certification exam using a visually rich format designed for

File Type PDF Pmp Exam Prep 7th Edition Audio Book

the way your brain works. You'll find a full-length sample exam included inside the book. More than just proof of passing a test, a PMP certification means that you have the knowledge to solve most common project problems. But studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. Drawing on the latest research in neurobiology, cognitive science, and learning theory, Head First PMP offers you a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep. This book will help you: Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors Get 100% coverage of the latest principles and certification objectives in The PMBOK Guide, Fifth Edition Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining Head First PMP puts project management principles into context to help you understand, remember, and apply them—not just on the exam, but also on the job. Roughly half of all project managers have to lead customer projects as profit centers on contractor side with two big objectives: making the customer happy and bringing money home. Customer projects are a high-risk business on both sides, customers and contractors, but the dynamics of this business have so far been mostly ignored in literature. The book is intended to fill this gap. The book helps project managers better understand the dynamics of customer projects under contract from

File Type PDF Pmp Exam Prep 7th Edition Audio Book

business development through handover and find solutions for common problems. A central aspect is international contract laws, an often underestimated factor in projects.

This all-inclusive, self-study guide for the PMI's Project Management Professional (PMP) certification exam provides all the information project managers need to thoroughly prepare for the test. It contains the book *The PMP Exam: How to Pass on Your First Try*; flash card App to help with memorization of key points; a laminated quick reference guide; a trial version subscription to the PMP course in InSite (the top PMP e-learning site); and downloadable audio CDs featuring experts Andy Crowe, Bill Yates, and Louis Alderman discussing the main points and concepts for the exam. The included learning materials cover all the processes, inputs, tools, and outputs that will be tested, along with insider secrets, test tricks and tips, hundreds of sample questions, and exercises designed to strengthen mastery of key concepts to help you pass the exam with confidence.

PMP Total Test Prep

PMBOK® Guide is the go-to resource for project management practitioners. The project management profession has significantly evolved due to emerging

File Type PDF Pmp Exam Prep 7th Edition Audio Book

technology, new approaches and rapid market changes. Reflecting this evolution, The Standard for Project Management enumerates 12 principles of project management and the PMBOK® Guide – Seventh Edition is structured around eight project performance domains. This edition is designed to address practitioners' current and future needs and to help them be more proactive, innovative and nimble in enabling desired project outcomes. This edition of the PMBOK® Guide:

- Reflects the full range of development approaches (predictive, adaptive, hybrid, etc.);
- Provides an entire section devoted to tailoring the development approach and processes;
- Includes an expanded list of models, methods, and artifacts;
- Focuses on not just delivering project outputs but also enabling outcomes; and
- Integrates with PMI standards+™ for information and standards application content based on project type, development approach, and industry sector.

PMP Exam Preparation Flashcards

PMP Exam: Practice Test and Study Guide, Ninth Edition uses self-study to help readers increase their chances of passing the PMP certification exam the first time. This spiral-bound edition includes 40 multiple-choice practice questions in each of the ten knowledge areas and in the professional and social responsibilities domain. It presents

Tres Roeder lays out a system to help you succeed not only in your projects, but in any interpersonal relationship that requires a change in behavior. Tres Roeder's 90 percent project success rate stands well above industry averages. In this book, Mr. Roeder lays out how he succeeds by using a balanced approach of technical project management skills, business acumen and sixth sense people skills. Sixth sense people skills are unlike any people skills guidance you have ever received. Read this book and forever change the way to manage people and projects.

materials cover all the processes, inputs, tools, and outputs that will be tested, along with insider secrets, test tricks and tips, hundreds of sample questions, and exercises designed to strengthen mastery of key concepts to help you pass the exam with confidence.

This is an update and expansion upon PMI's popular reference, The Practice Standard for Project Risk Management. Risk Management addresses the fact that certain events or conditions may occur with impacts on project, program, and portfolio objectives. This standard will: identify the core principles for risk management; describe the fundamentals of risk management and the environment within which it is carried out; define the risk management life cycle; and apply risk management principles to the portfolio, program, and project domains within the context of an enterprise risk management approach. It is primarily written for portfolio, program, and project managers, but is a useful tool for leaders and business consumers of risk management, and other stakeholders.

A Sixth Sense for Project Management

Construction Extension to the PMBOK® Guide

A Learner's Companion to Passing the Project Management Professional Exam

PMP Project Management Professional Exam Study Guide

PMI-ACP Exam Prep

CAPM Exam Prep

The PMBOK® Guide – Sixth Edition – PMI's flagship publication has been updated to reflect the latest good practices in project management. New to the Sixth Edition, each knowledge area will contain a section entitled Approaches for Agile, Iterative and Adaptive Environments, describing how these practices integrate in project settings. It will also contain more emphasis on strategic and business knowledge—including discussion of project management business documents—and information on the PMI Talent Triangle—and the essential skills for success in today's market.

A Guide to the Project Management Body of Knowledge (PMBOK® Guide) provides generalized project management guidance applicable to most projects most of the time. In order to apply this generalized guidance to construction projects, the Project Management Institute has developed the Construction Extension to the PMBOK® Guide. This Construction Extension provides construction-specific guidance for the project management practitioner for each of the PMBOK® Guide Knowledge Areas, as well as guidance in these additional areas not found in the PMBOK® Guide: All project resources, rather than just human resources—Project health, safety, security, and environmental management—Project financial management, in addition to cost—Management of claims in construction This edition of the Construction Extension also follows a new structure, discussing the principles in each of the Knowledge Areas rather than discussing the individual processes. This approach broadens the applicability of the Construction Extension by increasing

File Type PDF Pmp Exam Prep 7th Edition Audio Book

the focus on the "what" and "why" of construction project management. This Construction Extension also includes discussion of emerging trends and developments in the construction industry that affect the application of project management to construction projects.

Complete coverage of all objectives in the 2020 release of the PMP exam—fully aligned with the PMBOK Guide®, Sixth Edition This comprehensive resource offers complete coverage of all the material included on the Project Management Professional exam. You'll find learning objectives at the beginning of each chapter, exam tips, practice exam questions, and in-depth explanations. Written by a leading project management consultant and trainer, PMP Project Management Professional All-in-One Exam Guide will help you pass the exam with ease and will also serve as an essential on-the-job reference. Covers all exam topics, including: People Processes Business Environment Agile Best Practices Knowledge Areas Online content includes: Practice exams—test yourself by PMP exam domain or take a complete exam Video training from the author Worksheets for Float, Earned Value, Time Value of Money Printable PMP memory card

Passing the exam is no easy task, no matter how many books or videos you study. You will need to take exam like questions in order to be prepared for the real test. This book will give you the exam like experience you need in order to pass the actual exam on your first try. Almost all PMP exam questions are scenarios, which will test your ability to choose the best answer. The questions in this book are mostly scenarios and are

File Type PDF Pmp Exam Prep 7th Edition Audio Book

formatted just like the actual exam. They will test your skills and knowledge of selecting the best answer. All questions comes with a detail explanations of why a choice was correct and why the others were wrong.

This is the first book written specifically for the new PMI-ACP exam. It is a single, compact reference that will help the reader prepare for and pass the certification exam. Contents include: Understanding Agile, The PMI-ACP Exam, The Agile Manifesto, Project Justification, Teams & Team Space, Agile Planning, Working with Agile, Coaching with Agile, Agile Methodologies, How to Pass the PMI-ACP Exam, Glossary of Terms, 2 Simulated Exams with Answers. 13 comprehension lessons ; Concepts and study material ; Games and exercises ; Tricks of the trade ; Practice exams and questions.

The Practice Standard for Project Risk Management covers risk management as it is applied to single projects only. It does not cover risk in programs or portfolios. This practice standard is consistent with the PMBOK® Guide and is aligned with other PMI practice standards. Different projects, organizations and situations require a variety of approaches to risk management and there are several specific ways to conduct risk management that are in agreement with principles of Project Risk Management as presented in this practice standard.
