From #1 New York Times bestselling author Brandon Sanderson, the Mistborn series is a heist story of political intrigue and magical, martial-arts action. The impossible has been accomplished. The Lord Ruler -- the man who claimed to be god incarnate and brutally ruled the world for a thousand years -- has been vanquished. But Kelsier, the hero who masterminded that triumph, is dead too, and now the awesome task of building a new world has been left to his young protégé, Vin, the former street urchin who is now the most powerful Mistborn in the land, and to the idealistic young nobleman she loves. As Kelsier's protégé and slayer of the Lord Ruler she is now venerated by a budding new religion, a distinction that makes her intensely uncomfortable. Even more worrying, the mists have begun behaving strangely since the Lord Ruler died, and seem to harbor a strange vaporous entity that haunts her. Stopping assassins may keep Vin's Mistborn skills sharp, but it's the least of her problems. Luthadel, the largest city of the former empire, doesn't run itself, and Vin and the other members of Kelsier's crew, who lead the revolution, must learn a whole new set of practical

and political skills to help. It certainly won't get easier with three armies - one of them composed of ferocious giants - now vying to conquer the city, and no sign of the Lord Ruler's hidden cache of atium, the rarest and most powerful allomantic metal. As the siege of Luthadel tightens, an ancient legend seems to offer a glimmer of hope. But even if it really exists, no one knows where to find the Well of Ascension or what manner of power it bestows. With no otherworld tasks to run for Fel, Will has spent the last year mainly helping Rachel consolidate her hold on her expanded kingdom. Barassa has been set back, for now, but Will knows it's only a matter of time until they're at

odds once more and Barassa still has the bigger army. So taking the time to learn more about their enemy seems like a good place to start, and of course, Rachel has more things she expects him to do, even if he has no idea just how he's going to do them. Fel also has things for Will to do as well, even if they are the more mundane jobs that a Champion of the faith must perform. Escorting missionaries isn't the most exciting or glamorous job, but its one Will must do. At least the people are different, interesting, and friendly, and some perhaps a little too friendly. But that's never gotten him in trouble before, right?

Jarith was exiled from Elsheval, one of the great Elvin kingdoms, eight years ago for political reasons. A powerful and loyal warrior who led the Queen's armies to many victories, he was angry and upset, but he followed his orders and left. Now, eight years later, he is being summoned back from his exile to deal with a problem that apparently the Queen believes only he can handle. Despite his strong feelings over this betrayal, his desire to see his home and family wins out and he answers the call. But living an exile among humans for the last eight years has left its mark on him, having been forced to hide his Shrean form from those who wouldn't understand. And what of the lover Jarith was forced to leave behind? The woman he once thought destined to be his? How will all of this affect her?

A journey through a land where Milo learns the importance of words and numbers provides a cure for his boredom.

*With having to leave the Commission for a year while things cool off politically, Mark finds that the Church has loaned him out to the FBI, who have been trying for years now to get an experienced monster and demon expert in their newest division, to help train and educate the agents there on just what they will be facing. Finding out that Mark actually is one of those very monsters has made them want him even more; not just for what he can bring to the table, but because they do need to check off that newest minority checkbox, even if no one knows they exist. Mark doesn't mind the new assignment, being closer to home, it means it will be easier to visit with family, and the agents all seem nice enough. Plus the FBI has a bigger budget and gets a lot nicer toys than Mark is used to. However, while Mark knows how to deal with devils, demons, and even the nastier monsters out there, he doesn't know anything about how to deal with a sociopath werewolf who has gone full psycho and started to murder co-eds. That's more of a 'human' problem, after all.*

*Music, myth, and magic mix in this tale of a melody not meant for human ears, from the New York Times–bestselling and award-winning author of Darwin’s Radio. Michael Perrin is an aspiring poet, struggling to express the chaotic cadences of his thoughts on paper. He finds a kindred spirit in Arno Waltiri, the film score composer behind several of Michael’s favorite classic movies. The maestro’s greatest piece, however, was performed in front of a live audience only once. The concerto Opus 45, Infinity left its listeners entranced, altered to the very core of their souls. Waltiri’s composition is a song of power. Never meant to be heard by human ears, its melody is as captivating as a siren’s call, its notes ring out like a death knell, and its rhythms shake the very foundations of reality. The music’s otherworldly tones have led Michael through the gate between Earth and the Realm of the Sidhedark, where faeries reign by rule of magic—and where Michael must find his muse if he’s ever to return home. The Infinity Concerto is a fantasy masterpiece by the Hugo and Nebula Award-winning author of the Forerunner Saga, Eon, and other imaginative classics.*

Book Two of Mistborn

**"Smart, propulsive and gripping, THE GOD GAME is an ambitious thriller and a terrifying examination of what could--and probably already is--happening in the world of artificial intelligence."—Harlan Coben, #1 New York Times bestselling author of Run Away** A technological thriller with an all-too-believable premise, award-winning author Danny Tobey's *The God Game* follows five teenagers obsessed with an online video game that connects them to their worst impulses and most dangerous desires. They call themselves the Vindicators. Targeted by bullies and pressured by parents, these geeks and gamers rule the computer lab at Turner High School. Wealthy bad boy Peter makes and breaks rules. Vanhi is a punk bassist at odds with her heritage. Kenny's creativity is stifled by a religious home life. Insecure and temperamental, Alex is an outcast among the outcasts. And Charlie, the leader they all depend on, is reeling from the death of his mother, consumed with reckless fury. They each receive an invitation to play *The God Game*. Created by dark-web coders and maintained by underground hackers, the video game is controlled by a mysterious artificial intelligence that believes it is God. Obey the almighty A.I. and be rewarded. Defiance is punished. Through their phone screens and high-tech glasses, Charlie and his friends see and interact with a fantasy world superimposed over reality. The quests they undertake on behalf of "God" seem harmless at first, but soon the tasks have them questioning and sacrificing their own morality. High school tormentors get their comeuppance. Parents

and teachers are exposed as hypocrites. And the Vindicators' behavior becomes more selfish and self-destructive as they compete against one another for prizes each believes will rescue them from their adolescent existence. But everything they do is being recorded. Hooded and masked thugs are stalking and attacking them. "God" threatens to expose their secrets if they attempt to quit the game. And losing the game means losing their lives. You don't play the Game. The Game plays you....

LOST Lessons was written by Randy Johnson and David Rutledge. The book has been well received and is reaching varied individuals. Young adults who are dedicated followers of Jesus Christ are learning to see media, Hollywood and even the world from a Christian perspective, while those who aren't necessarily connecting with a church are seeing Jesus in a fresh way. Based on this success, the authors decided to write

We are honored by God to stand before our congregation each week, and we want to give them the very best, but with the press of the many demands of ministry, sometimes that is difficult to do. And if you're like me, you prefer writing your own sermons because you have a special connection with your congregation that is hard to reach through a message someone else has written. In other words, no one knows your people like you do! Our new Pulpit Outline Series gives you a starting point - a sermon title, a deductive sermon outline; and a relevant illustration you can use however you like. In this edition, rather than an outline, we have given you full manuscript messages that can be edited to suit your purposes. We invite you to make these messages your own, because only you know the people God has called you to preach to. And we are so honored that you've invested in this unique third volume in the Pulpit Outline series - 52 Funeral Sermons. We have put together the most tasteful, relevant, and Biblical messages possible. May God Bless You as You Share His Word!

A famous Italian theologian's eloquent reflections on beauty and God. / "Beauty is an event: it happens when the Whole, the All, offers itself to us in the fragment, when the Infinite makes itself little." This is how Bruno Forte describes the long-held Christian tradition that sees God as

In *The Portal of Beauty* Forte examines the deep, though not always obvious, contribution of theological thought from the minds of such luminaries as Augustine, Aquinas, Kierkegaard, Dostoevsky, Balthasar, and Evdokimov to our understanding and experience of beauty. / *The Portal of Beauty* is an erudite, moving, and deeply-felt study by the most famous Italian theologian in Italy on the nature of beauty and how it can lead us to a greater understanding of and communion with the divine.

An innovative history of deep social and economic changes in France, told through the story of a single extended family across five generations Marie Aymard was an illiterate widow who lived in the provincial town of Angoulême in southwestern France, a place where seemingly nothing ever happened. Yet, in 1764, she made her fleeting mark on the historical record through two documents: a power of attorney in connection with the property of her late husband, a carpenter on the island of Grenada, and a prenuptial contract for her daughter, signed by eighty-three people in Angoulême. Who was Marie Aymard? Who were all these people? And why were they together on a dark afternoon in December 1764? Beginning with these questions, *An Infinite History* offers a panoramic look at an extended family over five generations. Through ninety-eight connected stories about inquisitive, sociable individuals, ending with Marie Aymard's great-great granddaughter in 1906, Emma Rothschild unfurls an innovative modern history of social and family networks, emigration, immobility, the French Revolution, and the transformation of nineteenth-century economic life. Rothschild spins a vast narrative resembling a period novel, one that looks at a large, obscure family, of whom almost no private letters survive, whose

members traveled to Syria, Mexico, and Tahiti, and whose destinies were profoundly unequal, from a seamstress living in poverty in Paris to her third cousin, the cardinal of Algiers. Rothschild not only draws on discoveries in local archives but also uses new technologies, including the visualization of social networks, large-scale searches, and groundbreaking methods of genealogical research. An Infinite History demonstrates how the ordinary lives of one family over three centuries can constitute a remarkable record of deep social and economic changes. "Not many living artists would be sufficiently brave or inspired to attempt reflecting in art what Borges constructs in words. But the detailed, evocative etchings by Erik Desmazieres provide a perfect counterpoint to the visionary prose. Like Borges, Desmazieres has created his own universe, his own definition of the meaning, topography and geography of the Library of Babel. Printed together, with the etchings reproduced in fine-line duotone, text and art unite to present an artist's book that belongs in the circle of Borges's sacrosanct Crimson Hexagon - "books smaller than natural books, books omnipotent, illustrated, and magical."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Kirian and I were just twelve years old when I pulled him from the icy waters of the creek behind my house. As he looked in my direction with unseeing lavender eyes, I quickly realized our age was just about the only thing we had in common. He spoke with an accent, he had pointy ears, and he was so beautiful it made my heart ache. Oh, and he claimed to be a fae prince cursed by witches who stole his sight. I thought he was crazy from hypothermia. Turns out, he wasn't, and for some reason he keeps coming back. But a day in my world is a year in his. Every time I see him, he's older. Wiser. Hotter. Over the past six years, I've tried not to fall in love with him because the terms of the curse are clear: If he doesn't wait for his fated mate in all ways, including an innocent (or not-so-innocent) kiss, he'll be blind forever. So when Kirian kisses me and pulls me through the portal to his realm, I make it my mission to do some damage control. It'd be a whole lot easier if he wasn't determined to marry me... And if someone wasn't trying to murder me every step of the way.

William is just your typical engineer fresh out of college with a stressful job, a boring life, and not a lot of prospects of anything better in the future. Until one weekend while hiking in the woods he stumbles across a portal to another time, or perhaps another place. The more he investigates this new world the more he realizes that it may just be able to offer him a lot more than the one he's been living in. However, there are forces at work beyond anything that Will has ever come across before and the local Goddess seems to have taken a liking to him. Will may soon find himself getting an offer he cannot afford to refuse.

Mark's job seems pretty dull, working as an investigator into crimes committed against Church property, theft of holy objects, vandalism; nothing terribly exciting but he does get to travel the world. That's just the window dressing. Mark does work for the Church, but as an elite member of a thousand year old

secret society that hunts down devils, demons, and other evils. His job is not just to find them, but to remove, dispel, or kill them: he's on the front lines of the secret ongoing war between Heaven and Hell. However as wars go, it has been a fairly easy one for the last few decades, with nothing seriously evil having been summoned since the last world war. But all of that is about to change, and the question for Mark may not be can he survive, but can he survive long enough.
