

### Porter Stansberry America 2020 The Survival Blue Print Book

The devastating terrorist attacks on the World Trade Center and the Pentagon and America's first domestic bio-terrorism mail attacks have shifted America's attention and resources to the immediate threat of international terrorism. But we shouldn't be fooled. Since the publication of the hardcover edition of The China Threat in November of 2000, one thing remains very much the same: the People's Republic of China is the most serious long-term national security challenge to the United States. In fact, after the events of September 11, the China threat should seem all the more real, for Communist China is one of the most important backers of states that support international terrorism. —From the new introduction by the author
The next financial collapse will resemble nothing in history. . . . Deciding upon the best course to follow will require comprehending a minefield of risks, while poised at a crossroads, pondering the death of the dollar. The U.S. dollar has been the global reserve currency since the end of World War II. If the dollar fails, the entire international monetary system will fail with it. But optimists have always said, in essence, that confidence in the dollar will never truly be shaken, no matter how high our national debt or how dysfunctional our government. In the last few years, however, the risks have become too big to ignore. While Washington is gridlocked, our biggest rivals—China, Russia, and the oil-producing nations of the Middle East—are doing everything possible to end U.S. monetary hegemony. The potential results: Financial warfare. Deflation. Hyperinflation. Market collapse. Chaos. James Rickards, the acclaimed author of Currency Wars, shows why money itself is now at risk and what we can all do to protect ourselves. He explains the power of converting unreliable investments into real wealth: gold, land, fine art, and other long-term stores of value.

Once perceived as distant, cold, dark, and seemingly unknowable, Pluto had long been marked as the farthest and most unreachable frontier for solar system exploration. The Pluto System After New Horizons is the benchmark research compendium for synthesizing our understanding of the Pluto system. This volume reviews the work of researchers who have spent the last five years assimilating the data returned from New Horizons and the first full scientific synthesis of this fascinating system.

New York Times bestselling author Joel Richardson carefully explores what is arguably the greatest prophetic mystery in all of the Bible. Mystery Babylon is an in-depth look at the prophecy of Revelation 17 and 18. Richardson dissects the longest prophecy in the New Testament the final chapters of the Bible in order to make sense of these deeply elusive and profoundly controversial passages. In his characteristically easy-to-understand style, Richardson works through the history of Christian interpretation of Mystery Babylon, weighing the strengths and weaknesses of each view, making a powerful case for a solution to this prophecy that will rock the prophecy world. Divided into three parts Mystery Babylon Richardson expositis Scripture in part 1, examines the more common positions in part 2, and invites the reader to a powerful conclusion in part 3. "

*There's no such thing as a natural-born salesman. Schools don't teach effective sales training or the ability to influence a person's decision-making process. Very few people graduate college with the intention of getting into sales. However, sales is where many people end up. Once you're in the sales industry, you'll find yourself competing against highly skilled salespeople with years of experience.This doesn't have to be your experience. With proper direction and daily practice, not only can you find tremendous success in sales, but you can also love it! In The Selling Edge, veteran salesman Bret Barrie will teach you how to:\* Collaborate with mentors for continued success and improvement\* Build strong connections and gain the trust of customers and prospects instantly\* Work your plan without letting your plan work you\* Identify, access, and influence key decision makers in every sale\* Develop top-notch selling skills to grow your business Whether you're new to sales and looking to get off to a strong start, or you've been selling for years and want to improve your skills or learn better habits, this book is for you!*

*Commonsense Rules for Financial Freedom--Anyone Can Do It! Safe Strategies for Financial Freedom shows you how to know in 30 seconds whether you should be in or out of the market. The authors show you how great investors avoid mistakes--and win big. With Van Tharp's legendary risk-control techniques, learn how the world's most profitable investors reduce their risk and leave their wealth-generating potential unlimited, and how you can too. You'll learn how to invest wisely--in every type of market, protecting what you earn, and developing sources of regular income to achieve financial independence. Safe Strategies for Financial Freedom provides you with a specific program for freeing yourself from the workplace--forever. Let it show you how to seize control of your financial life by investing in the assets that will provide you with steady income until the day when your investment income surpasses your monthly expenses--and you are, once and for all, financially free.*

America 2020The Survival Blueprint

*The bestselling, truly gripping account of 2008's landmark election, updated through 2009 The election of 2008 shattered political barriers and ignited an extraordinary battle among some of the most formidable political rivals ever to seek the presidency. Now, Dan Balz and Haynes Johnson, two of America's most respected journalists, offer the first complete picture of the strategies-and singular personalities- that accompanied the candidates' first forays into Iowa and New Hampshire through Obama's historic victory on Election Night. Filled with insider details, this riveting, wholly nonpartisan account of the historic election will capture the attention of everyone who witnessed it, as well as future generations who wished they had. A Washington Post and L.A. Times Best Book of the Year.*

The Survival Blueprint

*Impeccably researched by author Sue Titus Reid, A Basic Introduction to Criminal Justice is the essential text for introducing the U.S. criminal justice system to future law enforcement professionals. The coverage balances basic concepts and theory against cutting-edge law that fuels class discussion. Examples taken from real events illustrate the criminal justice system in action. Each chapter has been skillfully formatted to enrich learning and facilitate study. Timely topics covered include: Introductory topics in Chapter One are illustrated with references to recent crimes and discussion of issues raised by courts in recent cases, such as those involving whether police should be permitted to seize and search the cell phones of those they arrest. Latest statistics throughout the text, including the most recently available FBI crime data. Recent developments in the area of immigration. Discussion of crimes on U.S. campuses and universities that are under investigation amid allegations that officials do not properly investigate sexual assault. Recent cases on search and seizure, including State v. Mitchell. Chapter 5 features a Spotlight presenting the mission statement of the Police Officers' Lives Matter and well as that of Black Life Matters. Chapter 6 discusses recent U.S. Supreme Court appointments, including the controversies surrounding nominations. Chapter 7's discussion of ineffective assistance of counsel includes new Supreme Court cases, including Garza v. Idaho. Current coverage of the issue of racial prejudice in sentencing. Discussion of the bipartisan bill on criminal justice reform that passed the Congress and was signed into law in late 2018. Chapter 9 includes thoughtful coverage of women in prison and an enhanced discussion of the children of inmates. In addition, this chapter has timely coverage on private prisons. Coverage of the death penalty, including moratorium on executions in California. Up-to-date chapter on Juvenile Justice, including current information on juvenile correctional facilities and the 2018 passage of the Reauthorization of the Juvenile Justice and Delinquency Prevention Act. Professors and students will benefit from: A concise overview of the Criminal Justice System Systematic coverage, including sections on: Policing Criminal Court Systems Corrections Juvenile Justice Examples that connect theory to current events and debate Integrated discussion of court decisions, accurately interpreted and cited Dynamic pedagogy in every chapter: End-of-chapter summary and study questions Learning Objectives Chapter Outlines and Overviews Key terms, defined in a comprehensive glossary Tables, figures, and photographs, and Spotlights that highlight timely issues Author's meticulous attention to including the most recent information on topics covered.*

*Considered the world's sole military superpower, America faces an array of dynamic issues both domestically and internationally. From international diplomacy to the ups and downs of the stock market, the United States is at the forefront of an ever-changing globe and nation. This series reviews cutting-edge issues as well as the political and economic infrastructure of 21st century America.*

*In the tradition of other great ex-patriot stories like The Sun Also Rises or All the Pretty Horses, Native Moments is a coming-of-age adventure set among the lush landscape of Costa Rica. After the death of his brother, Sanch Murray leaves for a surf trip to Costa Rica as a way to cope and sets out on a quixotic search for an alternative to the American Dream. Set in 1999 Costa Rica, Sanch and his friend Jake Higdon wander the dirt roads of Tamarindo and surrounding areas chasing waves as a way to live out the romantic fantasy lifestyle of traveling surfers. Jake Higdon, six years Sanch's senior, takes on the role of the wise leader and Sanch as his young apprentice. Sanch's adventure leads to encounters with people who share world views he had never considered and could potentially shape his own changing perceptions about life. Through sometimes humorous episodes such as trying his hand as a matador at a roadside rodeo or in his not so humorous battle with dysentery, Sanch explores life's beauty and wonder alongside the darker undercurrents of humanity. Along his journey, Sanch befriends a shamanic traveler named Rob, young revolutionaries from Venezuela, numerous expatriates from around the world trying to escape whatever it is that keeps chasing them, and a beautiful local girl named Andrea, who Sanch suspects is a prostitute but can't help falling for.*

*A reporter uncovers the secrets behind the scientific scam of the century. The news breaks first as a tale of fear and pity. Doctors at a London hospital claim a link between autism and a vaccine given to millions of children: MMR. Young parents are terrified. Immunisation rates slump. And as a worldwide 'anti-vax' movement kicks off, old diseases return to sicken and kill. But a veteran reporter isn't so sure, and sets out on an epic investigation. Battling establishment cover-ups, smear campaigns, and gagging lawsuits, he exposes rigged research and secret schemes, the heartbreaking plight of families struggling with disability, and the scientific deception of our time. Here's the story of Andrew Wakefield: a man in search of greatness, who stakes his soul on big ideas that, if right, might transform lives. But when the facts don't fit, he can't face failure. He'll do whatever it takes to succeed.*

Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989. Finally, the foundational lessons for financial success and personal happiness have been identified in simple language. Sir Contra de Malta and his long-time friends, associates, and professional contacts have spent many years teaching individuals, businesses, entrepreneurs, and retirees in the Americas, Europe, and Asia about the accumulation and preservation of wealth. Their collective teachings, through lectures, books, essays, and newsletters, as well as onsite and online seminars, provide a rational look at the real world and rapidly transitioning social, political, and economic environments. The objective is for you to create and maintain your own sustainable blueprint—your plan—for building a secure and lasting estate, one that you and your family can rely on regardless of economic, political, or cultural uncertainties "Never Outlive Your Money" is the best financial advice book I've ever read—and I've read them all! Overall, "Never Outlive Your Money" was a fast but informative read that I'll be referencing for years to come." — Kathy V., 34, Attorney, Florida

Investment industry veteran and gold expert E.B. Tucker explores why now is the time to protect your wealth. He guides readers through a history of government money losing value compared to gold which stands the test of time. A "how to guide" for anyone concerned about the state of money today, this 3-part book explains why gold is a trusted asset in the ranks of the world's financial elite.Gold is the only asset that's not someone else's liability. Apartments rely on paying tenants, stocks rely on stable interest payments. Gold doesn't rely on anyone or anything for its value. That makes it unique among assets. During a period of financial turmoil, it's invaluable. Tucker guides investors in simple terms through the ways to own gold, from physical bars, to coins, and even mining stocks. He also discusses his favorite method, gold royalty companies. From a financial novice to an investment professional looking to get up to speed on the gold market, Why Gold? Why Now? is the essential guide to the world of gold.

This comprehensive text delivers cutting-edge scientific knowledge and expert clinical guidance on anesthesia for the vascular surgical patient or the patient with cardiac disease undergoing major noncardiac surgery. It covers cardiovascular anatomy, physiology, and pharmacology; preoperative assessment and management, specific perioperative considerations, and postoperative management.

This 2nd Edition features eight completely rewritten chapters and six new chapters. Extensive updates throughout reflect all the new procedures, drugs, techniques, and monitoring modalities that have emerged over the last decade. Delivers cutting-edge scientific knowledge that serves as a basis for clinical practice. Provides comprehensive coverage of anesthesia, including cardiovascular anatomy, physiology, and pharmacology preoperative assessment and management specific perioperative considerations and postoperative management. Integrates recent developments from the fields of anesthesiology, cardiology, cardiovascular pharmacology, vascular surgery, and critical care medicine to present a complete clinical picture Offers fresh perspectives from many new contributors who are leaders in their fields. Explores all the new procedures, drugs, techniques, and monitoring modalities that have emerged over the last decade. Devotes more coverage to regional anesthesia or combined regional and general anesthesia for modification of stress responses, improved pain control, better wound healing, and control of inflammatory/immunomodulatory changes associated with surgery. Places increased emphasis on the physiology, diseases, and surgery of the peripheral vasculature throughout, including a new chapter on The Peripheral Circulation in Patients with Vascular Disease (Chapter 1). Includes a new chapter on Imaging of the Vasculature(Chapter 2), that is completely up to date and easy to read. Covers anesthesia and perioperative care for all of the latest procedures, including new information on minimally invasive techniques and new chapters on Interventional Vascular Radiologic Procedures (Chapter 4) and Choice of Invasive vs. Noninvasive Surgery (Chapter 7). Features expanded material on postoperative care, especially on new techniques for pain management, and includes new chapters on Respiratory Complications and Management (Chapter 18) and Ethical Decisions/End of Life Care in Patients with Vascular Disease (Chapter 20). With 20 additional contributors.

The Battle of America, Second Edition

The Solar System Beyond Neptune

THE AMERICAN JUBILEE

The War Against Your Wealth and How to Win It

A Blueprint for Surviving the Collapse of the Great Central Bank Bubble of 2010-2020: the New Crisis

***How the massive power shift in Russia threatens the political dominance of the United States There is a new cold war underway, driven by a massive geopolitical power shift to Russia that went almost unnoticed across the globe. In The Colder War: How the Global Energy Trade Slipped from America's Grasp, energy expert Marin Katusa takes a look at the ways the western world is losing control of the energy market, and what can be done about it. Russia is in the midst of a rapid economic and geopolitical renaissance under the rule of Vladimir Putin, a tenacious KGB officer turned modern-day tsar. Understanding his rise to power provides the keys to understanding the shift in the energy trade from Saudi Arabia to Russia. This powerful new position threatens to unravel the political dominance of the United States once and for all. Discover how political coups, hostile takeovers, and assassinations have brought Russia to the center of the world's energy market Follow Putin's rise to power and how it has led to an upsetting of the global balance of trade Learn how Russia toppled a generation of robber barons and positioned itself as the most powerful force in the energy market Study Putin's long-range plans and their potential impact on the United States and the U.S. dollar If Putin's plans are successful, not only will Russia be able to starve other countries of power, but the BRIC countries (Brazil, Russia, India, and China) will replace the G7 in wealth and clout. The Colder War takes a hard look at what is to come in a new global energy market that is certain to cause unprecedented impact on the U.S. dollar and the American way of life.***

***Эта книга об опасности нового витка распространения коллективистских идей и практик, в результате которого в нашей стране сложилась политико-экономическая система, которую автор определяет как «гибридный социализм».Чтобы сделать прозрачными причинно-следственные связи, автор начинает изложение с первичных, базовых категорий. Вначале описывается, как и за счет чего были достигнуты поразительные успехи в создании материального богатства за последние 200 лет человеческой истории. Затем рассмотрены две альтернативные общественные системы - социализм, в виде идей, теорий и исторических практик, и капитализм, понимаемый как рыночный порядок.В рыночной экономике сползание к гибридному социализму начинается с централизации власти и с усиления роли государства в экономике, что позволяет генерировать и присваивать бюрократическую ренту и паразитировать на связанных с государством финансовых потоках.Проанализированные автором основные экономико-социологические конструкции, описывающие ситуацию в России, страдают общей болезнью - детерминированностью и фатализмом. В таком виде они превращаются в теоретическое обоснование сложившегося положения дел, не оставляя перспектив для выхода из колеи. Подробной критике подвержены две такие концепции - теория раздаточной экономики и теория институциональных матриц.Автор подчеркивает, что успехи и проблемы людей и состоящих из них обществ определяются идеями и ценностями, которых эти люди придерживаются, и, соответственно, любые общественные изменения невозможны без предвзвительной переоценки ценностей.***

2019 Second Edition

***A new frontier in our solar system opened with the discovery of the Kuiper Belt and the extensive population of icy bodies orbiting beyond Neptune. Today the study of all of these bodies, collectively referred to as trans-Neptunian objects, reveals them to be frozen time capsules from the earliest epochs of solar system formation. This new volume in the Space Science Series, with one hundred contributing authors, offers the most detailed and up-to-date picture of our solar system’s farthest frontier. Our understanding of trans-Neptunian objects is rapidly evolving and currently constitutes one of the most active research fields in planetary sciences. The Solar System Beyond Neptune brings the reader to the forefront of our current understanding and points the way to further advancement in the field, making it an indispensable resource for researchers and students in planetary science.***

***Nearly two years after the economic meltdown, joblessness and foreclosures are still endemic, Wall Street executives are once again getting massive bonuses, and our leaders in Washington lack the will to make desperately needed fundamental changes to the economy. Change will have to come from below. Agenda for a New Economy is the handbook for that revolution. In this revised and updated edition David Korten has fleshed out his vision of the alternative to the corporate Wall Street economy: a Main Street economy based on locally owned, community-oriented "living enterprises" whose success is measured as much by their positive impact on people and the environment as by their positive balance sheet. We will lose nothing in the process because, as Korten ably demonstrates, the supposed services Wall Street offers are simply a con game. And Korten now offers more in-depth advice on how to mount a grassroots campaign to bring about an economy based on shared prosperity, ecological stewardship, and citizen democracy.***

***The Trans-Neptunian Solar System is a timely reference highlighting the state-of-the-art in current knowledge on the outer solar system. It not only explores the individual objects being discovered there, but also their relationships with other Solar System objects and their roles in the formation and evolution of the Solar System and other planets. Integrating important findings from recent missions, such as New Horizons and Rosetta, the book covers the physical properties of the bodies in the Trans-Neptunian Region, including Pluto and other large members of the Kuiper Belt, as well as dynamical indicators for Planet 9 and related objects and future prospects. Offering a complete look at exploration and findings in the Kuiper Belt and the rest of the outer solar system beyond Neptune, this book is an important resource to bring planetary scientists, space scientists and astrophysicists up-to-date on the latest research and current understandings. Provides the most up-to-date information on the exploration of the Trans-Neptunian Solar System and what it means for the future of outer solar system research Contains clear sections that provide comprehensive coverage on the most important facets of the outer Solar System Includes four-color images and data from important missions, including New Horizons and Rosetta Concludes with suggestions and insights on the future of research on Trans-Neptunian objects***

***This book is a wake-up call to every one about the tactics being used by governments to restrict the public's use of cash and to abuse the laws for its own purposes. Powerful forces are threatening your financial freedom. All over the world, including in the United States of America, governments, certain academics, banks and non-governmental organizations (nonprofits) are working in a coordinated way to stop you from using cash. The War on Cash is a shocking look into the banks and power-hungry government plans to confiscate yor cash, steal your liberty, and track every dollar you spend. AND HOW TO FIGHT BACK.***

***The Authentic Swing***

***An Unexplained Death***

***The Battle for America***

***A Global Perspective***

Vascular surgery has experienced remarkable growth and diversification in the last decade, especially with its embracing the disruptive endovascular technological revolution. Vascular surgeons remain the only group of specialists capable of total treatment of patients with vascular disease, providing medical, minimally invasive, and surgical therapy. Although vascular surgeons practice in all areas of the world, practice patterns in different areas naturally have both similarities and differences that reflect both regional patterns of disease, genetic characteristics of local peoples, cultural preferences for treatment, local political and economic situations, different access to resources and devices, as well as different training paradigms. Thus, the practice of vascular surgery has diversified and evolved in parallel in many areas, converging and diverging in many ways. Vascular Surgery: A Global Perspective provides the first review and comparison of the diversity of vascular surgery practice around the world. The book is grouped according to common vascular diseases such as aneurysmal and occlusive arterial disease, as well as venous and lymphatic disease and dialysis access. Each major disease topic includes multiple chapters written by expert specialists from around the world, each discussing their local approach to the disease and its treatment. Similarly, the status of vascular surgery practice is addressed, including discussion of the influence of payment systems on practice, patient access to the internet for information, training paradigms, and the legal system including malpractice. This textbook provides the first worldwide summary of the care of patients with vascular disease and will be of interest to a wide audience including vascular surgeons, vascular medical specialists, cardiologists, radiologists, internists, and family practice physicians. In the new edge-of-your-seat adventure from national bestselling author Nick Petrie, Peter Ash pursues one case--and stumbles into another--in the City of the Blues. Iraq war veteran Peter Ash is restless in the home he shares with June Cassidy in Washington State. June knows Peter needs to be on the move, so she sends him to Memphis to help her friend Wanda Wyatt, a photographer and war correspondent who's been receiving peculiar threats. When Peter arrives in Memphis, however, he finds the situation has gone downhill fast--someone has just driven a dump truck into Wanda's living room. But neither Wanda nor Peter can figure out why. At the same time, a young homeless street musician finds himself roped into a plan to rob a jewelry store. The heist doesn't go as planned, and the young man finds himself holding a sack full of Rolexes and running for his life. When his getaway car breaks down, he steals a new one at gunpoint--Peter's 1968 green Chevrolet pickup truck. Peter likes the skinny kid's smarts and attitude, but he soon discovers that the desperate musician is in far worse trouble than he knows. And Wanda's troubles are only beginning. Peter finds himself stuck between Memphis gangsters--looking for Rolexes and revenge--and a Mississippi ex-con and his hog-butcher brother looking for a valuable piece of family history that goes all the way back to the Civil War.

An Unexplained Death is an obsessive investigation into a mysterious death at the Belvedere—a once-grand hotel—and a poignant, gripping meditation on suicide and voyeurism “The poster is new. I notice it right away, taped to a utility pole. Beneath the word ‘Missing,’ printed in a bold, high-impact font, are two sepia-toned photographs of a man dressed in a bow tie and tux.” Most people would keep walking. Maybe they’d pay a bit closer attention to the local news that evening. Mikita Brotzman spent ten years sifting through the details of the missing man’s life and disappearance, and his purported suicide by jumping from the roof of her own apartment building, the Belvedere. As Brotzman delves into the murky circumstances surrounding Rey Rivera’s death—which begins to look more and more like a murder—she contemplates the nature of and motives behind suicide, and uncovers a haunting pattern of guests at the Belvedere, when it was still a historic hotel, taking their own lives on the premises. Finally, she fearlessly takes us to the edge of her own morbid curiosity and asks us to consider our own darker impulses and obsessions.

Hard copy: The United States is destroying itself from the inside out.The Corruption of America is a kind of moral decay... a kind of greed...a kind of desperate grasp for power. And it's destroying our nation.These corruptions do not need to exist.If individual Americans take it upon themselves to become bettercitizens, act with rational self-interest, and reject the "ethos of gettingyours"... we can correct these corruptions.That's why Stansberry Research founder Porter Stansberry publishedAmerica 2020: The Survival Blueprint. Many are referring to it as themost valuable book in America..."I love the book; it is so clear and concise. Though I have studied a bitabout the smartest way to survive what is coming, this put all the bestideas together in one place! My hat is off to you guys! - J.R."Absolutely excellent book!! I need to buy another 12 for my familyand friends." - K.B."I read it the first day I had it. It is a great book that explains ourcurrent situation simply and very accurately. I intend to continue to usethis book as a guide for investing and I will recommend it to my familyand friends." - L.R."This is a story all Americans should know about. I don't usually buythings off the Internet, but I am extremely glad that I made an exception inthis case." - C.R.

The Story Behind THE LEGEND OF BAGGER VANCE If you've read his books THE WAR OF ART and TURNING PRO, you know that for thirty years Steven Pressfield (GATES OF FIRE, THE AFGHAN CAMPAIGN etc.) wrote spec novel after spec novel before any publisher took him seriously. How did he finally break through? Ignoring just about every rule of commercial book publishing, Pressfield's "first" novel not only became a major bestseller (over 250,000 copies sold), it was adapted into a feature film directed by Robert Redford and starring Matt Damon, Will Smith, and Charlize Theron. Where did he get the idea? What magical something did THE LEGEND OF BAGGER VANCE have that his previous manuscripts lacked? Why did Pressfield decide to write a novel when he already had a well established screenwriting career? How does writing a publishable novel really work? Taking a page from John Steinbeck's classic JOURNAL OF A NOVEL, Steven Pressfield offers answers for these and scores of other practical writing questions in THE AUTHENTIC SWING.
