An updated edition of the Sunday Times Bestseller Britain's best-known classicist Mary Beard, is also a committed and vocal feminist. With wry wit, she revisits the gender ag and shows how history has treated powerful women. Her examples range from the classical world to the modern day, from Medusa and Athena to Theresa May and Hillar Clinton. Beard explores the cultural underpinnings of misogyny, considering the public voice of women, our cultural assumptions about women's relationship with power, and how powerful women resist being packaged into a male template. A year on since the advent of #metoo, Beard looks at how the discussions have moved on during this time how that intersects with issues of rape and consent, and the stories men tell themselves support their actions. In trademark Beardian style, using examples ancient and modern Beard argues, 'it's time for change - and now!' From the author of international bestse SPQR: A History of Ancient Rome.

Detailed summary and analysis of The Power of Habit.

Journalist Rebecca Traister's New York Times bestselling exploration of the transformative power of female anger and its ability to transcend into a political movement is "a hopeful, maddening compendium of righteous feminine anger, and the good it can do when wielded efficiently—and collectively" (Vanity Fair). Long before Pantsuit Nation, before the Women's March, and before the #MeToo movement, women anger was not only politically catalytic—but politically problematic. The story of female fury and its cultural significance demonstrates its crucial role in women's slow rise to political power in America, as well as the ways that anger is received when it comes from women as opposed to when it comes from men. "Urgent, enlightened...realistic and compelling...Traister eloquently highlights the challenge of blaming not just forces and systems, but individuals" (The Washington Post). In Good and Mad, Traister tracks the history of female anger as political fuel—from suffragettes marching on the White House office workers vacating their buildings after Clarence Thomas was confirmed to the Supreme Court. Traister explores women's anger at both men and other women; anger between ideological allies and foes; the varied ways anger is received based on who's expressing it; and the way women's collective fury has become transformative political fuel. She deconstructs society's (and the media's) condemnation of female emotion (especially rage) and the impact of their resulting repercussions. Highlighting a double standard perpetuated against women by all sexes, and its disastrous, stultifying effect Good and Mad is "perfectly timed and inspiring" (People, Book of the Week). This "admirably rousing narrative" (The Atlantic) offers a glimpse into the galvanizing force of women's collective anger, which, when harnessed, can change history.

THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. _____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

She also has a pitch-dark sense of humor that she wields perfectly." --Michael Schaub, NPR In *THE POWER*, the world is a recognizable place: there's a rich Nigerian boy who lounges around the family pool; a foster kid whose religious parents hide their true nature; an ambitious American politician; a tough London girl from a tricky family. But then a vital new force takes root and flourishes, causing their lives to converge with devastating effect. Teenage girls now have immense physical power--they can cause agonizing pain and even death. And, with this small twist of nature, the world drastically resets. From award-winning author Naomi Alderman, *THE POWER* is speculative fiction at its most ambitious and provocative, at once taking us on a thrilling journey to an alternate reality, and exposing our own world in bold and surprising ways.

Confident in learning. Confidence in life. *Power Up* is a brand new course from the bestselling author team of Caroline Nixon and Michael Tomlinson. Meet vibrant characters who students will love; foster collaboration through real-world missions; deepen learners' social and cognitive skills; explore embedded exam preparation; and expand the skill-set ensuring everyone reaches their full potential.

A Jungian analyst explores the feminine psyche through stories of "wild women"--the mythological archetype of the strong, primitive woman

Women hold over half of all professional jobs today, yet they represent just four percent of CEOs in the S&P 500. Even worse, that percentage has barely budged in a decade. That's where *The Influence Effect* comes in. Based on recent research by authors of the New York Times bestseller *Break Your Own Rules*, this book begins with the premise that when it comes to political savvy, what works for men at work works for women. Packed with the authors' coaching insights and their "Big Five" strategies designed specifically for female executives, this book guides women to past political barriers and get right to what they really want--influence. Authors Kathryn Heath, Jill Flynn, Mary Davis Holt, and Diana Faison make success far less

complex, helping women overcome entrenched resistance to their ideas, create their own access points to power, and attract followers in a way that works for them. It presents tools such as Influence Loops (to organically increase influence), Personal Scaffolding (to grow a groundswell of support), and Scenario Thinking (a savvy twist on strategic planning). These and other smart strategies finally allow women to succeed on their own terms. Illustrated with dozens of engaging, real stories culled from the authors' many years of coaching experience, *The Influence Effect* moves women past the politics problem and offers a new path to power. Actually, it's more than a path—it's a runway—it frees women to take off in their careers on their own terms. The Influence Effect will work for women, not because gender barriers will no longer exist, but because they will no longer hold women back.

"All the men I did get to know, every single man of them, has filled me with but one desire: to lift my hand and bring it smashing down on his face. But because I am a woman I have never had the courage to lift my hand. And because I am a prostitute, I hid my fear under layers of make-up." --Excerpt The authors of *Women's Don't Ask* present an innovative approach to negotiation that explains how women can identify important goals, takes them step by step through the entire planning and preparation process, and offers strategic advice on the negotiation stage, with tips on managing emotions, confidence building, and an effective collaborative style. Reprint. 20,000 first printing. Rich in detail, filled with fascinating characters, and panoramic in its sweep, this magnificent, comprehensive work tells for the first time the complete story of the American woman from the Pilgrims to the 21st-century In this sweeping cultural history, Gail Collins explores the transformations, victories, and tragedies of women in America over the past 300 years. As she traces the role of females from their arrival on the Mayflower through the 19th century to the feminist movement of the 1970s and today, she demonstrates a boomerang pattern of participation and retreat. In some periods, women were expected to work in the fields and behind the barricades—to colonize the nation, pioneer the West, and run the defense industries of World War II. In the decades between, economic forces and cultural attitudes shunted them back into the home, confining them to the role of

moral beacon and domestic goddess. Told chronologically through the compelling true stories of individuals whose lives, linked together, provide a complete picture of the American woman's experience, Untitled is a landmark work and major contribution for us all.

NEW YORK TIMES BESTSELLER "In her book, Melinda tells the stories of the inspiring people she's met through her work all over the world, digs into the data, and powerfully illustrates issues that need our attention—from child marriage to gender inequity in the workplace." — President Barack Obama "The Moment of Lift is an urgent call to courage. It changed how I think about myself, my family, my work, and what's possible in the world. Melinda weaves together vulnerable, brave storytelling and compelling data to make this one of those rare books that you carry in your heart and mind long after the last page." — Brené Brown, Ph.D., author of the New York Times #1 bestseller *Dare to Lead* "Melinda Gates has spent many years working with women around the world. This book is an urgent manifesto for an equal society where women are valued and recognized in all spheres of life. Most of all, it is a call for unity, inclusion and connection. We need this message more than ever." — Malala Yousafzai "Melinda Gates's book is a lesson in listening. A powerful, poignant, and ultimately humble call to arms." — Tara Westover, author of the New York Times #1 bestseller *Educated* A debut from Melinda Gates, a timely and necessary call to action for women's empowerment. "How can we summon a moment of lift for human beings — and especially for women? Because when you lift up women, you lift up humanity." For the last twenty years, Melinda Gates has been on a mission to find solutions for people with the most urgent needs, wherever they live. Throughout this journey, one thing has become increasingly clear to her: If you want to lift a society up, you need to stop keeping women down. In this moving and compelling book, Melinda shares lessons she's learned from the inspiring people she's met during her work and travels around the world. As she writes in the introduction, "That is why I had to write this book—to share the stories of people who have given focus and urgency to my life. I want all of us to see ways we can lift women up where we live." Melinda's unforgettable narrative is backed by startling data as she presents the issues that most need our attention—from child marriage to lack of access to contraceptives to gender inequity in the workplace. And, for the first time, she writes about her

personal life and the road to equality in her own marriage. Throughout, she shows how there has never been more opportunity to change the world—and ourselves. Writing with emotion, candor, and grace, she introduces us to remarkable women and shows the power of connecting with one another. When we lift others up, they lift us up, too.

Are You Scaring Your People into Mediocrity? All leaders want to outperform, outsell, and outinnovate the competition. And most teams are fully capable of doing so. The problem: we consistently say and do things that spark unconscious fears and keep our people stuck in their Critter State. This primitive fight, flight, or freeze mode distills all decision making to one question: What will keep me safest? Lying low, sucking up, procrastinating, and doing a good enough job may keep employees breathing, but it doesn't make for vital organizations. Leaders have to get their people unstuck and fully engaged, replacing their old, limiting mental patterns with new patterns that foster optimal performance. New York Times bestselling author and applied neuroscience expert Christine Comaford knows what it takes to move people from the Critter State into the Smart State, where they have full access to their own creativity, innovation, higher consciousness, and emotional engagement. When an entire culture maintains that state, it becomes what she calls a SmartTribe. Focused. Accountable. Collaborative. Imbued with the energy and passion to solve problems and do what needs doing, again and again and again. Comaford brings to this book more than thirty years of company-building experience, combined with her expertise in behavioral modification and organizational development. She has helped hundreds of leaders navigate rapid growth, maximize performance, resolve internal conflicts, and execute turnarounds with the full support of their people. Now she shares potent yet easy-to-learn neuroscience techniques that will help you do the same. You'll learn how to move your team forward and reach your next revenue inflection point using the five key Accelerators of the Smart State—focus, clarity, accountability, influence, and sustainability. You'll get better at anticipating and moving through your own stuck spots and those of your people. Using her proven system, Comaford's clients have already created hundreds of millions of dollars in new value. They've seen their revenues and profits increase by up to 210% annually; individuals become up to 50% more productive and 100% more accountable; marketing demand generation grow by up to 237%; new products and services created up to 48% faster; and sales close up to 50% faster. They spot changes in their markets more quickly, then pounce on them to create the future they want. Ultimately, SmartTribes will help

you and your team achieve optimal performance and engagement—brilliance—and leave competitors in the dust. The companion to the popular and award-winning *A Hundred Billion Trillion Stars*. This captivating and educational picture book from Seth Fishman and Isabel Greenberg introduces young readers to basic facts about energy and the human body. Fun, informative and accessible, *Power Up* is perfect for classroom and family sharing. A great title to read along with Andrea Beaty's *Ada Twist, Scientist* and Oliver Jeffers's *Here We Are*. Did you know there is enough energy in your pinkie finger to power an entire city? And that everything you do—running, jumping, playing, and exploring—uses that same energy inside of you? In the companion to the acclaimed *A Hundred Billion Trillion Stars*, Seth Fishman and Isabel Greenberg explore the relationship between energy and the human body, breaking down complicated concepts into small, child-friendly segments. Seth Fishman's playful text explores the science behind the most energetic kids, while Isabel Greenberg's vibrant illustrations offer plenty for children to explore in multiple readings. Ideal for curious kids and classroom learning, this engaging book is for fans of Elin Kelsey's *You Are Stardust* and John Scieszka's *Science Verse*. This nonfiction picture book is an excellent choice to share during homeschooling, in particular for children ages 4 to 6. It's a fun way to learn to read and as a supplement for activity books for children.

Steve Harvey, the host of the nationally syndicated *Steve Harvey Morning Show*, can't count the number of impressive women he's met over the years, whether it's through the "Strawberry Letters" segment of his program or while on tour for his comedy shows. Yet when it comes to relationships, they can't figure out what makes men tick. Why? According to Steve it's because they're asking other women for advice when no one but another man can tell them how to find and keep a man. In *Act Like a Lady, Think Like a Man*, Steve lets women inside the mindset of a man and sheds light on concepts and questions such as: *The Ninety Day Rule: Ford requires it of its employees. Should you require it of your man? The five questions every woman should ask a man to determine how serious he is. And much more . . .* Sometimes funny, sometimes direct, but always truthful, *Act Like a Lady, Think Like a Man* is a book you must read if you want to understand how men think when it comes to relationships.

Myths and Stories of the Wild Woman Archetype

Women now drive some 80% of all buying decisions. By 2010, they'll account for half of America's private wealth: \$13 trillion dollars. A few remarkable companies have learned how to refocus on women -- and, in so doing, have achieved truly stunning results. In *The Power of the Purse*, top journalist Fara Warner takes you behind the scenes at those companies, revealing how they did it -- and how you can, too. Unlike previous books on marketing to women, this one doesn't settle for generalities: it offers in-depth, start-to-finish case studies. Discover how McDonald's turned around its business by recognizing women as full-fledged consumers, not just 'Moms.' Learn how Kodak's digital camera business soared from fourth to first by recognizing women's importance as family 'memory makers'. See how P G built Swiffer into a cultural revolution, and how the diamond industry did the same for right-hand rings. Watch Bratz topple Barbie, Torrid create its enormously successful plus-size stores for teenagers, and Avon connect with a radically new generation of women. From Nike to Home Depot, each story is unique -- but in every case, these companies put women at the center of their strategies, and listened intently to what real women consumers were telling them. It's not about 'painting your products pink': it's about transforming the way you think about women. Do that, and you'll create products that sell better to everyone.

An incisive, intersectional look at the mother of all gender biases: a resistance to women 's authority and power. Every woman has a story of being underestimated, ignored, challenged, or patronized in the workplace. Maybe she tried to speak up in a meeting, only to be talked over by male colleagues. Or a client addressed her male subordinate instead of her. These stories remain true even for women at the top of their fields; in the U.S. Supreme Court, for example, female justices are interrupted four times more often than their male colleagues—and 96 percent of the time by men. Despite the progress we ' ve made toward equality, we still fail, more often than we might realize, to take women as seriously as men. In *The Authority Gap*, journalist Mary Ann Sieghart provides a startling perspective on the gender bias at work in our everyday lives and reflected in the world around us, whether in pop culture, media, school classrooms, or politics. With precision and insight, Sieghart marshals a wealth of data from a variety of disciplines—including psychology, sociology, political science, and business—and talks to pioneering women like Booker Prize winner Bernardine Evaristo, renowned classicist Mary Beard, U.S. Secretary of the Treasury Janet Yellen, and Hillary Clinton. She speaks with women from a range of backgrounds to explore how gender bias intersects with race and class biases. Eye-opening and galvanizing, *The Authority Gap* teaches us how we as individuals, partners, parents, and coworkers can together work to narrow the gap. Sieghart exposes unconscious bias in this fresh feminist take on how to address and counteract systemic sexism in ways that benefit us all: men as well as women. From the founder of the influential website Career Contessa, an invaluable career resource for women feeling stuck or unfulfilled that combines actionable advice, learning tools to make impactful life changes, and an in-depth discussion of how to build a

meaningful career on your terms. With her popular website Career Contessa, Lauren McGoodwin built an audience of ambitious, professional, millennial women who thought they did everything right—they got the degree, the internship, and even the promotion—but still wondered why they felt stuck and unfulfilled. The first site of its kind to focus on the unique, complex aspects of women's careers, Career Contessa offers women the smart advice they deserve, in a voice that resonates. Drawing on the insights and lessons developed from Career Contessa, *Power Moves* is the essential handbook that helps professional women truly feel understood so they can bypass perfection and planning and head straight to evolving. McGoodwin addresses young professionals' number-one concern: career transitions and growth, and engages them with specific goals, including: What is a Power Move and why they matter Cutting out comparison, shame, and self-loathing How to abandon the elusive “dream job” Embracing your inner questioner, your inner quester, and your inner-quitter Making money moves and taking control of your financial future Tuning out from the noise and tuning into your voice *Power Moves* is filled with the information, guidance, advice, and essential tools, (including helpful graphics) that can help women take decisive, bold steps without self-doubt and fear, *Power Moves* shows women how to build a successful career on their own terms.

Data is fundamental to the modern world. From economic development, to healthcare, to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our systems. And women pay tremendous costs for this bias, in time, money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates shocking root cause of gender inequality and research in *Invisible Women*†, diving into women's lives at home, the workplace, the public square, the doctor's office, and more. Built on hundreds of studies in the US, the UK, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, unforgettable exposé that will change the way you look at the world.

Achieve financial peace of mind with the million-copy #1 New York Times bestseller, now revised and updated, featuring an entirely new Financial Empowerment Plan and a bonus chapter on investing. The time has never been

more right for women to take control of their finances. The lessons, revelations, and shocks of the past few years have made it clear that standing in our truth is the only way to care for ourselves, our families, and our finances. With her signature mix of insight, compassion, and practical advice, Suze equips women with the financial knowledge and emotional awareness to overcome the blocks that have kept them from acting in the best interest of their money—and themselves. Whether you are single or in a committed relationship, a successful professional, a worker struggling to make ends meet, a stay-at-home parent, or a creative soul, Suze offers the possibility of living a life of true wealth, a life in which you own the power to control your destiny. At the center of this fully revised and updated edition, Suze presents an all-new Financial Empowerment Plan, designed to get you to a place of emotional and financial security as quickly as possible—because the most precious commodity women have is time. Divided into four essential components, the plan will teach you how to • Protect yourself • Spend smart • Build your future • Give to others Also included is a bonus chapter on investing—for those who are living by Suze's unbreakable financial ground rules and ready to learn how to invest with confidence. *Women & Money* speaks to every mother, daughter, grandmother, sister, and wife. It gives readers the opportunity to tap into Suze's unique spirit, people-first wisdom, and unparalleled appreciation that for women, money itself is not the end goal. It's the means to living a full and meaningful life.

In this now established text the author presents her analysis of the power of law and argues for a feminist post-structuralist approach. She comments on pornography, as well as discussing recent research on rape trials and abortion legislation.

Essential reading for our times, as women are pulling together to demand their rights— A landmark portrait of women, men, and power in a transformed world. "Anchored by data and aromatized by anecdotes, [Rosin] concludes that women are gaining the upper hand." –The Washington Post Men have been the dominant sex since, well, the dawn of mankind. But Hanna Rosin was the first to notice that this long-held truth is, astonishingly, no longer true. Today, by almost every measure, women are no longer gaining on men: They have pulled decisively ahead. And "the end of men"—the title of Rosin's Atlantic cover story on the subject—has entered the lexicon as dramatically as Betty Friedan's "feminine mystique," Simone de Beauvoir's "second sex," Susan Faludi's "backlash," and Naomi Wolf's "beauty myth" once did. In this landmark book, Rosin reveals how our current state of affairs is radically shifting the power dynamics between men and women at every level of society, with profound implications for marriage, sex, children, work, and more. With wide-ranging curiosity and insight unhampered by assumptions or ideology, Rosin shows how the radically different ways men and women today earn, learn, spend, couple up—even kill—has turned the big picture upside down. And in *The End of Men* she helps us see how, regardless of gender, we can adapt to the new reality and

channel it for a better future.

*This is the authoritative guide to conducting the Mindful Self-Compassion (MSC) program, which provides powerful tools for coping with life challenges and enhancing emotional well-being. MSC codevelopers Christopher Germer and Kristin Neff review relevant theory and research and describe the program's unique pedagogy. Readers are taken step by step through facilitating each of the eight sessions and the accompanying full-day retreat. Detailed vignettes illustrate not only how to teach the course's didactic and experiential content, but also how to engage with participants, manage group processes, and overcome common obstacles. The final section of the book describes how to integrate self-compassion into psychotherapy. Purchasers get access to a companion website with downloadable audio recordings of the guided meditations. Note: This book is not intended to replace formal training for teaching the MSC program. See also two related resources for MSC participants and general readers, *The Mindful Self-Compassion Workbook*, by Kristin Neff and Christopher Germer, and *The Mindful Path to Self-Compassion*, by Christopher Germer.*

****A BEST BOOK OF 2018 SELECTION*** NPR * The Washington Post * Book Riot * Autostraddle * Psychology Today ***A BEST FEMINIST BOOK SELECTION*** Refinery 29, Book Riot, Autostraddle, BITCH *Rage Becomes Her* is an “utterly eye opening” (Bustle) book that gives voice to the causes, expressions, and possibilities of female rage. As women, we’ve been urged for so long to bottle up our anger, letting it corrode our bodies and minds in ways we don’t even realize. Yet there are so, so many legitimate reasons for us to feel angry, ranging from blatant, horrifying acts of misogyny to the subtle drip, drip drip of daily sexism that reinforces the absurdly damaging gender norms of our society. In *Rage Becomes Her*, Soraya Chemaly argues that our anger is not only justified, it is also an active part of the solution. We are so often encouraged to resist our rage or punished for justifiably expressing it, yet how many remarkable achievements would never have gotten off the ground without the kernel of anger that fueled them? Approached with conscious intention, anger is a vital instrument, a radar for injustice and a catalyst for change. On the flip side, the societal and cultural belittlement of our anger is a cunning way of limiting and controlling our power—one we can no longer abide. “A work of great spirit and verve” (Time), *Rage Becomes Her* is a validating, energizing read that will change the way you interact with the world around you. A new kind of career playbook for a new era of feminism, offering women a new set of rules for professional success: one that plays to their strengths and builds on the power they already have.*

*The Instant New York Times Bestseller! A speculative thriller in the vein of *The Handmaid’s Tale* and *The Power*. Optioned by Universal and Elizabeth Banks to be a major motion picture! “A visceral, darkly haunting fever dream of a novel and an absolute page-turner. Liggett’s deeply suspenseful book brilliantly explores the high cost*

of a misogynistic world that denies women power and does it with a heart-in-your-throat, action-driven story that's equal parts horror-laden fairy tale, survival story, romance, and resistance manifesto. I couldn't stop reading." – Libba Bray, New York Times bestselling author Survive the year. No one speaks of the grace year. It's forbidden. In Garner County, girls are told they have the power to lure grown men from their beds, to drive women mad with jealousy. They believe their very skin emits a powerful aphrodisiac, the potent essence of youth, of a girl on the edge of womanhood. That's why they're banished for their sixteenth year, to release their magic into the wild so they can return purified and ready for marriage. But not all of them will make it home alive. Sixteen-year-old Tierney James dreams of a better life—a society that doesn't pit friend against friend or woman against woman, but as her own grace year draws near, she quickly realizes that it's not just the brutal elements they must fear. It's not even the poachers in the woods, men who are waiting for a chance to grab one of the girls in order to make a fortune on the black market. Their greatest threat may very well be each other. With sharp prose and gritty realism, The Grace Year examines the complex and sometimes twisted relationships between girls, the women they eventually become, and the difficult decisions they make in-between.

With empowering insights to help women navigate the narrowest corridors of sexism, tech-industry pioneer Magdalena Yesil shares on-the-ground career advice that is as powerful as any MBA Pioneering Silicon Valley entrepreneur and investor Magdalena Yesil came to the United States in 1976 with two suitcases and \$43, blind to the challenges she would face as a woman and immigrant in Silicon Valley. Today, she is best known as the first investor and a founding board member of Salesforce, the now-multibillion dollar company that ushered in the era of cloud-based computing. In Power Up: How Smart Women Win in the New Economy, Yesil urges women to look beyond the alarming gender statistics of the workplace and feel confident entering tech or any field-but also to be prepared to deal with the challenges. She shares what she experienced as a woman in Silicon Valley with surprising candor and heart, relying not just on her insight but that of more than a dozen top women entrepreneurs to offer pragmatic takeaways on topics such as: · Owning career choices while managing risk · Getting credit for your work · Managing sexual dynamics · Recruiting allies in the movement toward a supportive workplace for everyone Pragmatic, incisive, and full of highly actionable advice, Yesil prepares ambitious women to break glass ceilings and rise to the top in the New Silicon Valley -- and beyond.

"Alpha Girls is reporter Julian Guthrie's powerful account of five women pioneers in the field of venture capital who bucked the system and found ways to survive and thrive in the cutthroat, high-stakes, male-dominated world of Silicon Valley"--Provided by publisher.

YOU ARE A SMART WOMAN, BUT DO YOU STILL: —Feel you're too busy to invest your money? —Rely on someone else to deal? —Get bored by financial talk? —Think that investing is something only men do? —Worry you're not smart enough? THINK AGAIN. Women have made strides in so many areas and yet we still have a blind spot when it comes to managing our money. Why? A myriad of factors cause women to earn less than men over a lifetime, making it all the more imperative that we make the money we do have work for us as much as possible. And here's a reality check: as many as nine out of ten of us will have to manage our finances and those of our family at some point in our lives. And a lot of us think that means keeping our money "safe" in savings accounts, and not investing it. But not doing so has an opportunity cost that will lead to opportunities lost—the ability to pay for a college education, own a home, change careers to pursue a dream, or retire. Alice Finn wants to change how you think about your money, no matter how much or little you have. In *Smart Women Love Money*, Finn paves the way forward by showing you that the power of investing is the last frontier of feminism. Drawing on more than twenty years of experience as a successful wealth management adviser, Finn shares five simple and proven strategies for a woman at any stage of her life, whether starting a career, home raising children, or heading up a major corporation. Finn's Five Life-changing Rules of Investing will secure your financial future: 1. Invest in Stocks for the Long Run: Get the magic of compounding working for you, starting now. 2. Allocate your Assets: Strategize your investing to get the most of your returns. 3. Implement with Index Funds: Take advantage of "passive" investing with simple, low-cost, and diverse funds. 4. Rebalance Regularly: Sell high and buy low without much effort, to keep you on track toward your goals. 5. Keep Your Fees Low: Uncover hidden fees so you don't lose half of your wealth to Wall Street. Finn will also provide the tools you need to achieve long-term success no matter what the markets are doing or what the headlines say. So even in the face of uncertainty—such as the possible dumping of the fiduciary rule (requiring financial advisers to act in their client's best interests) by the Trump administration—*Smart Women Love Money* will help you protect yourself and all of your assets for your future. Whether you have \$10, \$10,000, or more, it's time to get smart about your money.
