***work, and part of that work is getting through the pain. But don't panic. There are more ways than ever to manage that pain, and you don't have to choose just one. "The trick is to have as many tools in your bag as possible," says Kim Hildebrand Cardoso, a certified nurse-midwife in Berkeley, California, and a mother of two. Doctors and scientists have studied the benefits of meditation on pregnant women and they have shown that it can help moms-to-be throughout pregnancy and especially at birth. Moms who have high levels of stress or anxiety during pregnancy are more likely to deliver their babies at preterm or low birth weights. This book has been written to promote a natural birth and a painless birthing***

**Learning all about having a baby is**

*difficult. There's a lot involved from the first moment you learn that you're pregnant until your baby is born. And then there's even more to know about from the time the baby is born until they leave your home, all grown up. Of course, we won't even presume to be able to tell you absolutely everything you need to know about carrying, having and raising a child all the way until they move out. This book is about your process of getting started. We're going to talk about some of the big things that you may not know about being pregnant and about having your baby. We're even going to talk a little about things you should keep in mind for those first few months.*

**Birth is an extraordinary experience, one of the most amazing and challenging that a woman will face in her life. When a Sydney mom-to-be, Anna Danielle, was expecting her first child, she was determined to be as prepared as possible for her pending labor. However, she found that most pregnancy books simply describe the process of childbirth without any practical insight into how an easier and safer birth can be achieved. After a journey of countless hours of research, a priceless wealth of information was developed. Find out how YOU can: • go into labor with your baby in the best position for an easier, shorter and safer birthing, • support labor**

## **Mama Should Know**

"Mama Natural's Week to Week Guide to Pregnancy is the modern (and yet ancient) approach to pregnancy and childbirth. "Natural" recognizes that pregnancy and birth are normal, and that having a baby is a wondrous biological process and rite of passage--not a medical condition. This book draws upon the latest research showing how beneficial and life-changing natural birth is for both babies and moms. Full of weekly advice and tips for a healthy pregnancy, Grace details vital nutrition to take, natural remedies for common and troublesome symptoms, as well as the appropriate (and inappropriate)

use of interventions. Pregnancy, childbirth, health, health and wellness, parenting, family"--  
Thankfully, pregnant women no longer have to disguise their condition or confine themselves to the home. They're free to do other things — like enjoy an active sex life. This no-nonsense guide helps mothers-to-be maintain intimacy through all three trimesters and beyond. Using the real-life experience of one author and the professional expertise of the other, it covers a wide range of issues regarding sex and pregnancy, including the unanswered, difficult, and taboo questions and topics most people are afraid to address. It also
