

Pregnancy Guide E Book

The essential pregnancy guide for the modern woman The vast amount of information in encyclopedia-sized pregnancy books for first-time moms can be overwhelming and anxiety inducing. The First-Time Mom's Pregnancy Handbook is different. Including need-to-know advice relevant to the majority of women and pregnancies. This week-by-week guide will prepare and empower you during pregnancy and beyond. In the world of pregnancy books for first-time moms, this one is a go-to. With weekly goals you can focus on, including nutrition and milestone trackers, questions for OB-GYNs or midwives, and tips on caring for your newborn, you'll be more than prepared for the big day. This standout among pregnancy books for first-time moms delivers: 40+ weekly milestones--From conception through the first few months of baby's life, set and accomplish goals based on your weekly priorities and needs. Baby and mom stats--Of all pregnancy books for first-time moms, this one offers a week-by-week rundown of your baby's development, symptoms you may be experiencing, major appointments, and more. Postpartum prep--Tips for focusing on your emotional health, healing your body after childbirth, taking care of your newborn, and thriving as a new mother. When you're thinking about pregnancy books for first-time moms, think about this one.

'Marie Louise is a dream come true for any parent with her uncanny ability to simplify the most important and complicated questions' Emma Bunton, co-founder of Kit and Kin Whether you are planning for a baby, just found out you are pregnant or well into your third trimester, this book will help you to feel confident, informed and inspired about your exciting journey ahead. Through years of work with families, Senior Midwife Marie Louise reveals the key things that will make the biggest, most positive difference to you and your baby as you navigate these life-changing months. As well as this, Marie Louise is renowned for bringing complex science to life. You'll discover fascinating facts that underpin everything you and your baby will go through, including - - How your nervous system is synced with your baby and why baby already knows a lot about you when they are born - The unique process your baby goes through to pass through the birth canal and how you work together in labour - Incredible facts about breast milk Packed with the most up-to-date findings and expert insights, you'll find everything you need to prepare for motherhood and, most importantly, understand and appreciate just how amazing you and your baby both are!

The comfort of knowing what is going on during pregnancy combined with advice that changes each week with an expectant mother's body will warm the heart and well as calm the nerves. This fully illustrated pregnancy guide gives an expectant mothers week-by-week information on their body and the child's physical development; and then explains what they should do at each week of pregnancy for an optimally healthy pregnancy, delivery, and baby. A chapter is devoted to each week of pregnancy and covers everything readers need to know including, baby's size, mother's size, what's normal in terms of physical symptoms and development, and what could indicate a potentially serious problem. Nutritional, exercise, and lifestyle advice, tips on treating common pregnancy discomforts like morning sickness and sciatica, and pregnancy do's and don'ts, ensure a happy and healthy mother and baby.

With these simple tricks and tactics, you'll get through her pregnancy successfully... and master every step of the way. Are you finding it hard to tell whether you're excited or just scared pantsless? Of course, you're excited, but still, what the heck are you supposed to do now? Relax, and take a deep breath -- all dads have been in your same shoes once before. Finding out that you're going to be a dad is one of the most rewarding moments in life, but yes, it certainly comes with a lot of questions and concerns. But the good news is that you're not alone! And the even better news is that all the information you're ever going to need already exists. The crazy moments you could never see coming... well, now you can prepare for them. The emotional roller coaster your significant other is about to take you on -- we're going to put you in the driver's seat. Those 10 million thoughts bouncing around in your head -- it's time to put some structure to it all and relax into a well-organized plan of attack. This doesn't have to be a stressful and confusing time in your life. In fact, it shouldn't be. With these powerful insights and knowledge from fathers around the world, you'll soon find yourself feeling prepared and ready for your new best friend to enter this beautiful world. Set that confusion aside and step into a position of personal empowerment, knowing that no matter what comes your way, you're going to be ready for it. In The Pregnancy Guide For Men, you'll discover: How to navigate everything that is expected of you -- without feeling overwhelmed and like you're losing it The biggest challenges you're going to face during pregnancy -- and simple (but effective) ways to overcome them Month by month guidance -- from the pregnancy test to when she's in that hospital bed, ensure that you never miss a beat Why you need to have a birth plan -- and how you can lead the way into setting one up successfully A deeper look into how your significant other will feel throughout each stage of the process so you can help her through her emotional storms The pros and cons of finding out your baby's sex beforehand -- and how either stance will bring your family a ton of joy What you need to do before labor is induced that'll make everyone's life so much easier ... and much more! Whether her pregnancy caught you by surprise or you've been anticipating it, now is the time for you to step it up. With this awareness and step-by-step guidance, you're going to find yourself prepared and ready for whatever parenthood throws your way. Don't let your doubts and fears stand in the way -- you've got this! If you're ready to set your child up for the most successful life possible, then scroll up and click the "Add to Cart" button right now.

The Modern Midwife's Guide to Pregnancy, Birth and Beyond

A 90-day Guide for Couples on how to Prepare for a Healthy Conception

Your guide to the emotions of pregnancy and early motherhood, from two of America's top reproductive psychiatrists. When you are pregnant, you get plenty of advice about your growing body and developing baby. Yet so much about motherhood happens in your head. What everyone really wants to know: Is this normal? -Even after months of trying, is it normal to panic after finding out you're pregnant? -Is it normal not to feel love at first sight for your baby? -Is it normal to fight with your parents and partner? -Is it normal to feel like a breastfeeding failure? -Is it normal to be zonked by "mommy brain?" In What No One Tells You, two of America's top reproductive psychiatrists reassure you that the answer is yes. With thirty years of combined experience counseling new and expectant mothers, they provide a psychological and hormonal backstory to the complicated emotions that women experience, and show why it's natural for "matrescence"—the birth of a mother—to be as stressful and transformative a period as adolescence. Here, finally, is the first-ever practical guide to help new mothers feel less guilt and more self-esteem, less isolation and more kinship, less resentment and more intimacy, less exhaustion and more pleasure, and learn other tips to navigate the ups and downs of this exciting, demanding time

With more and more women waiting to start a family, it's encouraging to know that you can have a healthy pregnancy over 35-and into your 40s-if you make well-informed choices about your prenatal care. Whether you're considering parenting for the first time or starting over, The Everything Guide to Pregnancy over 35 covers the physical, emotional, and social implications of a 35+ pregnancy to help ensure the healthiest and happiest nine months-and beyond. Packed with expert advice, plus helpful tips from moms just like you, this reassuring guide shows you how to: Improve your chances of getting pregnant after 35-including fertility treatment options Select the best care options-whether with a doctor or midwife Incorporate vitamins, proper nutrition, and exercise into your lifestyle Weigh the benefits and risks of prenatal testing Understand the changes happening to your body Prepare for labor, delivery, and recovery Assess financial and career considerations And, most importantly, welcome a new baby into your life! With its supportive, straightforward approach, The Everything Guide to Pregnancy over 35 is the one book you need to dispel the rumors, understand the risks, and enjoy the rewards of this exciting time!

An updated edition of a classic guide to preconception advises prospective parents on how to maximize their chances for a healthy conception and pregnancy, providing the latest nutritional and medical recommendations and coverage of current tests. Original.

Supporting a Physiologic Approach to Pregnancy and Birth

"Mama Natural's Week to Week Guide to Pregnancy is the modern (and yet ancient) approach to pregnancy and childbirth. "Natural" recognizes that pregnancy and birth are normal, and that having a baby is a wondrous biological process and rite of passage--not a medical condition. This book draws upon the latest research showing how beneficial and life-changing natural birth is for both babies and moms. Full of weekly advice and tips for a healthy pregnancy, Grace details vital nutrition to take, natural remedies for common and troublesome symptoms, as well as the appropriate (and inappropriate) use of interventions. Pregnancy, childbirth, health, health and wellness, parenting, family"--

The Ultimate Guide to Pregnancy for Lesbians covers everything you need to make the thrilling and challenging journey to motherhood: from choosing a donor to tracking fertility to signing the right papers on the dotted lines. Rachel Pepper's lively, easy-to-read guide is the first place to go for up-to-date information and sage advice on everything from sex in the sixth month to negotiating family roles. Why a second edition? When the acclaimed first edition appeared, the author's daughter was only a few months old. This new edition takes into account the parenting know-how Pepper has developed over the intervening six years, as well as the evolving legal status of lesbian parents, and the increasing importance of the Internet for information on fertility, sperm banks, and donors. The resource section is greatly expanded, as are the sections on each trimester of pregnancy, on childbirth, and on life with a newborn. And Pepper provides more insight into preconception planning for both single lesbians and couples. An indispensable resource, The Ultimate Guide to Pregnancy for Lesbians is now bigger and better.

Written by a nurse, this holistic guide for pregnancy and the postpartum experience provides foundational knowledge and intuitive wisdom to help new mothers support the optimal health of their baby and their own bodies. Get the answers to the big questions about pregnancy: • What kinds of foods should you eat and how do you prepare your body for labor and birth? • How does movement impact pelvic health and the baby's position in the womb? • How does the endocrine system and your brain change throughout pregnancy? • How does the microbiome influence your and your baby's health? Packed with practical information and helpful infographics, Amy J. Hammer helps you create the optimal environment for growing a baby and navigating the major transitions in a pregnancy—including nurturing pelvic floor health, the fetal and parental microbiome, and the science behind the stages of pregnancy from conception to postpartum. By providing vital and often ignored information about reproductive science, movement, and nourishment, this book empowers parents to make informed and personal choices about their pregnancy, birth, and beyond.

Praying Through Your Pregnancy shows a mother how to provide an early head start for her child through the power of prayer. With fresh spiritual insight, each chapter reveals what is happening with the baby's development that week, starting with the very first moment of conception, when God begins the creation of either a boy or a girl. Readers will learn how the confidence they place in God affects the healthy development of their precious growing baby, and how to reduce their own stress and anxiety by looking to the Creator. In this interactive guidebook, the author shares excerpts from her pregnancy journal as an encouragement for women to write their own thoughts and feelings, and each chapter ends with a Mother's Prayer and Scriptures for Meditation. Praying Through Your Pregnancy was a 2011 Christian Book Award Finalist.

From "the man who remade motherhood" (Time) comes the definitive guide to having a healthy pregnancy--and a healthy baby. THE HEALTHY PREGNANCY BOOK guides expectant mothers and fathers through all stages of pregnancy from preconception through birth, focusing on how to enhance the health of mother and baby. In this uniquely authoritative and comprehensive month-by-month guide, the Seares address emotional and physical changes that take place during pregnancy, baby's brain development, healthy pregnancy habits, pregnancy superfoods, optimal weight gain, fitness, managing stress, sleep, choosing the right healthcare provider, birthing choices, the transition into parenthood, engaging personal stories, and more. Overflowing with the most up-to-date information, digestible and doable tips, and advice for every worry--and written in the Seares' trademark reassuring tone that makes their books long-term bestsellers--THE HEALTHY PREGNANCY BOOK is the must-have resource to fit the greater demands of today's savvy parents.

A revised and updated edition of the classic handbook for women seeking a safe, organic, eco-friendly, and natural pregnancy, featuring an integrative-based approach with new medical, herbal, and nutritional information. Over the last two decades, The Natural Pregnancy Book has ushered thousands of women through happy and healthy pregnancies. Addressing women's health from conception to birth, Dr. Romm describes herbs that can promote and maintain a healthy pregnancy, and allays such familiar concerns as anxiety, fatigue, morning sickness, and stretch marks. She also discusses the components of a healthy diet, with an emphasis on natural foods. New to this edition is integrative health advice based on Dr. Romm's new credentials as a Yale-trained physician, combined with her twenty years of experience as a midwife and herbalist.

Supporting a Physiologic Approach to Pregnancy and Birth: A Practical Guide provides an overview of current evidence and a range of practical suggestions to promote physiologic birth within the United States healthcare system. Presenting the latest evidence available on practical approaches and minimal interventions, this book looks into clinic exam rooms and hospital labor units to investigate the possibilities for improving the pregnancy and labor experience. Contributors discuss recent research and other published information and present a range of ideas, tools, and solutions for maternity care clinicians, including midwives, nurses, physicians, and other members of the perinatal team. An invaluable resource, Supporting a Physiologic Approach to Pregnancy and Birth is a must-have practical guide for those involved in all aspects of pregnancy and birth.

The second book in the Dr. Spock Take Charge Parenting Guides, crafted by the Dr. Spock Co., Take Charge of Your Pregnancy contains all the essentail information on pregnancy and fetal development in one clear, concise volume. Pregnant? Congratulations! Now let an expert guide you through this exciting time. Pregnancy is a time of powerful emotions, dramatic changes, and plenty of questions. Noted obstetrician Marjorie Greenfield, MD, one of the new team of medical experts at The Dr. Spock Company, has written this authoritative book to answer all your questions and help ensure a happy, healthy pregnancy. Dr. Spock's Pregnancy Guide will take you month by month through the thrilling journey to parenthood, with special focus on how to:

-Follow the development of your growing baby -Find the right obstetrician or midwife -Deal with common symptoms and problems -Plan the kind of childbirth experience you want -Get good care every step of the way, and more For more than 50 years, Dr. Benjamin Spock was the world's best-known pediatrician. Drawing upon his trusted philosophy of baby and child care, a new generation of experts at The Dr. Spock Company brings today's moms and dads the latest in parenting, child-health, and pregnancy information. Be sure to pick up Dr. Spock's Baby Basics, the first book in the Take Charge Parenting Guides series.

The third edition of the book, Practical Guide to High-Risk Pregnancy and Delivery, has been completely revised to present more up-to-date approach to the field. Several changes have been made in the book to keep up with multiple new developments and to facilitate the finding of information. However, the purpose of the book remains unchanged: to provide residents in Obstetrics and Gynecology, fellows in Maternal–Fetal Medicine, obstetricians, general physicians, and interested nurses and medical students with a source of practical information about complications of pregnancy. The book is organized into three sections: Fetal Medicine, Obstetrical Complications and Tropical Diseases in Pregnancy All chapters have been rearranged, expanded, and updated Several new flowcharts, tables, and boxes have been included to make the coverage more comprehensive and contemporary Important points at the end of every chapter help in quick recapitulation. Separate chapters on Hypertensive Disorders in Pregnancy, Diabetes and Pregnancy, and Cardiac Diseases in Pregnancy.

My Pregnancy Guide is based on my 20 years clinical experience in helping women during pregnancy and the latest scientific evidence sourced from over 750 research studies. This self-help guide blends modern fact-based research together with the ancient theories of Chinese medicine to deliver a powerful and concise understanding of pregnancy and labour. My Pregnancy Guide explains what to expect in pregnancy, problems you may experience and what to do about them, the impact of COVID-19, an optimal pregnancy diet, supplements to take, pregnancy for dads and how to reduce your baby’s chances to developing autism. It explains what tests you can have and the various dangers to your baby and how to avoid them, from chemicals in the environment, in foods, cosmetics and household products to pollution, plastics, heavy metals and pharmaceutical drugs. Advice is given on how to minimise your baby miscarrying or developing any abnormalities and how you can enhance your health for optimal breast-milk production and post labour health. In-depth explanations are given on how to optimise your lifestyle from exercising, work, sleep to clothing, footwear and even baths versus showers all based on the latest cutting-edge research together with the tried and tested theories of Chinese medicine. Week by week explanations on how your baby is growing is given along with advice on how to enhance your baby’s development. A large range of supplements are listed to improve mother and baby’s health. Based on the latest scientific research, My Pregnancy Guide also explains how to deal with various pregnancy problems that may develop from gestational diabetes, preeclampsia to constipation and slow baby growth. Explanations are given on the stages of labour and how to prepare for each step. Fact-based research is given advising on going over 40 weeks and how to prepare for labour, treat a breech baby, pain relief options and acupressure points to encourage labour and a reduction in labour pain. A large range of natural herbs are given to help reduce miscarriage and aid labour. Dr (TCM) Attilio D’Alberto has been supporting women in pregnancy and labour since 2004, from those who fell pregnant naturally to those that conceived with IVF. This book is a treasure-trove of information that is invaluable to all women who are pregnant. “I safely delivered a baby boy. I defiantly feel he helped to reduce the pain too, as I felt ready to give birth all over again the next day”-Dr (TCM) Attilio D’Alberto - Bachelor of Medicine (Beijing), BSc (Hons) TCM

A 90-Day Guide for Couples on How to Prepare for a Healthy Conception

Pregnancy Day By Day

Before Your Pregnancy

Month by Month, Everything You Need to Know from America's Baby Experts

The Ultimate Guide to Pregnancy for Lesbians

What To Eat To Ensure A Healthy Pregnancy

Now completely revised and updated, the classic guide that helps mothers- and fathers-to-be conceive more easily and boost the odds of a healthy pregnancy Covering preconception and interconception (between-pregnancy) well-being for women and men, Amy Ogle and Lisa Mazzullo draw on new research from their complementary fields of expertise and reveal how good preconception health can lower the risk of pregnancy complications and improve lifelong health. Why a ninety-day guide? It takes that long for sperm to mature, and at least that much time for the prospective mother to ensure that her body becomes pregnancy-ready. In a warm, intelligent style, the authors address up-to-date topics such as age, heredity, vaccinations, supplements, and weight. In easily accessible chapters, this guide covers such topics as • Nutrition: meal makeovers plus new facts (and fiction) about fish, omega-3s, vitamins, and herbs • Personal readiness: how to assess emotional, financial, and physical readiness, including a preconception-friendly exercise program, plus advice for avid athletes • Becoming an informed patient: choosing a doctor, insurance coverage, baby-friendly medications, and the latest genetic screening guidelines • Women ’ s health: expanded coverage of gynecologic and medical conditions affecting fertility and pregnancy (including bariatric surgery and physical disabilities), and steps to create a welcoming womb by optimizing immune health • Environment: a roundup of environmental exposures and travel tips • Men ’ s health: practical lifestyle advice for men to help maximize the number and health of sperm • Conception: clear signs that predict when to “ start trying, ” and the truth behind common myths • Infertility: reassuring options for reproductive assistance • Interconception health: the best plan for pregnancy recovery, before trying for another • Resources: questionnaires for your preconception medical visit, and charts to track fertility signs

The Everything Pregnancy Nutrition Book helps you break down all that confusing information about prenatal vitamins, calorie counting, and smart food shopping. From getting healthy before conceiving to staying fit through each stage of pregnancy, you can shape your eating and exercise habits to contribute positively to your well-being-and ultimately, your baby's. The Everything Pregnancy Nutrition Book helps you design a well-balanced diet that's right for you and your baby, whether you're a teenage mother-to-be, an older expecting mom, or somewhere in between. With this engaging and enlightening book at your side, you can: Get the real deal on controversial foods such as fish, tea, wine, and cheese Avoid harmful food additives and over-the-counter medications Make informed decisions in the supermarket and kitchen Indulge some cravings - and beat others Learn the best ways to cope with the discomforts of pregnancy Assess which vitamins and minerals are most important during each trimester and more Complete with tips on prenatal care for your baby and methods for regaining your pre-baby figure, The Everything Pregnancy Nutrition Book is your complete resource for planning a healthy pregnancy from beginning to end!

“A smart, approachable guide packed with practical advice for parents who want a science-backed, individualized approach to pregnancy. ” –Linda Avey, Co-founder of 23andMe 2020 National Parenting Award Winner Feeling overwhelmed? Confused by conflicting advice? Bumpin ’ will radically transform your pregnancy journey to one of confidence and optimism. With over a decade of experience advising women ’ s healthcare and technology companies, Leslie Schrock distills cutting-edge research into your most comprehensive pregnancy guide—from conception through the newborn months. Based on the latest clinical evidence and practical advice from top experts, Bumpin ’ enables you to make the best decisions for your unique family. With a look at the science, it tackles every pregnancy FAQ and topics like the truth about cleaning up your cosmetics, nutrition, epidurals, and activity; and the practical, like putting together a baby budget and navigating work. Bumpin ’ also takes you all the way through the postpartum period because taking your baby home and recovering brings unexpected physical, mental, and life changes that are too often overlooked for you and your partner. Inside Bumpin ’ you ’ ll find: -A trimester-by-trimester overview from trimester zero (conception) through the postpartum period and return to work -The truth about age and fertility and how to manage any issues that arise -Research on topics like vaccinations, breastfeeding, and exercise -The science behind your physical changes, leaks, sweats, and every other unexpected pregnancy symptom - and how to manage them to enhance your long term health -Birth preferences and preparing for unpredictable changes -The challenges of navigating parental leave and returning to work -Unique advice for partners -Budgeting, finance tips, baby registry, and hospital checklists Every pregnancy is unique and often unpredictable. For Leslie, this meant handling curveballs like miscarriage and later a birth that didn ’ t go according to plan. She turned her personal journey into this book, written while she was pregnant, with the help of a wide network of experts she consulted along the way, including doulas, ob-gyns, midwives, therapists, prenatal trainers, and nutritionists. Warm, funny, and non-judgemental, Bumpin ’ will leave you feeling prepared and ready to tackle anything that comes your way. A portion of proceeds will be donated to Every Mother Counts and National Birth Equity Collaborative to support maternal and child health.

Covers topics ranging from the emotional effects of pregnancy and bodily changes to fetal development and what to expect during delivery

A fresh, new pregnancy guide—the first complete functional medicine book—offering women and their partners a comprehensive approach to maintain and enhance health and wellness before, during, and after pregnancy. The Wise Woman’s Guide to Your Healthiest Pregnancy and Birth combines the expertise of top-tier physical therapist Patricia Ladis—who works with superstar athletes, professional dancers, and celebrities—with Dr. Anita Sadaty, a highly regarded holistic ob-gyn with a celebrity clientele. Together, they have devised a six-step protocol beginning the six months before conception continuing forty days post-birth and beyond, incorporating holistic principles that encourage optimal wellness for mother, partner, and baby. Whether they are in their 20’s, 30’s or 40’s, this book empowers readers to be in tune with their bodies during all stages of pregnancy, and is the first book by a functional medicine dream-team aligning medical and structural body issues to avoid such potential pregnancy outcomes as osteoporosis, sciatica, pelvic prolapse, structural weakness, and postpartum depression. Each of the six stages organizes Ladis and Sadaty’s holistic principles into five easy-to-follow aspects: Body, Movement, Breathing, Nourishment, and Wisdom. They include practical applications such as foods to help reduce internal inflammation, specific exercises—with instructive photos—in each stage, breathing techniques to lower stress, and “pearls of wisdom” backed by science exploring a multicultural history of this special time in a woman’s life. For the first time, a pregnancy guide considers the importance of choices you make six months prior to conception, and the effect on genes. When both members of a couple are calm, fit, and well-nourished, the latest science suggests that together they are less likely to pass on negative genes to a child.

An essential pregnancy resource for all parents-to-be. Mayo Clinic Guide to a Healthy Pregnancy, second edition is an authoritative, yet practical reference manual from the pregnancy experts at the #1 ranked hospital in America. The newly updated book includes information on everything from healthy lifestyle habits to the latest technologies in prenatal care and childbirth. Features include week-by-week updates on baby's growth, as well as month-by-month changes that mom can expect. In addition, you'll find a 40-week pregnancy calendar, an overview of common pregnancy symptoms, information on safe medicine use, tools to help parents with important pregnancy decisions, and general caregiving advice — information moms and dads can trust to help give their little ones a healthy start. Mayo Clinic Guide to a Healthy Pregnancy, second edition is the collective effort of a team of health care experts who find nothing in medicine more exciting and satisfying than the birth of a healthy child by a healthy mother. Any parent-to-be looking for accurate and authoritative information from a reliable source will surely appreciate this illustrated, easy-to-understand book.

This unique inspirational resource features weekly descriptions of your baby's growth and pregnancy specific devotionals to encourage and enlighten even the most experienced mother. Weekly prayer guides support your desire to pray daily for your child, while challenging you to deepen your spiritual life. Supportive suggestions for handling pregnancy symptoms help make the journey from "expecting" to "mother" as comfortable as possible. This is the pregnancy guide no Christian should be without.

The practical, comforting, honest, and hilarious bestseller for moms-to-be, with more than one and a half million copies in print! Your doctor gives you medical advice. Your mother buys you baby clothes. But who can give you the real skinny when you're pregnant? Your girlfriends, of course—at least, the ones who've been through the exhilaration and exhaustion, the agony and ecstasy of pregnancy. Four-time delivery room veteran Vicki Iovine talks to you the way only a best friend can—in the book that will go the whole nine months for every mother-to-be. In this revised and updated edition, get the lowdown on all those little things that are too strange or embarrassing to ask, practical tips, and hilarious takes on everything pregnant. What really happens to your body—from morning sickness and gas to eating everything in sight—and what it's like to go from being a babe to having one. The Many Moods of Pregnancy—why you're so irritable/distracted/tired/lightheaded (or at least more than usual). Staying Stylish—You may be pregnant, but you can still be the fashionista you've always been (or at least you don't have to look like a walking beachball)—wearing the hippest designers and proudly showing off your bump. Pregnancy is Down To a Science—from in vitro fertilization to scheduled c-sections, there are so many options, alternatives, and scientific tests to take that being pregnant can be downright confusing! And much more! For a reassuring voice or just a few good belly laughs, turn to this straight-talking guide on what to really expect when you're expecting.

Two leaders in pregnancy yoga share useful yoga techniques to guide expectant mothers from bump to birth and beyond Authoritative yet thoroughly accessible, this user-friendly book provides yoga techniques for pregnancy and beyond, helping expectant mothers to deal with all the physical and emotional changes you experience along the way. Authors Tara Lee and Mary Attwood—both leaders in the field—explain the important fundamentals of pregnancy yoga, such as:

- Using breathwork to relax your body and reduce stress***
- Guided meditations and visualizations to help you feel calm and positive***
- Illustrated step-by-step routines to energize you and relieve muscle tension and pain***
- Beneficial postures for a range of common pregnancy-related conditions, including back pain, breathlessness, and swollen ankles***
- Advice on preparing for labor and childbirth***
- Post-natal exercises to get you back in shape and energized as a new mother***

Most importantly, Tara and Mary emphasize how every woman can take charge of her whole self to ensure a happy and healthy pregnancy and birth. The foreword by internationally celebrated Dr Gowri Motha, creator of the Gentle Birth Method, reinforces the message that pregnancy and childbirth is a positive experience to cherish and enjoy.

Pregnancy and Childbirth

Available for the first time in full color, the up-to-date and authoritative pregnancy guide that has sold 1.5 million copies--by recognizing that "one size fits all" doesn't apply to maternity care Parents love this book because it puts them in control; experts love it because it's based on the latest medical research and recommendations from leading health organizations. Pregnancy, Childbirth, and the Newborn provides the information and guidance you need to make informed decisions about having a safe and satisfying pregnancy, birth, and postpartum period--decisions that reflect your preferences, priorities, and values. Unlike pregnancy guides that can overwhelm and alarm by telling you up front all the things that can possibly go wrong, this book first describes normal, healthy processes, their typical variations, and the usual care practices for monitoring them. Only then does it cover possible complications and the care practices and procedures for resolving them. Throughout, the presentation is crystal-clear, the tone is reassuring, and the voice is empowering. And the language is inclusive, reflecting today's various family configurations such as single-parent families, blended families formed by second marriages, families with gay and lesbian parents, and families formed by open adoption or surrogacy. From sensible nutrition advice to realistic birth plans, from birth doulas when desired to cesareans when needed, from reducing stress during pregnancy to caring for yourself as well as your baby after birth, this pregnancy guide speaks to today's parents-to-be like no other.

"What a gift to new and expecting moms. You have no idea the mountain and rollercoaster you're about to embark on, but Nurture somehow gives you a peek in and gives you essential information to help ground you." --Catherine McCord, founder of Weelicious and One Potato A comprehensive and judgement-free pregnancy companion: Nurture is the only all-in-one pregnancy and birthing book for modern mothers-to-be and their partners who want a more integrative approach. Author Erica Chidi Cohen has assisted countless births and helped hundreds of families ease into their new roles through her work as a doula. Nurture covers everything from the beginning months of pregnancy to the baby's first weeks. This empowering book includes:

- Supportive self-care and mindfulness exercises, trimester-specific holistic remedies, nourishing foods and recipes for every month of pregnancy, and expert tips for every birth environment.***
- More than 40 charming and helpful illustrations, charts, and lists can be found throughout.***
- Dozens of important topics that every modern mom needs to know including fetal development, making choices for a hospital, home or birth center birth, the basics of breastfeeding, tips on what to expect postpartum, and more. Nurture is an all-inclusive pregnancy and birthing guide book that gives soon-to-be mothers and their partners the information they need to make decisions, feel confident, and enjoy the beauty of creating new***

life. Nurture is a thoughtful and helpful gift for expecting mothers and their partners. Erica Chidi is co-founder and CEO of Loom in Los Angeles, CA. She began her work in San Francisco, volunteering as a doula within the prison system, working with pregnant inmates. She went on to build a successful doula and health education practice in Los Angeles and has been featured in Women's Health, Vogue, Goop, The Cut and Marie Claire.

The Guide to Investigation of Mouse Pregnancy is the first publication to cover the mouse placenta or the angiogenic tree the mother develops to support the placenta. This much-needed resource covers monitoring of the cardiovascular system, gestational programming of chronic adult disease, epigenetic regulation, gene imprinting, and stem cells. Offering detailed and integrated information on how drugs, biologics, stress, and manipulations impact pregnancy in the mouse model, this reference highlights techniques used to analyze mouse pregnancy. Joining the ranks of much referenced mouse resources, The Guide to Investigation of Mouse Pregnancy is the only manual providing needed content on pregnancy in animal models for translational medicine and research. Provides instruction on how to collect pre-clinical data on pregnancy in mouse models for eventual use in human applications Describes the angiogenic tree the mother's uterus develops to support pregnancy and the monitoring of pregnancy-induced cardiovascular changes Educates readers on placental cell lineages, decidual development including immune cells, epigenetic regulation, gene imprinting, stem cells, birth and lactation Discusses how stress, environmental toxicants and other manipulations impact upon placental function and pregnancy success

What to Expect When You're Black, Pregnant, and Expecting "This book stands as the modern-day guide to birthing while Black." —Angelina Ruffin-Alexander, certified nurse midwife, owner of Touch of Osun Midwifery Services #1 New Release in Pregnancy & Childbirth and Minority Demographic Studies, Medical Ethics, and Women's Health Nursing Written with lighthearted humor and cultural context, Oh Sis, You're Pregnant! discusses the stages of pregnancy, labor, and motherhood as they pertain to pregnant Black women today. Tailored to today's pregnant Black woman. In the age of social media, how do pregnant women communicate their big announcement? What are the best protective hairstyles for labor? Most importantly, how many pregnancy guides focus on issues like Black maternal birth rates and what it really looks like to be Black, pregnant, and single today? Written for the modern pregnant Black woman, Oh Sis, You're Pregnant! is the essential what to expect when you're expecting guide to understanding pregnancy from a millennial Black mom's point of view. Interviews, stories, and advice for pregnant women. Written by Black Moms Blog founder, Shanicia Boswell, Oh Sis, You're Pregnant! tackles hard topics in a way that truly resonate with modern Black moms. With stories from her experiences through pregnancy, labor, and motherhood, and lessons learned as a mother at twenty-two, Oh Sis, You're Pregnant! focuses on the common knowledge Black pregnant mothers should consider when having their first baby. It also shares topics beneficial to pregnant Black women on their second, third, or fourth born. Inside you'll find answers to questions like, how: • Do I financially plan for my birth? • Can I maintain my relationship and friendships during motherhood? • Will I self-advocate for my rights in a world that already views me as less than? If you enjoyed books like Medical Apartheid, 50 Things To Do Before You Deliver, The Girlfriends' Guide to Pregnancy, or Birthing Justice, then you'll love Oh Sis, You're Pregnant!

The complete guide to pregnancy, day-by-day No other pregnancy book provides this level of detail, allied with such extraordinary photographs, 3D scans and illustrations which reveal in unprecedented clarity exactly what is happening to you and your baby every single day. From early fetal development to how your hormones prepare you for birth, learn from world-class experts. Plus, obstetricians, midwives and parents advise on your baby's development, medical matters, your changing body, diet, fitness and much more. A special hour-by-hour rundown of what to expect during and immediately after birth, plus further reassurance for the first two weeks of your baby's life, will give a helping hand through the culmination of your pregnancy, from pain relief to those first intimate and unique moments between you and your child.

Women experiencing a pregnancy loss often feel alone and full of questions about the process and the aftermath. Filled with accessible information, frequently asked questions and answers, and methods for coping with grief, the book empowers women undergoing pregnancy loss to take control over their experience. Written from the perspective of a medical professional who has cared for women having miscarriages for more than 20 years and who has experienced two miscarriages herself, this guide provides compassion and guidance, as well as hope for a woman's future pregnancy efforts.
