This genre-bending national bestseller is “a horror-dystopic-philosophical mash-up, drawing comparisons to Borges, The Matrix and Jaws” (The New York Times Magazine). Eric Sanderson wakes up in a house he doesn’t recognize, unable to remember anything of his life. A note instructs him to call a Dr. Randle, who informs him that he is undergoing yet another episode of memory loss, and that for the last two years—since the tragic death of his great love, Clio, while vacationing in Greece—he’s been suffering from an acute dissociative disorder. But there may be more to the story, or it may be a different story altogether. With the help of allies found on the fringes of society, Eric embarks on an edge-of-your-seat journey to uncover the truth about himself and escape the predatory forces that threaten to consume him. Moving with the pace and momentum of a superb thriller, exploring ideas about language and information, as well as identity, this is ultimately a novel about the magnitude of love and the devastating effect of losing that love. “Paced like a thriller, it reads like a deluge . . . Herman Melville meets Michael Crichton, or Thomas Pynchon meets Douglas Adams.” —San Francisco Chronicle “Rousingly inventive.” —The Washington Post “Unforgettable fiction.” —Playboy “A thriller that will haunt you.” —GQ “Sharp and clear . . . Writing on the edge of the form.” —Los Angeles Times “Huge fun, and I gleefully recommend it.” —Audrey

NEW YORK TIMES BESTSELLER • Martha Hall Kelly ’ s million-copy bestseller Lilac Girls introduced readers to Caroline Ferriday. Now, in Sunflower Sisters, Kelly tells the story of Ferriday ’ s ancestor Georgeanna Woolsey, a Union nurse during the Civil War whose calling leads her to cross paths with Jemma, a young enslaved girl who is sold off and conscripted into the army, and Anne-May Wilson, a Southern plantation mistress whose husband enlists. “An exquisite tapestry of women determined to defy the molds the world has for them.” —Lisa Wingate, #1 New York Times bestselling author of Before We Were Yours Georgeanna “Georgy” Woolsey isn ’ t meant for the world of lavish parties and the demure attitudes of women of her stature. So when war ignites the nation, Georgy follows her passion for nursing during a time when doctors considered women on the battlefield a bother. In proving them wrong, she and her sister Eliza venture from New York to Washington, D.C., to Gettysburg and witness the unparalleled horrors of slavery as they become involved in the war effort. In the South, Jemma is enslaved on the Peeler Plantation in Maryland, where she lives with her mother and father. Her sister, Patience, is enslaved on the plantation next door, and both live in fear of LeBaron, an abusive overseer who tracks their every move. When Jemma is sold by the cruel plantation mistress Anne-May at the same time the Union army comes through, she sees a chance to finally escape—but only by abandoning the family she loves. Anne-May is left behind to run Peeler Plantation when her husband joins the Union army and her cherished brother enlists with the Confederates. In charge of the household, she uses the opportunity to follow her own ambitions and is drawn into a secret Southern network of spies, finally exposing herself to the fate she deserves. Inspired by true accounts, Sunflower Sisters provides a vivid, detailed look at the Civil War experience, from the barbaric and inhumane plantations, to a war-torn New York City, to the horrors of the battlefield. It ’ s a sweeping story of women caught in a country on the brink of collapse, in a society grappling with nationalism and unthinkable racial cruelty, a story still so relevant today.

The Mirror & the Light

Ocean Prey

The brilliant #1 New York Times bestseller Named a best book of 2020 by The New York Times, The Washington Post, TIME, The Guardian, and many more With The Mirror & the Light, Hilary Mantel brings to a triumphant close the trilogy she began with her peerless, Booker Prize-winning novels, Wolf Hall and Bring Up the Bodies. She traces the final years of Thomas Cromwell, the boy from nowhere who climbs to the heights of power, offering a defining portrait of predator and prey, of a ferocious contest between present and past, between royal will and a common man’s vision: of a modern nation making itself through conflict, passion and courage. The story begins in May 1536: Anne Boleyn is dead, decapitated in the space of a heartbeat by a hired French executioner. As her remains are bundled into oblivion, Cromwell breakfasts with the victors. The blacksmith’s son from Putney emerges from the spring’s bloodbath to continue his climb to power and wealth, while his formidable master, Henry VIII, settles to short-lived happiness with his third queen, Jane Seymour. Cromwell, a man with only his wits to rely on, has no great family to back him, no private army. Despite rebellion at home, traitors plotting abroad and the threat of invasion testing Henry’s regime to the breaking point, Cromwell’s robust imagination sees a new country in the mirror of the future. All of England lies at his feet, ripe for innovation and religious reform. But as fortune’s wheel turns, Cromwell’s enemies are gathering in the shadows. The inevitable question remains: how long can anyone survive under Henry’s cruel and capricious gaze? Eagerly awaited and eight years in the making, The Mirror & the Light completes Cromwell’s journey from self-made man to one of the most feared, influential figures of his time. Portrayed by Mantel with pathos and terrific energy, Cromwell is as complex as he is unforgettable: a politician and a fixer, a husband and a father, a man who both defied and defined his age.

Their luxury McMansion is a honey trap, set to lure in the violent home invaders terrorizing the community. The trap works, leaving three intruders dead, a body count that nearly includes Eve and Duncan. Eve’s bosses are eager to declare the case closed, but there are too many unanswered questions for her to let go. Was the trap actually for her, bloody payback for Eve’s very public takedown of a clique of corrupt deputies? Or is there an even deadlier secret lurking behind those opulent gates? Eve’s refusal to back down and her relentless quest for the truth make her both the hunter...and the prey.

Broken Prey

Don't miss this “sexy, bloody thriller”(Publishers Weekly) in #1 New York Times bestselling author John Sandford's Prey series... The first body is of a young woman, found on a Minneapolis riverbank, her throat cut, her body scourged and put on display. Whoever did this, Lucas Davenport knows, is pushed by brain chemistry. There is something wrong with him. This isn’t a bad love affair. The second body is found three weeks later, in a farmhouse six miles south. Same condition, same display—except this time it is a man. Nothing to link the two victims, nothing to indicate that the killings end here. “This guy...” Lucas said. He took a deep breath, let it out as a sigh. “This guy is going to bust our chops.” And soon he is going to do far, far worse than that...

Best known as Mr. Sulu, helmsman of the Starship Enterprise™ and captain of the Starship Excelsior, George Takei is beloved by millions as part of the command team that has taken audiences to new vistas of adventure in Star Trek®—the unprecedented television and feature film phenomenon. From the program’s birth in the changing world of the 1960s and death at the hands of the network to its rebirth in the hearts and minds of loyal fans, the Star Trek story has blazed its own path into our recent cultural history, leading to a series of blockbuster feature films and three new versions of Star Trek for television. The Star Trek story is one of boundless hope and crushing disappointment, wrenching rivalries and incredible achievements. It is also the story of how, after nearly thirty years, the cast of characters from a unique but poorly rated television show have come to be known to millions of Americans and people around the world as family. For George Takei, the Star Trek adventure is intertwined with his personal odyssey through adversity in which four-year-old George and his family were forced by the United States government into internment camps during World War II. Star Trek means much more to George Takei than an extraordinary career that has spanned thirty years. For an American whose ideals faced such a severe test, Star Trek represents a shining embodiment of the American Dream—the promise of an optimistic future in which people from all over the world contribute to a common destiny.

"The greatest writer of historical adventures today." –Washington Post Critically acclaimed, perennial New York Times bestselling author Bernard Cornwell (Agincourt, The Fort, the Saxon Tales) makes real history come alive in his breathtaking historical fiction. Praised as "the direct heir to Patrick O'Brian" (Agincourt, The Fort), Cornwell has brilliantly captured the fury, chaos, and excitement of battle as few writers have ever done—perhaps most vividly in his phenomenally popular novels following the illustrious military career of British Army officer Richard Sharpe during the late 18th and early 19th centuries. In Sharpe's Prey, Sharpe must prove his mettle once again after performing courageously on Wellesley's battlefields in India and the Iberian Peninsula, as he undertakes a secret mission to Copenhagen, Denmark in 1807 to prevent a resurgent Napoleon from capturing the Danish fleet. Perhaps the San Francisco Chronicle said it best: "If only all history lessons could be as vibrant."
