Photorealism, abstraction, portraiture, installation painting, neo-expressionism and the Leipzig School are just some of the areas of this thriving medium explored in Painting Today. This comprehensive survey of contemporary painting presents the broad range of styles, materials and methods that comprise the artform, extending the tradition of Phaidon's trail-blazing Art Today. Since the proclaimed "death of painting" in 1968, artists around the globe have nevertheless continued to expand its imagery, techniques and meanings, and in over 500 illustrations this book presents the work of both famous and emergent painters active around the world. Tony Godfrey presents a lively and authoritative view of the vast range of

possibilities that painting today encompasses.

After a lifetime of being told he's worthless, shy, sheltered Evan Harris is forced out of the closet and kicked out of his home. Friends in Atlanta give him a place to stay while he gets on his feet, but despite his eagerness to explore the city, it isn't exactly what he expected. Physically and emotionally scarred from a devastating car accident, Jeremy Lewis struggles to reconcile the brash, outgoing man he used to be with the social recluse he's become. Loneliness draws them to each other, but a strong mutual attraction isn't enough to overcome their pasts. In order to be together, Evan must discover his own worth and Jeremy must trust someone to see past his scars. --- "So how do you know the grooms?" The man he was pretty sure he recognized from the sporting goods store dropped onto the stool to his left, and Evan jerked, spilling some of his drink on the bar. "Oh, um, I met Russ and Stephen last fall when they were in Stephen's hometown. I worked at the funeral home there when they buried his father." The guy frowned. "So you're just visiting Atlanta then?" Evan shook his head. "No. I moved to Atlanta in February. When we met last fall, Russ was nice enough to kind of"--he struggled to find the right words as he mopped up the spill--"take me under his wing, I guess. Once I moved here, Russ and Stephen helped me get settled and find the guts to go off on my own." "I dunno, seems like you must have had some guts in the first place." "Maybe." Evan blushed. "I'd like to think so." "How do you like Atlanta?" "It's lonely," Evan said, surprising himself with his candor. The drink he was working on must've loosened his tongue. "I mean, it's fine, I guess. I just haven't met anyone yet." In his head, Atlanta had been a gay man's paradise where there would be available guys everywhere he looked, but it hadn't worked out that way. At least, not for him. "Amen, kid." The guy raised his glass and clinked it against Evan's. "What's your name, anyway?" "Evan Harris." He glanced at the guy out of the corner of his eye. "Nice to meet you. Jeremy Lewis." He narrowed his eyes at Evan. "Wait a minute, you came into Johnson's sporting goods a while ago, didn't you? You needed running shoes, I think." "I ... yeah," Evan replied, shocked but flattered that the guy--Jeremy--had remembered him. "I did. Russ suggested I go there, actually. Um, thanks for your help, by the way. The new shoes are much better. The fit specialist did a great job." Jeremy grinned. "Glad to hear my employees know what they're doing." Evan wasn't sure what else to say about running shoes that wouldn't make him sound like

an idiot, but he didn't want Jeremy to stop talking to him, so he changed the subject. "How do you know them?" "Stephen and Russ? I just met Russ a few months ago, but Stephen's my ex." "Really?" Evan gaped at him for a moment before all the pieces fell into place. Stephen had mentioned his ex's car accident. That explained the limp and the scar. "Oh." "Mmmhmm. Stephen's always had a thing for younger guys. We met when I was twenty, and he was ... oh, must have been about thirty-two, thirty-three, maybe? Hell if I can remember. It's been fifteen years." Which meant Jeremy was in his mid-thirties now. Up close, Evan could see the lines around his eyes when he smiled. Evan liked them. "You're not jealous of Russ?" he blurted out, then bit his lip, hoping Jeremy wasn't offended. "It's complicated," Jeremy said with a sigh. "I know Russ is a hell of a lot better for Stephen than I ever was, and I'm glad they're happy together. It's ... it's not that I want to be with Stephen, and, hell, I'm not a relationship kinda guy, but something about seeing them together makes me envious, you know?"

The Present Takers

Street Sketchbook

In Milena Agus' radiant Sardinia, Madame owns a piece of land by the sea which property developers are after. But Madame doesn't want to sell and therefore prevents her neighbours and other locals from cashing in. Even so, they can't help loving her for her generous and candid way of being. A fourteen year old girl tells the story through an imagination that shapes reality: her missing father appears in the slight movements of the air (Daddy's wings), and sharp scenes of hardcore sex seem to take place in Madame's house at night. It is a comic and truculent story, fairytale-like and true — as are all Milena Agus' works. Most of all, it is

the story of love affairs that go somewhat awry but still manage to go on, which is the most important thing.

In Robinson Crusoe, Crusoe washes up on an uninhabited island on the North American coast. He lives there for twenty-eight years, documenting his physical and spiritual growth in his journal. Then one day a British ship sails by the island, and he is rescued. In the mid 17th century, Robinson Crusoe begins his career as a sailor, against the wishes of his parents, who would prefer him to go into law. Crusoe survives a deadly shipwreck in the Caribbean and manages to set up a camp for himself on an uninhabited island. Much of the story follows the time Crusoe spent building his shelter and other things to make his life more comfortable. He documents his gardening, goat raising, and hunting, as well as his religious reflections.

A man retires to a sun-baked Turkish town for a quiet life. What he finds is a world of suspicion, paranoia and violence. In a community of shady local officials, corrupt businessmen and a crooked police force, our narrator's life spins into chaos and criminality. The town makes a murderer of him. The question is, who did he kill?

Originally published in 1987, this book is the result of a workshop on the processing of complex sounds held in 1986. All of the important contributions that are being made to understanding auditory processing of complex sounds could not be included in a single volume. However, the chapters do touch base with many of the lines of research and theory on complex sound and its perception at the time, and was felt that they should provide both food for thought and a broad introduction to the literature on a topic that the editors were sure would be studied intensely in the following couple of decades.

This volume tells the stories of Wolverine, Rogue, and Magneto prior to the events of the X-Men movie.
