Managerial Accounting, Eighth Edition, Hilton
problem-solving skills to make real business decisions.

This book provides a thorough coverage of the essentials of cost accounting from a health care perspective. It covers all of the basic tools of cost accounting common to all industries, and uses

Download Ebook Problem Solutions

health care examples. Part I provides the reader with a solid foundation in the essentials of cost accounting. The chapters in this section provide an introduction to costing and cost definitions. Various approaches to product costing and cost allocation are

Download Ebook Problem Solutions

Managerial Accounting, Eighth Edition, Hilton

discussed. Breakeven analysis is also covered, as are techniques for making nonroutine decisions. Part II presents a number of specific tools for improved planning and control. The chapters in this section focus on forecasting and prediction of future

Download Ebook Problem Solutions

Managerial Accounting, Eighth Edition, Hilton

costs, budgeting, flexible budgeting, variance analysis, and management control. Part III addresses a number of additional cost accounting tools that can be helpful in generating management information for decision making. Specifically, there are
