Bulletproof Problem Solving

Everyone encounters a wide range of difficulties, mishaps, and obstacles. You can think of a "problem" as anything from a mild irritation - like a sticky

that needs to be corrected or overcome so you can achieve a desired state. A problem often requires a unique or creative solution. In other words, you have a "problem" when you

first is an unexpected disruption to the normal course of things. For example, your supplier fails to deliver crucial items or your car breaks down on your way to a conference.
