2 Free bonuses inside: Free audio + Free video! You have studied English, yet your pronunciation is incorrect. You've tried to learn English pronunciation in a classroom, but you've learned it and you have forgotten it. You still can't pronounce English words correctly. The good news is, this is very normal. You've simply used ineffective methods to learn to pronounce English words. I'm Ken Xiao. I have walked in your shoes before, but now I can pronounce English words like a native, and I accomplished that in just six months. In this book, I'm going to turn this book into a course to teach you pronounce English words, and I'm going to teach you to pronounce English words correctly and naturally just like a native speaker. All you need to do is to follow my step-by-step instructions, and you'll pronounce English words like a pro in six months. Let me share with you some information of who I am and why you should learn from me. English Teacher School Principal Translator, United States Department of Defense Bachelor of Science, Information Technology Master of Science, Space Studies Creator, MyFluentEnglish Formula which I used to make me speak English and two other languages like a native speaker Author, Talk English: The Secret To Speak English Like A Native In 6 Months For Busy People Author, English: Learn To Speak 80% Of Daily English Like A Native In 1 Lesson Most importantly, I was in your situation before when I started to learn spoken English. At the age of 20, I could speak some broken English with bad pronunciation, but I completely turned that around and in just six months pronounced English words and spoke English like a native. In this book, I'm going to show you how to do that. By getting this book, you get 2 big bonuses for free: Bonus 1: Free audio Bonus 2: Free video. The free videos teach you how the English words are pronounced by showing you close up shots of native speakers demonstrating how they're pronounced. The free audios teach you how the words are pronounced by demonstrating to you how the words are pronounced one by one and how they're pronounced in phrases, sentences and stories. Listen to and practice part one of the audios which were recorded at a slower speed to get your pronunciation right. And then listen to and practice part two of the audios which were recorded at a normal conversational speed to make you speak naturally and fluently like a native speaker. Follow the step-by-step instructions in the book to pronounce English words correctly and naturally just like a native speaker! While the book is still in low price, get it now! This guide to the most commonly mispronounced words in the English language is revised and expanded with one hundred new entries including words like al-Qaeda, machismo, curriculum vitae, and Pulitzer.

This program is designed to correct pronunciation deficiencies with cassettes that explain rules and encourage practice. This course focuses on vowel sounds, diphthongs, syllable stress, and what seem to English-speakers, unusual Italian consonant combinations such as gli, gn, gh, ch, and others. There is extensive practice with words and sentences.

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller Guitar Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at

its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Learn Korean - Must-Know Korean Slang Words & Phrases

Clear Speech, Second Edition, is a highly successful and innovative pronunciation course for intermediate and advanced students of English. The Teacher's Resource Book contains an overview of the book, and contains invaluable, creative ideas for presenting the teaching points, as well as theoretical background. In addition, it contains a suggestions for additional activities, and an exercise answers.

You want to learn English pronunciation but there are so many books to choose from. You don't know which book is right for you, and you don't know which book can give you the results you want. Now look at this: My name is Ken Xiao. I didn't speak any English when I moved to the United States at the age of 17, but listen to my English now! The audio of this is my voice! In this book, you'll learn English pronunciation from a successful English teacher, me, who has walked in your shoes before. You'll learn to pronounce it perfectly in four months with 100% accuracy like me! Take a look at the following pairs of words. Do they sound the same or different? Sheep, ship cop, cup food, foot Yes, they sound different. How about these pairs? cap, cab life, live latter, ladder Yes, they sound different, too. Look at the following sentences. Can you say them right? Walk up a hill in high heels to see how you'll feel. Friend A, "A friend in need is a friend indeed." Friend B, "Agreed! Give me your money." How about these sentences. Can you say them correctly? Wipe a viper with a wiper is wise only if you're truly prepared to die. Wear your best vest facing west then give your kid this kit. Excuse me. what's your excuse to take back your bag? If you think you've got them right, congratulations, you've got them wrong. I have been in your shoes before, and I know you've got them wrong. Many words in English sound so similar, too similar that we think they're the same. Pronouncing the right words wrong can mean something else. Even slightly mispronouncing some words can damage everything. Let's take a look at this sentence: Take the crab to the beach. That's what we intended to say, but you said it wrong. You mispronounced two words, embarrassed yourself, and ruined everything. Do you know what you've pronounced wrong? Let's train our ears to hear the slight differences between similar sounds and train our mouth to pronounce the slight differences between similar sounds. For beginners, let's learn English pronunciation perfectly right away from the beginning. For intermediate learners, let's correct our pronunciation and then perfect it. For advanced learners, let's find out what we've got wrong, and then get them right. For all learners, let's do so even if we have a tight schedule. In this book, you will: 1. Learn English pronunciation. 2. Perfect your English pronunciation. 3. Do so easily. 4. Laugh. Learn English pronunciation from the successful! Follow my steps in this book to learn English pronunciation and pronounce it perfectly with 100% accuracy! Let's achieve that in four months and have fun. Get this book now!

Effortlessly follow the step-by-step instructions in the book to achieve the highest level of fluency to help you speak English like a native speaker. Add to Cart

Many German sounds present special problems for English speakers. This program approaches these problems and others which occur within the context of conversational German.

This textbook introduces the main units and concepts you require to describe speech sounds accurately. By working through the book and the various exercises included, you will come to understand the need for a dedicated system of description and transcription for speech sounds, and for a degree of phonological abstraction to support our

understanding of the behaviour of sounds in particular languages and varieties. You will learn to carry out elementary, broad phonetic transcription, and be able to establish contrastive vowel and consonant systems for your own varieties and to express simple generalisations reflecting the productive and predictable patterns of English sounds. At the end of the book there is a section guiding you through some of the exercises and there is also a detailed glossary which will be useful for assignments or revision during exams.

Pronouncing American English

A Comprehensive Guide

The Big Book of Beastly Mispronunciations

Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. Middlesex is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations -- the connected halves that make up ourselves and our world.

This program covers basics of the Russian phonetic system, vowels, consonants, and palatalization, plus intonation, pronouncing vowels in multisyllabic words and more.

Pronunciation Pairs is a classic listening and pronunciation text that teaches students to recognize and produce all of the speech sounds of North American English. It also covers important features such as word and sentence stress, and intonation.

Learn the Easy Way to Speak and Write Well. I found this book by accident while browsing through a now-defunct Los Angeles bookstore/cafe. It was the luckiest accident of my life. At that point I had been a professional writer for more than twenty years, but I rarely enjoyed my work, and I felt all of it was disposable in one way or another. At first, reading this book gave me an incredible, if unfamiliar, feeling of joy and self-confidence. Afterwards, I began to surprise the hell out of myself in terms of what I was able to accomplish. This little book is very practical and precise. The best plan is to follow the best authors and these masters of language will guide you safely along the way. There are chapters devoted to all the essential components to make writing interesting. Devlin delivers a concise book that allows you to start improving your speech and writing quickly. Every writer should have this book as a ready reference and guide. Get Your Copy Now.

Did you know that "colonel" is pronounced the same as "kernel"? Most learners pronounce hundreds of words incorrectly during some stage of their "career" as English speakers. This book contains the following: A detailed explanation of over 300 words that most learners pronounce wrong, and a list of more than 500 commonly mispronounced words overall Common error patterns in English pronunciation More than one hundred English heteronyms (words that are spelled the same but pronounced differently) Basics of the International Phonetic Alphabet and English phonology

A self-help guide to improve a person's German pronunciation.

In mastering French, nothing is more important than learning to pronounce the words and phrases so that you can be understood. This online-and-book program emphasizes speaking, sound discrimination, and standard intonation patterns that are typical of native French speakers, for example pronunciation of French vowel sounds, such as u and eu, and French nasals such as un and en, which many English speakers find especially difficult to pronounce. This program's noteworthy features include: A guide to French pronunciation expressed in the phonetic symbols of the International Phonetic Association (IPA) Extensive pronunciation exercises including supplementary help based on poetry, proverbs, familiar sayings, historical quotations and humor Online audio Words and sounds are put into a variety of conversational contexts for students of French to practice and perfect.

ESL students, TOEFL and TOEIC test takers, and all others for whom English is a second language and who want to improve their pronunciation will find this book and compact disc combination especially instructive. The new edition presents many exercises that provide practice in every sound that is specific to American-style English. Emphasis is on the formation of the vowel and consonant sounds plus all of their possible spellings, the significance of correct pronunciation of grammatical markers, and stress and intonation patterns in conversational English. Recognition of these patterns is essential for fluent speech and listening comprehension. Four compact discs give students more than five hours of intensive speaking practice.

Prepositions

Pronounce It Perfectly in German

Barron's ESL Proficiency Series: Prepositions provides comprehensive coverage of this most difficult topic in English grammar. The idiosyncratic nature of prepositions often makes them a barrier to achieving English language proficiency. Jean Yates offers clear explanations with lots of examples and opportunities to practice. Content is organized into simple 15-minute units each of which has its own practice exercises. An answer key is included in the back of the book. The ESL Proficiency Series is a valuable tool for ESL teachers, tutors and learners who want to advance their English language skills for work, school or to prepare for proficiency tests such as TOEFL, IELTS, or TOEIC. It is ideal for independent study.

An intelligibility-based approach to teaching that presents pronunciation as critical, yet neglected, in communicative language teaching.

Student Text/Audio Tape Package for PRONOUNCING AMERICAN ENGLISH. Package includes 8 audio tapes.

Best book to learn pronunciation by phonetics. English is non phonetic language hence children are facing so many problems while pronunciation. As in 'Cut' we sounds 'u' as 'a' where as in 'Put' we sounds 'u' as 'u' so to rule out such problems phonetic code for English was created. To pronounce any spelling perfectly correct we have to use phonetic code for that particular spelling. By using phonetic code for the spelling one can get full confidence in pronunciation. Here we have given most useful spellings and their corresponding phonetic code. This list is most useful for the students from kindergarten to class 5.

This list is also useful while a student start to learn reading. This book provides all useful spellings and their phonetic codes at one place.

English as a Global Language

English Pronunciation

Why English is very important in our life? English language plays a significant role in everyone's life. The English language is among the leading languages in terms of usage all over the world. The usage of English has become common in all sectors like Education, Medical, Media, and Business so on. Reasons why English is so important: It's the most commonly spoken language in the world. It's the language of international business. It's easy to learn. It helps you understand some other languages. You can say things in a hundred different ways. It's really flexible. It's the language of the internet. Reasons why you should learn to speak in English? English communication increases income English skills get more respect English gets you more knowledge English makes travel easier Biggest movies and books are in English Knowledge of English helps make friends English communication gives power & influence English helps the world know our culture English helps us innovate better English skills are our national advantage

For word nerds and grammar geeks, a witty guide to the most commonly mispronounced words, along with their correct pronunciations and pithy forays into their fascinating etymologies and histories of use and misuse. With wit and good humor, this handy little book not only saves us from sticky linguistic situations but also provides fascinating cocktail-party-ready anecdotes. Entries reveal how to pronounce boatswain like an old salt on the deck of a ship, trompe l'oeil like a bona fide art expert, and haricot vert like a foodie, while arming us with the knowledge of why certain words are correctly pronounced the "slangy" way (they came about before dictionaries), what stalks of grain have to do with pronunciation, and more. With bonus sidebars like "How to Sound like a Seasoned Traveler" and "How to Sound Cultured," readers will be able to speak about foreign foods and places, fashion, philosophy, and literature with authority.

This book will tell all you need to know about British English spelling. It's a reference work intended for anyone interested in the English language, especially those who teach it, whatever the age or mother tongue of their students. It will be particularly useful to those wishing to produce well-designed materials for teaching initial literacy via phonics, for teaching English as a foreign or second language, and for teacher training. English spelling is notoriously complicated and difficult to learn; it is correctly described as much less regular and predictable than any other alphabetic orthography. However, there is more regularity in the English spelling system than is generally appreciated. This book provides, for the first time, a thorough account of the whole complex system. It does so by describing how phonemes relate to graphemes and vice versa. It enables searches for particular

words, so that one can easily find, not the meanings or pronunciations of words, but the other words with which those with unusual phoneme-grapheme/grapheme-phoneme correspondences keep company. Other unique features of this book include teacher-friendly lists of correspondences and various regularities not described by previous authorities, for example the strong tendency for the letter-name vowel phonemes (the names of the letters) to be spelt with those single letters in non-final syllables.

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.
