Germany • Includes an in-depth exploration of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes. From Abracadabra to the now famous spells of the Harry Potter series, magic words are no longer confined to the practices of pagans, alchemists, witches, and occultists. They have become part of the popular imagination of the Western world. Passed down from ancient Babylon, Egypt, and Greece, these words and the rituals surrounding them

have survived through the millennia because they work. And as scholar Claude Lecouteux reveals, often the more impenetrable they seem, the more effective they are. Analyzing more than 7,000 spells from the magical traditions of Europe as well as the magical papyri of the Greeks and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany, Lecouteux has compiled a comprehensive dictionary of ancient magic words, phrases, and spells along with an in-depth

exploration--the first in English--of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes. Drawing upon thousands of medieval accounts and famous manuscripts such as the Heptameron of Peter Abano, the author examines the origins of each word or spell, offering detailed instructions on their successful use, whether for protection, love, wealth, or healing. He charts their evolution and derivations

through the centuries, showing, for example, how spells that were once intended to put out fires evolved to protect people from witchcraft. He reveals the inherent versatility of magic words and how each sorcerer or witch had a set of stock phrases they would combine to build a custom spell for the magical need at hand. Presenting a wealth of material on magical words, signs, and charms, both common and obscure, Lecouteux also explores the magical words and spells of ancient Scandinavia, the

The Church decried these spells and practices as pagan superstition but did not seek to exterminate these beliefs, instead transferring the responsibility for their healing powers to the apostles and saints. He explores ancient beliefs about curses and about devils, demons, and ghosts and provides an in-depth look at protection magic, including protection of health, animals, and cultivated land, protection against curses, witchcraft, bad weather, and beasts, protection of a home, and protection while traveling. He includes spells from the heavily guarded gypsy

tradition of magic and healing, drawn from newly discovered materials collected by two Romanian ethnologists who lived and traveled with gypsies in Transylvania in the mid-19th century. The author also reproduces rare texts on magic healing from the 14th and 15th centuries. Revealing the vitality of these practices in the remoter areas of Eastern Europe, Lecouteux shows how the influence of this pagan worldview is still detectable in the work of modern folk healers in France and Scandinavia. He also shows how the condemnation of

The ancestors and earliest practitioners of Hoodoo were enslaved African Americans, followed by their descendants and neighbors. How does one obtain justice if the system is inherently skewed against you? Hoodoo has developed a vast arsenal of justice and payback spells—spells intended to create a balance of power, punish victimizers, and protect victims from further victimization. It also empowers the victimized, so that they are able to rise above their

Hoodoo Justice Magic contains a diverse collection of these spells, as well as an exploration of their ethics. (Are you really justified? And what happens if you're not?) Featuring 129 spells, 32 recipes, and numerous rituals, there are also 27 prayers for people who fear actually performing spellwork. The spells incorporate common household articles, such as

A Guide to the Prayers, Spells, Rituals, and Hexes

A practical guide to prosperity magic using amulets, talismans, and rituals. Elhoim Leafar, author of *The Magical Art of Crafting Charm Bags*, offers a clear, basic treatise on the magic of prosperity and manifesting positive abundance. No prior magical experience is required, although the material is also suitable for adepts. The book is divided into two sections: The first section guides the reader through some basic, if simultaneously sophisticated, magical theory including the power of attraction.

Readers are encouraged to develop a magical mindset. The second section puts theory into practice. Leafar features 21 (3 x 7, a very magical and auspicious number, as adepts will immediately recognize) rituals, amulets, and talismans for creating and living the life you desire.

Techniques are derived from diverse influences blending modern paganism with Afro-Caribbean and Latin American magic, reflecting the author's background and making the material accessible to readers walking a variety of magical paths.
