For the Relief of Unbearable Urges is a work of startling authority and imagination--a book that is as wondrous and joyful as it is wrenchingly sad. It heralds the arrival of a remarkable new storyteller.*

From the acclaimed author who enthralled the world with Exodus, Battle Cry, QB VII, Topaz, and other beloved classics of twentieth-century fiction comes a sweeping and powerful epic adventure that captures the "terrible beauty" of Ireland during its long and bloody struggle for freedom. It is the electrifying story of an idealistic young Catholic rebel and the valiant and beautiful Protestant girl who defied her heritage to join his cause. It is a tale of love and danger, of triumph at an unthinkable cost -- a magnificent portrait of a people divided by class, faith, and prejudice -- an unforgettable saga of the fires that devastated a majestic land . . . and the unquenchable flames that burn in the human heart.

Holocaust movies have become an important segment of world cinema and the de-facto Holocaust education for many. One quarter of all American-produced Holocaust-related feature films have won or been nominated for at least one Oscar. In fact, from 1945 through 1991, half of all American Holocaust features were nominated. Yet most Holocaust movies have fallen through the cracks and few have been commercially successful. This book explores these trends--and many others--with a comprehensive guide to hundreds of films and made-for-television movies. From Anne Frank to Schindler's List to Jojo Rabbit, more than 400 films are examined from a range of perspectives--historical, chronological, thematic, sociological, geographical and individual. The filmmakers are contextualized, including Charlie Chaplin, Sidney Lumet, Steven Spielberg and Roman Polanski. Recommendations and reviews of the 50 best Holocaust films are included, along with an educational guide, a detailed listing of all films covered and a four-part index-glossary.

This sweeping epic set in 19th-century India begins in the foothills of the towering Himalayas and follows a young Indian-born orphan as he’s raised in England and later returns to India where he falls in love with an Indian princess and struggles with cultural divides. The Far Pavilions is itself a Himalayan achievement, a book we hate to see come to an end. It is a passionate, triumphant story that excites us, fills us with joy, move us to tears, satisfies us deeply, and helps us remember just what it is we want most from a novel. M.M. Kaye’s masterwork is a vast, rich and vibrant tapestry of love and war that ranks with the greatest panoramic sagas of modern fiction, moving the famed literary critic Edmond Fuller to write: "Were Miss Kaye to produce no other book, The Far Pavilions might stand as a lasting accomplishment in a single work comparable to Margaret Mitchell's achievement in Gone With the Wind."

**The first biography of the massively popular author of Exodus and Trinity, who “was as feisty as any of his fictional creations” (Publishers Weekly). As the #1 New York Times–bestselling author of Exodus, Mila 18, QB VII, and Trinity, Leon Uris blazed a path to celebrity with books that readers couldn’t put down. Uris’s thirteen novels sold millions of copies, appeared in fifty languages, and were adapted into equally successful movies and TV miniseries. Few writers equaled his fame in the mid-twentieth century. His success fueled the rise of mass-market paperbacks, movie tie-ins, and author tours. Beloved by the public, Uris was, not surprisingly, dismissed by literary critics. Until now, his own life—as full of drama as his fiction—has never been the subject of a book. Now Ira Nadel traces Uris from his disruptive youth to his life-changing experiences as a marine in World War II. These experiences, coupled with Uris’s embrace of his Judaism and desire to write, led to his unprecedented success and the lavish excesses of a career as a best-selling author. Nadel reveals that Uris lived the adventures he described, including his war experiences in the Pacific (Battle Cry), life-threatening travels in Israel (Exodus), visit to Communist Poland (Mila 18), libel trial in Britain (QB VII), and dangerous sojourn in fractious Northern Ireland and the Irish Republic (Trinity). Nadel also demonstrates that Uris’s talent for writing action-packed yet thoroughly researched novels meshed perfectly with the public’s desire to revisit and understand the tumultuous events of recent history—making him far more popular (and wealthier) than more literary authors—while paving the way for future blockbuster writers such as Irving Wallace and Tom Clancy.**

No one has ever posed a satisfactory explanation for the extreme inhumanity of the Holocaust. What was going on in the heads and hearts of the millions of Germans who either participated in or condoned the murder of the Jews? In this provocative book, Thomas Kuhne offers a new answer. A genocidal society was created not only by the hatred of Jews or by coercion, Kuhne contends, but also by the love of Germans for one another, their desire for a united "people's community," the Volksgemeinschaft. During the Third Reich, Germans learned to connect with one another by becoming brother and sisters in mass crime.
