Milarepa was a much-loved Tibetan yogi, poet, and teacher. His 'hundred thousand songs' have inspired and guided Buddhist practitioners for centuries, yet examinations of them are few. The Yogi's Joy explores some of these songs to help show how their lessons are relevant to us today. In these songs we find such themes as fear, honesty, self-respect, practising with others, the student-teacher relationship, and how we can make teachings our own..

In times of upheaval, many of us seek guidance from a spiritual mentor, someone who has confronted challenges and become a stronger person as a result. Here Rabbi Niles Elliot Goldstein draws from his own hard-won insights and personal experiences as a congregational rabbi, martial artist, FBI chaplain, and limit-pusher and interweaves them with the teachings of sages, biblical figures, and thinkers of all stripes to help us get beyond our own

Goldstein identifies eight essential qualities that he believes we must cultivate to live a life of self-empowerment and then uses a programmatic approach to explore these qualities and the ways we can develop them in ourselves. Rabbi Goldstein is known for challenging himself physically, mentally, and spiritually. He counseled law enforcement officers at Ground Zero, has traveled to numerous remote and inhospitable places to learn and teach, and has sought out difficult experiences to rigorously test himself and the

The bestselling, widely heralded, Jungian introduction to the psychological foundation of a mature, authentic, and revitalized masculinity. Redefining age-old concepts of masculinity, Jungian analysts Robert Moore and Douglas Gillette make the argument that mature masculinity is not abusive or domineering, but generative, creative, and empowering of the self and others. Moore and Gillette clearly define the four mature male archetypes that stand out through myth and literature across history: the king (the energy of just and creative ordering), the warrior (the energy

of aggressive but nonviolent action), the magician (the energy of initiation and transformation), and the lover (the energy that connects one to others and the world), as well as the four immature patterns that interfere with masculine potential (divine child, oedipal child, trickster and hero). King, Warrior, Magician, Lover is an exploratory journey that will help men and women reimagine and deepen their understanding of the masculine psyche.

Many of us, without even realizing it, are dominated by fear. We might be aware of some of our fears—perhaps we are afraid of public speaking, of financial hardship, or of losing a loved one. Chögyam Trungpa shows us that most of us suffer from a far more pervasive fearfulness: fear of ourselves. We feel ashamed and embarrassed to look at our feelings or acknowledge our styles of thinking and acting; we don't want to face the reality of our moment-to-moment experience. It is this fear that keeps us trapped in cycles of suffering, despair,

and distress. Chögyam Trungpa offers us a vision of moving beyond fear to discover the innate bravery, trust, and delight in life that lies at the core of our being. Drawing on the Shambhala Buddhist teachings, he explains how we can each become a spiritual warrior: a person who faces each moment of life with openness and fearlessness. "The ultimate definition of bravery is not being afraid of who you are," writes Chögyam Trungpa. In this book he offers the insights and strategies to claim victory over fear. John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero,

to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous, passionate, alive, and free.

“A battle manual for every Christian.”
—Sinclair B. Ferguson The Christian life is a battle. We are in a daily struggle against the world, sin, and Satan. But God didn't leave us to fend for ourselves. He gave us his own armor—armor that Jesus has already worn on our behalf all the way to the cross. The same power that raised Christ from the dead is now at work inside of us. This book unpacks each of the pieces of spiritual armor Paul describes in Ephesians 6, inviting us to take up the armor each day, all while resting in the finished victory of Christ

The story of the spiritual journey of the famous Tibetan yogi Milarepa is often told, but less well known are the stories of his encounters with those he met and taught after his own Enlightenment, eleven of which are the catalyst for volumes 18

and 19 of The Complete Works. The first three were originally published in The Yogi's Joy, and to these have been added an intriguing fourth, 'The Shepherd's Search for Mind'. The other seven stories form a sequence tracing the relationship between Milarepa and his disciple Rechungpa, from their first meeting to their final parting, when Rechungpa is exhorted to go and teach the Dharma himself. As portrayed in The Hundred Thousand Songs of Milarepa, Rechungpa is a promising disciple, but he has a lot to learn, being sometimes proud, distracted, anxious, desirous of comfort and praise,

over-attached to book learning, stubborn, sulky and liable to go to extremes. In other words, he is very human, and surely recognizable to anyone who has embarked on the spiritual path. He all too often takes his teacher's advice the wrong way, or simply ignores it, and it takes all of Milarepa's skill, compassion and patience to keep their relationship intact and help his unruly disciple to stay on the path to Enlightenment. Sangharakshita's commentary is based on seminars he gave to young, enthusiastic but as yet inexperienced Dharma followers, and while much can be gleaned

from it about the path of practice of the Kagyu tradition, the main emphasis is simply on how to overcome the difficulties that are sure to befall the would-be spiritual practitioner, how to learn what we need to learn - in short, the art of discipleship.
