information.

There's no doubt that a manager's job is getting tougher. Do it better, do it faster, do it cheaper are the pressures every manager faces.

And at the heart of every manager's job is decision-making:

counterexamples  
when appropriate.

The book begins with  
a discussion of  
motivations and  
foundations related to  
the topic, with  
introductory  
presentations of  
concepts from calculus  
to linear algebra.

Next, the core ideas of  
quantitative methods
