Apart from that, the reader will be met with some quotes on politics, philosophy, love, motivation, success, science, attraction and even religious ones. Showing how the author is not limiting himself when it comes on learning new concepts. His humanity side can be easily seen in the very opening quote: “ People are beautifully made just like flowers in the garden!” Furthermore, this book will act as a summary of his previous works, and there are some useful quotes that cannot be found in his published books. They are meant to inspire and motivate the reader. That is why he decided to include them too.

All chapters are based on realistic, virtual company cases to enhance your understanding of the business environment in which QuickBooks is used. YouTube videos @ www.myquickbooks.me reinforce chapter tutorials. 2. Learning Activities: To improve long-term retention of student software skills and mastery of QuickBooks, learning activities are included at the end of the chapters. Computer Accounting with QuickBooks is designed to seamlessly facilitate your development of this crucial skill. In addition, the virtual cases challenge you to apply and develop both software and problem-solving skills. 3. Reflection: Reflection improves learning and retention. A reflection exercise, A Wish and A Star, appears at the end of each chapter to highlight what the student has learned.
