

Rampage

Donatello builds a robot to fight Shredder's army, but when it malfunctions his powerful weapon turns on the Turtles.

This early work by Robert E. Howard was originally published in 1936 and we are now republishing it with a brand new introductory biography. 'High Horse Rampage' is a story in the Breckinridge Elkins series about a cowboy in the wild west. Robert Ervin Howard was born in Peaster, Texas in 1906. During his youth, his family moved between a variety of Texan boomtowns, and Howard - a bookish and somewhat introverted child - was steeped in the violent myths and legends of the Old South. At fifteen Howard began to read the pulp magazines of the day, and to write more seriously. The December 1922 issue of his high school newspaper featured two of his stories, 'Golden Hope Christmas' and 'West is West'. In 1924 he sold his first piece - a short caveman tale titled 'Spear and Fang' - for \$16 to the not-yet-famous Weird Tales magazine. Howard's most famous character, Conan the Cimmerian, was a barbarian-turned-King during the Hyborian Age, a mythical period of some 12,000 years ago. Conan featured in seventeen Weird Tales stories between 1933 and 1936 which is why Howard is now regarded as having spawned the 'sword and sorcery' genre. The Conan stories have since been adapted many times, most famously in the series of films starring Arnold Schwarzenegger.

RampageThe Social Roots of School ShootingsBasic Books

Two renowned big-game hunters - the German Otto von Abart and the American Harry Stanton - embark on a dangerous mission to the steaming jungles of Malaya. Their assignment: to capture prize specimens for the Munich Zoo. Neither man realizes that the trip is to prove the ordeal of their lives - an ordeal inflamed by the presence of von Abart's beautiful mistress Anna. As the trio battle their way through the treacherous jungle, what began as a professional rivalry soon turns into a personal rivalry as well, and the two men engage in a strange combat that can end only with the destruction of one of them. Always between them is Anna - watching, waiting...as much the prize as is the black killer leopard they both pursue.

Billy's double life--elementary school in Piffing, Indiana, and international monster killer--intensifies as he makes his first solo creatch op in a Chinese mountain village.

Profiles more than twenty-five of Canada's most lethal mass and spree killers.

By examining averted school rampage incidents, this work addresses problematic gaps in school violence scholarship and advances existing knowledge about mass murder, violence prevention, bystander intervention, threat assessment, and disciplinary policy in school contexts.

In the past decade, no individual act of violence has killed more people in the United States than the mass shooting. This well-researched, forcefully argued book answers some of the most pressing questions facing our society- Why do people go on killing sprees? Are gun-free zones magnets for deadly rampages? What can we do to curb the carnage of this disturbing form of firearm violence? Contrary to conventional wisdom, the author shows that gun possession often prods aggrieved, mentally unstable individuals to go on shooting sprees; these attacks largely occur in places where guns are not prohibited by law; and sensible gun control measures like the federal assault weapons ban-which helped drastically reduce rampage violence when it was in effect-are instrumental to keeping Americans safe from mass shootings in the future. To stem gun massacres, the author proposes several original policy prescriptions, including a high-capacity magazine ban and buy-back program, the establishment of multi-jurisdictional task forces to assess active shooter threats, and an overhaul of the way the justice system investigates and prosecutes violent crimes. Calling attention to the unique security threat of massshootings, Rampage Nationdemonstrates that there are practical ways to stem this growing form of gun violence through smart, creative solutions.

The True Story of the Colorado Bulldozer Rampage

Nick and Tesla return in an all-new, robot-filled adventure! When a rash of robberies hits the town of Half Moon Bay, 11-year-old sleuths Nick and Tesla are determined to catch the criminals—but to do so, they'll have to build a host of new gadgets and gizmos! In this robot-themed follow-up to Nick and Tesla's High-Voltage Danger Lab, the brother-and-sister duo build four different droids out of ordinary household objects—and illustrated instructions are included throughout the story, so you can build them, too! Make bristlebots that buzz, hoverbots that float above the ground, battlebots that duke it out, and more! Can Nick and Tesla catch the criminal mastermind—and foil his army of rampaging robots—before it's too late?

In the last decade, school shootings have decimated communities and terrified parents, teachers, and children in even the most “family friendly” American towns and suburbs. These tragedies appear to be the spontaneous acts of disconnected teens, but this important book argues that the roots of violence are deeply entwined in the communities themselves. Rampage challenges the “loner theory” of school violence and shows why so many adults and students miss the warning signs that could prevent it.

The new transfer student's science fair project, a giant robot, grows huge and goes on a rampage before Buzz can stop it, and when he does, he learns the new student's out-of-this-world secret.

John Sandford and Michele Cook complete their New York Times bestselling thriller series in this explosive finale Fans of James Dashner, Harlan Coben, and James Patterson will love this nail-biting trilogy. Shay Remby and her band of renegade activists have got the corrupt Singular Corporation on the run. Their expos is finally working. Or is it? Even as revelations about the human experimental subjects break in the news, Singular's employees are slithering out of sight. And then the CEO is killed in a plane crash . . . Convenient accident--or sabotage? Shay's gang begins to see signs that there may be even more powerful figures managing events--mopping up the mess, and moving the operation further out of sight. It will take nothing short of a rampage to stop the Singular menace for good. . . . Praise for the Singular Menace series: "A fabulous mix of outlandish hijinks, techno-noir, and teen cheek--LA style. Not to be missed." --Booklist "Any reader looking for an action-packed thriller should pick this up." --Booklist

Canadian Mass Murder and Spree Killing

While the causes of rampage violence have been analysed thoroughly in diverse academic disciplines, we hardly know anything about the factors that affect their consequences for public policy. This book addresses rampage shootings in Western Europe and their conditional impact on politicization and policy change in the area of gun control. The author sets out to unravel the factors that facilitate or impede the access of gun control to the political agenda in the wake of rampage shootings and analyses why some political debates lead to profound shifts of the policy status quo, while others peter out without any legislative reactions. In so doing, the book not only contributes to the theoretical literature on crisis-induced policy making, but also provides a wealth of case-study evidence on rampage shootings as empirical phenomena. In particular, the extent to which gun control gets politicized as a policy failure can either result from a bottom-up process (event severity and media pressure) or from a top-down logic (issue ownership and the electoral cycle). Including 12 case studies on the rampage shootings which have triggered a debate over the appropriateness of the affected countries' gun policies, it illustrates that the way political processes unfold after rampage shootings depends strongly on specific causal configurations and draws comparisons between the cases covered in the book and the way rampage shootings are typically dealt with in the United States. This text will be of key interest to scholars and students of public policy, policy analysis, European Politics and more broadly to comparative politics, criminology, psychology, and sociology. The Open Access version of this book, available at <https://doi.org/10.4324/9781315209425>, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

Billy's double life--elementary school student in Piffing, Indiana, and international monster killer--intensifies as he makes his first solo creatch op in a Chinese mountain village.

David is looking forward to spending another adventure-filled summer at his grandmother's Intergalactic Bed & Breakfast—a vacation hotspot for aliens. But as soon as he meets Grandma's new repairman, an alien named Scratchull, he becomes suspicious. The only problem is that it is difficult to be sneaky when you have a ravenous alien pet attached to you. Even though no one else—including Grandma—thinks that Scratchull is an underhanded handyman, David decides to spy on him. But no one believes David when he discovers that Scratchull really is an evil mastermind with a plot to destroy the planet. Without the help of Grandma and his friends, will David be able to save Earth before it's too late? This eBook now includes a preview for Clete Barrett Smith's new book, Magic Delivery!

This is book 1 of the Filthy Fools MC romance series! Books 2 and 3 are available everywhere now! He's the most dangerous man I've ever met... but I just can't say no. All I ever wanted was to escape. My alcoholic stepfather has made my life a living hell for as long as I can remember. But running away would mean leaving behind my mother and brother. I can't abandon them. They need me too bad. So I escape for one night... into the arms of a biker. He's not gentle or nice. In fact, our night together is a brutal, sweaty rampage. But it was everything I ever dreamed of. When it was over, I thought that would be the end of things. Back to my regularly scheduled programming of shielding my family from a drunken beast. But I was dead wrong. Because the biker wasn't done with me yet. And he isn't going anywhere... As long as I'm pregnant with his baby.

Tobey and his robots attempt to destroy the library, but when Word Girl arrives to stop them, they agree on a dodgeball match to settle the score. As violence in the United States seems to become increasingly more commonplace, the question of how communities reset after unprecedented violence also grows in significance. After the Bloodbath examines this quandary, producing insights linking rampage shootings and communal responses in the United States. Diamond, who was a leading attorney in the community where the Sandy Hook Elementary School tragedy occurred, focuses on three well-known shootings and a fourth shooting that occurred on the Red Lake Indian Reservation in Minnesota. The book looks to the roots of Indigenous approaches to crime, identifying an institutional weakness in the Anglo judicial model, and explores adapting Indigenous practices that contribute to healing following heinous criminal behavior. Emerging from the history of Indigenous dispute resolution is a spotlight turned on to restorative justice, a subject no author has discussed to date in the context of mass shootings. Diamond ultimately leads the reader to a positive road forward focusing on insightful steps people can take after a rampage shooting to help their wounded communities heal.

"Illuminating.... An eloquent testament to a doomed city and its people." –The Wall Street Journal In early 1945, General Douglas MacArthur prepared to reclaim Manila, America's Pearl of the Orient, which had been seized by the Japanese in 1942. Convinced the Japanese would abandon the city, he planned a victory parade down Dewey Boulevard—but the enemy had other plans. The Japanese were determined to fight to the death. The battle to liberate Manila resulted in the catastrophic destruction of the city and a rampage by Japanese forces that brutalized the civilian population, resulting in a massacre as horrific as the Rape of Nanking. Drawing from war-crimes testimony, after-action reports, and survivor interviews, Rampage recounts one of the most heartbreaking chapters of Pacific War history.

Lee Mellor has gathered more than 25 of Canada's most lethal mass and spree killers into a single work. Rampage details their grisly crimes, delves into their twisted psyches, and dissects their motivations to answer the question every true crime lover yearns to know: why?

Tragedy in Tucson: Arizona Shooting Rampage

To stop an army of Hulk clones that is carving a path of destruction through Manhattan, Spidey and Hulk must sort out a maze of intrigue involving double agents--and the sinister Dr. Doom.

In the waning days of Indian Territory, the multi-racial, teenaged Rufus Buck Gang embarked on a vicious, childish, and deadly 13-day rampage that shocked even this

lawless place. His goal was to take back Indian lands. Based on the true story, this is a tale of how real-life figures "Hanging Judge" Isaac C. Parker, notorious half-black, half-Indian outlaw Cherokee Bill, one-quarter Cherokee "gentlemen bandit" Henry Starr, relative of the notorious Belle Starr, and the worst of them all, half-black, half Indian Rufus Buck, collided during the summer of 1895. In lawless Indian Territory the end of an era approached. The U.S. government continued to co-opt Indian land for settlement. Judge Isaac C. Parker's judicial tyranny over 74,000 square miles of Indian Territory was coming to an end. Against this background, the teenaged Rufus Buck Gang embarked on their mad quest to reclaim Indian lands from US settlement. Rufus is guided by a sense of religious mission, by heavenly visions made manifest in the form of the extraordinary, 13 year-old Theodosia Swain. With his angel to guide him, he sets out to do the impossible with a missionary's zeal, a child's anticipation, and a grown man's violence. In "I Dreamt I Was in Heaven," famous, historical figures dance with fictional characters to create a turn-of-the-century tapestry of violence and innocence, love and betrayal, butchery and grace--mirroring and chafing against the backdrop of a burgeoning United States, and a disappearing American West. Recently widowed and emotionally wounded, Madlen Cramer returns to Rampage, Iowa, with her two children for the summer and renews her ties to a childhood friend, a handsome drifter who harbors an incredible menace. By the author of *Smithereens*. Tour.

The Art and Making of Rampage offers an exclusive behind-the-scenes look at this action-packed movie starring Dwayne Johnson and directed by Brad Peyton. Global megastar Dwayne Johnson headlines the action adventure Rampage, directed by Brad Peyton. Primatologist Davis Okoye (Johnson) shares an unshakable bond with George, the extraordinarily intelligent, silverback gorilla who has been in his care since birth. But a rogue genetic experiment gone awry mutates this gentle ape into a raging creature of enormous size. To make matters worse, it's soon discovered there are other similarly altered animals. As these newly created alpha predators tear across North America, destroying everything in their path, Okoye teams with a discredited genetic engineer to secure an antidote, fighting his way through an ever-changing battlefield, not only to halt a global catastrophe but to save the fearsome creature that was once his friend. The Art and Making of Rampage explores the creation of this blockbuster movie and provides an extraordinary behind-the-scenes look at the amazing design and concept art that brought this thrilling movie to life. Exclusive interviews with the cast and crew provide a closer look at the making of this action-packed movie. Filled with remarkable images and fascinating details, The Art and Making of Rampage is the ultimate guide for all fans.

Rampage: A Novel

By early 1945, General Douglas MacArthur prepared to reclaim Manila, America's "Pearl of the Orient," seized by the Japanese in 1942. Convinced that the Japanese would abandon the city as he did, MacArthur planned a victory parade down Dewey Boulevard-- but the enemy had other plans. The Japanese were determined to fight to the death, and the battle to liberate Manila resulted in the catastrophic destruction of the city and a rampage by Japanese forces that brutalized the civilian population-- a massacre as horrific as the Rape of Nanking. Drawing from warcrimes testimony, after- action reports, and survivor interviews, Rampage recounts one of the most heartbreaking chapters of Pacific War history. "Powerful narrative history . . . impossible to put down." -- Bob Drogin, Los Angeles Times "An excellent but wrenchingly graphic account of one of the least commemorated massacres in World War II." -- Richard Frank, Proceedings

What if the power to control the most terrifying animals in history fell into the hands of one of the most brilliant and ferocious military leaders of all time? Battlesaurus reimagines the 1815 Battle of Waterloo as something other than a crushing defeat for the French emperor Napoléon Bonaparte, when he unleashes a terrible secret weapon—giant carnivorous survivors from pre-history—on his unsuspecting British and Prussian adversaries. In this world, smaller “saur” are an everyday danger in the forests of Europe, and the Americas are a forbidden zone roamed by the largest and most deadly animals ever to walk the earth. But in his quest for power, Napoléon has found a way to turn these giant dinosaurs into nineteenth-century weapons of mass destruction. Only Willem Verheyen, an outsider living in hiding in the tiny village of Gaillemarde, has the power to ruin the tyrant’s plans. And Napoléon will stop at nothing to find him. War is coming, and young Willem is no longer safe, for Gaillemarde is just a stone’s throw from the fields of Waterloo—fields which will soon run red with blood. Battlesaurus: Rampage at Waterloo by Brian Falkner is the first in a thrilling alternate historical fantasy duology, which concludes with the sequel, Battlesaurus: Clash of Empires. “Part historical fiction, part dinosaur fantasy mash-up, this book will appeal to history buffs and dinosaur fanatics alike. The battle scenes between Napoléon's army and the British are depicted

in incredible detail, making readers feel as if they are right in the midst of the fight . . . The first of a promising duology that readers will find thrilling and positively addicting.” —School Library Journal “This alternative history asks, what if Napoléon won the battle at Waterloo . . . The novel quickly ramps up to suspense, immersing the reader in the swiftly moving plot. Characters are very well drawn, capturing the reader's sympathy. With an ending wide open for a sequel, complete with a plot-thickening cliff-hanger, one can only hope that Falkner is a swift writer.” —Booklist

Are you ready for the best adventure ever? Tom, Jamie, and Wanna find a cool oasis in the hot Triassic desert. It's a beautiful place full of interesting wildlife. But not for long! A herd of enormous plateosaurs have stomped in and are destroying everything in their path, which could include the boys if they can't find a way to stop them. . .

Presents situations of horror between nature and man and describes how to protect yourself and others in these situations.

Stone Age Rampage

In the thirtieth anniversary edition of this classic thriller, "Rampage gives a stunning twist to the expression 'war on crime.' The dizzying action ranges from Manhattan's towering spires to the labyrinths of the city's underworld; its plot has the speed and impact of a jackhammer." —David Morrell
Chris Taggart is a ruthless, driven, real estate entrepreneur whose buildings have changed the skyline of New York. Young, handsome, irresistible to women, Taggart has won it all with his bare hands and fierce ambition. But his dazzling success can never erase the bitter memory of his father's death at the hands of the mob—and now Taggart sets out to use his wealth and power to destroy the men whom he holds responsible. It is a secret vendetta—a war, in fact—that Taggart launches single-handedly against the Five Families of New York. It pits him against some of the toughest men in organized crime—as well as his own brother, a crusading assistant U.S. attorney, one of the strike force prosecutors. Taggart risks his fortune, his reputation, finally his life, to get revenge; only to find that he has instead become one of them, that his triumph over criminals has turned him into a more dangerous threat than any mob boss in New York.

The full examination of the incident and aftermath in the story of a man who built a tank out of a bulldozer and sought revenge against his perceived enemies in the small town of Granby, Colorado. He wreaked havoc and destroyed numerous buildings with his monstrous machine before taking his own life in a stand-off with law enforcement.
