The Eagle has crashed is the story of the day when America's national debt leads to an economic collapse, and the anger that erupts at policy makers for causing a disaster.

A New York Times Critics' Top Book of 2021 "An impressive combination of diligence and verve, deploying Ackerman's deep stores of knowledge as a national security journalist to full effect. The result is a narrative of the last 20 years that is upsetting, discerning and brilliantly argued." —The New York Times "One of the most illuminating books to come out of the Trump era." —New York Magazine An examination of the profound impact that the War on Terror had in pushing American politics and society in an authoritarian direction For an entire generation, at home and abroad, the United States has waged an endless conflict known as the War on Terror. In addition to multiple ground wars, the era pioneered drone strikes and industrial-scale digital surveillance; weakened the rule of law through indefinite detentions; sanctioned torture; and manipulated the truth about it all. These conflicts have yielded neither peace nor victory, but they have transformed America. What began as the persecution of Muslims and immigrants has become a normalized feature of American politics and national security, expanding the possibilities for applying similar or worse measures against other targets at home, as the summer of 2020 showed. A politically divided and economically destabilized country turned the War on Terror into a cultural—and then a tribal—struggle. It began on the ideological frontiers of the Republican Party before expanding to conquer the GOP, often with the acquiescence of the Democratic Party. Today's nativist resurgence walked through a door opened by the 9/11 era. And that door remains open. Reign of Terror shows how these developments created an opportunity for American authoritarianism and gave rise to Donald Trump. It shows that Barack Obama squandered an opportunity to dismantle the War on Terror after killing Osama bin Laden. By the end of his tenure, the war had metastasized into a bitter, broader cultural struggle in search of a demagogue like Trump to lead it. Reign of Terror is a pathbreaking and definitive union of journalism and intellectual history with the power to transform how America understands its national security policies and their catastrophic impact on civic life.

Testament is a collection of photographs and writing by late photojournalist Chris Hondros spanning over a decade of coverage from most of the world's conflicts since the late 1990s, including Kosovo, Afghanistan, the West Bank, Iraq, Liberia, Egypt, and Libya. Through Hondros' images, we witness a jubilant Liberian rebel fighter exalt during a firefight, a U.S. Marine remove Saddam Hussein's portrait from an Iraqi classroom, American troops ride confidently in a thin-skinned unarmored Humvee during the first months of the Iraq war, "the probing eyes of an Afghan village boy," and "rambunctious Iraqi schoolgirls enjoying their precious few years of relative freedom before aging into more restricted adulthoods." Hondros was not just a front-line war photographer, but also a committed observer and witness, and his work humanizes complex world events and brings to light shared human experiences. Evident in his writings, interspersed throughout, Hondros was determined to broaden our understanding of war and its consequences. This unyielding determination led Hondros to take dozens of trips to Iraq and Afghanistan, even as the news turned elsewhere. During these "routine" trips, Hondros examined and observed daily life in these war-torn societies. His inventive Humvee picture series frames the ever-changing landscapes of these countries, offering a glimpse into the daily lives of those most affected by conflict. "One of the ongoing themes in my work, I hope, and one of the things I believe in, is a sense of human nature, a sense of shared humanity above the cultural layers we place on ourselves [which don't] mean that much compared to the human experience." —Chris Hondros As a photographer working in the world's most difficult and dangerous places, Chris Hondros had the distinctive ability to connect his viewers with people embroiled in far-flung and sometimes obscure conflicts. He recognized the shared humanity among those affected by war, regardless of culture or beliefs, and he was determined to share their challenges to the wider world in the hope of provoking thought, raising awareness, and fostering understanding. In the introduction to the book, Getty Images Co-founder and CEO Jonathan Klein writes, "Chris believed that his work could and would make a difference. He dedicated and ultimately lost his life in pursuit of that belief. I have no doubt that Chris was correct. Images can and do influence public opinion, galvanize people and societies, and force

governments to change. They bring much-needed focus and attention to the suffering of people who are otherwise unable to communicate their plight." Inspired by his life, work, and vision—The Chris Hondros Fund endeavors to bring light to shared human experiences by supporting and protecting photojournalists. Through their generous support, Getty Images' proceeds from the sale of the book will be donated to the Fund. For more information please visit www.chrishondrosfund.org.

With previously unpublished photographs by an incredibly diverse group of the world's top news photographers, Photojournalists on War presents a groundbreaking new visual and oral history of America's nine-year conflict in the Middle East. Michael Kamber interviewed photojournalists from many leading news organizations, including Agence France-Presse, the Associated Press, the Guardian, the Los Angeles Times, Magnum, Newsweek, the New York Times, Paris Match, Reuters, Time, the Times of London, VII Photo Agency, and the Washington Post, to create the most comprehensive collection of eyewitness accounts of the Iraq War yet published. These in-depth interviews offer first-person, frontline reports of the war as it unfolded, including key moments such as the battle for Fallujah, the toppling of Saddam's statue, and the Haditha massacre. The photographers also vividly describe the often shocking and sometimes heroic actions that journalists undertook in trying to cover the war, as they discuss the role of the media and issues of censorship. These hard-hitting accounts and photographs, rare in the annals of any war, reveal the inside and untold stories behind the headlines in Iraq.
