

## *Rebels Keep Crown Covenant*

In Scotland in 1666, fourteen-year-old Duncan learns the value of being true to his faith while fighting against supporters of England's King Charles II, who oppress the Covenanters--those who believe that only Jesus can be king of the church.

*Rebels and Robbers* is about the political economy of violence in post-colonial Angola. This book provides the first comprehensive attempt at analyzing how the military and non-military dynamics of more than four decades of conflict created the structural violence that stubbornly defines Angolan society even in the absence of war. The book clearly demonstrates that the end of the civil war has not ushered in positive peace. The focus on structural violence enables the author to explore the continuities since colonial times, especially in the ways race, class, ethnicity, and power have been used by governing elites as mechanisms to oppress the powerless. Thus, although corruption as structural violence manifesting itself so ubiquitously in Angola today may have been taken to new levels after independence, its origin is unmistakably colonial. Similarly, the zero-sum character of political interactions that defined colonial Angola is yet to be fully exorcized. But there are also important discontinuities. The unabashed propensity to capture public resources for personal aggrandizement is purely post-colonial. So is the tendency toward personal, unaccountable rule. Given its rich endowments, the end of the civil war provides Angola with an opportunity to finally realize its developmental potential. This will depend on whether the wealth resulting from the exploration of natural resources is directed toward creating the conditions for the citizens' realization of their aspirations for the good life thus ensuring sustainable peace. This book will be valuable to academics, practitioners, and the general public interested in gaining a deeper understanding of the political economy of violence in Africa and, more specifically, the interplay between violence, wealth and power in Angola.

*Crown, Covenant and Cromwell* is a groundbreaking military history of the Great Civil War or rather the last Anglo-Scottish War as it was fought in Scotland and by Scottish armies in England between 1639 and 1651. While the politics of the time are necessarily touched upon, it is above all the story of those armies and the men who marched in them under generals such as Alexander Leslie, the illiterate soldier of fortune who became Earl of Leven, James Graham, Marquis of Montrose and of course Oliver Cromwell, the fenland farmer and Lord Protector of England. Historians sometimes seem to regard battles as rather too exciting to be a respectable field of study, but determining just how that battle was won or lost is often just as important as unraveling the underlying reasons why it came to be fought in the first place or the consequences that followed. Here, Stuart Reid, one of Scotland's leading military historians, brings the campaigns and battles of those far off unhappy times to life in a fast-paced and authoritative narrative as never before.

The Phenix

War in the Wasteland

Rebel's Keep

*A knife-edge adventure in the Highlands, in Guns of the Lion Gavin Crookshank finds himself an unwilling conscript of King George II military service. It is the story of a maturing faith emerging out of conflicted loyalties in battles, within and without, wherein the protagonist is forced to kill or be killed in bloody conflict during the Jacobite Rebellion of 1745 in Scotland. Uncertain who is friend and who is foe, Gavin must learn courage and duty, and how to pitch his hopes on the God alone who makes wars to cease to the ends of the earth.*

*In 1747, while canoeing with his Algonquin friend from Connecticut to attend college in Elizabethtown, New Jersey, Ian reads the letters of his Scottish cousin Gavin Crookshank and learns how he, though a Lowlander and a Covenanter, became entangled in the 1745 Jacobite rebellion from serving as a conscript on the battleship Lion to being recruited as an English spy and finally, participating in the definitive battle of Culloden.*

*In a country lost to history, where a kingdom seeks to exact total power over its subjects, a young woman of peculiar vision is driven to take a stand against her king after the deaths of her parents, and the introduction of a powerful black magic capable of controlling the very wills of the country's people. This young woman, a countess named Hope, must raise an army from among those few in the kingdom who are able to resist the black magic, a band of treacherous mercenaries from beyond the nation's borders, and a monster who was thrice killed. But victory will be hard won, and success will not come without great cost. The king's duke, a ruthless man who will stop at nothing to maintain order in the kingdom, commands an army which he will not refrain from unleashing against any of the kingdom's subjects who defy him. Through the crack of muskets, the turning of tables, and the testing of virtue, A Contest with the Night tells a tale of hope, love, and courage against security, cruelty, and complacency. It is a story for all people, and a reminder that the freedom to live rightly is worth any cost or conflict.*

Hostage Lands

**The third thrilling installment of the Heir Chronicles series by New York Times and USA Today bestselling author Cinda Williams Chima. The covenant that was meant to keep the wizard wars at bay has been stolen, and Trinity must prepare for attack. Everyone is doing their part—Seph is monitoring the Weirwalls, Jack and Ellen are training their ghostly army, even Anaweir Will and Fitch are setting booby traps around the town's perimeter. But to Jason Haley it seems like everyone wants to keep him out of the action. He may not be the most powerful wizard in Trinity, but he's prepared to fight for his friends. Everything changes when Jason finds a powerful talisman—a huge opal called the Dragonheart—buried in a cave. The stone seems to sing to Jason's very soul, showing him that he is meant for more than anyone knew. Moral compasses spin out of control as a final battle storms through what was once a sanctuary for the gifted. With so much to lose, what will the people of Trinity be willing to fight for—and what will they sacrifice?**
