Videogamers will find all they need to know in this collection of reviews of the top 150 games. Includes a roundup of monthly magazines and e-zines and Web site contact information for all hardware manufacturers, game developers, and publishers mentioned in the guide. Screen shots.

A real-time strategy game, Dark Reign has devoted most of its programming resources to the sophisticated artificial intelligence. The enemy will not always react in the same way in a given situation, making game play much less predictable and much more fun. Furthermore, players' own units will have minds of their own, following orders as best they can and defending themselves whenever necessary.

The official novel of the bestselling real-time strategy franchise • In the twenty-first century, Earth is infested with Tiberium, an alien substance that could be humanity's salvation . . . or its downfall. Though Tiberium is a resource that could solve the world's energy crisis, it is also incredibly destructive, spreading disease, death, and devastation. Tiberium has divided the planet into two factions: the Global Defense Initiative (GDI), which tries to maintain order at any cost, and the Brotherhood of Nod, a terrorist organization turned superpower that believes with religious fervor in the potential of Tiberium. The groups have already fought two world wars, killing millions. Now, in the year 2047, a vicious Nod attack compels GDI to mobilize. Another epic global war is being waged, with humanity's fate in the balance. One of GDI's top units, the 22nd Infantry Division, must halt Nod's agenda and keep the world from devolving into further chaos and loss of life. But in the midst of heavy fighting all over the world, mysterious visitors arrive . . . who may spell doom for the human race.
