

Red Moon Understanding And Using The Gifts Of The Menstrual Cycle Womens Health Parenting By Gray Miranda 1994 Paperback

The long-awaited magnum opus from Haruki Murakami, in which this revered and bestselling author gives us his hypnotically addictive, mind-bending ode to George Orwell's 1984. The year is 1984. Aomame is riding in a taxi on the expressway, in a hurry to carry out an assignment. Her work is not the kind that can be discussed in public. When they get tied up in traffic, the taxi driver suggests a bizarre 'proposal' to her. Having no other choice she agrees, but as a result of her actions she starts to feel as though she is gradually becoming detached from the real world. She has been on a top secret mission, and her next job leads her to encounter the superhuman founder of a religious cult. Meanwhile, Tengo is leading a nondescript life but wishes to become a writer. He inadvertently becomes involved in a strange disturbance that develops over a literary prize. While Aomame and Tengo impact on each other in various ways, at times by accident and at times intentionally, they come closer and closer to meeting. Eventually the two of them notice that they are indispensable to each other. Is it possible for them to ever meet in the real world?

Dark, moving and original, a story of family, survival, and getting on with life... Flynn Sinclair understands pack loyalty – for years as his Alpha father's enforcer, he has done things in the name of duty that he can't ever forget. But the vast expanse of Alaska offers him a peace he's never known. Alone, removed from pack life, he can focus on his research and try to forget his life before. But duty has a way of inviting itself in, and Flynn finds himself doing two reckless things in one week: leaving the safety of Alaska to save his brother Connor's life, and unwittingly falling in love with Evie Thompson, a woman who doesn't deserve to be drawn into his terrifying world. Connor carries news of their father's descent into madness, and it looks like neither geography nor Flynn's attempts at disengagement will put off a confrontation. Flynn had finally begun to believe that he might deserve something good in his life – something like Evie – but to move forward in the light, he must first reconcile with the dark.

Even with the world getting darker, a new generation is learning to pray and obey like never before. This is their extraordinary story, an honest account of pain and perseverance alongside a pioneering mission and miraculous answers to prayer. It's the story of the 24-7 prayer movement, which started in 1999 in England and has since exploded to more than fifty countries. An army of normal individuals are now simultaneously praying night and day around the world. Things will never be the same.

Low Red Moon

The only work to date to collect data gathered during the American and Soviet missions in an accessible and complete reference of current scientific and technical information about the Moon.

It begins in 1964 with the sudden and unexpected death of Sergai Korolev, the man who ran the Soviet Space Program. Young Yuri Ribko, an engineering student working for one of the Korolev's bureaus, is either fortunate or unfortunate to have an uncle who is a high ranking member of State security. Yuri's uncle recruits him to spy within the Bureau, to assist in identifying possible threats to the Space Program. In return, Yuri is set on a fast-track of promotion, from engineering assistant to cosmonaut. From the earliest work on Russia's lunar lander, through a devastating string of exploding launch vehicles and deadly landings, Red Moon gives us an insider's view of Russia's gallant but doomed Moon Shot. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The fantasy trilogy that took Europe by storm! Twelve teenagers from around the world fall under the spell of a demigod and journey to a mystical realm of devastation and cruelty where they must survive until the Red Moon returns. Despite the perils, these kids do not intend to surrender--they have magic on their side, and the time has come to take initiative! But an evil older than the kingdom itself awakens among the ruins, and the Red Moon approaches... Welcome to Rocavarancolia Welcome to the Kingdom of wonder and fright, of monsters and nightmares. Welcome to the Kingdom at death's door. After a long, hard-fought war, Rocavarancolia languishes, a city in ruins. There are no more dragons in the skies; vampires are dying of thirst; and magic is no longer strong enough to hold the Kingdom together. There is a sliver of hope, however. This year, same as every year, Rocavarancolia's demiurge plans his Harvest. He travels to Earth, where he masterfully cons a group of teenagers to return with him to his world, where they are then left to fend for themselves. They are told they must survive the many dangers of Rocavarancolia until the Red Moon appears in the sky. And that, for the last thirty years, no one has ever made it that far. Why was this group chosen? What makes them special? Why are they so important? And should they survive, what will happen once the Red Moon arrives? Hector, Alex, Marina, Bruno and the others search for answers while fighting for their lives in the crumbling city. Soon they will realize they are so much more than they seem: Natalia sees hidden creatures in the shadows; Marina glimpses into the future; Bruno wields magic with astounding talent... The old inhabitants of the city watch anxiously from a distance. This Harvest is Rocavarancolia's only chance. But one by one they fall. Death awaits in every shadow and Rocavarancolia has no mercy, no place for the weak. The city is made of darkness and, slowly but surely, its nature infects the survivors. Rocavarancolia poisons them, transforms them and tears away all remnants of humanity.

If you want to get ahead, get a cycle. The menstrual cycle consists of Optimum Times - days of heightened performance skills and abilities. When we 'match the task to the time' we have the opportunity to excel beyond our expectations. We can achieve goals and success more easily, get ahead in the workplace, and enhance our feelings of fulfilment. In The Optimized Woman, Miranda Gray presents a flexible plan of practical daily actions for self-development, goal achievement and work enhancement, aligned to the phases of the menstrual cycle. This book will totally change how women think about their cycles. It will change how they live their lives, achieve their goals, plan their work and careers, and create happiness and well being. The reader will be amazed that this is the one self-development method that they can apply month after month without losing the commitment and motivation to achieve their dreams, and bring fulfilment and success.

"For our ancestors, the menstrual cycle was a source of wonderful creative, spiritual, sexual, emotional, mental and physical energies. It was a gift that empowered women to renew themselves each month, to manifest and create the world around them, to connect deeply with the land and their family, and to express deep wisdom and inspiration. This ancient female teaching is still available to us in our mythology and nursery tales. Red Moon will transform the way you think about yourself, your cycle and your life!" -- Back cover.

An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began-a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction.

New York Times bestselling author Da Chen weaves a deeply moving account of his resolute older sister and their childhood growing up together during the Chinese Cultural Revolution. In a small village called Yellow Stone, in southeastern China, Sisi is a model sister, daughter, and student. She brews tea for her grandfather in the morning, leads recitations at school as class monitor, and helps care for her youngest brother, Da. But when students are selected during a school ceremony to join the prestigious Red Guard, Sisi is passed over. Worse, she is shamed for her family's past -- they are former landowners who have no place in the new Communist order. Her only escape is to find work at another

school, bringing Da along with her. But the siblings find new threats in Bridge Town, too, and Sisi will face choices between family and nation, between safety and justice. With the tide of the Cultural Revolution rising, Sisi must decide if she will swim against the current, or get swept up in the wave. Bestselling author Da Chen paints a vivid portrait of his older sister and a land thrust into turmoil during the tumultuous Chinese Cultural Revolution.

Wisdom, magic and creativity inspired by the menstrual cycle for readers of all ages. This wonderful album, inspired by Miranda Gray's classic Red Moon, accompanies the reader on a journey to discover the biological aspects and mystical secrets of the menstrual cycle from a playful, cheerful and demystifying perspective. Together with the free-spirited Maiku, you will explore different aspects of the menstrual cycle, from fascinating anatomy to suggestions for how you can best adjust to the energies that influence each phase of the month. You will get to know the four archetypes that live within us - the Crone, the Maiden, the Mother and the Enchantress. You will learn how to enjoy certain exercises to loosen up and relax. Finally, you will explore your creativity through painting, colour, crafts and decorations and much more... A powerful tool to share with daughters, sisters and friends, aimed at breaking down taboos and encouraging them to consciously and creatively experience the naturalness of the menstrual cycle.

This inclusive, unapologetic, and humorous guide to menstruation quashes stigmas and provides us with the latest research and information on periods. Filled with information and free from cultural hang-ups, this gender-neutral book is directed at anybody that's ever dealt with having a period. Writer and influencer Tara Costello has been writing about menstruation for more than a decade and, here, she pulls together her research and experience into a book that's wide-ranging, inclusive, and fun. Boldly illustrated by Mary Purdie, Red Moon Gang tackles every aspect of the menstrual cycle--from the biology and science behind why you bleed every month, to the latest findings on hormonal fluctuations (aka, why you're PMSing so bad). It takes a deep dive into the different types of menstrual products available, including their pros and cons, and covers various period conditions such as endometriosis and polycystic ovary syndrome. Drawing from her own experience, Costello explores how having a period shaped her relationship to her body and her place in the world. And she discusses topics that aren't generally covered in health class too--such as how periods are a particular challenge to those experiencing body dysmorphia, individuals living in poverty, and disabled people. Finally, she offers up a Period Toolkit, listing products and retailers she loves, tips on how to make menstruating easier, and resources for further education.

This powerful, timely novel in verse exposes provocative truths about periods, sex, shame, and going viral for all the wrong reasons. After school one day, Frankie, a lover of physics and astronomy, has her first sexual experience with quiet and gorgeous Benjamin--and gets her period. It's only blood, they agree. But soon a gruesome meme goes viral, turning an intimate, affectionate afternoon into something sordid, mortifying, and damaging. In the time it takes to swipe a screen, Frankie's universe implodes. Who can she trust? Not Harriet, her suddenly cruel best friend, and certainly not Benjamin, the only one who knows about the incident. As the online shaming takes on a horrifying life of its own, Frankie begins to wonder: is her real life over? Author Lucy Cuthew vividly portrays what it is to be a teen today with this fearless and ultimately uplifting novel in verse. Brimming with emotion, the story captures the intensity of friendships, first love, and female desire, while unflinchingly exploring the culture of online and menstrual shaming. Sure to be a conversation starter, Blood Moon is the unforgettable portrait of one girl's fight to reclaim her reputation and to stand up against a culture that says periods are dirty.

A guide to conscious living through the moon and her phases, incorporating wellness rituals, spellwork, and witchcraft for the modern seeker. We all know the moon. We all have a relationship with it. The earliest people obeyed her orbit, timed their months and holidays and celebrations and agriculture to the moon; the echoes of that system are still visible today, though the connection to the moon is often forgotten. Sarah Faith Gottesdiener is the leader of a movement to remind us of that lineage, guiding our rhythms and our sleep, our energy and our emotions, reminding us of our humanity and our magic. In her self-published Many Moons Workbooks and Lunar Journals, as well as her sold-out classes, she has guided over 50,000 readers to a deeper relationship with the moon, and through it, with themselves. This evergreen book will be an informative and comprehensive guide to lunar living, incorporating radical, self-empowering, and magical tools and resources for the beginner and experienced lunar-follower alike. Depending on where we are in our lives, depending on what we are feeling or what is happening around

us, the moon allows us a space to invite ritual into our daily lives. The Moon Book will provide a framework on how to utilize the entire lunar cycle holistically, while offering ways for the reader to develop a personal relationship with their own cycles—energetic, personal, and emotional—through the lens of the moon’s phases.

The only thing Avery Hood can remember about the night her parents died is that she saw silver - deadly silver, moving inhumanly fast. As much as she wants to remember who killed her parents, she can't, and there's nothing left to do but try to piece her life back together. Then Avery meets the new boy in school - Ben, mysterious and beautiful, with whom she feels a connection like nothing she's ever experienced before. When Ben reveals he's a werewolf, Avery still trusts him - at first. Then she sees that sometimes his eyes flash an inhuman silver. And she learns that she's not the only one who can't remember the night her parents died. Part murder mystery, part grief narrative and part heart-stopping, headlong romance, Low Red Moon is a must-read for teen paranormal fans. As breathless as Twilight and as spooky as Shiver, this is a book to be devoured in one sitting - by an acclaimed YA author making her paranormal debut under the pseudonym Ivy Devlin.

An astonishing untold story from the nineteenth century—a “riveting...engrossing...‘American Epic’” (The Wall Street Journal) and necessary work of history that reads like Gone with the Wind for the Cherokee. “A vigorous, well-written book that distills a complex history to a clash between two men without oversimplifying” (Kirkus Reviews), Blood Moon is the story of the feud between two rival Cherokee chiefs from the early years of the United States through the infamous Trail of Tears and into the Civil War. Their enmity would lead to war, forced removal from their homeland, and the devastation of a once-proud nation. One of the men, known as The Ridge—short for He Who Walks on Mountaintops—is a fearsome warrior who speaks no English, but whose exploits on the battlefield are legendary. The other, John Ross, is descended from Scottish traders and looks like one: a pale, unimposing half-pint who wears modern clothes and speaks not a word of Cherokee. At first, the two men are friends and allies who negotiate with almost every American president from George Washington through Abraham Lincoln. But as the threat to their land and their people grows more dire, they break with each other on the subject of removal. In Blood Moon, John Sedgwick restores the Cherokee to their rightful place in American history in a dramatic saga that informs much of the country’s mythic past today. Fueled by meticulous research in contemporary diaries and journals, newspaper reports, and eyewitness accounts—and Sedgwick’s own extensive travels within Cherokee lands from the Southeast to Oklahoma—it is “a wild ride of a book—fascinating, chilling, and enlightening—that explains the removal of the Cherokee as one of the central dramas of our country” (Ian Frazier). Populated with heroes and scoundrels of all varieties, this is a richly evocative portrait of the Cherokee that is destined to become the defining book on this extraordinary people.

Because sometimes you have to fight fire with hellfire, there's Caine Deathwalker: raised as a demon, armed like a gun merchant, and fuelled by booze. Nice is a dirty word and killing is what he does best. Make a contract with hell, and he could be on your side, God help you. Caine signs onto guarding the beautiful daughter of a leading Japanese industrialist. Protecting is harder than indiscriminate murder and mayhem, but gold is gold, and the prize of a mystic demon sword is dangled over his head as added incentive. Haruka will make an interesting bonus if he can get her out of her kimono—and the damn living zombies will leave them alone long enough for him to bang her. A powerful succubus is playing cat to Caine's mouse, but he has a cat of his own; a black leopard spirit beast from the Amazon jungle that's taken a liking to him—and his booze. And then there's his “father”, an ancient Atlantean demon with a code of honor. Formidable back-up, but Caine senses a greater threat lurking in the shadows, something primal, hungry, and possibly more evil than himself. He shakes his head. Nah, couldn't be. This book is intended for mature audiences.

Space-farmer Rae Darling is kidnapped and trained to become a warrior against her own people in this adventurous middle grade space western that “will lasso readers and have them hoping for a sequel” (Booklist). Rae Darling and her family are colonists on a moon so obscure it doesn't merit a name. Life is hard, water is scarce, and the farm work she does is grueling. But Rae and her sister Temple are faced with an added complication—being female is a serious liability in their strict society. Even worse, the Cheese—the colonists' name for the native people on the moon—sometimes kidnap girls from the human colony. And when Rae's impetuous actions disrupt the fragile peace, the Cheese come for her and Temple. Though Rae and Temple are captives in the Cheese society, they are shocked to discover a community full of kindness and acceptance. Where the human colonists subjugated women, the Cheese train the girls to become fierce warriors. Over time, Temple forgets her past and becomes one of the Cheese, but Rae continues to wonder where her loyalties truly lie. When her training is up, will she really be able to raid her former colony? Can she kidnap other girls, even if she might be recruiting them to a better life? When a Cheese raid goes wrong and the humans retaliate, Rae's loyalty is put to the ultimate test. Can Rae find a way to restore peace—and preserve both sides of herself?

Small town, meet big crime. It's not hard for longtime Sheriff Bo Handel to keep Texas' Caddo County in line. He handles petty crimes and rabble rousers, runs a competent police force and maintains a relationship with his steady girlfriend while keeping things quiet. But when the local minister's wife, Amanda Twiller, is murdered and dumped on the church's front, Bo suddenly finds himself with his hands full. Unfortunately for Bo, finding Amanda's killer won't be as easy as rounding up the town's usual suspects. He'll have to get past sleazy attorneys and drug lords first. When he discovers that Amanda was not only addicted to narcotics but also having an affair with one of the roughest men in town, the lazy days of his past are a distant memory. Soon, Bo realizes there are only so many cocaine kings and Mob bosses that one man can juggle. But the murderer is out there, and it's up to Bo to find out who it is. This small town sheriff is used to a light workload. So what happens when heavy crime comes to town?

How 24-7 Prayer Is Awakening a Generation

Every Mile Matters

Ancient Menstrual Wisdom for Modern Women

Beneath the Blood Moon

Shadow of the Red Moon

From the Upper Room of Pentecost to Azusa Street in Los Angeles, God has used prayer movements throughout history to change the world. Over fifteen years ago, a group of students gathered for a prayer vigil in Chichester, England—and the prayers they started haven't stopped. Out of that first meeting came 24-7 Prayer: an international movement of prayer, mission, and justice that has reached Chinese underground churches, Indian slums, Papua New Guinea jungles, ancient English cathedrals, and even a brewery in Missouri. Red Moon Rising is the story of how that movement continues today—and how each of us can be a part of the miracles God is doing through a new generation.

Many years have passed since the Great War that destroyed over three quarters of the world's population. Now, humans and paranormals alike have learned how to survive in the new world. For Avery Hendrin, the eldest daughter of the man who brought light back to the world, life has taken a turn for the worse. Sold into slavery after her father's death, Avery's only concern is keeping her younger sister safe. Branded as a witch and rejected by her own kind because of her red hair, Avery resigns herself to a life in the slave house until a chance meeting with a powerful Lycan named Tristan Williams. Although Tristan does not believe the human's tales of the Reds being witches, he has no need for Avery. He's in search of a nanny for his young children and after an impassioned plea from the redhead, agrees to hire her younger sister as his nanny. However, his beloved daughter Sophia has an immediate connection with Avery and Tristan cannot deny her request to purchase Avery as well, despite the discord it will bring to his household. Struggling to accept her new life as a slave and to ignore her almost immediate attraction to Tristan, Avery tries to hide her healing powers from him but exposes her gift when she saves Tristan's adopted brother from death. Tristan believes his obsession with Avery is nothing more than lust. Determined to bed her despite her strange powers, will he convince her to accept her new life or give her the freedom she craves?
