author Mandi Castle **FAMISHED** A poem scrawled in blood. A girl with a secret. And a killer who will stop at nothing to find her. Ash Park, a run-down suburb of Detroit, might not be the most idyllic place to live, but for Hannah Montgomery, it's safe. At least, it feels that way until a serial killer starts dicing up women from the shelter where she volunteers. Hannah manages to convince herself the killings have nothing to do with her brutal past—but then her boyfriend is murdered in the same ruthless manner as the others. And the police think she may have had something to do with it. The cops are right about one thing: Hannah is responsible. Because she knows who the killer is. Now she must face the fact that she brought a monster with her to Ash Park—and his appetite for blood is insatiable. **CONVICTION** Conviction means nothing when you're dead wrong. Shannon Taylor takes no prisoners—save the ones she tosses into lockup. Between convicting criminals as an Ash Park district attorney, dealing with her jerk ex-husband (who also happens to be her boss), and caring for her dying brother, Shannon is already stretched thin. So she's less than thrilled when new evidence from a closed case emerges—evidence suggesting she threw a young mother in jail for a murder she didn't commit. Shannon knows the girl is hiding something. But something, or someone, has frightened her into silence. When Shannon becomes the target of a series of cryptic and bloody warnings, she begins to

understand the girl's fear. But if she wants to keep her family safe, she has no choice but to expose the true killer. Will her persistence free an innocent woman, or will it turn her family into helpless targets in a madman's game? Conviction runs deep. Courage runs deeper. And nothing in Ash Park is as it seems. **REPRESED** An idyllic family. A detective with a past. And a sadistic kidnapper hell-bent on destroying them all. Newly-married detective Curtis Morrison spends his days working to heal the ails of society to make up for his own checkered past. But though he's come a long way from a life of deadly secrets he can't fully recall, not even his wife and baby daughter can silence the old addiction still rattling around in his brain. And he's about to learn that a history like his is not one you can escape from. When his wife and child go missing, Morrison finds himself drawn into a nightmare game controlled by a sadistic monster hell-bent on making him pay for sins he's repressed for nearly twenty years. But whoever took his wife isn't after her—they want Morrison to suffer. Now Morrison must reexamine a past he thought he'd left behind to save the people he loves, awakening a beast he's worked hard to forget. What he discovers is far worse than he imagined, every clue dragging him further from the life he's painstakingly built. The clock's ticking. And this time, he might not make it out alive. Eighteen years have passed since she witnessed her brother's murder, but she's still the talk of the town. Until a handsome child psychologist with haunting memories of his own arrives. Dr. Ethan McClane isn't exactly a newcomer. If it weren't for his latest case, he'd never set foot back in Hidden Falls. Words of Radiance

Applying fresh tools from economics to explain puzzling behaviors of religious radicals: Muslim, Christian, and Jewish; violent and benign. How do radical religious sects run such deadly terrorist organizations?

*Hezbollah, Hamas, Lashkar-e-Taiba, and the Taliban all began as religious groups dedicated to piety and charity. Yet once they turned to violence, they became horribly potent, executing campaigns of terrorism deadlier than those of their secular rivals. In *Radical, Religious, and Violent*, Eli Berman approaches the question using the economics of organizations. He first dispels some myths: radical religious terrorists are not generally motivated by the promise of rewards in the afterlife (including the infamous seventy-two virgins) or even by religious ideas in general. He argues that these terrorists (even suicide terrorists) are best understood as rational altruists seeking to help their own communities. Yet despite the vast pool of potential recruits—young altruists who feel their communities are repressed or endangered—there are less than a dozen highly lethal terrorist organizations in the world capable of sustained and coordinated violence that threatens governments and makes hundreds of millions of civilians hesitate before boarding an airplane. What's special about these organizations, and why are most of their followers religious radicals? Drawing on parallel research on radical religious Jews, Christians, and Muslims, Berman shows that the most lethal terrorist groups have a common characteristic: their leaders*

have found a way to control defection. Hezbollah, Hamas, and the Taliban, for example, built loyalty and cohesion by means of mutual aid, weeding out “free riders” and producing a cadre of members they could rely on. The secret of their deadly effectiveness lies in their resilience and cohesion when incentives to defect are strong. These insights suggest that provision of basic social services by competent governments adds a critical, nonviolent component to counterterrorism strategies. It undermines the violent potential of radical religious organizations without disturbing free religious practice, being drawn into theological debates with Jihadists, or endangering civilians.

the hots for the prim, proper Assistant District Attorney, but considered her hand's off because of a family connection. However, when danger threatens Lauren, he isn't willing to stand by and watch her get hurt. Now the passion for survival is only rivaled by the passion burning between them. The haunting, vivid story of a nun whose past returns to her in unexpected ways, all while investigating a mysterious death and a series of harrowing abuse claims. A young nun is sent by the Vatican to investigate allegations of misconduct at a Catholic school in Iceland. During her time there, on a gray winter's day, a young student at the school watches the school's headmaster, Father August Franz, fall to his death from the church tower. Two decades later, the child—now a grown man, haunted by the past—calls the nun back to the scene of the crime. Seeking peace and calm in her twilight years at a convent in France, she has no choice to make a trip to Iceland again, a trip that brings her former visit, as well as her years as a young woman in Paris, powerfully and sometimes painfully to life. In Paris, she met an Icelandic girl who she has not seen since, but whose acquaintance changed her life, a relationship she relives all while reckoning with the mystery of August Franz's death and the abuses of power that may have brought it on. In *The Sacrament*, critically acclaimed novelist Olaf Olafsson looks deeply at the complexity of our past lives and selves; the faulty nature of memory; and the indelible mark left by the joys and traumas of youth. Affecting and beautifully observed, *The Sacrament* is both propulsively

told and poignantly written—tinged with the tragedy of life's regrets but also moved by the possibilities of redemption, a new work from a novelist who consistently surprises and challenges.

From NYT Bestselling Author Elisabeth Naughton, the third book in the emotional Against All Odds series...

Yuletide Spirits pub owner Ella Maclean doesn't do holidays. In fact, she'd be perfectly happy if the calendar jumped from November to January, bypassing December all together. Known as Holly, North Carolina's infamous Scrooge, Ella's singular focus is to capitalize on the silly tourists who flock to the winter-wonderland-themed town so she can forget everything she lost on a cold, snowy night long ago. Then rock's latest "it" guy, Tate Kendrick, rolls into town. Tate's determined to break through Ella's frigid barriers, and though Ella tries to resist his wicked charm, the heat they once shared as teens flares hotter than ever. Slowly, Ella's frozen heart begins to thaw. But when trouble linked to the rock star strikes at her pub, Ella suddenly starts to wonder if the return of her first love is the holiday miracle she's been too afraid to hope for, or if bad boy Tate Kendrick is nothing more than her nightmare before Christmas.
