Digital Buying Guide 2005

Digital cameras--with their handy foldout LCD panels for awkward shots, make it easy to go where other cameras never could before. Expert photographer Joseph Meehan explains every aspect of close-up digital photography, with information on cameras, accessories, lighting; tactical approaches for different subjects and ideas for computer image enhancement. Includes easy-to-grasp explanations, and full-color format.

This title will provide the reader with the advanced techniques to truly master the new photographic media. Structured around the three main areas of shooting the image, enhancing the image and enjoying the image, the Digital Photography series makes the world of digital imaging simple while concentrating on the photographic aspect. With the aid of inspirational images we are shown in easy steps how the image was taken, manipulated on the computer and output in the desired form.
