When I first studied how the Financial Matrix's global banking system operated, I was shocked. The rank injustices and inequalities, not to mention its oppressive nature, is unconscionable. Not only is the Financial Matrix the most powerful

democratically elected politicians must obey the Financial Matrix because without its money and media support, winning elections is not possible.

Modern society has been highly politicized, with politicians and pundits discussing, dissecting, and debating

mesmerized by magnified images, booming voices, and a smoke-and-mirrors light show, while the true issue remains hidden behind the curtain. This book, like *Toto*, seeks to pull back the curtain to expose the Financial Matrix's injustices. Further, it launches
