Bill Griffith is best known as the creator of the Zippy daily comic strip, currently running in over 300 newspapers nationwide, but Zippy was conceived as an underground comix character before he became embraced in the mainstream. Beginning in 1969, Griffith contributed stories to a long list of

legendary undergrounds. *Lost and Found* is not only a collection of these underground comix — hand-picked by the artist himself — but a mini-memoir of the artist's comix career during the early days of the San Francisco Underground and his nearly twenty year on-again, off-again involvement with Hollywood and TV. This collection from one of the great, pioneering cartoonists also features Griffith's comics for *High Times*, *The National Lampoon*, *The San Francisco Examiner* and *The New Yorker*. new novel . . . Death in Her Hands is not a murder mystery, nor is it really a story about self-deception or the perils of escapism. Rather, it's a haunting meditation on the nature and meaning of art."

-Kevin Power, The New Yorker

From one of our most ceaselessly provocative literary talents, a novel of haunting metaphysical suspense about an elderly widow whose life is upturned when she finds an ominous note on a walk in the woods. While on her daily walk with her dog in a secluded woods, a woman comes across a note,

handwritten and carefully pinned to the ground by stones. "Her name was Magda. Nobody will ever know who killed her. It wasn't me. Here is her dead body." But there is no dead body. Our narrator is deeply shaken; she has no idea what to make of this. She is new to this area, alone after the death of her husband, and she knows no one. Becoming obsessed with solving this mystery, our narrator imagines who Magda was and how she met her fate. With very little to go on, she invents a list of murder suspects and possible motives for the crime. Oddly,

her suppositions begin to find correspondences in the real world, and with mounting excitement and dread, the fog of mystery starts to fade into menacing certainty. As her investigation widens, strange dissonances accrue, perhaps associated with the darkness in her own past; we must face the prospect that there is either an innocent explanation for all this or a much more sinister one. A triumphant blend of horror, suspense, and pitch-black comedy, *Death in Her Hands* asks us to consider how the stories we tell ourselves both reflect the truth

and keep us blind to it. Once again, we are in the hands of a narrator whose unreliability is well earned, and the stakes have never been higher.

Life of Pi is a masterful and utterly original novel that is at once the story of a young castaway who faces immeasurable hardships on the high seas, and a meditation on religion, faith, art and life that is as witty as it is profound. Using the threads of all of our best stories, Yann Martel has woven a glorious spiritual adventure that makes us question what it means to be alive, and to believe.

"Unvarnished. Punk."—The New York Times King-Cat Classix collects material from the first fifty issues of John Porcellino's King-Cat Comics as they appeared in self-published, handmade zines throughout the 1990s. These strips span Porcellino's dynamic evolution from saturated, punk drawings to his characteristic refined minimalism, revealing his work as nothing short of a catalyst that has inspired artists like Chris Ware in the emerging literary comics scene. In the inky drawings featuring beloved pets, awkward teenage one-night-stands, and everyday blunders, we see a nascent style steeped in

truth and transparency—one that continues to ring true today.

Porcellino's mind is spread out on the page, with an uninhibited id running wildly about dreams and sexual fantasies, not unlike the gritty, stabbing pen strokes of Julie Doucet. He sketches fragmented moments and glimpses of interaction that seem to reflect the very manner in which we process memory: we are made up of a stream of consciousness, captured in fleeting mental images, and Porcellino externalizes that messy internal reality. Follow along the path of Porcellino's dynamic evolution and relish in the inspirational power of this groundbreaking collection.

Everyone is eager to know where one has come from and where one is heading to. Since the universe itself is a creation from the abstract source - God - it becomes difficult to give valid answers by realistic logics.

This book offers the first comprehensive study of the many interfaces shaping the relationship between comics and videogames. It combines in-depth conceptual reflection with a rich selection of paradigmatic case studies from contemporary media culture. The editors have gathered a distinguished group of international scholars working at the interstices of comics studies and game studies to explore two interrelated areas of inquiry: The first part of the book focuses on hybrid medialities and experimental aesthetics "between" comics and videogames; the second part zooms in on how comics and
