

Revival

Revival Type is a collection of contemporary digital fonts with origins in the past. Examples include direct revivals of metal and wood typefaces, while others are looser interpretations of older typefaces. Among the fonts are interpretations of classic designs by Nicolas Jenson, Claude Garamont, Robert Granjon, William Caslon, John Baskerville, Giambattista Bodoni, Firmin Didot and other iconic names. Alongside them are typefaces rooted in the work of important, though lesser known, names such as Eudald Pradell, Philippe Grandjean and Richard Austin. Finally, there are updates and revisions of 20th-century classics like Palatino, Meridien, DIN, Metro and Neue Haas Grotesk (the original name of Helvetica). Some designs are not revivals of typefaces but of letterforms, from inscriptions to calligraphic manuals to letters in posters and bookjackets. Some revivals are aesthetic extensions of 20th-century typefaces that have been updated technologically. Others are actually reinterpretations or variations on typefaces from the past necessitated by having to make types that function in the 21st century and not in the distant past. Re:Type looks at type 'revivals' in this broad manner.

Traditional retail is becoming increasingly volatile and challenged as a business model. Brick-and-mortar has shifted to online, while online is shifting into pop-up storefronts. Virtual stores in subway platforms and airports are offering new levels of convenience for harried commuters. High Street and Main Street are becoming the stuff of nostalgia. The Big Box is losing ground to new models that attract consumers through their most-trusted assistant—the smartphone. What's next? What's the future for you—a retailer—who is witnessing a tsunami of change and not knowing if this means grasping ahold of new opportunity or being swept away? The Retail Revival answers these questions by looking into the not-so-distant retail past and by looking forward into a future that will continue to redefine retail and its enormous effect on society and our economies. Massive demographic and economic shifts, as well as historic levels of technological and media disruption, are turning this once predictable industry—where “average” was king—into a sea of turbulent change, leaving consumer behavior permanently altered. Doug Stephens, internationally renowned consumer futurist, examines the key seismic shifts in the market that have even companies like Walmart and Procter & Gamble scrambling to cope, and explores the current and future trends that will completely change the way we shop. The Retail Revival provides no-nonsense clarity on the realities of a completely new retail marketplace—realities that are driving many industry executives to despair. But the future need not

be dark. Stephens offers hope and guidance for any businesses eager to capitalize on these historic shifts and thrive. Entertaining and thought-provoking, *The Retail Revival* makes sense of a brave new era of consumer behavior in which everything we thought we knew about retail is being completely reimaged. Praise for *The Retail Revival* “It doesn’t matter what type of retail you do—if you sell something, somewhere, you need to read Doug Stephens’ *The Retail Revival*. Packed with powerful insights on the changing retail environment and what good retailers should be thinking about now, *The Retail Revival* is easy to read, well-organized and provides essential food for thought.” — Gregg Saretsky, President and CEO, WestJet “This book captures in sharp detail the deep and unprecedented changes driving new consumer behaviors and values. More importantly, it offers clear guidance to brands and retailers seeking to adapt and evolve to meet entirely new market imperatives for success.” —John Gerzema, Author of *Spend Shift* and *The Athena Doctrine* “*The Retail Revival* is a critical read for all marketing professionals who are trying to figure out what’s next in retail... Doug Stephens does a great job of explaining why retail has evolved the way it has, and the book serves as an important, trusted guide to where it’s headed next. ” —Joe Lampertius SVP, Shopper Marketing, Momentum Worldwide and Owner, La Spezia Flavor Market “Doug Stephens has proven his right to the moniker ‘Retail Prophet.’ With careful analysis and ample examples, the author makes a compelling case for retailers to adapt, change and consequently revive their connection with consumers. Stephens presents actionable recommendations with optimism and enthusiasm—just the spoonful of sugar we need to face the necessary changes ahead.” —Kit Yarrow, Ph.D., Consumer Psychologist; Professor, Golden Gate University; Co-Author, *Gen BuY: How Tweens, Teens and Twenty-Somethings are Revolutionizing Retail* “Doug Stephens doesn’t just tell you why retail is in the doldrums, he tells you why retail is a major signpost for the larger troubles of our culture and provides a compelling, inspiring vision for a future of retail—and business, and society.” —Eric Garland, author of *Future Inc.: How Businesses Can Anticipate and Profit from What’s Next* *Revival* happens when passion for God breaks through human restraint and ignites one heart after another with his unquenchable love. Speaking with enthusiasm and vibrancy, Kim Meeder encourages readers to seek transformation of heart, soul, mind, and strength by engaging the holy fire of God's presence. Within this place, fear and pride melt away and the desire burns brightly to reach all who are losing the battle for hope. Through inspiring true encounters, Meeder challenges each believer to accept Jesus's commission to carry the living flame of his love wherever he leads. Les quatre musiciens de Creedence Clearwater Revival inventent un genre, le swamp rock, qui concentre dans des merveilles d'épure l'âme d'une Louisiane fantasmée entre country, blues et vaudou. L'énigmatique leader John Fogerty chante avec panache les gens ordinaires et les laissés-pour-compte, mêlant évocations de la route et des forces de la nuit dans des morceaux dont la liste, de "Proud Mary" à "Bad Moon Rising", étourdit par le nombre de reprises qui en ont été faites. Et c'est l'Amérique entière qui se dévoile dans le destin de ce groupe avec ses racines, ses doutes et ses contradictions.

*Southern food is America's quintessential cuisine. From creamy grits to simmering pots of beans and greens, we think we know how these classic foods should taste. Yet the southern food we eat today tastes almost nothing like the dishes our ancestors enjoyed, because the varied crops and livestock that originally defined this cuisine have largely disappeared. Now a growing movement of chefs and farmers is seeking to change that by recovering the rich flavor and diversity of southern food. At the center of that movement is historian David S. Shields, who has spent over a decade researching early American agricultural and cooking practices. In *Southern Provisions*, he reveals how the true ingredients of southern cooking have been all but forgotten and how the lessons of its current restoration and recultivation can be applied to other regional foodways. Shields's turf is the southern Lowcountry, from the peanut patches of Wilmington, North Carolina to the sugarcane fields of the Georgia Sea Islands and the citrus groves of Amelia Island, Florida. He takes us on a historical excursion to this region, drawing connections among plants, farms, growers, seed brokers, vendors, cooks, and consumers over time. Shields begins by looking at how professional chefs during the nineteenth century set standards of taste that elevated southern cooking to the level of cuisine. He then turns to the role of food markets in creating demand for ingredients and enabling conversation between producers and preparers. Next, his focus shifts to the field, showing how the key ingredients—rice, sugarcane, sorghum, benne, cottonseed, peanuts, and citrus—emerged and went on to play a significant role in commerce and consumption. Shields concludes with a look at the challenges of reclaiming both farming and cooking traditions. From Carolina Gold rice to white flint corn, the ingredients of authentic southern cooking are returning to fields and dinner plates, and with Shields as our guide, we can satisfy our hunger both for the most flavorful regional dishes and their history.*

Revealing a New Ministry Paradigm for the Next Great Move of God

The Life Story & Principles of Philip Mantofa

The Holy Word for Morning Revival - Crystallization-study of Leviticus, Volume 4

Warrior for Revival is a riveting account of how the Lord Jesus touched the life of a young man, Philip Mantofa, delivered him from the depths of violence and depression, and used him mightily as a chosen vessel of revival in Indonesia and Asia. While Pastor Philip was still in his twenties, a divine firebrand sparked city-wide revivals which were noted for creating immediate and enduring impact, particularly among young people. More than 100,000 people experienced salvation while scores of youths

were equipped and commissioned to pioneer thriving local churches. Such a transforming anointing and influence can only arise from a life deeply rooted in Scripture and an intimate fellowship with the Holy Spirit. Warrior for Revival is evidence that God is able to raise young people to become standard-bearers even for the older generation.

For over 50 years, Southern Living has been the authority on Southern food and cooking. Inviting readers to share their beloved, often closely guarded recipes as a way to reflect the rich history and diversity of this unique region that is a bastion of great food. These recipes are like food memories passed down through generations of cooks that tell the story of the South. The trove of reader submissions included in the magazine over the past five decades have run the gamut from company-worthy pot roasts to rose geranium pound cake. Now, in Recipe Revival, we revisit many of those time-tested recipes and offer you so much more: Over 200 recipes encompassing breakfast and brunch, cocktails, dinner, desserts and more, both old and new. The notion of "recipe revival" is more than just turning up the flavor of an iconic dish by substituting a novel ingredient. A new generation of Southern cooks has become far more inventive with the way Southern ingredients are used today. With a wink to tradition, the rich coastal flavors of traditional Maryland crab cakes reappear as inspired crab-filled hush puppies. The cool sweet-and-sour brightness of vintage tomato aspic translates into a colorful high-summer pairing of heirloom tomatoes with field pea-nectarine salsa. Classic lemon bars achieve new and elegant heights as a delicious cheesecake with rustic shortbread crust. Recipe Revival is not only a nod to the past 50 years of sharing good food with friends and family, but also a beautiful cookbook that promises years and years of good food to come.

For All Christians Who Yearn for Revival God's Way This no-compromise biblical clarion call to revival is timeless. Leonard Ravenhill clearly shows how the church can be brought from where it is to where it ought to be. The church still needs his message, first published in 1983, for as Ravenhill said, "We live in a generation which has never know revival--God's way." The message is drastic, fearless, and often radical. His goal for the church is nothing less than full restoration to the glory, power, holiness, and dignity that Christ intended for it.

Spurred by an unprecedented crime wave in 1996, University of Pennsylvania President Judith Rodin knew that the time for urgent action had arrived, and she set a new course of proactive community engagement for her university. This book narrates the challenges, frustrations, and successes of Penn's campaign and its prospects for long-term change.

Russian annexation of Crimea and the subsequent air campaign over Syria took the world by surprise. The capabilities and efficiency of Moscow's armed forces during both operations signalled to the world that Russia was back in business as a significant military actor on the international stage. In this cutting-edge study, Bettina Renz provides an in-depth and comprehensive analysis of Russia's military revival under Putin's leadership. Whilst the West must adjust to the reality of a modernised and increasingly powerful Russian military, she argues that the renaissance of Russian military might and its implications for the balance of global power can only be fully understood within a wider historical context. Assessing developments in Russian Great Power thinking, military capabilities, Russian strategic thought and views on the use of force throughout the post-Soviet era, the book shows that, rather than signifying a sudden Russian military resurgence, recent developments are consistent with longstanding trends in Russian military strategy and foreign policy.

Do you know that just beneath your feet are deep wells of revival? Are you aware that you are standing on bottomless geysers and founts of the anointing and mandates of our spiritual forefathers and mothers that are just waiting to be released afresh to you? God is calling us as instruments today to unstop the wells and reclaim the spiritual inheritance of our nation. This same God who visited America in the Great Awakening, the Azusa Street Revival, the Jesus Movement, the Charismatic Outpouring, and more, wants to again honor His eternal covenants with the men and women of faith who have gone before us. God is ready to loose revival fires and miracles to the spiritual descendants of people like Jonathan Edwards, Henrietta Mears, Aimee Semple McPherson, Charles Finney, William Seymour, and Frank Bartleman. But who will contend for the mantle they wore? Will you? As America stands on the brink of the judgement of God for her sins, revival is our most glorious hope. This book is a prophetic call from the heart of a pastor in Los Angeles who calls his city, his country, and you to renew covenant with God, reclaim our glorious roots, and believe for the greatest revival the world has ever known.

The Quest for Revival reveals the power and perils of great revivals of the past to help

springboard you into this next move of the Holy Spirit.

The story of the Revival on the Isle of Lewis including eye witness accounts from Duncan Campbell and Mary Peckham.

Shows how changes in work, family structure, women's roles, and other factors have caused people to become increasingly disconnected from family, friends, neighbors, and democratic structures--and how they may reconnect.

A century-old revival mystery is solved Rekindling the fire doused by racial and denominational division They were two spiritual giants instrumental in transforming a nation and shifting Christianity on a global scale... yet today they are largely forgotten. Central figures in the emerging Pentecostal church, within a short time of the 1906 "Azusa East" revival in Dunn, North Carolina, G.B. Cashwell and A.B. Crumpler had mysteriously disappeared from the movement they had helped shape. The reasons have largely been shrouded in mystery--until now. Through extensive research unearthing fresh primary sources, Michael Thornton has uncovered the tangle of racism, politics, and secret societies that conspired to put out the two men's Holy Spirit fire. More than just a compelling history, *Fire in the Carolinas* presents a challenge for today's church: overcoming racial and denominational divisions to usher in the next move of God.

"Spellbinding...Revival Season should be read alongside Alice Walker's The Color Purple and Chimamanda Ngozi Adichie's Purple Hibiscus." —The Washington Post A New York Times Book Review Editors' Choice Every summer, fifteen-year-old Miriam Horton and her family pack themselves tight in their old minivan and travel through small southern towns for revival season: the time when Miriam's father—one of the South's most famous preachers—holds massive healing services for people desperate to be cured of ailments and disease. But, this summer, the revival season doesn't go as planned, and after one service in which Reverend Horton's healing powers are tested like never before, Miriam witnesses a shocking act of violence that shakes her belief in her father—and her faith. When the Hortons return home, Miriam's confusion only grows as she discovers she might have the power to heal—even though her father and the church have always made it clear that such power is denied to women. Over the course of the following year, Miriam must decide between her faith, her family, and her newfound power that might be able to save others, but if discovered by her father, could destroy Miriam. Celebrating both feminism and faith, Revival Season is a "tender and wise" (Ann Patchett) story of spiritual awakening and disillusionment in a Southern, Black, Evangelical community.

Singing for the Dead chronicles ethnic revival in Oaxaca, Mexico, where new forms of singing and writing in the local Mazatec indigenous language are producing powerful, transformative political effects. Paja Faudree argues for the inclusion of singing as a necessary component in the polarized debates about indigenous orality and literacy, and she considers how the coupling of literacy and song has allowed people from the region to create texts of enduring social

resonance. She examines how local young people are learning to read and write in Mazatec as a result of the region's new Day of the Dead song contest. Faudree also studies how tourist interest in local psychedelic mushrooms has led to their commodification, producing both opportunities and challenges for songwriters and others who represent Mazatec culture. She situates these revival movements within the contexts of Mexico and Latin America, as well as the broad, hemisphere-wide movement to create indigenous literatures. Singing for the Dead provides a new way to think about the politics of ethnicity, the success of social movements, and the limits of national belonging.
