

Rexton

Carrington Rexton is a bit nervous. His son Richard has just returned from medical studies in Europe and there's a house party going on to hail the conquering hero...so to speak. So, what's making Papa Rexton nervous? Well...he doesn't quite get these young folks and there's a fellow that Richard has brought back with him who seems a bit suspicious. And...oh yeah...Rexton has a bunch of sparkly emeralds and a rare necklace that aren't exactly as secure as they ought to be. Rexton arranges (through District Attorney Markham) to have his old friend Philo Vance on the premises to look everything (and everybody) over and see if his fears are groundless. Vance meets the guests and inhabitants of the Rexton manor--from son of the house and the invalid daughter Joan to Ella Gunther, companion to Joan and a secret ice skating star; from Carlotta Naesmith, society girl and Richard's intended--at least intended by Papa Rexton--to Stanley Sydes, man about town and avid treasure-hunter

The son of a duke and an infamous mother, Alistair Mabry, Marquess of Rexton, fought his way to respectability. Now, the most eligible bachelor in London, marriage-shy Rexton will take only a wife with an impeccable reputation, good breeding, and a penchant for staying out of the gossip sheets. But when he strikes a deal to be seen "courting" a sweet young debutante whose notorious older sister has blemished her chances for marriage, Rexton is unexpectedly drawn to the highly inappropriate, calamitous Tillie, Lady Landsdowne herself. After a scandalous incident that sent shockwaves throughout society and disgraced her, Tillie refuses to cower in the face of the ton. Instead, she will hold her head high as she serves as chaperone for her younger sister, but Tillie is convinced Rexton's courtship is shrouded with secrets—ones she vows to uncover. However, doing so requires getting dangerously close to the devilishly handsome and forbidden marquess...

Their marriage begins with a lie. Tricked into wedding young Laren Blair, the daughter of a Scottish laird, Arthur ap Brynn Ffrydd, an English baron, abandons her at his keep. When he finally returns six years later she has won the affection of his people but all he sees are the changes she has made. Their battles begin. She fears her life will be as miserable with Arthur as it was with her cruel father. He envisions losing his property to her Scottish clan. As they learn to tolerate each other, desire draws them together. When Laren is kidnaped and Arthur is wounded in battle they realize they love each other. Reunited, can their love withstand the strain of another lie?

Twelve-year-old Angela and thirteen-year-old Tony are neighbors and best of friends who have a penchant for getting into trouble. While playing in Angela's creepy basement one day, they discover a secret portal that leads them to a magical world beyond their wildest imaginings. In this new and exciting realm, they train to become wizards, meeting an eclectic cast of

Cartels at War

The Rexton Guide to Better Hearing

Now in its sixth year, the conflict in Mexico is a mosaic of several wars occurring at once: cartels battle one another, cartels suffer violence within their own organizations, cartels fight against the Mexican state, cartels and gangs wage war against the Mexican people, and gangs combat gangs. The war has killed more than 60,000 people since President Felipe Calder began cracking down on the cartels in December 2006. The targets of the violence have been wide-ranging—from police officers to journalists, from clinics to discos. Governments on either side of the U.S.-Mexican border have been unable to control the violence. The war has spilled over into American cities and affects domestic policy issues ranging from immigration to gun control, making the border the nexus of national security and public safety concerns. Drawing on fieldwork along the border and interviews with officials at the Drug Enforcement Administration, the Office of National Drug Control Policy, the Department of Defense, U.S. Border Patrol, and Mexican military officers, Paul Rexton Kan argues that policy responses must be carefully calibrated to prevent stoking more cartel

violence, to cut the incentives to smuggle drugs into the United States, and to stop the erosion of Mexican governmental capacity.

Ghostly Shadows continues... Having one ghost in her apartment was tough enough.

Having another was out of the question. The city is being overrun by ghosts from the 1920s, and somehow Gabriella and Rexton's latest case is at the center of it all.

Unsure of who or what to believe, they must work together to find the true villain all the while contending with a passion between them that can be more than a little distracting.

Presents studies undertaken to evaluate and characterise additional peat reserves on Bog 213 (St. Charles Bog) near Rexton, New Brunswick. The evaluation concentrated on the peat resource characteristics to determine the extent of reserves suitable to development and to obtain an understanding of the bog hydrology. This assessment would facilitate bog development in a manner that minimises environmental impacts. The work included an assessment of resource characteristics at selected locations on the bog; the field investigations included evaluations of peat depth and quality, surface elevations, and elevations of the base of the peat. The investigation provided an improved definition of suitable areas of peat reserves for a proposed expansion of the Malpec Peat Moss operation. In addition, existing restoration activities were assessed to assist in the development of techniques for future restoration of the bog.

The Ransom As a newly minted private investigator, Nicole Graves expects to take on legal cases for corporate clients. But when her client's son, Brad Rexton, is killed trying to protect his wife, Ashley, from a home invasion-turned-kidnapping, the firm is hired to investigate what will become Nicole's most dangerous case yet. Within a few days, someone dear to Nicole is kidnapped in the same manner as Ashley. Nicole is willing to hand over the ransom at any cost but finds it's not so easy. The kidnappers have an uncanny ability to track her every move, and they suspect a trap. When their most terrifying threat is delivered to her door, Nicole is faced with a dreadful choice: Can she count on the police or must she risk going it alone? "Nicole Graves is the best fictional sleuth to come down the pike since Sue Grafton's Kinsey Millhone." &-Laura Levine, bestselling author of the *Jaine Austen Mysteries* *The Entitled*

"Vibrant street scenes, swift pacing, and Nicole's steely nerve make The Entitled an entertaining adventure." &- Foreword Reviews "Nicole Graves is the best fictional sleuth to come down the pike since Sue Grafton's Kinsey Millhone." &-Laura Levine, bestselling author of the Jane Austen Mysteries Travel to London and retrieve Abigail Fletcher, a 17-year-old in a study abroad program at the prestigious King's College in London. The assignment sounds simple enough. But Abigail's return is put on indefinite hold when she's charged with the murder of her boyfriend, a former student at King's. Nicole believes Abigail has been framed, but the victim's tight-knit circle of friends and relatives are most unwilling to talk to an American detective. Further complicating the case, is Abigail's defiant and uncooperative demeanor. As evidence stacks up against Abigail, Nicole discovers that she herself has become the next target. Nicole's first solo case abroad as a private detective has just turned a lot more deadly than she ever anticipated. The Nicole Graves Mysteries have been compared to the mysteries of Mary Higgins Clark and praised for

contributing to the "women-driven mystery field with panache" (Foreword Reviews) as well as for their "hold-onto-the-bar roller coaster" plots (RT Book Reviews). Kirkus Reviews concluded, "Boyarsky's weightless complications expertly combine menace with bling, making the heroine's adventures both nightmarish and dreamy." And Foreword Reviews has fallen for the "tough and likable protagonist Nicole Graves" while Midwest Book Review praises the "exquisite tension" throughout the story. The Moscow Affair "The Moscow Affair is a thoroughly entertaining and unforgettable thriller punctuated by smart dialog, richly crafted scenes, and a topical plot." &-Dave Edlund, USA Today bestselling author of Valiant Savage In this fast-paced mystery, P.I. Nicole Graves agrees to an unusual, short-term assignment working for MI6 in Russia. It sounds straightforward, even pleasant: a two-week luxury riverboat cruise on the Volga, observing a group of fellow passengers and filing a daily report on their activities. It's simple enough, except for one caveat: No matter what these people do, she's to tell her handler at MI6—no one else,

especially not the Russian police. When one of the riverboat passengers winds up dead, Nicole realizes this assignment was anything but straightforward. Soon, Nicole is immersed in a high-stakes game of murder and espionage where trusting a stranger can be as deadly as a bullet. "Nicole Graves is the best fictional sleuth to come down the pike since Sue Grafton's Kinsey Millhone." &-Laura Levine, bestselling author of

This book describes militias as significant and prevalent actors in today's international security environment. To separate them from other types of violent non-state groups, such as terrorists, guerrillas and insurgents, the author describes militias as local guardians that use violence to fill a variety of political, social and security gaps, which have created vulnerabilities for their particular constituencies. Although militias are local in orientation, their effects are not contained to particular countries and have only added to the instability in the international system. This book explores how militias contribute to international security issues by furthering state fragility, undermining human rights and democratization,

enabling illicit trafficking, prolonging internal conflicts and fostering proxy wars.

The relationship between drugs and today's wars has grown more noticeable since the end of the Cold War and will likely gather strength in this era of increased globalization. Many violent groups and governments have recently turned to illicit narcotics in their entrepreneurial quests to stay viable in the post-Cold War world. It is no coincidence that many of the most violent and ongoing conflicts, from the Balkans to the Hindu Kush, from the Andes to the Golden Triangle, occur in areas of widespread drug production and well-traveled distribution routes. Interdisciplinary in its approach, *Drugs and Contemporary Warfare* investigates the convergence of drugs and modern warfare, the violent actors involved in the drug trade, the drugs they produce and distribute, and how these drugs enter into battlefield conflicts and give rise to combat narcosis. Paul Rexton Kan then examines counternarcotics

operations and suggests solutions to curb the drug trade's effects on contemporary conflict. He offers several broad strategies that refine assessments, policies, and operations to promote improvement in social, economic, and political conditions. The hope is that these strategies will help citizens create sustainable societies and robust governments in war-afflicted countries struggling under the drug trade's shadow. In a world searching for peace, the answer may not solely be on the battlefield but also on the front line against illegal narcotics. With a foreword by Moisés Naím, editor in chief of Foreign Policy magazine and the author of *Illicit: How Smugglers, Traffickers, and Copycats Are Hijacking the Global Economy*.

The Global Challenge of Militias and Paramilitary Violence

Available on eBook—a sexy historical romance featuring a genteel book dealer who is commissioned to organize an impressive personal library in the home of London’s most notoriously seductive lord. Dominick Avery, Viscount Rexton, has a brilliant mind, yet is so intoxicatingly handsome no one ever takes him seriously as the philosopher he longs to be. He cultivates a wicked reputation as Lord Adonis, Master of Love, until his uncle sends him an irresistible bequest of books, on the condition he accept also the prim librarian who comes with them. Miss Callista Higginbotham struggles to support her quirky household as a rare book dealer and librarian, while tottering on a dangerous edge of genteel poverty. But she quickly finds herself in greater danger yet, as her newfound desire flares for the infuriatingly flirtatious lord. Dominick wants nothing more than to unleash his luscious new librarian from her straight-laced propriety. He's learned, however, never to trust desire—let alone the consuming passion that soon

bedevils him. Both must learn not to judge a book by its cover. But when Callista discovers a plot against Dominick's life and risks all to save him, they both learn that love is the one lesson that cannot be learned from books...

During the Great Depression, promoter, salesman, and pilot Richard Thorne McCully became an aviation pioneer, capturing much of the Maritime region from the air. Along with photographer Harold Reid and pilot Marty Fraser, McCully spent the early 1930s flying over Atlantic Canada. The photographs they took offer a rare glimpse into prominent homes, vibrant businesses, churches, farms and waterfronts that are no longer standing or have been significantly altered. Each photo has been annotated with the natural features, architecture, streetscapes, industries, sporting events and other pastimes, and colourful characters depicted. These unique bird's-eye views from 1931 to 1939 capture the feeling of that first day in May 1931 when McCully's small twin-engine took off from the tiny Moncton airport.
