Poetry Speaks features the work of the most influential writers in modern poetry-written and performed-from 1892 to 1997. This book combines their most significant poems in print with the authors themselves reading their poetry on audio CD. Poets range from Alfred, Lord Tennyson, Walt Whitman, T.S. Eliot and Dorothy Parker to Langston Hughes, Allen Ginsberg, Sylvia Plath and Gwendolyn Brooks. The power of spoken poetry is at the heart of Poetry Speaks. Poetry is a vocal art, an art meant to be read aloud. Listening to a poem read aloud can be a transforming experience. Poetry Speaks not only introduces the finest work from some of the greatest poets who ever lived, it reintroduces the oral tradition of poetry. Poetry Speaks features over 40 poets in chapters each containing: - The poems that are read by the poet on the audio CD - Additional poems in print form to allow the reader to further explore the poet - A short biography and photo of each poet - Original manuscripts and letters for most of the featured poets - An original essay for each poet written by today's most influential poets, a veritable Who's Who of poetry, including: Seamus Heaney on W.B. Yeats; Richard Wilbur on Robert Frost; Mark Strand on Wallace Stevens; Jorie Graham on Elizabeth Bishop; Glyn Maxwell on Dylan Thomas; and Rita Dove on Melvin B. Tolson. Poetry Speaks-combining the talents of great poets past and living, their words written and spoken-is the most ambitious, comprehensive and innovative poetry project to be published in years, and is sure to be the model for collections to come.

Yukie Sakai is a sprightly young home health aide eager to help her elderly clients. But what seems like a straightforward job quickly turns into a series of increasingly surreal and bizarre adventures that put Yukie ' s wits to the test! Cartoonist Kago, who is well known for combining a more traditional manga style with hyper realistic illustration technique, an experimental visual storytelling approach, and outrageously sexual and scatological subject matter, has single-handedly created his own genre: " fashionable paranoia."

The **Bash Guide for Beginners (Second Edition)** discusses concepts useful in the daily life of the serious Bash user. While a basic knowledge of shell usage is required, it starts with a discussion of shell building blocks and common practices. Then it presents the grep, awk and sed tools that will later be used to create more interesting examples. The second half of the course is about shell constructs such as loops, conditional tests, functions and traps, and a number of ways to make interactive scripts. All chapters come with examples and exercises that will help you become familiar with the theory.

Some things weren't meant to stay hidden... Sydney Davies is used to being in the spotlight. But the former model turned fashion designer isn't used to family secrets. Sydney is sent to dig up the past. What she finds instead is Deacon and a case of a missing girl with a link back to her life in the fashion industry. Deacon McKnight is hardly ever surprised due to his work as an investigator. But then he finds a woman with a shovel in his backyard in the middle of the night. And that is just the start of surprises. Now Sydney's life is in danger because of his case and Deacon must decide if some things are better left hidden.

*The Wish* is a short, sharp, chilling story from Roald Dahl, the master of the shocking tale *In The Wish, Roald Dahl, one of the world's favourite authors, tells a sinister story about the darker side of human nature. Here, an imaginative boy plays a game that quickly gets out of hand* . . . *The Wish* is taken from the short story collection *Someone Like You, which includes seventeen other devious and shocking stories, featuring the wife who serves a dish that baffles the police; a curious machine that reveals the horrifying truth about plants; the man waiting to be bitten by the venomous snake asleep on his stomach; and others. 'The absolute master of the twist in the tale.'* (Observer ) *This story is also available as a Penguin digital audio download read by the sublime Stephen Mangan. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.*

*Clever, athletic and dignified, Yagan was already a leader among his people when pale-faced foreigners spilled uninvited upon the shores of the Swan River and started to make themselves at home - his home. Over the next four years, Yagan took a stand, and in the process forever etched his name on the story of Western Australia.*

*Cobblestone streets leading to perfectly preserved historic homes. Intricate wrought-iron gates opening to lush, fragrant gardens. A skyline of steeples and a river harbor bustling with schooners and sailboats. Charleston is one of America's most charming cities. In vibrant watercolors and detailed sketches, artist Diana Gessler captures the beauty and riches that make Charleston so unique: White Point Gardens, the Spoleto Festival, Rainbow Row, Waterfront Park, Fort Moultrie, the beaches of Sullivan's Island, sumptuous Lowcountry cuisine, and handmade sweetgrass baskets. Full of fascinating details--on everything from the art of early entertaining to the city's inspired architectural and garden designs, and Index, Washington's Southern tour to famous Charlestonians and the flags of Sumter--Very Charleston celebrates the city, the Lowcountry, the people, and our history. Hand-lettered and full color throughout, Very Charleston includes maps, an index, and a handy appendix of sites. With her cheerful illustrations and love for discovering little-known facts, Diana Gessler has created both an entertaining guide and an irresistible keepsake for visitors and Charlestonians alike.*

Since 1989, there have been over 200 post-conviction DNA exonerations in the United States. On the surface, the release of innocent people from prison could be seen as a victory for the criminal justice system: the wrong person went to jail, but the mistake was fixed and the accused set free. A closer look at miscarriages of justice, however, reveals that such errors are not aberrations but deeply revealing, common features of our legal system. The ten original essays in *When Law Fails* view wrongful convictions not as random mistakes but as organic outcomes of a misshaped larger system that is rife with faulty eyewitness identifications, false confessions, biased juries, and racial discrimination. Distinguished legal thinkers Charles J. Ogletree, Jr., and Austin Sarat have assembled a stellar group of contributors who try to make sense of justice gone wrong and to answer urgent questions. Are miscarriages of justice systemic or symptomatic, or are they mostly idiosyncratic? What are the broader implications of justice gone awry for the ways we think about law? Are there ways of reconceptualizing legal missteps that are particularly useful or illuminating? These instructive essays both address the questions and point the way toward further discussion. *When Law Fails* reveals the dramatic consequences as well as the daily realities of breakdowns in the law's ability to deliver justice swiftly and fairly, and calls on us to look beyond headline-grabbing exonerations to see how failure is embedded in the legal system itself. Once we are able to recognize miscarriages of justice we will be able to begin to fix our broken legal system. Contributors: Douglas A. Berman, Markus D. Dubber, Mary L. Dudziak, Patricia Ewick, Daniel Givelber, Linda Ross Meyer, Charles J. Ogletree, Jr., Austin Sarat, Jonathan Simon, and Robert Weisberg.

*Tandia* sat waiting anxiously for the fight to begin between the man she loved the most and the man she hated the most in the world. *Tandia* is a child of Africa: half Indian, half African, beautiful and intelligent, she is only sixteen when she is first brutalised by the police. Her fear of the white man leads her to join the black resistance movement, where she trains as a terrorist. With her in the fight for justice is the one white man *Tandia* can trust, the welterweight champion of the world, Peekay. Now he must fight their common enemy in order to save both their lives. Every fact-packed entry provides a wealth of information, including essential details about its start and finish points, overall distance, difficulty rating, maps, and the time it should take to complete. In short, 1001 Walks You Must Experience Before You Die is an essential reference book and guide for all those who love to get out on bikes, and lace up their walking shoes.

A single volume that gathers together three of the most remarkable novels from Jean Echenoz, the “most distinctive French voice of his generation” (The Washington Post). Three by Echenoz demonstrates the award-winning author’s extraordinary versatility and elegant yet playful style. “A parodic thriller sparkling with wit” (L’Humanité), Big Blondes probes our universal obsession with fame as a television documentary producer tries to track down a renowned singer who has mysteriously disappeared. A darkly comedic, noir-style tour de force, it finally answers the question: do blondes have more fun? “Fluid, never forced...like a garment that fits beautifully even inside-out” (Eile), Piano brings Dante’s Inferno to contemporary Paris, following Max Delmarc, a concert pianist suffering from paralyzing stage fright and alcoholism, as he meets his untimely end as he descends through purgatory—part luxury hotel, part minimum-security prison—into a modern vision of hell. Running is “a small wonder of writing and humanity” (L’Express)—a portrait of the legendary Czech athlete Emil Zátopek, who became a national hero, winning three gold medals at the Helsinki Olympics even as he was compelled to face the unyielding realities of life under an authoritarian regime.

This is a story which will make your heart sing - a story for all the family to read together. Young Judy discovers an unexpected package in her grandfather's old study. She has never met her grandfather (Poppy) as he died before she was born, but Judy is the one to unearth the puzzle which Poppy left for his family. To find the treasure which Poppy left, the family must first solve every riddle which he wrote on a beautiful scroll, and carefully wrapped in a rich purple velvet bag. Unless they solve the puzzles, they won't find the treasure. See if you can solve the puzzles before the family does. What has Poppy left them as an inheritance? Have fun with the story and enjoy the Omega Prize at the end.

*An insightful, honest & entertaining narrative of Terry Francona's tenure with the Red Sox franchise, during which time he managed two teams to World Series victories & oversaw some of the most iconic & colorful players in the game.*

*In the midst of Trump's attacks on the media, comes this look at the rigorous, independent reporting of the year's most underreported news stories. While the country's president displays a brazen disregard for the First Amendment and routinely demonizes the press as "the enemy of the people,"*

*Censored 2020 looks beyond Donald Trump's dizzying contempt for the truth to clarify the corporate media's complicity in misinforming the American public--while also providing a clear vision of a better future, based on rigorous, trustworthy independent reporting that presents a fuller picture of truth. With a discerning eye, Censored 2020 focuses the public's attention on the most important but underreported news stories of 2018-2019. These stories expose the corporate news media's systemic blind spots while highlighting the crucial role played by independent journalists in providing the kind of news necessary for informed, engaged citizens. The book also examines this year's lowlights in "junk food news" and "news abuse"--further revealing how corporate news often functions as propaganda--as well as highlights of exemplary organizations that champion "Media Democracy in Action." Additional chapters address the importance of constructive journalism, the untold story of Kashmir, news coverage of LGBTQ issues in the Trump era, "fake news" as a Trojan horse for censorship, and online memes as a form of political communication.*
