Roman Crime And Punishment Questions

These reviews, notices, and introductory sections by a major figure in intellectual history represent more than a decade of effort to define and clarify a new form of scientific investigation. Together, they offer a suggestive new picture of Emile Durkheim as "Scholarch" of the "French School" and master of a whole school of social thought. For fifteen years,

Emile Durkheim worked on the journal L'Annee Sociologique—selecting, editing, writing, and shaping the goals and methods of the "French School" of sociology. Now, Durkheim's own contributions to L'Annee are available in English. Classified and explained by Durkheim scholar Yash Nandan, this useful collection clarifies the role of L'Annee Sociologique in the development of scientific sociology; the position of L'Annee in the body of Durkheim's

Roman senators and equestrians were always vulnerable to prosecution for their official conduct, especially since politically motivated accusations were common. When charged with a crime in Republican Rome, such men had a choice concerning their fate. They could either remain in Rome and face possible conviction and punishment, or go into voluntary exile and avoid legal sentence. For the majority of the Republican period, exile was not a formal legal penalty contained in statutes, although it was the practical outcome of most capital convictions. Despite its importance in the political arena, Roman

unique culture of crime, punishment, and killing in Ancient Rome In Ancient Rome, all the best stories have one thing in common—murder. Romulus killed Remus to found the city, Caesar was assassinated to save the Republic. Caligula was butchered in the theater, Claudius was poisoned at dinner, and Galba was beheaded in the Forum. In one 50-year period, 26 emperors were murdered. But what did killing mean in a city where gladiators fought to the death to sate a crowd? In *A Fatal Thing Happened on the Way to the Forum*, Emma Southon examines a trove of real-life homicides from Roman history to explore

A Fatal Thing Happened on the Way to the Forum

Considering philosophical theories of punishment in light of both abstract arguments and factual evidence about the effects of punishing offenders, this book links the moral justification of punishment by the state to more general issues about the nature of moral disagreements and our obligations to obey the law. Ten applies his discussion to problems about the punishment of a variety of offenders--the mentally ill and dangerous, Nazi war criminals, "negligent" rapists and drivers, and others--and considers several related questions about crime and punishment.

violence, homicide, magic and perceptions of deviance. It argues that court practice was responsive to social change, despite the ingrained conservatism of the legal tradition, and that judges and litigants were in part responsible for the harsher operation of justice in Late Antiquity. Consideration is also given to how attitudes to crime were shaped not only by legal experts but also by the rhetorical education and practices of advocates, and by popular and even elite indifference to the finer points of law.

and factual way, supported by photography and relevant quotes to highlight key points. Crime and Punishment looks at how criminal justice systems operate and change in Britain and elsewhere, and at the origins of these systems, from the early Body of Civil Law drawn up by the Roman Emperor Justinian I to the American Bill of Rights. It explores some of the psychological and social causes of criminal behaviour and the role of the law in preventing and punishing crime and raises questions about law and order in dictatorships and democracies.
