

avoid pitfalls and employ the most successful techniques available. Topics covered include interior routing protocols, multiprotocol label switching (MPLS), Layer 2/Layer 3 services and IPv6. The included CD features practice exam questions, sample lab exercises, and more. Prepares network professionals for Alcatel-Lucent Service Routing Certification (SRC) exams 4A0-101, 4A0-103, 4A0-104 and NRS114A0. Covers content from Alcatel-Lucent's SRC courses on Interior Routing Protocols, Multiprotocol Label Switching, and Services Architecture. Specific topics include MPLS (RSVP-TE and LDP), services architecture, Layer 2/Layer 3 services (VPWS/VPLS/VPN/IES/service inter-working/IPv6 tunneling), and OSPF and IS-IS for traffic engineering and IPv6. CD includes practice exam questions, lab exercises and solutions. This Self-Study Guide is the authoritative resource for network professionals preparing for the Alcatel-Lucent NRS II certification exams.

Cracking the AP Physics 2 Exam, 2020 Edition, provides students with a comprehensive review of all the algebra-based topics covered on the AP Physics 2 Exam. This title includes content coverage of topics on the exam, such as thermodynamics, electrostatics, DC and RC circuits, magnetism and electromagnetic induction, optics, and more. It also includes step-by-step strategies for cracking even the toughest problems and 2 full-length practice tests.

Behavioral finance presented in this book is the second-generation of behavioral finance. The first generation, starting in the early 1980s, largely accepted standard finance's notion of people's wants as "rational" wants—restricted to the utilitarian benefits of high returns and low risk. That first generation commonly described people as "irrational"—succumbing to cognitive and emotional errors and misled on their way to their rational wants. The second generation describes people as normal. It begins by acknowledging the full range of people's normal wants and their benefits—utilitarian, expressive, and emotional—distinguishes normal wants from errors, and offers guidance on using shortcuts and avoiding errors on the way to satisfying normal wants. People's normal wants include financial security, nurturing children and families, gaining high social status, and staying true to values. People's normal wants, even more than their cognitive and emotional shortcuts and errors, underlie answers to important questions of finance, including saving and spending, portfolio construction, asset pricing, and market efficiency.

Chapter-wise and Topic-wise presentation Latest NEET Question Paper 2022- Fully solved Chapter-wise & Topic-wise Previous Questions to enable quick revision Previous Years (1988-2022) Exam Questions to facilitate focused study Mind Map: A single page snapshot of the entire chapter for longer retention Mnemonics to boost memory and confidence Revision Notes: Concept based study material Oswaal QR Codes: Easy to scan QR codes for online content Analytical Report: Unit-wise questions distribution in each subject Two SQPs based on the latest pattern Tips to crack NEET Top 50 Medical Institutes Ranks Trend Analysis: Chapter-wise

Presents a study plan to build knowledge and confidence, discusses study skills and strategies, reviews core topics, and provides two full-length practice tests.

1987 American Book Award Winner A A A This ambitious and enchanting novel is both modern-day epic and a work of great emotional and spiritual depth. Bold in its historical scope, rich in colorful settings, and eminently readable, Confessions of Madame Psyche also reaches inward, toward quieter truths. A A A The novel is narrated by Mei-li Murrow, born in San Francisco in 1895, the illegitimate daughter of a charismatic confidence man and the Chinese prostitute he has "rescued" from the streets. After her mother's early death, Mei-li is left to care of her mercenary half-sister Erika. When the young Mei-li, by pure coincidence, predicts the San Francisco earthquake of 1906, Erika constructs her identity as "Madame Psyche"—exploiting Mei-li's exoticism and her clients' yearnings for contact with the dead in a series of ingeniously orchestrated seances that win her renown as a medium in California and then in the death-soaked Europe of the First World War. A A A Ironically, it is when she manages to finally reject the popular "spirituality" that has made her famous that Mei-li experiences a truer spiritual vision: One day, while walking on the beach, she has a revelation of her connection to all of life—"an experience of hidden reality which I have never doubted...and which left me permanently changed by what I then knew and know still and will always know." A A A Mei-li's subsequent journey leads her through the aspirations and disappointments of a utopian commune in the Santa Cruz Mountains in the 1920s; to the poverty of migrant work camps in the Depression-era Salinas Valley; and to the courage of the first strikes on San Jose's cannery row.

Finally, when the relentless Erika cheats her out of an inheritance by having her committed to the Napa State Hospital, Mei-li finds her greatest wisdom and peace among the outcasts of the asylum—and there writes her "confessions." A A A Mei-li's story is ensconced in the rich history of Northern California in the first half of the twentieth century, and peopled by comrades of many classes and cultures and lovers both male and female; but her central odyssey remains one of inner discovery. In Confessions of Madame Psyche, Dorothy Bryant has created a character who is so honest in her search for truth, growth, and spiritual understanding that this quest becomes inherent to her survival.
