If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

What if a tornado dropped Dorothy not into Oz but on the set of an X-rated film? This book tells of an odd camaraderie between a porn icon

and a freelance writer. The storyteller's curiosity took her on a journey into a sexual world about which she knew nothing. She, an awakening Dorothy, and Eric Edwards, a celebrated adult film star since 1969 in his own real-life Oz, were the least likely pair, but through interviews and day-to-day living they became friends, protective of each other. Eric tried to shield Linda from sexuality's darker side and Linda was determined to share the light of Hope with Eric. This non-pornographic look behind the X-rated camera includes voices of industry insiders to offer a non-judgmental look into a most mysterious, misunderstood faction of film entertainment.

A fold-out picture book featuring an ever-growing caterpillar on one side--and the cars of a train on the other--teaches small children how to count from one to ten.

Ella is young and impressionable, and awed by Zayn who comes back into her life like a returning hero. After one night of passion, not only has her hero fallen, but so has she. Pregnant and terrified, Ella realizes that Zayn has

disappeared for the second time in her life with no explanation and no clues as to where he's gone. But she works hard and survives, raising her son on her own. When she sees Zayn again six years later, she is determined not to be blinded by his overwhelming presence again. She can't trust him this time. Unfortunately, nor can she ignore the fiery passion that seems to flare up whenever Zayn comes close to her. She's a fighter, though. And she won't give in to that passion like she did the last time he swooped into her life. She is stronger, she can push him away. Can't she? Zayn can't believe he's finally found Ella again! An emergency took him away from her years ago and she disappeared. But this time, he won't lose her! When he discovers that he also has a five year old son, Zayn is thrilled, eager to bring both of them back to his country. He doesn't understand Ella's resistance to him. Gone is the soft, vivacious woman he remembers holding in his arms. But this Ella is even more beautiful, more lush and sensuous. And he refuses to believe that what they felt for each other the last time can't be revived. He won't lose her a second time! He can't!

World Bank Technical Paper No. 239. Efficient use and effective conservation of available water resources are priorities for policymakers. This paper reviews World Bank strategies for assisting developing countries in the

comprehensive management of their water resources. It focuses mainly on the Bank's role in international water affairs and recommends a more proactive approach to promote dialogue, improve databases and analysis, and assist governments to manage their water resources more effectively. The study suggests that the Bank should strengthen its capacity to respond to requests for assistance in an objective, competent, and effective manner. Sustainable development should be the primary objective for its interventions.

*With the ongoing global economic crisis still taking full effect on today's society, International Corporate Finance 1e brings a fresh approach and perspective on present events. This text focuses on a key player in this financial world: multinational corporations (MNC). By applying general financial concepts and procedures, it explains the conduct of financial management in MNCs. Because most corporations are either directly or indirectly affected by multinational entities and have a global exposure, a study of MNCH financial management has broad applicability. This new text takes a quantitative approach with an emphasis on excel spreadsheets and current examples. Some love stories are... soul stories Dr. Radhika Sharma is what girls of today aspire to become - educated, financially independent and a woman of substance. **\*\*Named One of the New York Post's Best New Books to Read \*\*** FIRE IN THE STRAW is the witty and deeply felt memoir of Nick Lyons, a man with an intrepid desire to reinvent himself—which he does, over and over. Nick Lyons shape shifts from reluctant student and graduate of the Wharton School, to English Professor, to husband of a fiercely committed painter, to ghost writer, to famous fly fisherman and award-winning author, to father and then grandfather, to Executive Editor at a large book publishing company, and finally to founder and publisher of his own successful independent press.. Written with the same warm and earthy voice that has enthralled tens of thousands of fly-fishing readers, Nick weaves the disparate chapters of his life: from the moment his widowed mother drops him off at a grim boarding school at the age of five, where he spends three lonely and confusing years; to his love of basketball and pride playing for

Penn; to the tumultuous period, in the army and after, when he found and was transformed by literature; to his marriage to Mari, his great love and anchor of his life. Suddenly, with a PhD in hand and four children, Nick embarks on a complex and thrilling ride, juggling family, fishing, teaching, writing, and publishing, the wolf always at his door. Against all odds, The Lyons Press survives, his children prosper, his wife's art flourishes, and his books and articles make him a household name. *Fire in the Straw* is a love story, a confessional, and a beautiful big-hearted memoir.

Whilst accounting for the present-day popularity and relevance of Alan Watts' contributions to psychology, religion, arts, and humanities, this interdisciplinary collection grapples with the ongoing criticisms which surround Watts' life and work. Offering rich examination of as yet underexplored aspects of Watts' influence in 1960s counterculture, this volume offers unique application of Watts' thinking to contemporary issues and critically engages with controversies surrounding the commodification of Watts' ideas, his alleged misreading of Biblical texts, and his apparent distortion of Asian religions and spirituality. Featuring a broad range of international contributors and bringing Watts' ideas squarely into the contemporary context, the text provides a comprehensive, yet nuanced exploration of Watts' thinking on psychotherapy, Buddhism, language, music, and sexuality. This text will benefit researchers, doctoral students, and academics in the fields of psychotherapy, phenomenology, and the philosophy of psychology more broadly. Those interested in Jungian psychotherapy, spirituality, and the self and social identity will also enjoy this volume.

*With U.S. intelligence agencies wracked by internal power struggles and paralyzed by bureaucracy, the president has been forced to establish his own clandestine group--Covert-One. It's activated only as a last resort, when the threat is on a global scale and time is running out. The Utopia Experiment When Dresner Industries unveils the Merge, a device that is destined to revolutionize the world and make the personal computer and smartphone obsolete, Covert-One operative Colonel Jon Smith is assigned to assess its military potential. He discovers that enhanced vision, real-time battlefield displays, unbreakable security, and near-perfect marksmanship are only the beginning of a technology that will change the face of warfare forever--and one that must be kept out of the hands of America's enemies at all costs. Meanwhile, in the mountains of Afghanistan, CIA operative Randi Russell encounters an entire village of murdered Afghans--all equipped with enhanced Merge technology that even the Agency didn't know existed. As Smith and Russell delve into the circumstances surrounding the Afghans' deaths, they're quickly blocked by someone who seems to have access to the highest levels of the military--a person that even the president knows nothing about. Is the Merge really as secure as its creator claims? And what secrets about its development is the Pentagon so desperate to hide? Smith and Russell are determined to learn the truth. But they may pay for it with their lives . . .*

*The real world is only where you breathe ... In High Earth, entertainment is everything. Virtual worlds, hyper-realistic simulations, endless streamable content--there's something for everybody. You don't ever have to leave your home. For Asher Reinhart, nothing compares to Ignis: Live, a reality show that pushes human beings to their very extremes. As a volunteer director, he closely monitors the lives of those living on an Interstellar Ark who falsely believe they're the last of humanity out searching for a new Earth. Mission is the show's brightest young star. Born in hiding, her intelligence and near-perfect genetics have allowed her to rise up the ranks faster than any before her. But now that it's her turn to provide for the Ark, everything changes ... With Mission's life placed in danger in order to boost ratings, Asher must choose between protecting the show he's dedicated his life to, or the woman who has been the focus of his attention since the day he was born. Vicarious (adjective): Experienced in the imagination through the feelings or actions of another person.
