Two of the world's leading experts explain the vital link between health

Get Free Running Money

and wealth that could add years to your life and dollars to your retirement savings. All the money in the world doesn't mean a thing if we

Get Free Running Money

can't get out of bed. And the healthiest body in the world won't stay that way if we're frazzled about five figures worth of debt. Today Show financial

Get Free Running Money

expert Jean Chatzky and the Cleveland Clinic's chief wellness officer Dr. Michael Roizen explain the vital connection between health and

Get Free Running Money

wealth--giving
readers all
the tactics,
strategies,
and know-how
to live
longer,
healthier,
more lucrative
lives. The
same
principles

Get Free Running Money

that allow us to achieve a better body will allow us to do the same for our investment portfolio. For instance, physical and financial stability

Get Free Running Money

comes down to the same equation:

Inflow versus outflow. Do we burn more calories than we ingest?

Likewise, are we making more money than we spend? The

Get Free Running Money

authors detail scientific ways to improve our behavior so that the answers tilt in the readers' favor. They also offer ways to beat

Get Free Running Money

the system by automating how we do things and limiting our decisions in the face of too much food or too much debt. Chatzky and Roizen provide a plan for both

Get Free Running Money

financial independence and biological strength with action steps to get you there.

retirement.
With the
philosophy

Get Free Running Money

that money allows choices, she shows readers how to become informed, wise investors--avoiding common pitfalls, challenging the status quo, and

Get Free Running Money

refusing to take advice blindly. No one wants to run out of money before they run out of time, and Botsford helps restore confidence in members of the

Get Free Running Money

Baby-Boom generation who may have lost assets during the financial crisis. With a thorough examination of the transition into retirement, she addresses

Get Free Running Money

common concerns such as "Do I have enough money to last a lifetime?"

"What about my spouse and children?"

"Will Social Security be there when I

Get Free Running Money

am eligible to receive it?"

and "What about

Medicare, health

insurance?"

From a chapter titled

"Economics 101" to

detailed

analyses of market patterns, the author exposes the failures inherent in traditional methods of asset allocation. With comprehensive

Get Free Running Money

explanations of investment strategies, she helps readers adopt a new philosophy about their finances and retirement planning in order to

protect their hard-earned money.

A brilliant investor, a born raconteur and an overall smart-ass,

Get Free Running Money

Andy Kessler pulls back the curtain on the world of hedge funds and shows how the guys who run big money think, talk and act. Following on the success of *Wall Street Meat*, his self-published book on the lives

Get Free Running Money

of Wall Street stock analysts, Andy Kessler recounts his years as an extraordinarily successful hedge fund manager. To run a successful hedge fund you must have an investing edge --

Get Free Running Money

that special insight that allows you to reap greater returns for your clients and yourself. A quick study, Kessler gets an education in investing from some fascinating and quirky

Get Free Running Money

personalities. Eventually he works out his own insight into the world economy, a powerful lens that reveals to him hidden value in seemingly negative trends. Focussing on margin surplus,

Get Free Running Money

Kessler comes to see that current American economy, at the apex of the information revolution, is not so different from the British economy at the height of the industrial

Get Free Running Money

revolution.

Drawing out the parallels he develops a powerful investing tool which he shares with readers.

Contrarian and confident, Kessler made a fortune applying his ideas

Get Free Running Money

to his hedge fund. Which only proves that they may not be as crazy as they sound. In tough economic times, conventional jobs can be hard to find. A home-based business could be the

Get Free Running Money

answer for many people. Making Money from Home compares the cost of working outside the home with the benefits of working from home. It provides readers with the tools they need to

Get Free Running Money

run a successful home business, such as time management advice, details on the foundations of a solid business, tips on marketing goods and services, legal issues to consider, and information

Get Free Running Money

on how to use the Internet effectively and how to create a business plan. Unlike other dry business books, this refreshing, straightforward guide from Logo Design Love author and

Get Free Running Money

international designer David Airey answers the questions all designers have when first starting out on their own. In fact, the book was inspired by the many questions David receives every day

Get Free Running Money

from the more than 600,000 designers who visit his three blogs (Logo Design Love, Identity Designed, and DavidAirey.com) each month. How do I find new clients? How

Get Free Running Money

much should I charge for my design work?

When should I say no to a client?

How do I handle difficult clients?

What should I be sure to include in my contracts?

David's readers—a passionate and

group—regularly
ask him these
questions and
many more on
how to launch and

With this book,
David finally

chance to learn the stock-picking strategies from a leading money-manager. About the author Anthony Bolton left Cambridge University with a degree in engineering to begin a career in the City. He started as a graduate

Get Free Running Money

trainee working for Keyser Ullmann in 1971 before taking up a full time position as an assistant in their investment department. In 1976 he moved to Schlesingers where he became, for the first time, an investment manager. In 1979,

Get Free Running Money

aged 29, he was recruited by Fidelity, the international fund management group, as one of its first London-based investment managers, a move that proved to be the launch of a long and successful career. In surveys of professional

Get Free Running Money

investors, he is regularly voted the fund manager most respected by his peers. He retired from full-time investment management at the end of 2007, but continues to work at Fidelity as a mentor of the analysts and younger fund
