When Bush came to office in 2001, the 10-year budget balance was officially projected to be at a surplus of \$5.6 trillion. But after three big tax cuts, the bursting of the stock-market bubble, and the devastating effects of 9/11 on the economy, the surplus has evaporated, and the deficit is expected to grow to \$ 5-trillion over the next decade. The domestic deficit is only the half of it. Given our \$500 billion trade deficit and our anemic savings rate, we depend on an unprecedented \$2 billion of foreign capital every working day. If foreign confidence were to wane, this could lead to the dreaded hard landing. Peter G. Peterson--a lifelong Republican, chairman of the Blackstone Group, and former secretary of commerce under Nixon--shatters the myths with hard facts and a harrowing view of the twin deficit's real impact. Republicans and Democrats alike have mortgaged America's future through reckless tax cuts, out-of-control spending and Enron-style accounting in Congress. And the situation will only get worse as the Baby Boom generation begins to retire, making unprecedented demands on entitlement programs like Social Security and Medicare. Despite what Bush says, we are on a path that could end in economic meltdown, and we simply cannot grow out of the deficit. In Running On Empty, Peterson sounds the warning bell and prescribes a set of detailed solutions which, if implemented early, will prevent the need for draconian measures later. He takes us behind the politicians' smoke-and-mirror games, and forcefully explains what we must do to rescue the future of our country.

In her delightful debut, Balzo puts a 21st-century spin on the traditional cozy, replacing tea with coffee as the comfort beverage of choice. Maggy Thorsen, a divorcée whose husband left her for his 24-year-old dental hygienist, and two women friends are eager to open a coffee shop, Uncommon Grounds, in the small Wisconsin town of Brookhills, whose inhabitants include such recognizable types as the local gossip and tennis moms. In a world where Starbuck's and other chains are ubiquitous, Maggy and her friends have their work cut out for them. The challenge becomes even greater when Maggy discovers the body of one of her partners, Patricia Harper, on the floor of their coffee shop. Determined to find out who killed Patricia and why, Maggy delves into the mystery with a sense of humor that would make Miss Marple smile. In her search for the truth, she works with, and sometimes against, the new and unpredictable county sheriff, Jake Pavlik—and uncovers at considerable personal risk the secrets of some of the town’s most prominent citizens. Readers will want to curl up with this winner with a cappuccino or maybe even a Viennese cinnamon latte. Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. "...as wonderfully rich and sharply written as anything going. What moves Balzo's book high above other writers is a sharp and often amusing skill that convinces us that this is real life and that it matters." -Chicago Tribune

Transform Your Relationships with Your Partner, Your Parents and Your Children

Here's a tip: if your ex-husband's mistress-cum-missus asks for your help in proving that he cheated on her while he was married to you, just say no.And you most certainly should not invite this new missus, Mrs. Rachel Thorsen, in for a cup of coffee. But big-hearted Maggy can't seem to help her own hospitality.Unfortunately, most unfortunately, this mistress-cum-missus disappears shortly after her coffeehouse confab with Maggy and is later found murdered...making Maggy's ex, Ted, the chief suspect.Now it's up to Maggy to discover the truth...even if it upsets her on-again, off-again relationship with the handsome Sheriff Jake Pavlik...Despite the tempting satisfaction of seeing her ex go down, Maggy knows Ted is innocent. Cheater? Most definitely. Murderer? Most definitely not. So Maggy reluctantly agrees to help him. Rachel's wealthy family, however, disagrees and spares no expense in trying to put Ted behind bars.

"How did I get here?" These are the words of many Christian men on the brink of burnout or in the midst of breakdown. They are exhausted, depressed, anxious, stressed, and joyless. Their time is spent doing many good things, but their pace is unsustainable—lacking the rest, readjustment, and recalibration everyone needs on a regular basis. But there is good news: God has graciously provided a way for men to reset their lives at a more sustainable pace. Drawing on his own experiences—and time spent with other men who have also experienced burnout—pastor David Murray offers weary men hope for the future, helping them identify the warning signs of burnout and offering practical strategies for developing patterns that help them live a grace-paced life and reach the finish line with their joy intact.

A mother's search for the son she gave up uncovers terrifying secrets in a Minnesota town in this “masterfully depicted true-crime tale” (Publishers Weekly). In 1962, Jerry Sherwood gave up her newborn son, Dennis, for adoption. Twenty years later, she set out to find him—only to discover he had died before his fourth birthday. The immediate cause was peritonitis, but the coroner had never decided the mode of death, writing “deferred” rather than indicate accident, natural causes, or homicide. This he did even though the autopsy photos showed Dennis covered from head to toe in ugly bruises, his clenched fists and twisted facial expression suggesting he had died writhing in pain. Harold and Lois Jurgens, a middle-class, churchgoing couple in picturesque White Bear Lake, Minnesota, had adopted Dennis and five other foster children. To all appearances, they were a normal midwestern family, but Jerry suspected that something sinister had happened in the Jurgens household. She demanded to know the truth about her son's death. Why did authorities dismiss evidence that marked Dennis as an endangered child? Could Lois Jurgens's brother, a local police lieutenant, have interfered in the investigation? And most disturbing of all, why had so many people who'd witnessed Lois's brutal treatment of her children stay silent for so long? Determined to find answers, local detectives and prosecutors rebuild the case brick by brick, finally exposing the shocking truth behind a nightmare in suburbia. A finalist for the Edgar Award, A Death in White Bear Lake is “a distinguished entry in the annals of crime documentary,” and a vivid portrait of the all-American town that harbored a sadistic killer (The Washington Post).

FRESH PERSPECTIVE ON THE AMERICAN REVOLUTION First it's a musical that highlights the emotions of the worst break up the world has ever seen (obviously, this is not about you and your dramatic high school years). It is about the American Colonies breaking up with King George's British Empire. The Declaration of Independence is the longest "dear john letter" ever written. Needless to say, the King does not take the break up and the 27 reasons, well. Secondly, a lot happens between Valley Forge and the Surrender at Yorktown that is not commonly known. From an army that barely survives to beating the best army in the world. Most of the dramatic events occurred in the Southern Continental Army under the leadership of Major General Nathanael Greene. Nathanael Greene was an unlikely soldier never mind that he becomes George Washington favorite General. He was brought up by a Quaker Preacher who was against fighting; has a limp that embarrasses the Rhode Island Kentish Guards; has asthma; was self-taught; and was from the smallest state, Rhode Island. He persevered through tough times that included personnel illness, shortages, disease, and bad weather. He took command of the Southern Army after two devastating defeats. He rebuilt the army and used unorthodox strategies to turn defeats into victories. He removed Cornwallis' Army from the Carolina's fleeing to Yorktown with the remaining 50%. Cornwallis' surrender leads to the Constitution, the Bill of Rights and the ideals of America. Nathanael's wife, Caty, played an integral part of the Revolution. Later on she becomes a business partner to Eli Whitney making her the "mother" of the American Industrial Revolution. The story is set to some of the greatest songs (adapted) of our time from start to finish. The classics include: Sweet Caroline; Livin' On A Prayer; We Are The Champions; Thriller; Papa Don't Preach; Running On Empty; Who Are You?; Hungry Like The Wolf; Fernando and many more. The Inner Truth Adventure

Approaching Empty

The state of Wisconsin has never been known for its mild winters and this particular season is no exception. But that's all good news for Maggy Thorsen and Uncommon Grounds, her newly renovated Brookhills coffeehouse. Now that Maggy and her real estate maven pal, Sarah Kingston, have finally completed the relocation of Uncommon Grounds to the town's historical train station, they've concocted just the perfect drink special to warm up the residents of Brookhills – Triple Shot, a heady coffee drink with massive doses of sugar and caffeine – during this especially cold season.And all is going well for Maggy (okay, maybe she's a little over-caffeinated, but what do you expect?) when Ward Chitown, a has-been TV personality, rolls into town in search of a long-hidden Mafia stash. And Chitown knows the stash is here because his father led the FBI bust some thirty years ago, in which three agents lost their lives...But now, it's the real estate agents in Brookhills that should be looking over their shoulders. Two of Sarah's fellow brokers were shot and left to die at the properties they were showing...and the whole town is feeling nervous, staying home with their windows drawn...When the stench of death starts to pervade Uncommon Grounds, Maggy and Sarah are forced to put all other business aside and find the killer before Sarah becomes the recipient of the murderer's third shot...

A torrential spring snowstorm leaves Maggy and her friendly (and not so friendly) neighboring tenants stuck in the strip mall where her coffeehouse, Uncommon Grounds, leases space in Brookhills, Wisconsin.Shut up in her coffeehouse with little light and no heat, Maggy looks for help from her neighbors in the plaza...but while crossing the snow-filled parking lot, Maggy nearly trips over the mall's landlord, Way Benson, who has a hatchet in his back and looks very, very dead.Since Way's plan was to evict all the tenants and sell the space to a superstore chain, the list of enemies and suspects is hardly meager. Figuring out who had the means to do it...that was going to be the tricky part.But when Way's ex-wife is also killed, the clear and obvious motive goes out the window. Then when there's another death, Maggy is scrambling to pick up the pace and solve the murder...before she's next...

Maggy Thorsen, cynic extraordinaire, has a few things to feel optimistic about lately. After her original coffeehouse, Uncommon Grounds, was destroyed in a freak May blizzard, Maggy and her best friend, Sarah Kingston, have found the perfect spot to relocate – right next to the new commuter train in Milwaukee.After successfully securing the spot, Maggy and Sarah plan to piggyback the city's celebrations for the train and re-open Uncommon Grounds on the same day. In fact, Maggy's feeling so positive, she even digs deep in her budget and hires a giant inflatable coffee cup to attract more notice to her grand reopening.All seems to be running right according to plan...until Maggy's event manager is found dead – and now Maggy must find the killer before the killer finds her!!

When we search for completeness and harmony, we usually carry along the weight of our lack of love, our old wounds, our conditioned patterns. How on earth can we hope to reach long-lasting happiness with all these burdens? How can we reach deep contentment while our complicated and painful past is seething inside of us? This book does not require any intellectual acrobatics. It carries us to the heart of our intimate lands and reveals the mechanisms that have led us to disconnect from ourselves and from the secret of our being. It is the living testimony of an inner transformation process. It is also a guide for those of us who have reached a point in time when they need to face what is alive in them, to dig into the thick layers of their fears and pains, and to discover... what never dies. In The Inner Truth Adventure, Darpan describes this journey with true, powerful, sincere words. He unveils the multiple facets of a full- edged inner dismantling process. As we venture on this path, we become free from suffering and able to incarnate our completeness.

What would Washington, Jefferson, Madison, Lincoln, the Roosevelts, Truman, and Eisenhower have done about today's federal debt crisis? America's Fiscal Constitution tells the remarkable story of fiscal heroes who imposed clear limits on the use of federal debt, limits that for two centuries were part of an unwritten constitution. Those national leaders borrowed only for extraordinary purposes and relied on well-defined budget practices to balance federal spending and revenues. That traditional fiscal constitution collapsed in 2001. Afterward -- for the first time in history -- federal elected officials cut taxes during war, funded permanent new programs entirely with debt, grew dependent on foreign creditors, and claimed that the economy could not thrive without routine federal borrowing.

For most of the nation's history, conservatives fought to restrain the growth of government by insisting that new programs be paid for with taxation, while progressives sought to preserve opportunities for people on the way up by balancing budgets. Virtually all mainstream politicians recognized that excessive debt could jeopardize private investment and national independence. With original scholarship and the benefit of experience in finance and public service, Bill White dispels common budget myths and distills practical lessons from the nation's five previous spikes in debt. America's Fiscal Constitution offers an objective and hopeful guide for people trying to make sense of the nation's current, most severe, debt crisis and its impact on their lives and our future. Wayne took a season out of his growing ministry to recharge and refocus on the truly important. He got back in touch with his life, got back in proper balance, and re-energized his spirit through Christ and came back to serve with new passion and joy. Wayne first gave this message at a Willow Creek Leadership Summit, where it was the highest-rated presentation by those in attendance.

In Far Company, we hear Cindy Hunter Morgan thinking about the many ways we carry the natural world inside of us as a kind of embedded cartography. Many of these poems commune not only with lost ancestors but also past poets. We hear conversations with Emily Dickinson, James Wright, Walt Whitman, and W. S. Merwin. These poets, who are part of Hunter Morgan's poetic lineage, are beloved figures in the far company she keeps, but the poems she writes are distinctly hers. Poet Larissa Szporluk remarked, "The poems in this collection are quiet and deceptively simple. My first response was to be amazed by a seeming innocence in delivery—straightforward, picturesque, and compassionate—that then matured like a crystal into something precious and masterful. We are left with the whole forest having met all the trees one by one. There is so much respect in this collection—respect for natural processes that include intergenerational relationships, shared territories, and myths." The poems in Far Company reveal a mind and a heart negotiating both self and world with compassion and invention. They are cinematic in the way they navigate loss, memory, dislocation, hope, and love—abstractions evoked in deeply specific and nuanced ways. There is the drone that flies over Hunter Morgan's grandparents' farm

before the house burns and the stag-handled knife in a pocket, its single blade "folded inside like a secret" on a train in Greece. But this collection is full of quieter cinema, too—a grandfather bending to cinch the girth of a horse, days "green / with snap peas and wild tendrils," and "raindrops beading like sweat / on the lips of snapdragons." The root of this book is Hunter Morgan's love for family and her love for the land her family has shared. These poems map a journey to many places, inward and outward, and engage with the natural world and the built world, moving between both of those environments in ways that acknowledge the complexities of such crossings. Often melancholic but never sentimental, this collection belongs with any reader who seeks out literature in the organic world.
