My alpha ordered me to keep away from humans. My wolf is highly unstable. Nearly feral. I can't be trusted around civilians. Certainly not with the lovely kindergarten teacher whose scent drives me wild. But she needs a fake boyfriend for a weekend wedding trip. A big guy to intimidate her ex. How can I refuse? I won't be directly disobeying an order, because it won't be a real date. It will be a nice, clean mission. We'll have separate rooms. I'll keep my wolf on a tight leash. And no matter how much I want to, I will not mark and claim the sweet human as mine...

One golden boy... Judd Jackson had it all-star football player with a college scholarship, perfect family, tons of friends, and a beautiful girlfriend. He was the most popular guy in town ... until a family secret burned it all to the ground. Now, he's the object of scorn and ridicule, and the only thing he has left is his scholarship and counting down the days until he can leave town. One goal-oriented girl... Sunny Blackfox was alone in the world, but she had big plans and big dreams to keep her occupied. She didn't have time for anyone in her life. That was, until she came to the rescue of the boy she always had a thing for. They have everything going against them, but maybe, if they are lucky, they will make it out of town after graduation together ... or maybe never.

Finding my fated mate could bring death... or worse. After years of constant criticism, I finally accept the alpha of the strongest pack—my father. It's a chance to have a new beginning... and to live on my own terms, in my own way. The first day at college, I find more than what I bargained for. My fated mate. Something that any wolf rejoices in finding. Except he's forbidden—a human. The weakest race on Earth and someone my father would kill without any hesitation. Choices must be made, and loyalties will be tested. With everything on the brink of destruction, only one thing is certain - my life will never be the same again.

In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.

It started with a spark... Everything changed when I met Dominic. My heart had just been broken, split into jagged fragments that can jigsaw together to make me look enough like a normal, happy person. And where he leads me, I have no choice but to follow. Deeply intense and romantic, provocative and sensual, FIRE AFTER DARK will take you to a place where love and sex are liberated from their limits. Fans of E. L. James and Sylvia Day will find themselves kept awake late into the night with FIRE AFTER DARK...

You're beautiful and kind and very smart. But best of all, you're mine. Do you remember the stories your Grandma used to tell you every night about cursed beasts, village beauties, girls in red capes and wolves in disguises? Well, maybe, just maybe... they actually do happen. Maybe, beasts do exist. They do. I would know. I am bound to one. Whom, you may ask? Well, I am mated to the Alpha King. How? You will see. You will live through it with me. I am Thea Anderson. I am just like any one of you, human, alive, and breathing. But unlike any one of you, I've stumbled upon a world that unit yesterday... I couldn't even fathom into existence. This is my story.

Every killer has a weakness. She's the one woman I can't have. She's forbidden to the Hellfire men. Yet after one look in her honey eyes, I need to carve myself into her soul so deeply, Sadie will never forget she's mine. Nobody else sees through her facade. She's a mess of contradictions. Full of jagged edges that threaten to pull me apart at the seams and unleash the beast who lurks beneath my skin. I'll be her shelter through the storm. I can't resist her fire and rebellion. But when she's threatened by my enemies, I'll risk everything to keep her safe from the man who seeks to use her as a weapon against me. Even if it costs me my humanity. Shielded Wrongs is a full-length standalone novel with an HEA, but the series presents a better reading experience when following the suggested reading order. A kinky Prime Minister, a vanilla intern, and a scandal that shouldn't feel so right or cost so much. Gavin: Ellie Montague is smart, sensitive, and so gorgeous it hurts to look at her. She's also an intern in my office. The office of the Prime Minister of Canada.* That's me. The PM. She calls me that because when she calls me Sir, I get hard and she gets flustered, and as long as she's my intern, I can't twist my hands in her strawberry-blonde hair and show her what else I'd like her to do with that pretty pink mouth.** Ellie: How much I like the PM varies on a daily basis. He's intense, controlling, and a perfectionist in every way—and he demands the same of his staff. How much I want him never wavers. There's something about him that tugs at me deep inside, and makes me wish that just once he'd cross the line in a late night work session. I'd take that secret to the grave if it meant I got a taste of the barely restrained beast inside him.*** . . . FOOTNOTES: * This is a fictional romance. No prime ministers or interns were harmed in the making of this book. ** Except it's a kinky romance, so they were hurt a little. *** Spoiler alert: she gets more than a taste. And she likes it.

Everyone wants revenge. That's what I tell my new would-be partner in crime, Sadie Scott. "You're crazy." "You're crazy," she says. "Certifiably insane." Just a little. But isn't everyone a little crazy? "And I'm gonna get the hell away from you as fast as I can." She's so cute when she's defiant. "As soon as I get my memory back and figure out who I am." Yeah. That little problem is definitely working in my favor. "So stay away from me, Thomas Brooks. Or I will..." She'll what? We're perfect for each other and she knows it. But if she needs a little more convincing... Well, there's a friend of mine she needs to meet. He's very convincing. Yes, Sadie Scott, you're mine now. We were made to be together. Body, mind, and soul. We were made to be together. Just the three of us. Together. Forever.

ONLY MURDER (a Sadie Price FBI Suspense Thriller—Book 1) is the debut novel in a new series by mystery and suspense author Rylie Dark. Special Agent Sadie Price, a 29-year-old rising star in the FBI's BAU unit, stuns her colleagues by requesting reassignment to the FBI's remote Alaskan field office. Back in her home state, a place she vowed she would never return, Sadie, running from a secret in her recent past and back into her old one, finds herself facing her demons—including her sister's unsolved murder—while assigned to hunt down a new serial killer. Two women are found dead in a remote area of Northern Alaska, near Sadie's hometown, floating under the ice, their bodies preserved, much the same way Sadie's own murdered sister was found—a memory that still plagues her. The case strikes way too close to home, blurring Sadie's judgment, stirring up memories of her estranged father and murdered sister, memories she's not ready to grapple with. This part of Alaska—icy, tough, remote, populated by outcasts—proves impenetrable even for a seasoned FBI agent like Sadie. The killer, matching his landscape, is more sinister and smart than anyone Sadie has encountered. Amidst the perplexing clues, Sadie remains sure of only one thing: he will strike again. Against her wishes, Sadie must team up with Sheriff Logan Cooper—single, begrudging, and with a dark past of his own. Together, they must enter the canals of this killer's twisted mind and seek help from the locals, however hostile, to solve the pattern of these murders before another girl turns up dead. With a major storm coming, can Sadie solve the murders before it's too late? Or will she end up as the next body floating under the ice? An action-packed page-turner, the SADIE PRICE series is a riveting crime thriller, jammed with suspense, surprises and twists and turns that you won't see coming. It will have you fall in love with a brilliant and scarred new character, while challenging you, amidst a barren landscape, to solve an impenetrable crime.
