

## Salvation The Salvation Sequence

Capitalizing on the increasing popularity of infographics and a growing interest in accessible, understandable teaching on theology, Visual Theology by Tim Challies and Josh Byers teaches timeless, historic, biblical truth in a fresh and vibrant way that that will capture your interest and ignite your imagination.

**MIGNOLA! GIBBONS! NOWLAN!** One of the most memorable Aliens tales ever told, now available as a premier-edition hardcover! When the most pious crewman aboard the Nova Maru is forced to abandon ship with his mad captain, the two are marooned on an inhospitable and remote world—and they're not alone . . . \*Back in print for the first time in over a decade!

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

Revenger is a rocket-fueled tale of space pirates, buried treasure, and phantom weapons, of unspeakable hazards and single-minded heroism. . . and of vengeance. . . Adrana and Fura Ness are the newest crew members of the legendary Captain Rackamore's ship, using their mysterious powers as Bone Readers to find clues about their next score. But there might be more waiting for them in space than adventure and fortune: the fabled and feared Bosa Sennen, in particular. The galaxy is filled with treasures. . . if you have the courage to find them.

Defenseless

The Void Trilogy 3-Book Bundle

Authorized King James Version

A Story of Science and Salvation

Judas Unchained

In Peter F. Hamilton and Gareth L. Powell's action-packed sci-fi adventure LIGHT CHASER, love powerful enough to transcend death can bring down an entire empire. Amahle is a Chaser – one of a number of explorers, who travel the universe alone (except for their AI), trading trinkets for life stories. But when she listens to the stories sent down through the ages she hears the same voice talking directly to her from different times and on different worlds. She comes to understand that something terrible is happening, and only she is in a position to do anything about it. And it will cost everything to put it right. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Reviewers exhaust superlatives when it comes to the science fiction of Peter F. Hamilton: complex and engaging novels, which span thousands of years—and light-years—are as intellectually stimulating as they are emotionally fulfilling. Now, with The Dreaming Voice, the first volume in a trilogy set in the same far-future as his acclaimed Commonwealth saga, Hamilton has created his most ambitious and gripping space epic yet. The year is 3580, a hundred years after Commonwealth forces barely staved off human extinction in a war with the alien Prime. Now an even greater danger has surfaced: a threat to the existence of the universe itself. At the very heart of the galaxy is the Void, a self-contained microuniverse that cannot be breached, cannot be destroyed, and cannot be stopped as it steadily expands in all directions, consuming everything in its path: planets, stars, civilizations. The Void has e

for untold millions of years. Even the oldest and most technologically advanced of the sentient races, the Raiel, do not know its origin, its makers, or its purpose. But then Inigo, an astrophysicist studying the Void, begins dreaming of human beings who live within it. His dreams reveal a world in which thoughts become actions and dreams become reality. In the Void, Inigo sees paradise. Thanks to the gaiafield, a neural entanglement wired into most humans, Inigo's dreams are shared by hundreds of millions—and a religion, the Living Dreams, is born, with Inigo as its prophet. But then he vanishes. Suddenly there is a new wave of Living Dreams broadcast by an unknown Second Dreamer serve as the inspiration for a mass Pilgrimage into the Void. But there is a chance that by attempting to enter the Void, the Pilgrimage will trigger a catastrophic expansion, an accelerated devourment phase that will swallow thousands of worlds. And thus begins a desperate race to find Inigo and the mysterious Second Dreamer. Some seek to prevent the Pilgrimage; others to speed its progress—while within the Void, a supreme entity has turned its gaze, for the first time, outward. . . . BONUS: This edition includes an excerpt from Peter F. Hamilton's *The Temporal Void*.

Know your enemy - or be defeated. AD 2204 An alien shipwreck is discovered on a planet at the very limits of human expansion - so Security Director Feriton Kayne selects a team to investigate. The ship's sinister cargo not only raises bewildering questions, but could also foreshadow humanity's extinction. It will be up to the team to bring back answers, and the consequences of this voyage will change everything. Back on Earth, we can now make life bloom and extend lifespans indefinitely, so humanity seems invulnerable. We therefore warmly welcomed the Olyx to Earth when they contacted us. They needed fuel for their pilgrimage across the galaxy - and in exchange they helped us advance our technology. But were they a blessing or a curse? THE FAR FUTURE Many lightyears from Earth, Dellian and his clan of genetically engineered soldiers are raised with one goal. They must confront and destroy their ancient adversary. The enemy caused mankind to flee across the galaxy and they hunt for it. If they aren't stopped, we will be wiped out - and we're running out of time. Salvation is the title in a stunning science fiction trilogy, the *Salvation Sequence*, by Peter F. Hamilton. BONUS: This edition contains Peter F. Hamilton's short story, *If At First...* Exposed as the Second Dreamer, Araminta has become the target of a galaxywide search by others equally determined to prevent—or facilitate—the pilgrimage into the Void. An indestructible microuniverse, the Void may contain paradise, but it is also a deadly threat. For the reality that exists inside its boundaries demands energy drawn from planets, stars, galaxies—from the very life that lives. Meanwhile, the story of Edeard, the Waterwalker, continues to unfold. With time running out, Inigo, the First Dreamer, must decide whether to release Edeard's dangerous dream. And Araminta must choose whether to run from her responsibilities or face them head-on with no guarantee of success or survival. But all these choices may be for naught if the time when a rival faction enters the Void. For it is not paradise she seeks there, but dominion.

A Novel

*The Temporal Void*

*Revenger*

*Indian Horse*

*The Secret Throne*

Space is not the only void... In AD 2600 the human race is finally beginning to realize its full potential. Hundreds of colonized planets scattered across the galaxy host a multitude of prosperous and wildly diverse cultures. Genetic engineering has pushed evolution far beyond nature's boundaries, defeating disease and producing extraordinary spaceborn creatures. Huge fleets of

sentient trader starships thrive on the wealth created by the industrialization of entire star systems. And throughout inhabited space the Confederation Navy keeps the peace. A true golden age is just out of our grasp. But now something has gone catastrophically wrong. On a primitive colony planet a renegade criminal's chance encounter with an utterly alien entity unleashes the most primal of our fears. An extinct race which inhabited the galaxy aeons ago called it "The Reality Dysfunction." THE REALITY DYSFUNCTION is a modern classic of science fiction, an extraordinary feat of storytelling on an epic scale.

WALL STREET JOURNAL BESTSELLER • "An interstellar suspense thriller . . . sweeping in scope and emotional range."—San Antonio Express-News In the star-spanning civilization known as the Intersolar Commonwealth, twenty-three planets have fallen victim to the Prime, a technologically advanced alien species genetically hardwired to exterminate all other forms of life. But the Prime is not the only threat. The Starflyer, an alien with mind-control abilities impossible to detect or resist, has secretly infiltrated the Commonwealth and is sabotaging the war effort. Is the Starflyer allied with the Prime, or has it orchestrated a fight to the death between the two species for its own agenda? Caught between two deadly enemies, the fractious Commonwealth must unite as never before. This will be humanity's finest hour—or its last gasp. Praise for Judas Unchained, the sequel to Pandora's Star "Bristles with the energy of golden age SF, but the style and characterizations are polished and modern."—SF Site "You're in for quite a ride."—The Santa Fe New Mexican "The reader is left breathless in amazement."—SFRevu

A century of Russian artistic genius, including literature, art, music and dance, within the dynamic cultural ecosystem that shaped it.

Peter F. Hamilton's extraordinary far-future epics recall the golden age of science fiction, as practiced by Isaac Asimov and Robert Heinlein. Nowhere is that legacy more in evidence than in the Void Trilogy. Taking place twelve hundred years after the events of Hamilton's Commonwealth novels, *The Dreaming Void*, *The Temporal Void*, and *The Evolutionary Void* are Hamilton at his most ambitious and daringly imaginative—and now all three are together for the first time in this addictive eBook bundle. Contains an exhilarating preview of Peter F. Hamilton's highly anticipated novel, *The Abyss Beyond Dreams*, set in the same universe as *The Void Trilogy*. THE DREAMING VOID THE TEMPORAL VOID THE EVOLUTIONARY VOID The year is 3589. At the very heart of the galaxy is the Void, a self-contained microuniverse that cannot be stopped as it expands in all directions, consuming everything in its path. Even the oldest and most technologically advanced of the galaxy's sentient races, the Raiel, do not know its origin or its purpose. Then Inigo, an astrophysicist, begins having vivid dreams. Inside the Void, Inigo sees paradise. Thanks to the gaiafield, a neural entanglement wired into most humans, those dreams are shared by hundreds of millions—and a religion, the Living Dream, is born, with Inigo as its prophet. But then he vanishes. A new wave of dreams broadcast by an unknown Second Dreamer serves as the impetus for a religious Pilgrimage into the Void, which could trigger an accelerated devourment phase that will swallow thousands of worlds. Thus begins a desperate race to find Inigo and avert catastrophe. Praise for the Void Trilogy *The Dreaming Void* "Peter F. Hamilton is the owner of the most powerful imagination in science fiction, author of immense, complex far-future sagas. *The Dreaming Void* is his best yet."—Ken Follett "A real spellbinder from a master storyteller . . . dozens of scenarios, a superbly well-delineated cast of thousands, plotting enough to delight the most Machiavellian of readers."—Kirkus Reviews (starred review) "Amazing storytelling . . . Hamilton is the clear heir to Heinlein in my view."—Marc Andreessen, founder, Netscape *The Temporal Void* "Fusing elements of hard SF with adventure fantasy tropes, Hamilton has singlehandedly raised the bar for grand-scale speculative storytelling."—Publishers Weekly "A great, sprawling, ripping yarn reminiscent of Golden Age Science Fiction."—SF Crowsnest "A gripping story, with the fates of two universes at stake."—SF Site *The Evolutionary Void* "Satisfying and powerful . . . Space Opera doesn't get much more epic than Peter F. Hamilton, something proven in spades in *The Evolutionary Void*."—SFFWorld "Spice

with plenty of action and intrigue.”—San Jose Mercury News “The author’s mastery of the art ‘big story’ earns him a place among the leading authors of dynastic SF.”—Library Journal

Light Chaser

The Naked God is the brilliant climax to Peter F. Hamilton's awe-inspiring Night's Dawn Trilogy, a space opera that is “big, boisterous, and has something for everyone” (Science Fiction Weekly). As the Confederation begins to collapse politically and economically, the “possessed” insidiously infiltrate more and more worlds. Meanwhile, Quinn Dexter is loose on Earth, destroying the giant arcologies one at a time. As Louise Kavanagh tries to track him down, she manages to acquire some strange and powerful allies whose goals don't quite match her own. The campaign to liberate Mortonridge from the possessed degenerates into a horrendous land battle, the kind which hasn't been seen by humankind for six hundred years. And finally, Joshua Calvert and Syrinx race to fly their starships on a mission to find the Sleeping God — which an alien race believes holds the key to overthrowing the possessed.

“Elements of space opera, Straubesque horror and adrenaline-laced action make this a demanding, rewarding read.” —Publishers Weekly on The Reality Dysfunction The Night's Dawn Trilogy The Reality Dysfunction The Neutronium Alchemist The Naked God

Set in the near-future, over three hundred years before Pandora's Star and Judas Unchained, Peter F.

Hamilton's Misspent Youth is a gripping introduction to the world of the Commonwealth Saga. Jeff Baker is granted the gift of eternal youth. However, it's not all it seems . . . It is 2040 and, after decades of research, we can finally rejuvenate a human being. At seventy-eight years old, Jeff Baker — renowned inventor and philanthropist — has given the world much of his creative genius. He's therefore selected as first choice for this gift. At first, rejuvenation feels like a miracle, until the glow begins to fade. Personal relationships start to break down and the world waits for more brilliant new work. Living the dream will come at a cost, but can Jeff pay the price? ‘The owner of the most powerful imagination in science fiction’ — Ken Follett ‘Hamilton handles massive ideas with enviable ease’ — Guardian

In Exodus 34 Moses asks to see God's glory, and God reveals himself as a God who is merciful and just. James Hamilton Jr. contends that from this passage comes a biblical theology that unites the meta-narrative of Scripture under one central theme: God's glory in salvation through judgment. Hamilton begins in the Old Testament by showing that Israel was saved through God's judgment on the Egyptians and the Caananites. God was glorified through both his judgment and mercy, accorded in salvation to Israel. The New Testament unfolds the ultimate display of God's glory in justice and mercy, as it was God's righteous judgment shown on the cross that brought us salvation. God's glory in salvation through judgment will be shown at the end of time, when Christ returns to judge his enemies and save all who have called on his name. Hamilton moves through the Bible book by book, showing that there is one theological center to the whole Bible. The volume's systematic method and scope make it a unique resource for pastors, professors, and students.

When a man about to leave his wife is found murdered and the wife has a too-convenient alibi that convinces a smitten lead detective of her innocence, Professor Manabu Yukawa is tapped by a concerned Kaoru Utsumi to solve a seemingly impossible case. By the author of The Devotion of Suspect X. 50,000 first printing.

The Dreaming Void

**Humanity's complex relationship with technology spirals out of control in this first book of an all-new series from “the owner of the most powerful imagination in**

science fiction” (Ken Follett). “How far ‘space opera’ has come! The Old Masters of sci-fi would admire the scope and sweep of Salvation.”—The Wall Street Journal In the year 2204, humanity is expanding into the wider galaxy in leaps and bounds. Cutting-edge technology of linked jump gates has rendered most forms of transportation—including starships—virtually obsolete. Every place on Earth, every distant planet humankind has settled, is now merely a step away from any other. All seems wonderful—until a crashed alien spaceship of unknown origin is found on a newly located world eighty-nine light-years from Earth, carrying a cargo as strange as it is horrifying. To assess the potential of the threat, a high-powered team is dispatched to investigate. But one of them may not be all they seem. . . . Bursting with tension and big ideas, Peter F. Hamilton’s Salvation is the first book of an all-new series that highlights the inventiveness of an author at the top of his game. Praise for Salvation “[A] vast, intricate sci-fi showstopper . . . The journey grips just as hard as the reveal.”—Daily Mail (U.K.) “Exciting, wildly imaginative and quite possibly Hamilton’s best book to date.”—SFX “Dynamic, multifaceted characters, strong mind-expanding concepts, and impressive flair for language [make Salvation a] rare celestial event. . . . One of Britain’s bestselling sci-fi authors has launched an addictive new book as the initial stage of what is sure to be an intriguing new series called the Salvation Sequence.”—SyFyWire “Peter Hamilton just keeps getting better and better with each book, more assured and more craftsmanly adroit, and more inventive. [Salvation is] a bravura performance from start to finish. . . . Hamilton is juggling chainsaws while simultaneously doing needlepoint over a shark tank. It’s a virtuoso treat, and I for one can hardly wait for Salvation Lost.”—Paul Di Filippo, Locus “Peter F. Hamilton is known as one of the world’s greatest sci-fi writers for a reason. . . . Salvation is well worth the effort and a great introduction to some good old-fashioned space opera.”—Fantasy Book Review

**WINNER OF THE PULITZER PRIZE** • Winner of The New York Public Library’s Helen Bernstein Book Award • “A new classic of science reporting.”—The New York Times The riveting true story of a small town ravaged by industrial pollution, Toms River melds hard-hitting investigative reporting, a fascinating scientific detective story, and an unforgettable cast of characters into a sweeping narrative in the tradition of *A Civil Action*, *The Emperor of All Maladies*, and *The Immortal Life of Henrietta Lacks*. One of New Jersey’s seemingly innumerable quiet seaside towns, Toms River became the unlikely setting for a decades-long drama that culminated in 2001 with one of the largest legal settlements in the annals of toxic dumping. A town that would rather have been known for its Little League World Series champions ended up making history for an entirely different reason: a notorious cluster of childhood cancers scientifically linked to local air and water pollution. For years, large chemical companies had been using Toms River as their private dumping ground, burying tens of thousands of leaky drums in open pits and discharging billions of gallons of acid-laced wastewater into the town’s namesake river. In an astonishing feat of investigative reporting, prize-winning journalist Dan Fagin recounts the sixty-year saga of rampant pollution and inadequate oversight

that made Toms River a cautionary example for fast-growing industrial towns from South Jersey to South China. He tells the stories of the pioneering scientists and physicians who first identified pollutants as a cause of cancer, and brings to life the everyday heroes in Toms River who struggled for justice: a young boy whose cherubic smile belied the fast-growing tumors that had decimated his body from birth; a nurse who fought to bring the alarming incidence of childhood cancers to the attention of authorities who didn't want to listen; and a mother whose love for her stricken child transformed her into a tenacious advocate for change. A gripping human drama rooted in a centuries-old scientific quest, Toms River is a tale of dumpers at midnight and deceptions in broad daylight, of corporate avarice and government neglect, and of a few brave individuals who refused to keep silent until the truth was exposed. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND KIRKUS REVIEWS** "A thrilling journey full of twists and turns, Toms River is essential reading for our times. Dan Fagin handles topics of great complexity with the dexterity of a scholar, the honesty of a journalist, and the dramatic skill of a novelist."—Siddhartha Mukherjee, M.D., author of the Pulitzer Prize-winning *The Emperor of All Maladies* "A complex tale of powerful industry, local politics, water rights, epidemiology, public health and cancer in a gripping, page-turning environmental thriller."—NPR "Unstoppable reading."—The Philadelphia Inquirer "Meticulously researched and compellingly recounted . . . It's every bit as important—and as well-written—as *A Civil Action* and *The Immortal Life of Henrietta Lacks*."—The Star-Ledger "Fascinating . . . a gripping environmental thriller."—Kirkus Reviews (starred review) "An honest, thoroughly researched, intelligently written book."—Slate "[A] hard-hitting account . . . a triumph."—Nature "Absorbing and thoughtful."—USA Today

The planet *Bienvenido* is in crisis. It has finally escaped the Void, emerging into regular space. But it's millions of light-years from Commonwealth assistance, and humans are battling the Fallers for control of their world. This rapacious adversary, evolved to destroy all sentient life, has infiltrated every level of human society - hijacking unwilling bodies so its citizens fear their leaders, friends and family. A mysterious figure known as the Warrior Angel leads a desperate resistance. She's helped by forbidden Commonwealth technology, which gives her a crucial edge. But the government obstructs the Angel's efforts at every turn, blinded by prejudice and technophobia. As Fallers also prepare to attack from the skies, she might need to incite rebellion to fight this invasion. But the odds seem impossible

*The Secret Throne* is the first ever children's fantasy title from the UK's favourite sci-fi author, Peter F. Hamilton. Featuring black and white illustrations, this is the first book in the exciting *Queen of Dreams* series. Taggie and her younger sister, Jemima, are just like any other girls their age. They live with their mum, go to school, play sports and spend their holidays with their dad in the countryside. But one day, everything changes . . . when a white squirrel wearing purple glasses turns up in their lives. The next thing the sisters know, their dad has been kidnapped, and it's up to the girls to get him back. But it seems their father has been keeping some

very large secrets from his young daughters, for their dad is no ordinary man. He is an otherworldly prince in exile, and the land he should be ruling, the First Realm, has been overthrown by the King of Night. Can Taggie and Jemima find their way between the worlds to save their father, and what other secrets has he been hiding? Before long, the sisters realize that it is not just their dad's life at stake. It's the future of a whole world. Continue the adventure with *The Hunting of the Princes* and *A Voyage Through Air*.

Misspent Youth

**A First Nations former hockey star looks back on his life as he undergoes treatment for alcoholism in this novel from the author of *Dream Wheels*. Saul Indian Horse is a child when his family retreats into the woods. Among the lakes and the cedars, they attempt to reconnect with half-forgotten traditions and hide from the authorities who have been kidnapping Ojibway youth. But when winter approaches, Saul loses everything: his brother, his parents, his beloved grandmother—and then his home itself. Alone in the world and placed in a horrific boarding school, Saul is surrounded by violence and cruelty. At the urging of a priest, he finds a tentative salvation in hockey. Rising at dawn to practice alone, Saul proves determined and undeniably gifted. His intuition and vision are unmatched. His speed is remarkable. Together they open doors for him: away from the school, into an all-Ojibway amateur circuit, and finally within grasp of a professional career. Yet as Saul's victories mount, so do the indignities and the taunts, the racism and the hatred—the harshness of a world that will never welcome him, tied inexorably to the sport he loves. Spare and compact yet undeniably rich, *Indian Horse* is at once a heartbreaking account of a dark chapter in our history and a moving coming-of-age story. “Shocking and alien, valuable and true... A master of empathy.”—Jane Smiley, Pulitzer Prize-winning author of *Golden Age* “A severe yet beautiful novel.... *Indian Horse* finds the granite solidity of Wagamese's prose polished to a lustrous sheen; brisk, brief, sharp chapters propel the reader forward.”—Donna Bailey Nurse, *National Post* (Toronto)**

**A lethal virus is awoken on an abandoned spaceship in this incredibly fast-paced, claustrophobic thriller. They thought the ship would be their salvation. Zahra knew every detail of the plan. *House of Wisdom*, a massive exploration vessel, had been abandoned by the government of Earth a decade earlier, when a deadly virus broke out and killed everyone on board in a matter of hours. But now it could belong to her people if they were bold enough to take it. All they needed to do was kidnap Jaswinder Bhattacharya--the sole survivor of the tragedy, and the last person whose genetic signature would allow entry to the spaceship. But what Zahra and her crew could not know was what waited for them on the ship--a terrifying**

secret buried by the government. A threat to all of humanity that lay sleeping alongside the orbiting dead. And then they woke it up.

The Aurora Award-winning novel of a remote far-future world caught in a cycle of destruction, from the author of the Seventh Sword saga. On the distant planet of Vernier, a single day lasts an eternity. Lifetimes pass before a region fully experiences dawn, midday, and dusk. With each new daybreak comes a new generation, with no memory of the catastrophes that occurred when the sun crawled across the sky—entire civilizations scorched into oblivion. Only Vernier's "angels" possess the ancient knowledge to preserve past technologies that will save the world's population from the ruthless cycle of destruction. Knobil was born during the west of January among the herdsman, a primitive culture in which the men fight to the death to preserve their own lineage. He is also the son of an "angel," who left him the means to enter Heaven. It is an odyssey that will take Knobil among all the other peoples of his world—the beautiful but unthinking seafolk, the cruel slavers, the manipulative traders, the secretive spinsters—to a destiny he may die before embracing at the far end of December. Of epic scope, this is a novel of the struggle for survival in a hostile environment from the author of *The Reluctant Swordsman* and *Portal of a Thousand Worlds*, "an expert at producing page-turning adventure" (Locus).

Bestselling science fiction master Peter F. Hamilton delivers the first of a two-book saga set in his popular Commonwealth universe. Distinguished by deft plotting, a teeming cast of characters, dazzling scientific speculation, and imagination that brings the truly alien to life, *The Abyss Beyond Dreams* reveals Hamilton as a storyteller of astonishing ingenuity and power. The year is 3326. Nigel Sheldon, one of the founders of the Commonwealth, receives a visit from the Raiel—self-appointed guardians of the Void, the enigmatic construct at the core of the galaxy that threatens the existence of all that lives. The Raiel convince Nigel to participate in a desperate scheme to infiltrate the Void. Once inside, Nigel discovers that humans are not the only life-forms to have been sucked into the Void, where the laws of physics are subtly different and mental powers indistinguishable from magic are commonplace. The humans trapped there are afflicted by an alien species of biological mimics—the Fallers—that are intelligent but merciless killers. Yet these same aliens may hold the key to destroying the threat of the Void forever—if Nigel can uncover their secrets. As the Fallers' relentless attacks continue, and the fragile human society splinters into civil war, Nigel must uncover the secrets of the Fallers—before he is killed by the very people he has come to save. Praise for *The Abyss Beyond Dreams* "The work of an author at the top of his game."—*Science Fiction and Fantasy World* "Incredibly robust and exciting and rousing, sharing flavors of Jack Vance, John Wright, China Miéville, Orson Scott Card, and A. E. van Vogt . . . Hamilton's deployment of lots of grand super-science is utterly deft and convincing."—Locus "Solidly engrossing fare . . . The characters, always Hamilton's strength, remain as

**distinctive as ever.”—Kirkus Reviews “Everything one wants in sf—great characters, mind bending stuff, adventure, politics, romance, revolution . . . just superb.”—Fantasy Book Critic “Hamilton does a particular kind of planetary politics and space opera very well, and this is a perfect example of it. . . . [The Abyss Beyond Dreams is] a satisfying and well-oiled story, with potential for more epic adventure to come.”—Booklist**

*Money is the key to happiness. Work hard, play hard. Look out for number one. Popular culture is full of phrases like these, telling us the best way to live, the right things to buy, the right body shape to have, the right people to hang out with. These messages are everywhere we look, 24 hours a day. But what if there was another way to live? What if we chose to live differently: to stand against injustice, to live life for more than just ourselves, to dare to be unpopular? Guvna B is rebelling against the status quo, and he's calling you to join him. It's time to flip the script, to demonstrate another way to live, to find freedom in going against the grain. It's time for unpopular culture to take the stage.*

*Firefly meets The Expanse in a future where humanity has destroyed the Earth through ecological disaster and warfare, and a totalitarian state prevents any access to their home... Environmental disasters and AI armies have caused the human population of Earth to flee. They lie scattered across space stations and colonies, overcrowded and suffering. The Earth is cut off by the Interdiction Zone: a network of satellites that prevents any escape from the planet. The incredible cost of maintaining it has crippled humanity, who struggle under the totalitarian yoke of the Sol Commonwealth government. Many have been driven to the edge of society, taking any work offered, criminal and otherwise, in order to survive. The crew of the Arcus are just such people. Through the Interdiction Zone, a world of priceless artifacts awaits, provided anyone is crazy enough to make the run. With fuel running low and cred accounts even lower, the Arcus' survival might depend on taking the job. Yet on arrival on Earth, the crew discovers that what remains of their world is not as they have been told, and the truth may bring the entire Sol Commonwealth tumbling down...*

*All the best in humanity rises to meet a powerful alien threat in the sequel to Salvation—part of an all-new trilogy from “the owner of the most powerful imagination in science fiction” (Ken Follett). The comparative utopia of twenty-third-century Earth is about to go dreadfully awry when a seemingly benign alien race is abruptly revealed to be one of the worst threats humanity has ever faced. Driven by an intense religious extremism, the Olyx are determined to bring everyone to their version of God as they see it. But they may have met their match in humanity, who are not about to go gently into that good night or spend the rest of their days cowering in hiding. As human ingenuity and determination rise to the challenge, collective humanity has only one goal—to wipe this apparently undefeatable enemy from the face of creation. Even if it means playing a ridiculously long game indeed. But in a chaotic universe, it is hard to plan for every eventuality, and it is always darkest before the dawn.*

***In the distant future, corporations have become sustainable communities with their own militaries, and corporate goals have essentially replaced political ideology. On a youthful, rebellious impulse, Lawrence joined the military of a corporation that he now recognizes to be ruthless and exploitative. His only hope for escape is to earn enough money to buy his place in a better corporation. When his platoon is sent to a distant colony to quell a local resistance effort, it seems like a stroke of amazing fortune, and Lawrence plans to rob the colony of their fabled gemstone, the Fallen Dragon, to get the money he needs. However, he soon discovers that the Fallen Dragon is not a gemstone at all, but an alien life form that the local colonists have been protecting since it crashed in their area. Now, Lawrence has to decide if he will steal the alien to exploit the use of its inherent biotechnical processes -- which far exceed anything humans are capable of -- or if he will help the Resistance get the alien home. With refreshing determination and hopeful grit, humanity activates a bold endgame against an alien invasion in the finale of a series heralded as “a modern classic” (Stephen Baxter) from “one of the finest writers the genre has produced” (Gareth L. Powell). Humanity is struggling to hold out against a hostile takeover by an alien race that claims to be on a religious mission to bring all sentient life to its God at the End of Time. But while billions of cocooned humans fill the holds of the Olyix’s deadly arkships, humankind is playing an even longer game than the aliens may have anticipated. From an ultra-secret spy mission to one of the grandest battles ever seen, no strategy is off the table. Will a plan millennia in the making finally be enough to defeat this seemingly unstoppable enemy? And what secrets are the Olyix truly hiding in their most zealously protected stronghold? With his trademark optimism about humanity’s tenacity and capacity for greatness, Peter F. Hamilton wraps up this brilliant saga with a bang—and reminds us why freedom of choice is the most important freedom there is.***

***“An imaginative and stunning tale of the perfect future threatened . . . a book of epic proportions not unlike Frank Herbert’s Dune or Isaac Asimov’s Foundation trilogy.”—SFRevu*** *The year is 2380. The Intersolar Commonwealth, a sphere of stars, contains more than six hundred worlds interconnected by a web of transport “tunnels” known as wormholes. At the farthest edge of the Commonwealth, astronomer Dudley Bose observes*

*the impossible: over one thousand light-years away, a star . . . disappears. Since the location is too distant to reach by wormhole, the Second Chance, a faster-than-light spaceship commanded by Wilson Kime, a five-times-rejuvenated ex-NASA pilot, is dispatched to learn what has occurred and whether it represents a threat. Opposed to the mission are the Guardians of Selfhood, led by Bradley Johansson. Shortly after the journey begins, Kime wonders if the crew of the Second Chance has been infiltrated. But soon enough he will have other worries. Halfway across the galaxy, something truly incredible is waiting: a deadly discovery whose unleashing will threaten to destroy the Commonwealth . . . and humanity itself. "Should be high on everyone's reading list . . . You won't be able to put it down."—Nancy Pearl, NPR "Recommended . . . A large cast of characters, each with his own story, brings depth and variety to this far-future saga."—Library Journal*

*Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell*

*Fallen Dragon*

*Salvation of a Saint*

*Unpopular Culture*

*A Night Without Stars*

*Fans of military romances will love this story about finding love where you least expect it.*

*The ancient menace has finally escaped from Lalonde, shattering the Confederation's peaceful existence. Those who succumbed to it have acquired godlike powers, but now follow a far from divine gospel as they advance inexorably from world to world. On planets and asteroids, individuals battle for survival against the strange and brutal forces unleashed upon the universe. Governments teeter on the brink of anarchy, the Confederation Navy is dangerously over-stretched, and a dark messiah prepares to invoke his own version of the final Night. In such desperate times the last thing the galaxy needs is a new and terrifyingly powerful weapon. Yet Dr. Alkad Mzu is determined to retrieve the Alchemist -- so she can complete her thirty-year-old vendetta to slay a star. Which means Joshua Calvert has to find Dr Mzu and bring her back before the Alchemist can be reactivated. But he's not alone in the chase, and there are people on both sides who have their own ideas about how to use the ultimate doomsday device. THE NEUTRONIUM ALCHEMIST is the second novel in the Night's Dawn Trilogy, an extraordinary feat of storytelling on a*

*truly epic scale.*

*From The Ashes, written by Hugo Award-winning author Timothy Zahn, is an exciting all-new story set in the universe of Terminator: Salvation. In post-Judgment Day LA, two lost kids named Kyle and Star keep watch for Terminators; a jaded Marine struggles to keep his rag-tag community together in the face of unrelenting danger; and John and Kate Connor assemble their Resistance team for a brutal assault on a deadly enemy. The Intersolar Commonwealth is in turmoil and at the center of the controversy is Edeard, the Waterwalker, whose crusade against corruption, injustice and violence in the face of temptation and betrayal will test his extraordinary powers in the stunning sequel to The Dreaming Void.*

*A Detective Galileo Novel*

*The Abyss Beyond Dreams*

*The Epistle of Paul the Apostle to The Romans*

*God's Glory in Salvation through Judgment*

*Stolen Earth*

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY New York Times bestselling author Peter F. Hamilton's riveting new thriller combines the nail-biting suspense of a serial-killer investigation with clear-eyed scientific and social extrapolation to create a future that seems not merely plausible but inevitable. A century from now, thanks to a technology allowing instantaneous travel across light-years, humanity has solved its energy shortages, cleaned up the environment, and created far-flung colony worlds. The keys to this empire belong to the powerful North family—composed of successive generations of clones. Yet these clones are not identical. For one thing, genetic errors have crept in with each generation. For another, the original three clone "brothers" have gone their separate ways, and the branches of the family are now friendly rivals more than allies. Or maybe not so friendly. At least that's what the murder of a North clone in the English city of Newcastle suggests to Detective Sidney Hurst. Sid is a solid investigator who'd like nothing better than to hand off this hot potato of a case. The way he figures it, whether he solves the crime or not, he'll make enough enemies to ruin his career. Yet Sid's case is about to take an unexpected turn: because the circumstances of the murder bear an uncanny resemblance to a killing that took place years ago on the planet St. Libra, where a North clone and his entire household were slaughtered in cold blood. The convicted slayer, Angela Tramelon, has always claimed her innocence. And now it seems she may have been right. Because only the St. Libra killer could have committed the Newcastle crime. Problem is, Angela also claims that the murderer was an alien monster. Now Sid must navigate through a Byzantine minefield of competing interests within the police department and the world's political

and economic elite . . . all the while hunting down a brutal killer poised to strike again. And on St. Libra, Angela, newly released from prison, joins a mission to hunt down the elusive alien, only to learn that the line between hunter and hunted is a thin one. BONUS: This edition includes an excerpt from Peter F. Hamilton's *The Abyss Beyond Dreams*. Praise for *Great North Road* "A mesmerizing page-turner."—*Publishers Weekly* (starred review) "A gripping saga that blends wilderness survival, police procedural, political and social intrigue, and dynastic sf into a mammoth tale featuring believable characters and exceptionally skilled storytelling."—*Library Journal* (starred review) "A perfect introduction to [Hamilton's] gifts for character design, dialogue, and sheer, big-idea-driven storytelling."—*Booklist* (starred review) "Compelling and original . . . an awesome novel [with] plenty of action."—*SFRevu* "One very compelling and entertaining science fiction novel."—*SF Site* "Simply brilliant . . . an astonishing achievement."—*Tor.com*

In this handy little guide, best-selling author Fr. Donald Calloway, MIC, teaches you how to pray the Rosary well and why it matters, addressing issues such as: Why pray the Rosary? How long should a well-prayed Rosary take? What are the graces attached to praying the Rosary? How can I become a champion of the Rosary? Our Lady needs Rosary champions to help bring peace in the world. Will you answer her call to prayer?

Telepathic investigator Greg Mandel delves into the origins of a mysterious flower delivered to Julia Evans, owner of Event Horizon, that possesses genes millions of years in advance of terrestrial DNA. Reprint.
