I purchased it several months ago, lost it, and actually bought another one because I liked the format so much. Thanks to you, I'm graduating on time with my Bachelors degree. The woman in the Records office at my college looked at me and said, "Do you know how many of the students would kill to do what you just did?" I'd recommend your book to anyone who has a good understanding of the material who doesn't want to waste their time in a semester class. -Bryanna G.*

We've all been there: a new school year starts and there's 8 months till your exams - that's plenty of time, right? Then there's 6 months, 3 months, 1 month and oh, now there's 2 weeks left and you haven't started studying... What happens next is a panic-induced mayhem of highlighting everything in the textbook (without even questioning if it's actually helpful). But I'm here to help you change this! In The Only Study Guide You'll Ever Need, I'll cover a range of different topics including: · How to get started and pick up that pen · Learning techniques that actually work (hello, science of memory!) · The dos and don'ts of timetabling · And combatting fear of failure, perfectionism, exam stress and so much more! As a fellow student now at university, I definitely don't have a PhD in Exam Etiquette but this is the book younger me needed. All I wanted was one place that had a variety of tried-and-tested methods with reassurance from someone who had recently been through the education system. The Only Study Guide You'll Ever Need is just that, and I have collected the best techniques and tools I wish I'd known earlier to help you get through your studies and smash your exams! Jade x

Since we all achieved distinctions in the MRCGP exam we believed we could incorporate our revision notes on hot topics to develop a high-quality contemporary MCQ resource...This comprehensive revision aid covers the entire nMRCGP syllabus over four exam papers. It's the most up-to-date guide available for the new exam and, alongside its online resources, provides a wide-ranging tool for candidates. It's easy to read and comprehend, and exam topics are grouped in the index to make for easy reference and further study.
