

## Sanandas Teachings

Jesus Christ (Sananda) spoke to the world through Sister Thedra. These are verbatim transcripts of His words: "It is clearly written, the one who be one come to deliver thee out of bondage...remember? Was it not so written in thine 'holy book': "as with a cloud"? Let it be as with the clouds for it shall be as such. Soft...noiseless...floating majestically...beautiful to behold. Be ye blessed this day is come, when man shall see him in his face. So be it, it is so recorded that ye be prepared to receive Him."These volumes, for seekers after knowledge, take you on a journey through the cosmos and are a very important piece of the puzzle we call "LIFE"

Is Earth's crisis part of a cosmic drama? The Arcturians address this question and provide a new galactic perspective. Other planets that have been visited have also gone through the type of crisis we are now experiencing. Further, the same kinds of polarizations and conflicts have occurred during the developmental cycles of other planets throughout the galaxy. Human evolutionary change includes understanding that we are bioenergetic beings of light who possess subtle energetic bodies that interact with galactic forces. Along with other tools found in this fifth volume, the Arcturians offer a subtle-body exercise called shimmering that helps us raise our spiritual vibration. It can even be used to protect us and our auras from the coronavirus. The evolutionary changes necessary for solving this crisis must be addressed both personally and planetarily. This book offers a wide range of techniques, interventions, and explanations to help make sense of the current planetary crisis. It addresses how the reader, as a starseed, can contribute to solving planetary imbalance.

What has long remained ignored and ostracized is now available by this freshly designed and made-up book: This Phoenix-Journal #2 contains unfiltered and uncensored testimonies on dramatic occurrences in a land we know as Israel and a time of 2000 years in the past. It's a story which is staggering and touching at the same time - and may be regarded as absolutely controversial to clerical doctrine. It was under the most difficult circumstances that this script has successfully made it into the public. Jesus Immanuel recited from the introduction: "The doctrine that follows is translated from scrolls which were brought forth in thy year 1963 by a Catholic priest of Greek heritage. The writings were read to me, and I was mostly at my side. The scrolls were preserved as well as were possible at that time and hidden beneath flat stones within the tomb in which I was placed. ... This translation proves without any doubt that the false teachings of the doctrine cult religions are completely without truth. They are the irresponsible machinations of creatures without scruples who were partially hired by the 'Holy Chair'". Merely through this statement Jesus Sananda already demonstrates that he has nothing in common with the distorted images of a "milksop-softie" presented often by the church. As the book reveals He did not come forth "to bring peace, but rather to bring the sword of truth and knowledge and the power of the spirit which dwells within man". The content of this book offers clarity on what he has taught and exemplified through his life, why his name was changed into "Jesus", who were his teachers and why he took upon himself the path of crucifixion - who truly were his disciples, and many prophetic details in regard of his promise to return to us again. All is offered through words of great power and wisdom. Readers who are ready to wholeheartedly dive into the spiritual deepness of these writings will be gifted by the intense experience of insight.

He amalgamated the legend of the Persian Son of God onto Jesus' life story; The Three Wise Men were Magi priests from Persia who believed that Jesus was an incarnation of Mithras; While in India, Saint Thomas became a peacock before he died and merged with Murrugan, the Peacock Angel; The Emperor Constantine, the first 'Christian' Emperor of the Roman Empire, was a lifelong devotee of Mithras. What happens when prophecies fail? Timothy Jenkins' re-reading of Leon Festinger's classic work on "cognitive dissonance" seeks to answer this question by studying a 50s doomsday group. This volume explores the relations between anthropology and psychology, and between social scientific and natural scientific accounts of human behavior.

Since its founding by Jacques Waardenburg in 1971, Religion and Reason has been a leading forum for contributions on theories, theoretical issues and agendas related to the phenomenon and the study of religion. Topics include (among others) category formation, comparison, ethnophilosophy, hermeneutics, methodology, myth, phenomenology, philosophy of science, scientific atheism, structuralism, and theories of religion. From time to time the series publishes volumes that map the state of

the art and the history of the discipline.

Three forces must come together for a planetary healing to occur ... The concept of the Sacred Triangle was introduced in David Miller's first book, *Connecting with the Arcturians*, which explored the fifth dimension and our relationship to higher Extraterrestrial groups. This new book explains how the Arcturian energy melds with that of the White Brother/Sisterhood and the Ascended Native American Masters to bring about planetary healing. David offers the reader an understanding of the soul, the nature of soul evolution, and how the human species is advancing towards the next evolutionary step. "There will be many of you in this time who will be able to complete fantastic tasks. If I would declare to you what I see, you would be astonished that you could possibly carry out such tasks. You must think that you have the ability to do this. You have the personal power. I ask you to look at the Sacred Triangle and see what role you can play in this. Others will be very interested when you explain this mission. I guarantee you there will be a very strong contingent that will ascend together as we are invited to join you in the Crystal Temple. We are very eager to meet you there as well. This is Chief White Eagle."

What captivates learners and interests them in studying social psychology? In *Case Studies for Teaching Social Psychology* Tom Heinzen and Wind Goodfriend use brief, entertaining case stories to further enhance the historical context, evolution of, and challenges to major theories within the field. By employing a mix of unique, contemporary research and hallmark studies to illustrate classic concepts, Heinzen and Goodfriend steer students to explore new, meaningful ways of thinking about and connecting with foundational course concepts. In turn, this approach facilitates engaged conversation and deeper critical thinking both in and outside of the classroom.

The knowledge and technology to proceed with holographic healing is hereby granted to each of you who reads these words. It is not necessary to travel to distant places. With the holographic technology and skills you have been taught, you will be able to project your energies in the most direct and transformative way throughout the Earth. I ask each of you to take that part of the Earth you are familiar with and know. When you interact with that part, you can affect the whole Earth. Whatever part of that whole that is distorted can be transformed into a fifth-dimensional holographic energy. --The Arcturians

This book traces the author's journey of ascension through the seven levels of initiation, through the

process of anchoring and activating his fifty chakras, expanding to a 99-percent light quotient, then on to anchoring and fully activating all twelve bodies, which include the five higher bodies. Exactly how this is done is shared, and in-depth information is given on the workings of the inner-plane ashram under the guidance of Djwhal Khul, Lord Maitreya and Lord Melchizedek. You are invited to journey with him as he unfolds the process of his initiations, beginning at the sixth, moving through the equivalent of the tenth initiation and into the beginning of the eleventh. Written as a personal log, this book shares, in an open and candid manner, dreams, meditations, conversations with the masters, spiritual background, thoughts and reflections and actual ascension experiences.

**This book is for those people that are looking for a better explanation about why the world is going through such dramatic changes. It, also, offers those that are seeking a better way to live their life. It is my wish to share my experiences and visions of the future in a hope that it will trigger others to awaken to a fuller and more enlightened state. Love and happiness should be the goal of every individual on this planet. These truths show us that we no longer need to allow those few individuals with extreme greed to dominate our empowerment toward the future. In this time, the possibilities are there for all of us to create new realities based on respect and understanding. What are these new realities, and how are these concepts of creating new ways of being? We are no longer divided by race or religion; of course, only time will tell as we change. This book is designed to awaken, prepare, and help you to begin the process. For those who are here to be of service, time is no longer a luxury. We must all awaken to our individual dharma and do what we are here to do. As the world changes, are we going to change with it, or are we going to wallow in the fear that nothing will ever change? The choice is yours! Follow Heavenly Lessons in your spiritual life to continue on the path. Be blessed! Be**

**loved! Be happy!**

**The purpose of this information is for you to obtain the knowledge necessary to accomplish self-mastery through your own efforts, and without having to go "outside" of yourself for information. You are the Master! It is desired for you to achieve your freedom. There's been enough slavery and manipulation upon this plane, and the times have changed, and are changing. What is life? Who are you and why are you here? How can you make life what you want it to be? Are you tired of being limited, living a life of survival? You've been lied to by the world of appearances, the world you've known as truth. This text unveils an interesting path toward a solution. It is not the only path, but one that is free of illusion. What may be revealed to you, may shake your foundation. You may never see life the same again. Do you dare to be free? Do you dare to be happy? The Ultimate Experience: The Many Paths to God, subtitle: The Teachings of the Masters of Light, Book 7 has 231 pages and 22 chapters. The 18 Presenters are Masters and Lady Masters who are channeled by the author. They give their teachings on a variety of subjects. Yeshua/Jesus orchestrates the book. Lord Kuthumi speaks of Homosexual planets. Lady Guinevere sees another Camelot for the White House. Mother Mary tells us a bit about Yeshua and his fondness for seasoning her stews. Ashtar reiterates the fact that their ships protect the world and watch for any attempts to trigger nuclear war. It will never happen on their watch! Blue Star of the Pleiades makes the observation that much of humanity straddles a fence and is slow to make that decision for Ascension. He speaks of walk-ins and how many souls are opting to enter into a more mature body versus a wee baby one. Book 7 will continue to teach you of Gods world and Spirituality versus dogmatic religion. The main theme for humanity is to be flexible and to be willing to change ones outmoded belief systems.**

Channelled Teachings from Master Jesus (Sananda) and Master R (St Germain) These teachings began in 1986 and spanned a duration of 12 years, and accompanied the family's spiritual unfoldment, and were exciting, reassuring and informative, when little information was available to us. They are a real tool or foundation for those people who are looking for a basis to start out on their own spiritual path and need information that speaks clearly and very simply, which is useful when a huge array of information is presently available, and what to choose can cause confusion. The teachings comprise topics like meditation, enlightenment, spirituality, karma, reincarnation, unconditional love, raising

consciousness, the environment, and sending of light to places on the planet where there's conflict.

The book acts as a research guide and seeks to outline the historical roots of channeling, explaining its major teachings and considers its significance as a spiritual movement. It provides sources from books, booklets, articles, and ephemeral material and offers a comprehensive list of both primary and secondary materials related to channeling, the bibliography takes the most diverse and useful sources of the time.
