Collaboration and Survival in Nazi Germany

Schloss Neuschwanstein 6" X 9" Lined Notebook | Top 100 Wonders of the World Cover | Work Book, Planner, Journal, Diary 120 Pages | Createspace Independent Publishing Platform

'Artists Under Hitler' closely examines cases of artists who failed in their attempts to find accommodation in the Nazi regime as well as others whose desire for official acceptance was realised. They illuminate the complex cultural history of this period and provide haunting portraits of people facing excruciating choices and grave moral questions.

Throughout the 19th century, European royalty built extraordinary palaces to which they retreated from their "official" lives in St. Petersburg, Paris, Vienna, and elsewhere. This book offers a panorama of these fantastic estates, where leading architects, craftsmen, muralists, garden designers, and naturalists were employed at enormous expense to create a life of unsurpassed luxury. Many of the palaces are now legendary: Ludwig II's famous Neuschwanstein, which dominates the Bavarian Alps; the "Alexandra Cottage" of Peterhof, the gift of Nicholas I to his wife; the lovely Castle of Miramare built for the ill-fated Archduke Maximilian, the short-lived emperor of Mexico. The palaces are "romantic" in every sense, as creations of their time, and as places suffused with nostalgic memory. Author Jérôme Coignard provides a brief overview of each royal family and their palace's architecture and decoration, drawing on contemporary memoirs and letters. Marc Walter's color photographs are accompanied by period interior views, watercolors, and family photographs. With information on visiting hours and directions to each of the palaces, this book offers a private tour through the last courts of Europe.

Bavaria is by far the most popular destination in Germany for both international and domestic tourists. This is no real surprise since it includes such a wide

range of attractions, from historical sights to natural beauty, high culture, relaxation in world-class spas, and hiking, cycling, mountain climbing, and skiing. Castles, palaces, monasteries, churches, and historical towns abound. Its rivers offer great opportunities for watersports as well as easy cycling and hiking routes. The Alps are famous for winter sports while forested mountain ranges are scattered through Bavaria. Munich is the central attraction, with an astonishing range of excellent museums, pleasant beer gardens and beer halls, as well as numerous restaurants ranging from international fast-food chains to haute cuisine. There are classical music concerts and the original Oktoberfest is held here. Nuremberg, with its Nazi history, is also in Bavaria, as are the idyllic Alpine villages of Berchtesgaden and Garmisch-Partenkirchen, not to mention the Romantic Road, with Dinkelsbühl, Augsburg and Rothenburg ob der Tauber. We visit all the best castles (including Neuschwanstein, home of Mad King Ludwig), the museums, churches and historic sites. Cruises, concerts, town and country walks, kayaking, cycling - it's all detailed here.

Comprehensive and authoritative, this guide to Germany offers up-to-the-minute details of the ongoing changes caused by reunification, as well as providing information and advice on accommodation, restaurants and sightseeing.

The outcome of innovation processes are determined by complex, historically grown valuation practices. In this book, a wide range of innovations are taken into consideration, from small inventions like entertainment novelties to large societal changes through new technologies. The chapters observe the particular local or distributed sites in which their episodes of innovation take place, and they identify the initial dissonance among those judging a newly proposed alternative. The emphasis of the inquiry, however, is on the practices of valuation that are at work when something succeeds in being "new". The authors represent a wide variety of sub-disciplines and national backgrounds in the social sciences. They share an interest in social valuation and a pragmatist approach. The differences between their empirical evidence reflect the wide variety of appearances that valuation takes in contemporary society. They are anthropologists, economic or cultural sociologists, organization researchers, historians or political scientists. A number of chapters deals with aesthetic valuation, as in the tasting of a new vintage, or in the socio-technical process that shaped successful synthesizer sounds. Other chapters discuss the judgment processes in organizations, like architect offices or consultancy firms, and processes of evaluation and valorization in larger fields of practice, like accounting or mathematics. The studies are both of interest in their various professional fields, and contribute to a more general understanding of the social and cultural conditions under which innovations fail and succeed.

For the European traveler whose visiting several countries but skipping Eastern Europe. This book does, however, cover Prague, Budapest, as well as the Dalmatian Coast and destinations in Northern Europe.

Truly in a class of its own, *Young Michelangelo* is the most definitive and eye-opening study of the artist's early life to come from his generation. In this compelling account, renowned art historian John Spike paints a vivid portrait of one of the world's greatest artists—the places and people—Lorenzo de' Medici, Leonardo, Machiavelli—that inspired and defined his early life and career. Spike's narrative text probes the thinking, evolution, and desires of a young man whose awareness of his exceptional talent never wavered. Michelangelo's complex personality is revealed through lively examinations of the *Pietà*, the *David*, and all other major works. Drawing on a rich background of Italian Renaissance politics and culture, Spike deftly navigates the fiery Florentine master's struggle to surpass his artistic mastery, and his troubled relationships with Julius II and other key figures of the era. Praise for *Young Michelangelo*: "The most of Michelangelo's ample correspondence and the recently published records of his extensive banking transactions, Spike provides an astonishingly vivid portrait of the artist's first 33 years. It's the best life of Michelangelo I've read, and it leaves one wishing he would complete Michelangelo's life with his wonderful grasp of the artist's tenacious personality and Herculean achievement." —Fahy, John Pope-Hennessy Chairman of the Department of European Paintings at the Metropolitan Museum of Art "Tense and gripping, *Young Michelangelo* is a compelling portrait of the artist as a young man in a dangerous time." —Peter Robb, author of *The Man Who Became Caravaggio* "Spike crystallizes historical detail into vivid, memorable imagery. . . . Alternating between a detailed look at the turbulent political atmosphere and details of Michelangelo's most private moments in the sculpture studio, Spike creates

narrative that promises more intrigue than the best adventure novel."—Publishers Weekly "Spike's original and valuable approach to studying [Michelangelo's] childhood, development, and reputation as one of the greats of the Renaissance provides a deeper understanding of such a wondrous, almost mythic figure. An essential book for Renaissance collections and devotees." —Library Journal "This is an immensely readable account is essential for anyone who desires to know more about Michelangelo's formation." ~ David Alan Brown, National Gallery of Art "Spike is a masterful weaver of disparate information into a synthetic narrative. He provides a rich web of political, social, and personal contexts against which Michelangelo's early career unfolded." ~ John Hunisak, Professor of Art & Architecture, Middlebury College "Spike captures [Michelangelo's] magnetism, his drive and the sheer scale of his ambition.... As a biographer of Caravaggio, Masaccio and Fra Angelico, Spike relates Michelangelo's wanderings to his restlessness and the troubled era, from the rise of the fundamentalist preacher Savonarola in Florence to the many skirmishes provoked by Rome's bellicose papacy. The Sunday Times "No art historian has got closer to [Michelangelo] than John T Spike. The Florence-based American, whose work is his access to the artist's recently published financial accounts and consequently enhanced understanding of his dealings with patrons, is an immensely flexible writer who has produced a book of alternating pans and zooms. . . . At the same time, however, the way that Spike recounts, and his textured reconstruction of the times that his subject moved moodily through, make the artist seem more than ever before. We're left with a Michelangelo who lived on earth as a man, but also had an element of the unearthly about him. Though it probably only portends a trilogy, it's perhaps no accident that Spike's narrative ends in the artist's 33rd year." ~ The New York Times "As John T Spike argues in this crisply thorough biography, Michelangelo Buonarroti, like so many men of talent, seems to have had his own worth almost from the moment he came into the world. . . . Certainly the man Spike gives us is an altogether more wonderful than the agonised ecstatic served up by Irving Stone and Charlton Heston on the silver screen." ~ Daily Express "John T. Spike, an art historian, curator and critic, has done some impressive research to flesh out the early years of the artist's life, right up until his departure for Rome in 1508 to focus on a commission in the Sistine Chapel. The young sculptor's daunting talent and quest to earn as much money as possible are woven into the story of the Italian Renaissance and the outsized figures of the age." ~ The Washington Post "Spike, a renowned art critic, curator, and author, is the first modern writer to create such a comprehensive account of the master's life and rise to fame amid the political upheaval in the Papal States and Florentine Republic." ~ Art + Auction

Offering a comprehensive guide to economical travel in diverse regions of the world, these innovative new versions of the popular travel handbooks feature an all-new look, sidebars highlighting essential tips and facts, information on a wide range of itineraries, travel options, off-the-beaten-path adventures, expanded lodging and dining options in every price range, additional nightlife options, and cultural coverage, shopping tips, maps, 3-D topographical maps, regional culinary specialties, cost-cutting tips, and other essential information.

Here is a welcome new addition to this acclaimed travel guide series: "Pocket Adventures Germany" is a lightweight volume with heavyweight information designed to be used on the go. Packed with all the practical travel information you could ever need, from places to stay and eat, tourist information

resources, destination specific travel advice, emergency information, plus sections on history and geography that provide readers with the background knowledge essential to a thoroughly enjoyable holiday. The author's passion for the destination comes across in the lively and detailed text, which is packed with the very best and most up-to-date information. This is a must have volume for anyone really wanting to make the most of their German holiday. Color photos throughout. The author is a resident of Munich so he knows his subject well. "Of the three Germany guidebooks I used, this one was the most useful and not only because it covers so many places that the others simply ignored. Although you never get 10% off for showing this book, it has enough sensible advice on how to shave unnecessary expenses off the budget without ever feeling or acting like a cheapskate. I enjoyed the author's explanation of Germany's complex history but others may like the "History Cheat Sheet" that reduces six pages of history to a half page summary. Although the author has the ability to focus on the essentials, he (she?) drops enough fascinating tidbits to keep it interesting. I also love the explanation of major trends in German culture, arts, music, and literature. The author clearly has opinions but never treats the reader like an idiot or writes down to you in any sense. As a non-German speaker I also loved the way all German terms are translated throughout the guide not expecting me to suddenly remember what is a kirch or Schloss halfway through the book. The accommodation lists are very useful especially as it focuses on the around 80-120 per night middle to upper class hotels that suit my tastes. However, even the lower priced hotels all have private bathrooms, which to me is rather essential when on vacation.--Jane S., Amazon.com Great to see a guidebook on Germany in English by an author who realizes that Germany is more than Berlin, the Rhine, and Bavaria. Not that the well-known areas are neglected but I particularly enjoyed the wide coverage on the former East German regions.--Steven, Amazon.com
