Challenges, task and function of women, especially African women in reality of today's social order and World advancement in Education, political consciousness, Science and Technology is discussed seriously in this book. One of the greatest source of failure and frustration in life is wrong positioning. When someone is wrongly positioned, he/she cannot be reached by those who need him/her and, he/she too, can never maximise his/her potentials. The book highlight why and how African Christian women must position themselves first spiritually and then educationaly, skill wise and with virtue and moderation (standing firm in faith). The author is lending a voice to gender discrimination and violence. Also, women empowerment to curb poverty and decaying value system. Examples of women who has succeeded in this regard, globally are also given.

Many children of God would agree that God doesn't require a lot of pageantry and hoopla first to answer a truly heartfelt prayer neither does he want us to badger Him repeatedly before He grants our requests. HELP to GROW is a book that reflects a confirmation that salvation is the work of God through grace as opposed to being earned. It underscores the fact that salvation does not start and end at the point when we surrender our lives to Christ. It sure is a work that continues till we are fully conformed to the image of Christ Jesus. This is only possible through spending quality time in the place of sincere prayer and jealously gaurding your salvation daily until death comes or at rapture, whichever happens first.

Therefore, this book is a powerful prayer guide that practically teaches how to pray, offers its readers a hands-on approach to praying the Scripture and contains over 300 prayer points and prophetic declarations. This book has been divided into two independent parts. The first, centred on praying the scripture, raising prayer points on various aspect of life's issues as well as a few intercessory prayers for special persons. The second part of the book contains 12 Nuggets - which offers practical and fascinating individual vignettes that will help believers through God's Grace to grow in their walk with Christ Jesus and guard their salvation spiritually in this side of eternity. These Nuggets are a collection of Scriptural truths that can guide fledling believers in Christ as we approach the end times to ensure we don't grow complacent and lax in our devotion. This book is written to share both personal and other people's experience where possible to encourage believers to be mindful of subtle pitfalls - little foxes - that are lurking around the corners of our lives which, if not properly and intentionally identified and worked upon, could potentially derail our journey. The goal is that the impact will be enormous and eternal for everyone who reads this book and purposefully works it out. "Help to Grow is an easy to read and implement, intelligent submission. I recommend you read this book as it will impact or transform your prayer and family life and help solidify your relationship with God." —Pastor Adeleke Aiku Zonal Pastor Manitoba-2, The Redeemed Christian Church of God (Canada)

Commitment to the Almighty God is the highest priority for

the Christian and it cannot be taken lightly because of its eternal implications. There should be assurance of salvation that is Bible based, which lasts forever. There is a need for an extra spiritual effort on the souls saved to get them established, localised in a church fellowship and mobilised until they too become soul winners. It is not enough for the believer in Christ to go forth and bear fruits in obedience to the Lord's command but must also ensure that the fruits abide. This is why the Workers-in-Training programme is packaged to equip believers for service unto God and the edification of the body of Christ. Our prayer is that at the end of these teachings, you would have become a true Christian, on fire for God and ready to take up mountains. God bless you as you get empowered for the work of ministry, in Jesus name.

Amen

This commentary seeks above all to explain the text of John's Gospel to those whose privilege and responsibility it is to minister the Word of God to others, to preach and to lead Bible studies. I have tried to include the kind of information they need to know, but to do so in such a way that the informed layperson could also use the work in personal study of the Bible, exclusively for purposes of personal growth in edification and understanding. In particular, I have attempted: (1) To make clear the flow of the text. (2) To engage a small but representative part of the massive secondary literature on John. (3) To draw a few lines towards establishing how the Fourth Gospel contributes to biblical and systematic theology. (4) To offer a consistent exposition of John's Gospel as an evangelistic Gospel. - Preface.

God's Role for Women in Ministry

A New Paradigm of Pentecostal Power

The Gospel According to John

I attended a Women's Conference 2016. At the end of the meeting, as I sat down at the back, looking at the women in attendance, it came to my spirit - "will it not be nice to write prayers for the woman"? Then I answered (in my spirit) it will be wonderful! That was how the Biblical Portrait of the Woman (60 days scriptures for a Praying Woman) was conceived and born! Biblical Portrait of the Woman (60 days scriptures for a Praying Woman) is a book, for daily devotion for 60 days. This daily devotion is beautifully and specifically written for the woman, with scriptures focusing on women, followed with prayers/declarations. It is to help the woman build, strengthen and refresh herself in the word of God daily. It will help her to know what the Bible says concerning her. It will help her to pray using the Word of God. It will help her build an intimate relationship with her Creator. Help her to love and develop her prayer life.

Social scientists and philosophers confronted with religious phenomena have always been challenged to find a proper way to describe the spiritual experiences of the social group they were studying. The influence of the Cartesian dualism of body and mind (or soul) led to a distinction between non-material, spiritual experiences (i.e., related to the soul) and physical, mechanical experiences (i.e., related to the body). However, recent

developments in medical science on the one hand and challenges to universalist conceptions of belief and spirituality on the other have resulted in "body" and "soul" losing the reassuring solid contours they had in the past. Yet, in "Western culture," the body–soul duality is alive, not least in academic and media discourses. This volume pursues the ongoing debates and discusses the importance of the body and how it is perceived in contemporary religious faith: what happens when "body" and "soul" are un-separated entities? Is it possible, even for anthropologists and ethnographers, to escape from "natural dualism"? The contributors here present research in novel empirical contexts, the benefits and limits of the old dichotomy are discussed, and new theoretical strategies proposed.

Sounds, Echoes & Fury confronts proponents of religion with the truth of a relationship with God and presents mans need to live a fulfilled life on Earth. The book provides descriptions and woes of a few religious leaders who abused their religious opulence and further strengthens its argument on the flawed religious practices inside the church and mosques of our day. What we need to do is to find the vision of God for our lives and follow it to fulfillment. When I talk about "vision," I do not mean "eyesight" which is the ability to see physical things. The vision that this book is addressing transcends beyond seeing with physical eyes alone. What I refer to as vision is your God given dream and purpose- the purpose of your existence. I have seen many people who are lost about their purpose in life. They don't know the reason of their existence! I believe that there is no one living without a vision, the only problem that people are having is HOW to identify their purpose. This life changing book is written to assist you to unlock that seed of greatness in you, and to motivate you to get up and take your place on earth. This

book will guide you to extract all the great potentials embedded in you.

You were transformed to transform your world! For too long, Christianity has been defined by a false concept of church. As a result, believers have built walls around their lives, keeping culture at a distance. As Christians have tried to keep culture out of the church, unfortunately, the church has kept itself out of the culture. This was never Jesus' design for the your life! Before church was established as a place that people "came to," Jesus instituted it as an army that brought transformation to society, starting with salvation and continuing with seven spheres of influence: Church, family, education, government, media, arts, and commerce. Six revolutionary voices in the modern church deliver Invading Babylon. This essential guide will equip you to: Understand your vital role in shaping society. Release God's will in your sphere of influence. Become an unstoppable citizen in God's Kingdom. It's your time to arise and be a light in a dark world. This book investigates the substantial and growing contribution which African Independent and Pentecostal Churches are

making to sustainable development in all its manifold forms. Moreover, this volume seeks to elucidate how these churches reshape the very notion of sustainable development and contribute to the decolonisation of development. Fostering both overarching and comparative perspectives, the book includes chapters on West Africa (Nigeria, Ghana, and Burkina Faso) and Southern Africa (Zimbabwe and South Africa). It aims to open up a subfield focused on African Initiated Christianity within the religion and development discourse, substantially broadening the scope of the existing literature. Written predominantly by scholars from the African continent, the chapters in this volume illuminate potentials and perspectives of African Initiated Christianity, combining theoretical contributions, essays by renowned church leaders, and case studies focusing on particular churches or regional contexts. While the contributions in this book focus on the African continent, the notion of development underlying the concept of the volume is deliberately wide and multidimensional, covering economic, social, ecological, political, and cultural dimensions. Therefore, the book will be useful for the community of scholars interested in religion and development as well as researchers within African studies, anthropology, development studies, political science, religious studies, sociology of religion, and theology. It will also be a key resource for development policymakers and practitioners.

Many have surrendered to the lies that the devil tells them while going through challenges. They have given up their destiny and lost focus on eternity as they face the storms of life. Many have cursed themselves, abandoned their vision, and renounced God during their trials of faith, becoming atheists, sorcerers, and occultists and completely turning away from God. Is anything too difficult for God to do? No. Over the Storm of Life was written to inform, to inspire, to bless, and to transform lives and strengthen faith. Faith is called the spiritual horsepower that God has wonderfully and marvelously planted in all human DNA. We can exercise dominion power, like Him and like Jesus Christ, over every storm in our lives. This book is a revelation of the secret armor of God against every storm that tries to contend with the will of God in human lives, showing God's faithfulness and trustworthiness from eternity past to eternity without end. God will never fail in whatever He wills and promises to do, even when physical circumstances and situations suggest otherwise. Success begins where failure ends! Failure and tribulation are the ladders to move you to the next level when you activate the spiritual horsepower of faith. Trust God's Word and His covenant promises. Don't settle for the rat race. Strive for God's inheritance.

The book Taste and See: 40 Praise Principles for successful Living touches on the nitty-gritty of thanking, praising and worshipping God as a prelude to living a life of extraordinary good success. It postulates that praising God with zeal and enthusiasm makes Him to open His door of grace unto us. The book also enjoins us to praise God continuously, continuingly and continually. It

advocates for the true praise of God which comes naturally and effortlessly and draws us to the presence of God. It states that, for the praise of God to be acceptable, it must be relaxed and unpretentious. It also identifies a true worshipper as someone who worships God when it is convenient or inconvenient, easy or difficult, good or bad. This eight-chapter book is down to earth practical. It has 40 praise principles which instruct the reader on how he can embark on the praise and worship that will be acceptable to the Almighty God. There are also practical aphorisms that are spread all over the pages of the book from the beginning to the end. At the end of each chapter are also practical exercises which are designed to draw the reader more closely to God as well as build up a lasting relationship with Him.

Life is like the electrocardiogram with wavelike spikes and dips that indicate a functional heart and a living person. If it shows a flat line, the person is dead. Like the electrocardiogram, our lives are filled with ups and downs. At the peak, we are living optimally. And while a flat line doesn't mean we are dead, we are not making the most of what's available to us. In his book *Painful Friends*, the author, Pwaveno Veno H. Bamaiyi, writes about the ups and downs in life that if handled properly, would make us better people. The phrase *painful friends* describes the difficult events, situations, circumstances, hardships, temptations, persecution, and especially trials that God allows us to pass through on our life journeys so we are better prepared to fulfill our divine destiny. Most of the inspirational stories of dealing with these special friends are real-life events

and told the way they happened. As Painful Friends shows, adverse challenges and circumstances can be very painful and destabilizing. But they can also be a beauty to behold. At the end of the day, we can come to realize the pains we passed through were actually the friends that brought us to the place of greatness in life, allowing us to be the best we can be.

A Bible Study Commentary on Genesis 25-49 for Personal Devotional Use, Small Groups Or Sunday School Classes, and Sermon Preparation for Pastors and Teachers

MasterLife 1: The Disciple's Cross helps you experience life in Christ through practicing these six biblical disciplines: spending time with the Master, living in the Word, praying in faith, fellowshiping with believers, witnessing to the world, and ministering to others.

The book is about the goodness of God in all situations. It examines how we expect great things from God without wanting to give Him the praise that He deserves. It postulates that the law of reciprocity demands that as God is dutifully faithful to us so must we also be dutifully faithful to God. It explains that, in as much as our great expectations are in order, we should, however, not withdraw our worship of God when the anticipated blessings and miracles are not forthcoming. Our hope, the book argues, must be firmly cemented in this God no matter what we are passing through. This is so because our God is 'the Hope of the hopeless' and 'the Help of the helpless'.

The book also enjoins us to worship God without any strings attached in poverty as in prosperity, in lack as in plenty, in sickness as in good health, in shame as in fame, in failures as in successes, for better or worse and that, under no circumstance should God be relegated. This is against the backdrop that He, forever, remains unchanging, unchangeable and unchallengeable. The seven-chapter book gives 35 tips on praising God. It endeavours to disseminate the message that 'God is beautiful for all situations'. The book postulates that when you put absolute trust and hope in God, He will, among other things, make you to live to your potential; release unto you extraordinary good success; give you ultimate breakthrough; endue you with power from above; give you emotional stability; turn you into a charismatic personality and bless you with positive emotion and positive life. The book is also laced with words of wisdom and inspiration from renowned writers on every page. At the end of each chapter are also practical exercises that are designed to enliven the spirit of the reader. I am cock-sure that reading this book will give you a new experience that you will not forget in a hurry.

You'll Learn from Jacob, Who Moved from Manipulation to Trust in God. Jacob is a troubling character in the Old Testament. He is conniving and he is spiritual too. He has moments of strong faith as well as of fear. His family is sometimes in disarray, and yet at the end he is the one who sets it straight. Jacob the Patriarch is a bit too much like us -- with very human strengths and weaknesses, but a man with a striving for spiritual things. From this imperfect man we learn important lessons of faith. especially, about God's grace. The events described in Jacob's story comprise most of Genesis chapters 25-49. If you haven't read the Old Testament much, you'll be pleased to find that God will speak to you here -- loud and clear. Each of the seven

detailed lessons include probing discussion questions and can be used for personal enrichment, by small groups and classes, and by teachers and preachers.

The last command Jesus gave the church before he ascended to heaven was the Great Commission, the call for Christians to "make disciples of all the nations." But Christians have responded by making "Christians," not "disciples." This, according to brilliant scholar and renowned Christian thinker Dallas Willard, has been the church's Great Omission. "The word disciple occurs 269 times in the New Testament," writes Willard. "Christian is found three times and was first introduced to refer precisely to disciples of Jesus. . . . The New Testament is a book about disciples, by disciples, and for disciples of Jesus Christ. But the point is not merely verbal. What is more important is that the kind of life we see in the earliest church is that of a special type of person. All of the assurances and benefits offered to humankind in the gospel evidently presuppose such a life and do not make realistic sense apart from it. The disciple of Jesus is not the deluxe or heavy-duty model of the Christian -- especially padded, textured, streamlined, and empowered for the fast lane on the straight and narrow way. He or she stands on the pages of the New Testament as the first level of basic transportation in the Kingdom of God." Willard boldly challenges the thought that we can be Christians without being disciples, or call ourselves Christians without applying this understanding of life in the Kingdom of God to every aspect of life on earth. He calls on believers to restore what should be the heart of Christianity -- being active disciples of Jesus Christ. Willard shows us that in the school of life, we are apprentices of the Teacher whose brilliance encourages us to rise above traditional church understanding and embrace the true meaning of discipleship -- an active, concrete, 24/7 life with Jesus.

Discipleship in a Digital Age is an inspired spiritual and Christian lifestyle guidebook that exhorts present-day believers to rekindle a spirit of mentorship and discipleship such that the church can become strengthened in a day where direction and leadership is often lacking (WestBow Editorial Review). Discipleship in a Digital Age aims at teaching or instructing Christians to personal and practical ways of living for the Lord daily in a digital age. It is a discovery a talent hunt that laces traditional discipleship blueprints with the reality of today's demanding moments of technology and Internet. It uses the basic tenets of discipleship to model the Christian man's approach to life in the face of our changing culture. It emphasizes the need for mentoring, training and sustainable weaning and learning in the wake of Christian engagement without due process to ministry assignment. The name Nigeria was coined in Lokoja by Flora Shaw, the future wife of Baron Lugard, a British colonial administrator, while gazing out at the river Niger. So, British colonialism created Nigeria as a country, joining diverse peoples and

regions in an artificial political entity along the Niger River. The territory known today as Nigeria is a very large country of multi-ethnic groups of about four hundred. The land mass is large enough to accommodate France, Belgium and Italy. The name Nigeria is derived from the River Niger which traverses the country from the North to the South. Nigeria is located on the coast of Western Africa. It has an area of 356,669 square miles (923,768 square km). At its greatest expanse, it measures about 1,200 kilometres (about 750 mi) from East to West and about 1,050 kilometres (about 650 mi) from North to South. It is bordered to the north by Niger, the east by Chad and Cameroon, the south by the Gulf of Guinea, and to the west by Benin. Niger River and the Benue, are its largest tributary, are the principal rivers in the country. The area that is now Nigeria was home to ethnically based kingdoms and tribal communities before it became a European colony. In spite of European contact that began in the 16th century, these kingdoms and communities maintains their autonomy until the 19th century. Federal Republic of Nigeria is a constitutional Federal Republic comprising 36 states and the Federal Capital Territory in Abuja. The principal groups in the Northern part are Hausa, Fulani, Kanuri, and Nupe. Other minority tribes also inhabits the

Middle belt area, these include the Jukun, the Chamba and the Bata. Uncovers the influence of Yoruba culture on women's religious lives and leadership in religions practiced by Yoruba people Women in Yoruba Religions examines the profound influence of Yoruba culture in Yoruba religion, Christianity, Islam, and Afro-Diasporic religions such as Santeria and Candomblé, placing gender relations in historical and social contexts. While the coming of Christianity and Islam to Yorubaland has posed significant challenges to Yoruba gender relations by propagating patriarchal gender roles, the resources within Yoruba culture have enabled women to contest the full acceptance of those new norms. Oyeronke Olademo asserts that Yoruba women attain and wield agency in family and society

through their economic and religious roles, and Yoruba operate within a system of gender balance, so that neither of the sexes can be subsumed in the other. Olademo utilizes historical and phenomenological methods, incorporating impressive data from interviews and participant-observation, showing how religion is at the core of Yoruba lived experiences and is intricately bound up in all sectors of daily life in Yorubaland and abroad in the diaspora.

This is a religious motivational book. The whole idea about Living in Abundance stems from John 10:10b where Jesus Christ said that he has come so that we might have life and that we might have life more abundantly. Therefore Living in Abundance vol 1. has the central message of preaching prosperity, wealth and abundance for the believers in Christ as our portion in redemption even in spite of apparent global economic meltdown and hardship. It seeks to let believers realize that, in all that we do, we are created to be the head and not the tail, the first and not the last, we are to be above and not beneath; Our portion is to be the best in all. We are created to be like a city set on hill that cannot be hid. We are to live in Abundance in every aspect of our lives because Jesus Christ was rich but he was made poor so that we can

become rich (Deut 28:1-13, Matt.5:14, 2 Cor. 8:9).
