Science Explorer

The nature of science and technology

Prentice Hall Science Explorer: the Nature of Science and Technology

This hands-on content-rich program enables you to lead your students through explorations of specific concepts within Life, Earth, and Physical Science.

A spectacular and erotically charged psychological novel from the acclaimed author of Being There and The Painted Bird. George Levanter is an idea man, a small investor, an international playboy, and a ruthless dealmaker whose life is delivered in a series of scorching encounters, each more incredible than the last. From Moscow to Paris, from a Manhattan skyscraper to a California mass

murder, Blind Date is a dizzying vision of life among the beautiful people and the thrill-seekers that shows Jerzy Kosinski at the height of his power. "Kosinski's vitality and inventiveness are as irresistible as ever." —Time
