

Scotland Yard A Study Of The Metropolitan Police

Mystery readers and fans of detective fiction and the police procedural are in for a real treat with these twelve interlaced stories featuring Lady Molly, head of the Female Department at Scotland Yard in and around 1910. Lady Molly is an ace sleuth and the Police Chief's secret weapon when faced with perplexing and unsolvable cases.

Arthur Conan Doyle was a Scottish writer and physician best known for his stories featuring the legendary detective Sherlock Holmes. Conan Doyle was a prolific author and his innovative mysteries make him one of the most widely read authors in history. Conan Doyle also wrote The Lost World, which was one of the earliest and most influential works in the lost world genre of fiction. A Study in Scarlet, published in 1887, is the first novel featuring the characters Sherlock Holmes and Dr. Watson. The action centers around a murder mystery after a dead man is discovered in a room in Brixton.

About Doyle: Sir Arthur Ignatius Conan Doyle, DL (22 May 1859 - 7 July 1930) was a Scottish author most noted for his stories about the detective Sherlock Holmes, which are generally considered a major innovation in the field of crime fiction, and the adventures of Professor Challenger. He was a prolific writer whose other works include science fiction stories, historical novels, plays and romances, poetry, and non-fiction. Conan was originally a given name, but Doyle used it as part of his surname in his later years. Source: Wikipedia A Study in Red, also translated A Study in Scarlet or A Study in Scarlet, is a detective novel by Arthur Conan Doyle that appeared in Beeton's Christmas Annual in 1887 before being published. in volume in 1888. The novel tells about an investigation led by Detective Sherlock Holmes, narrated by his new companion, Doctor Watson. The story takes place in two parts: The first part takes place in London, around 1881. Dr. John H. Watson, a former military doctor, wounded in Afghanistan and now retired with impecunity, meets Sherlock Holmes, with whom he decides to share an apartment at 221B Baker Street in London. The story of their cohabitation begins, moreover, with Watson's description of the strange behavior of his enigmatic companion. One day, Sherlock Holmes receives a letter from Tobias Gregson, one of the Scotland Yard sleuths, asking for help in a murder case. A corpse is discovered with several clues, and Sherlock Holmes will later demonstrate that these are false leads. After long investigations, Holmes finds that several clues do not correspond to the appearance of the facts. It is by questioning the inspectors of Scotland Yard that Holmes and Watson manage to identify the Mormon victim, thanks to a woman who lodged the victim and end this first part by arresting the suspect. The second part begins with a flashback during which John Ferrier and his adopted daughter Lucy are saved by a group of Mormons, then settle in their community in Salt Lake City in 1847. The two characters integrate into the community, thrive there and quickly become respected believers. It is by questioning the inspectors of Scotland Yard that Holmes and Watson manage to identify the Mormon victim, thanks to a woman who sheltered the victim and end this first part by arresting the suspect. .0000000000A Study in Scarlet introduced the great scientific detective Sherlock Holmes and Doctor Watson, his friend and chronicler, to the reading public. This novel, a cornerstone in the annals of crime fiction, tells of their first meeting and how they set up in rooms together in Baker Street. It is not long before the charismatic sleuth and his faithful companion are plunged into a dramatic mystery which starts with the discovery of a corpse in a deserted house and the letters RACHE scrawled on the wall in blood. The Sign of the Four, the second Holmes novel, presents the detective with one of his greatest challenges - solving the theft of the great Agra treasure in India. In these two classic novels you have the foundation of the Sherlock Holmes legend. As well as his witty and illuminating Afterword to this edition, David Stuart Davies, the illustrious editor of Sherlock magazine, has provided a fascinating chronology of the Sherlock Holmes Stories.

Lady Molly of Scotland Yard

A Study in Scarlet and the Sign of the Four

A Study in Scarlet (Sherlock Holmes Series)

Sherlock Holmes: A Study In Scarlet (AD Classic Illustrated)

Sherlock Holmes 1942

“There’s the scarlet thread of murder running through the colorless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it.” - Arthur Conan Doyle Tobias Gregson, a Scotland Yard investigator, writes to Sherlock Holmes to seek his assistance for the murder of Enoch J. Drebber. He was found dead in a deserted house in Lauriston Gardens. Will Sherlock be able to unravel this mysterious case through his “science of deduction”? The Study in Scarlet introduces the popular duo of Sherlock and Dr Watson that continues to rule the world of detective fiction.

The first three novels that, in 1887, introduced the world to Sherlock Holmes and his partner, Dr. John Watson, who would go on to become two of the most widely admired characters in all of literature, are presented here in one hardcover volume. 10,000 first printing.

IN 1888 the dreaded figure of Jack the Ripper stalked London's East End murdering prostitutes. His crimes set in motion a huge police operation and have held a dark fascination over the public's imagination for over a century, yet his identity has never been proved. Now, for the first time, two leading Ripper experts have joined forces to treat the case like a police investigation. Drawing on their unparalleled knowledge of the Jack the Ripper murders and their professional experience as police officers, they uncover clues that have remained undetected for over a hundred years. There are five 'canonical' Ripper victims, yet Scotland Yard's 'Whitechapel Murders' files include another six suspected victims. Drawing the reader into the world of police investigation in Victorian London, Evans and Rumbelow reveal the conflict between the City and Metropolitan forces and the ridicule heaped on the police by the press. Investigating each murder, they conclude that only four of the eleven victims were actually killed by the Ripper. Perhaps most tellingly, they question the motives behind the destruction of evidence - particularly the message 'The Juwes are the men that will not be blamed for nothing', which was chalked on the wall near one murder site and rubbed out on order of the Chief Commissioner - and ask whether the enigmatic Dr Robert Anderson, officer in charge of the investigation, knew the Ripper's true identity. Jack the Ripper: Scotland Yard Investigates strips away much of the nonsense that has accumulated since 1888 and reopens files on a case that will perhaps never be fully solved but will always fascinate.

A Study in Scarlet was the career-starting, first Sherlock Holmes story published by Arthur Conan Doyle. Set in 19th-century London, it follows Dr. John Watson, a war veteran, and the enigmatic young Sherlock Holmes, a uniquely gifted detective. Two murders in London have Scotland Yard confounded, and the solution Holmes illuminates transports the reader to America's Wild West of the 1850s, and beyond. A Study in Scarlet is a seminal work, and one that has transformed the mystery and crime genres. This Essential Classics edition includes a new introduction by Professor Vivian Heller, Ph.D. in literature and modern studies from Yale University. Arthur Conan Doyle was a writer and physician born in Edinburgh. Doyle is best known for his detective fiction featuring Sherlock Holmes. Vivian Heller received her Ph.D. in English Literature and Modern Studies from Yale University. She is author of *Joyce, Decadence, and Emancipation* (University of Illinois Press) and of *The City Beneath Us* (W.W. Norton & Company), a history of the building of the New York City subway system. She is an associate at Columbia's School of Professional Studies and is the writing tutor for the Center for Curatorial Studies at Bard College. She is also a long-standing member of the non-fiction committee of the PEN Prison-Writing Committee, which awards prizes to inmates from across the country. Essential Classics publishes the most crucial literary works throughout history, with a unique introduction to each, making them the perfect treasure for any reader's shelf.

A Study in Scarlet brings Sherlock Holmes and Dr. John Watson together for the first time, creating one of the most illustrious crime-solving partnerships of all times. In The Sign of Four, an incredible tale of greed and revenge unfolds as Holmes and Watson accompany a beautiful young woman to the dark heart of London.

The Novel That Introduced Sherlock Holmes to the World This Top Five Classics edition of A Study in Scarlet features: • The original, unabridged text by Sir Arthur Conan Doyle • The original illustrations by D.H. Friston, plus addition early drawings by George Hutchinson and James Greig • A helpful introduction and author bio A Study in Scarlet was the first story by Arthur Conan Doyle to feature Sherlock Holmes. It begins with Dr. John Watson, an injured Afghan war veteran, searching for someone to share lodgings with in 1881 London. He soon meets the enigmatic young Sherlock Holmes, who ushers him into a world of mystery and murder, and of cases too confounding for anyone but this uniquely gifted consulting detective to solve. Two killings in London have Scotland Yard perplexed, and the solution Holmes reveals takes the reader on a journey to America's Wild West of the 1850s and beyond.

The first case of the celebrated Sherlock Holmes In the debut of literature's most famous sleuth, a dead man is discovered in a bloodstained room in Brixton. The only clues are a wedding ring, a gold watch, a pocket edition of Boccaccio's Decameron, and a word scrawled in blood on the wall. With this investigation begins the partnership of Sherlock Holmes and Dr. Watson. Their search for the murderer uncovers a story of love and revenge-and heralds a franchise of detective mysteries starring the formidable Holmes. Scotland Yard A Study of the Metropolitan Police New York : Holt, Rinehart, and Winston A Study in Scarlet Lukeman Literary Management LTD

A Study in Scarlet, a short novel published in 1887, was Sir Arthur Conan Doyle's first Sherlock Holmes story. At the beginning of the book, Dr. Watson meets the detective for the first time and we ride along with them to the scene of a murder. The crime baffles the Scotland Yard detectives, but of course Holmes solves it easily. In the second half of the story, the scene shifts to Utah as we learn the murderer's history. The action returns to London in the last two chapters. In his first adventure, Holmes demonstrates many of the traits for which he later became well known: meticulous study of a crime scene, brilliant deductive reasoning, aptitude for chemistry and music, and the somewhat annoying habit of withholding crucial facts from Watson (and consequently the reader) until the conclusion of the case.

Now, as in this lifetime, cab drivers, statesmen, academics, and raggedy-assed children sit spellbound at his feet. No wonder, then, if the pairing of Holmes and Watson has triggered more imitators than any other duo in literature.”-John Le Carré “The immense talent, passion and literary brilliance that Conan Doyle brought to his work gives him a unique place in English letters.”-Stephen Fry “Holmes has a timeless talent, passion and literary brilliance that puts him heads, shoulders and deerstalker above all other detectives.”- Alexander McCall Smith Arthur Conan Doyle's A Study in Scarlet (1888) is the first of four of the original Sherlock Holmes novels and introduced the world to the most famous detective duo in literature. From the initial discovery of a corpse in a deserted house in London, to the wild west of the pioneer days of Utah,

this is transatlantic crime adventure steeped in mystery, romance and delectable revenge. A Study in Scarlet was initially published in the magazine Beeton's Christmas Annual in 1887 to little fanfare, yet was the foundation of the 56 stories, four novels, and the portrayal of the character of Sherlock Holmes in hundreds of literary, film, television and stage adaptations. In the first of the Sherlock Holmes novels, the reader is initially introduced to Dr. John Watson, who has returned to London after sustaining injuries in the Anglo-Afghan war. Looking for cheap lodging, he settles on sharing a flat at 221B Baker Street with a laid-back yet eccentric roommate named Sherlock Holmes. Watson is perplexed at the theories of deduction that his new acquaintance developed, until his occupation of Consulting Detective is revealed.

Subsequently, a telegram arrives from Scotland Yard requesting the aid of Holmes's talents in a mystifying murder case. In an empty house in Brixton, the body of Enoch Drebber has been found. When both Holmes and Watson arrive at the crime scene they find the body of the poisoned victim, with the word "Rache" written in blood on the wall. Through other clues, including a wedding ring found in the trousers of the victim, the context of the crime seems nearly impenetrable. When a second body is discovered, with the word "Rache" once again scrawled in blood. With his astounding skill, Holmes is able to lead the killer directly into his trap. Once the killer is revealed, it is his heartbreaking story, set in the lawless wilds of the pioneering days of the American West that is told. With an eye-catching new cover, and professionally typeset manuscript, this edition of A Study in Scarlet is both modern and readable.

Featuring an appendix of discussion questions, the Diversion Classics edition is ideal for use in book groups and classrooms. When a man is found murdered, the German word for "revenge" written in blood at the crime scene, private detective Sherlock Holmes and Dr. John Watson step up to investigate. Their adventure takes them from London to America and back again as they sort through misleading clues and enigmatic suspects. Holmes and Watson's legendary partnership comes to life in the first full-length Sherlock Holmes novel.

Excerpt from Scotland Yard Every schoolboy knows Scotland Yard from fiction. Which means that the schoolboy and all other lovers of fiction about that world-famous organisation of criminal-hunters have missed the better story. By a stroke of good fortune it has been my privilege as a writer to see from the inside the Scotland Yard of fact; to talk intimately with its chiefs; to study at close range its crime-hunting machine and watch it work on actual cases; to look at photograph albums of famous crimes - a glimpse that haunted my sleep for nights; to spend hours in its gloomy "Black Museum"; to delve into its private records and borrow some of them for my work in writing these pages. And the story of the real Scotland Yard needs no colouring to give it richer glamour than fiction does. Let us put an actual case into the Scotland Yard machine and study its parts and workings by the way it spun a web of steel from the merest gossamers of clues. It began with a "bobby," best-known, best-loved policeman in the world, the bluecoat of London. He, too, is part of Scotland Yard, its uniformed arm. This particular bobby patrolled a residential section of London, neither rich nor poor nor striking in any way. Which was the reason an elderly spinster, Mary Ennis, chose to live there. She had a reason for living in a colourless way in a colourless part of London; it developed later. She had a small three-room flat in the upper story of a small brick house in a street full of small brick houses exactly like hers. The ground floor and basement she presumably tried to rent out; but the bobby who patrolled that street decided that she was difficult to please; for he observed that while quite a number of people seemed ready to rent the place, she chose none of them. Bringing Sherlock Holmes from the Victorian Era into the dark days of World War II, this imaginative new thriller confronts the world's greatest detective with a killer emulating the murders of Jack the Ripper. London, 1942. A killer going by the name of "Crimson Jack" is stalking the wartime streets of London, murdering women on the exact dates of the infamous Jack the Ripper killings of 1888. Has the Ripper somehow returned from the grave? Is the self-styled Crimson Jack a descendant of the original Jack—or merely a madman obsessed with those notorious killings? In desperation Scotland Yard turn to Sherlock Holmes, the world's greatest detective. Surely he is the one man who can sift fact from legend to track down Crimson Jack before he completes his tally of death. As Holmes and the faithful Watson tread the blacked out streets of London, death waits just around the corner. Inspired by the classic film series from Universal Pictures starring Basil Rathbone and Nigel Bruce, which took Sherlock Holmes to the 1940s, this is a brand-new adventure from a talented author who brilliantly evokes one of mystery fiction's most popular characters.

petualangan duet dari Sherlock Holmes dan Dokter Watson. Pengenalan kedua karakter tersebut dibebankan dengan detail, juga tentang alur dan motif kejadian pembunuhan yang sedang ditangani mereka. Tak ada yang mustahil untuk diungkap oleh seorang Sherlock Holmes. -Bukune-

Stephen Wade tells the story of one of Scotland Yard's most notorious detectives. In the first ever biography and case book of Herbert Hannam, Wade reveals how Hannam found fame for his solving of the infamous Teddington Towpath Murders, before later facing criticism during the controversial landmark trial of John Bodkins Adams.

An investigation into the man Scotland Yard thought (but couldn't prove) was Jack the Ripper Dozens of theories have attempted to resolve the mystery of the identity of Jack the Ripper, the world's most famous serial killer. Ripperologist Robert House contends that we may have known the answer all along. The head of Scotland Yard's Criminal Investigation Department at the time of the murders thought Aaron Kozminski was guilty, but he lacked the legal proof to convict him. By exploring Kozminski's life, House builds a strong circumstantial case against him, showing not only that he had means, motive, and opportunity, but also that he fit the general profile of a serial killer as defined by the FBI today. The first book to explore the life of Aaron Kozminski, one of Scotland Yard's top suspects in the quest to identify Jack the Ripper Combines historical research and contemporary criminal profiling techniques to solve one of the most vexing criminal mysteries of all time Draws on a decade of research by the author, including trips to Poland and England to uncover Kozminski's past and details of the case Includes a Foreword by Roy Hazelwood, a former FBI profiler and pioneer of profiling sexual predators Features dozens of photographs and illustrations Building a thorough and convincing case that completes the work begun by Scotland Yard more than a century ago, this book is essential reading for anyone who wants to know who really committed Jack the Ripper's heinous and unforgettable crimes.

"A Study in Scarlet" is a detective mystery novel written by Sir Arthur Conan Doyle, introducing his new characters, "consulting detective" Sherlock Holmes and his friend and chronicler, Dr. John Watson, who later became two of the most famous characters in literature. Conan Doyle wrote the story in 1886, and it was published the following year. The book's title derives from a speech given by Holmes to Doctor Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet": "There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it." (A "study" is a preliminary drawing, sketch or painting done in preparation for a finished piece.) The story, and its main characters, attracted little public interest when it first appeared. Only 11 complete copies of Beeton's Christmas Annual 1887 are known to exist now and they have considerable value. Although Conan Doyle wrote 56 short stories featuring Holmes, "A Study in Scarlet" is one of only four full-length novels in the original canon. The novel was followed by "The Sign of the Four", published in 1890. "A Study in Scarlet" was the first work of detective fiction to incorporate the magnifying glass as an investigative tool.

A Study in Scarlet (Illustrated)

Detective Work

A Study of the Metropolitan Police

Test Your Inner Detective by Solving Some of the World's Most Difficult Cases

Read It and Know It Edition

A Study in Scarlet is the first story to feature Sherlock Holmes, and the first work of fiction to incorporate the magnifying glass as a detective tool. The story opens with Holmes and Watson meeting each other for the first time, and their decision to become flat-mates at 221B Baker Street. Soon they are involved in a murder-mystery involving kidnapping, enslavement and revenge that will test the limits of Holmes' skills and establish a life-long relationship with Watson. Sherlock Holmes is famous for his intellectual prowess and is renowned for his skilful use of deductive reasoning, astute observation, and forensic skills to solve difficult cases. Deductive reasoning allows Holmes to impressively reveal a stranger's occupation. Similarly, by studying inanimate objects, he is able to make astonishingly detailed deductions about their owners. This mindset was a major innovation in the field of crime fiction, inspiring authors like Robert J. Sawyer, Neil Gaiman and Stephen King.

The greatest detective of them all is back... 'There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it'. Arriving in the wilderness of London Dr John Watson finds himself lodging at 221b Baker Street with one Sherlock Holmes. A corpse has been discovered and scrawled in blood across the walls is the word RACHE - revenge. Watson, is baffled by the case but for Holmes the game is afoot...

This early work by Arthur Conan Doyle was originally published in 1887 and we are now republishing it with a brand new introductory biography as part of our Sherlock Holmes series. Arthur Conan Doyle was born

in Edinburgh, Scotland, in 1859. It was between 1876 and 1881, while studying medicine at the University of Edinburgh, that he began writing short stories, and his first piece was published in Chambers's Edinburgh Journal before he was 20. In 1887, Conan Doyle's first significant work, *A Study in Scarlet*, appeared in Beeton's Christmas Annual. It featured the first appearance of detective Sherlock Holmes, the protagonist who was to eventually make Conan Doyle's reputation. A prolific writer, Conan Doyle continued to produce a range of fictional works over the following years. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Pit your wits against the brilliant minds of Scotland Yard and see if you have what it takes to solve dozens of the world's toughest crimes. A Study in Scarlet

Scotland Yard Investigates

Comparison of Scotland Yard, The Surete of Paris and the United States Bureau of Investigation

One of Keeler's best, this is the second half of the notorious Marceau case, where a strangler baby dangling from an autogyro may have done the deed. Written in 1935 at the peak of Keeler's powers. Xenius Jones, Chief Inspector of Scotland Yard, gave the exact date he would reveal the details of the infamous André Marceau murder. Then Alec Snide, an American reporter, broke the case before he did! But Jones insists that Snide is 100% wrong—and he's got the 4-dimensional proof of it! In the second "dossier novel" of this remarkable murder case, Harry Stephen Keeler once again proves that no one could handle a complicated plot as he could. Note for the culturally sensitive: Most of Harry Stephen Keeler's works are not politically correct by contemporary standards. Please keep in mind the time in which it was written as you read it.

Photographs and drawings offer clues to twenty fictitious crimes, with points awarded for deducing the correct solution.

*Includes pictures *Profiles important people and cases *Includes online resources and a bibliography for further reading "There are no crimes and no criminals in these days. What is the use of having brains in our profession? I know well that I have it in me to make my name famous. No man lives or has ever lived who has brought the same amount of study and of natural talent to the detection of crime which I have done. And what is the result? There is no crime to detect, or, at most, some bungling villainy with a motive so transparent that even a Scotland Yard official can see through it." - Sir Arthur Conan Doyle *Scotland Yard*. The name itself conjures up a mental picture of old-time detectives in trench coats snooping around a crime scene with a giant magnifying glass. Indeed, over the years, the Metropolitan Police Force in London has become an inspirational icon, and the setting of countless literary masterpieces, films, television shows, music, and other works of art. What is it about this particular force that draws so many to the famous Yard? Throughout the evolution of British policing and the rise of Scotland Yard, the people who worked there took on some of the most notorious cases, and in the process they helped shape criminal investigative techniques. Along the way, the headquarters featured some famous people, and it was home to both triumphant feats and scandalous controversies throughout the Yard's action-packed history. *Scotland Yard: The History of British Policing and the World's Most Famous Police Force* looks at how London's iconic police force became the world's most famous. Along with pictures of important people, places, and events, you will learn about Scotland Yard like never before.

In 1888 the dreaded figure of Jack the Ripper stalked London's East End murdering prostitutes. His crimes set in motion a huge police operation and have held a dark fascination over the public's imagination for over a century, yet his identity has never been proved. Now, for the first time, two leading Ripper experts have joined forces to treat the case like a police investigation. Drawing on their unparalleled knowledge of the Jack the Ripper murders and their professional experience as police officers, they uncover clues that have remained undetected for over a hundred years.
