

Scotts Standard Postage Stamp Catalog Pixelgun3dhack

The Scott Catalogue of postage stamps, published by Scott Publishing Co, is updated annually for 150+ years and lists all the stamps of the entire world . There are hundreds of thousands of price changes every year and it is essential for collectors to have the most recent issue. It is published in eight large volumes that include six volumes containing all the countries of the world that have ever issued postage stamps, the United States Specialized Catalog, and the 1840-1940 Classic Specialized Catalogue (covering the world for the first 100 years that stamps were issued). The numbering system used by Scott to identify stamps is dominant among stamp collectors in the United States, Canada and Mexico and throughout the world. The Scott Catalogues is the leader in the stamp market and a must for all collectors and researchers. This Volume is made up of 2 parts (A & B) and both are included in this Volume 6 Set

When collectors at every level of interest want to identify, value or organize their stamp holdings, they look to Scott's catalog for the information they need. The Scott U.S. Specialized Catalogue allows collectors to trace the rich and varied history of the United States postage stamps in the only catalogue devoted entirely to U.S. issues.

The Scott Catalogue of postage stamps, published by Scott Publishing Co, is updated annually with hundreds of thousands of new listings of all the stamps of the entire world . From its humble beginning as a 24-page bound pamphlet, the multi-volume set now lists more than 100,000 stamps from 600 different postal entities. Because of the size of each Volume, the 2021 edition has each volume split into two parts. When purchasing you are obtaining the volume set of part A and B. Scott Publishing publishes a total of eight large volumes including six volumes containing all the countries of the world, the United States Specialized Catalog, and the 1840-1940 Classic Specialized Catalogue (covering the world for the first 100 years that stamps were issued). The numbering system used by Scott to identify stamps is dominant among stamp collectors in the United States, Mexico, Canada and through out the world. It is a must for any researcher or stamp collector.
