

Sealy And Hooley Commercial Law

Munday's Evidence provides students with a succinct yet thought-provoking introduction to all of the key areas covered on undergraduate law of evidence courses. Clear and engagingly written, this book sets out to demystify a traditionally intimidating area of law. Probing analysis of the issues, both perennial and topical, ensures that this text contains a thorough exploration of the 'core' of the subject. In addition to covering all the major topics within the law of evidence, this book examines key concepts such as relevance and the court's discretion to exclude technically admissible evidence. This edition has been carefully and comprehensively updated to include all vital new developments in the law of evidence, in particular extensive consideration of the full ramifications of the Criminal Justice Act 2003. This lively, sometimes critical, and often entertaining text offers clear guidance to any student who may find evidence a slightly forbidding subject, and enough analysis to challenge those who wish to explore further.

The Principles of Commercial Law provides a foundation on topics of law relating to commerce in Malaysia. The book includes a range of topics such as Malaysian Legal System, Law of contract, and Law of agency. Each of the chapters includes a discussion of cases and statutes relevant in the said area. This book is suitable for college and university students and the general public who are interested in obtaining basic legal knowledge in commercial law.

Presenting a comprehensive treatment of all key aspects of private international trade law, this book demonstrates to the reader how international trade law operates in its political, economic and business contexts.

*This book presents a comprehensive and systematic study of the principal aspects of the modern law of international commercial transactions. Based on diverse sources, including legislative texts, case law, international conventions, and a variety of soft-law instruments, it highlights key topics such as the international sale of goods, international transport, marine insurance, international finance and payments, electronic commerce, international commercial arbitration, standard trade terms, and international harmonization of trade laws. In focusing on the private law aspects of international trade, the book closely analyzes the relevant statutes, case law and the European Union (EU) and international uniform law instruments like the Rome I Regulation, the UN Convention on the Contracts for the International Sale of Goods (CISG), UNCITRAL Model Laws; non-legislative instruments including restatements such as the UNIDROIT Principles on International Commercial Contracts, and rules of business practices codified by the ICC such as the Arbitration Rules, UCP 600 and different versions of the INCOTERMS. The book clearly explains the key concepts and nuances of the subject, offering incisive and vivid analyses of the major issues and developments. It also traces the evolution of the law of international trade and explores the connection between the *lex mercatoria* and the modern law. Comprehensively examining the issue of international harmonization of trade laws from a variety of perspectives, it provides a detailed account of the work of major players in the field, including UNCITRAL, UNIDROIT, ICC, and the Hague Conference on Private International Law (HCCH). Adopting the comparative law method, this book offers a critical analysis of the laws of two key jurisdictions—India and England—in the context of export trade. In order to stimulate discussion on law reform, it explains the similarities and differences not only between laws of the two countries, but also between the laws of India and England on the one hand, and the uniform law instruments on the other. Given its breadth of coverage, this book is a valuable reference resource not only for students in the fields of law, international trade, and commercial law, but also for researchers, practitioners and policymakers.*

Now in its third edition, this authoritative guide covers all of the core aspects of maritime law in one distinct volume. Maritime Law is written by a team of leading academics and practitioners, each expert in their own field. Together, they provide clear, concise and fully up-to-date coverage of topics ranging from bills of lading to arrest of ships, all written in an accessible and engaging style. As English law is heavily relied on throughout the maritime world, this book is grounded in English law whilst continuing to analyse the key international conventions currently in force. Brand new coverage includes: Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (recast) The coming into force of the 2006 Maritime Labour Convention and the Merchant Shipping Regulations 2014 The approval of the 2012 edition of the Norwegian Sale Form Regulation 100/2013 heavily amending Regulation 1406/2002 establishing the European Maritime Safety Agency Greater detail on piracy in the Public International Law chapter and discussion of the M/V Louisa, ARA Libertad and Arctic Sunrise cases in the

International Tribunal for the Law of the Sea Expanded sections in the marine insurance chapter Analysis of recent cases including Golden Ocean Group Ltd v Salgaocar Mining Industries PVT Ltd; Starlight Shipping Co v Allianz Marine & Aviation Versicherungs AG and Griffon Shipping Ltd. v Firodi Shipping Ltd. This book is a comprehensive reference source for students, academics, and legal practitioners worldwide, especially those new to maritime law or a particular field therein.

Commercial Law: Text Cases and Materials has been an indispensable and hugely popular resource for students of law and business management for over ten years. Combining extracts from cases and other materials with substantial commentary and explanatory text, Sealy and Hooley provide context for the extracts, question their significance, and provide an authoritative guide to commercial law. This book follows a very clear structure, discussing topics covered on commercial law courses not as separate entities, but as part of a coherent whole, enabling students to easily make links between different areas of the law. Fundamental concepts such as ownership, possession, and good faith run through the book, offering common themes connecting each area. The authors supply extensive commentary on key decisions, helping students to focus on the most important areas; also provided are European and American examples, ensuring that students have access to a comparative analysis of commercial law as it operates throughout the world. Praised for the clarity of writing and mapping well onto a variety of courses, the emphasis throughout this book is on practical application - how is the law used in practice? Diagrams and questions enable students to check progress and consolidate understanding. Whilst maintaining the previous edition's successful structure and style, this edition takes into account all of the major changes in the law since 2003 and provides extracts from recent key cases. Sealy and Hooley's Commercial Law brings together the best features of a textbook and casebook, making it an invaluable one-stop resource.

“ Laurel Delaney writes in a tremendous spirit of service to entrepreneurial and small business leaders navigating the opportunities of globalization. Whether leading a fresh startup, a small business, or an entrepreneurial growth company seeking greatness, the question of whether—and how—to go global must be addressed. Delaney shows yet again her passionate dedication to serving her readers with deeply practical guidance. ” —Jim Collins, author of Good to Great and co-author of Beyond Entrepreneurship Gain the knowledge you need to market, sell, and fulfill orders internationally, taking full advantage of the Internet and the opportunities it creates. This book is the bible for entrepreneurs and small business owners taking their US businesses to the next level of growth through exports. Exporting empowers readers with the can-do confidence to tackle the challenges and opportunities of exporting, leading to greater revenues, stability, and profitability for your business. With 70 percent of global buying power lying outside US borders, exporting is not just an option for ambitious entrepreneurs—it ' s an absolute must for building and sustaining a successful future. Typically, exporting first appears on the radar of small businesses as unsolicited inquiries from foreign customers on the web via your email, website, blog, or Facebook page. People outside your country want your product, and they want it now. The problem is that most small business owners do not know how to service these inquiries. What's the best way to ship goods? Do I need a license? Should I sell through wholesalers in specific countries or directly to consumers? How will I get paid? Reflecting the rapid rate of change in national and global trade regulations and economic conditions, this second edition contains extensive updates and enhancements of the first edition ' s data and citations; actual and prospective multilateral trade agreements, especially the TPP and TTIP; CFR, EAR, and BIS rules; interviews with trade and sector specialists; economic trends and shocks affecting export opportunities and risks in various regions and sectors; and the annotated selection of recommended exporting resource sites. Exporting: The Definitive Guide to Selling Abroad Profitably: Lays out simple steps and tips to conduct market research, find customers, open new markets, create an export business plan, get paid, and ship goods and services efficiently and profitably Shows you how to use the Internet and social media to mediate the exporting process and expand your international presence Details how the US government helps exporters and how to avoid foreign regulatory pitfalls

Commercial Law: Text, Cases, and Materials provides students with an extensive and valuable range of extracts from key cases and writings in this most dynamic field of law. The authors' expert commentary and questions enliven each topic while emphasizing the practical application of the law in its business context. Len Sealy and Richard Hooley have been joined by four renowned experts in the field for the preparation of this edition. The authors have captured the essence of this fascinating topic at a time of significant legislative, regulatory, and political change.

Commercial law is a wide-ranging subject that can be difficult to define. This work concentrates on covering all the topics most commonly taught on commercial law courses. Where necessary it cross refers to Butterworths Commercial Law for coverage of statutory material. However, it provides extracts from Commonwealth and American material not otherwise readily available to students. In addition, the authors' introductory section covers the foundation principles of commercial law.

Routledge Q&As give you the tools to practice and refine your exam technique, showing you how to apply your knowledge to maximum effect in assessment. Each book contains essay and problem-based questions on the most commonly examined topics, complete with expert guidance and model answers that help you to: Plan your revision and know what examiners are looking for: Introducing how best to approach revision in each subject Identifying and explaining the main elements of each question, and providing marker annotation to show how examiners will read your answer Understand and remember the law: Using memorable diagram overviews for each answer to demonstrate how the law fits together and how best to structure your answer Gain marks and understand areas of debate: Providing revision tips and advice to help you aim higher in essays and exams Highlighting areas that are contentious and on which you will need to form an opinion Avoid common errors: Identifying common pitfalls students encounter in class and in assessment The series is supported by an online resource that allows you to test your progress during the run-up to exams. Features include: multiple choice questions, bonus Q&As and podcasts.

This volume provides students with an extensive and valuable range of extracts from key cases and writings in this incredibly dynamic field of law. The authors' expert commentary and questions enliven each topic and emphasize the practical application of the law in its business context.

Consumer Law: Rights and Regulation provides readers with a comprehensive and definitive analysis of contemporary Irish consumer law, within its European context. The book addresses consumer law issues from a dual perspective by examining both consumers' rights and suppliers' regulatory obligations. Key Features * A comprehensive reference that provides you with invaluable analysis and interpretation * Up to date and including all important case law, European and Irish legislation and Codes of Practice * Suited to practitioner needs in advising both consumers and suppliers * Identifies emerging legal developments and allows you to plan for future legal changes * Analyses the policy basis for legal measures and enhances discussions around appropriate reform models * Provides comprehensive analysis of complex and practically important issues in respect of: Sale of goods and supply of services; Product guarantee and product liability; Consumer credit; Financial Services Ombudsman; Investor protection; and Unfair commercial practices. * Includes coverage of: EU Mortgages Directive 2014; European Union (Consumer Information, Cancellation and Other Rights) Regulation 2013 which transposed the Consumer Rights Directive 2011/83/EC; Code of Conduct on Mortgage Arrears 2013; Central Bank Consumer Protection Code 2013; Directive 2013/11/EU on alternative dispute resolution for consumer disputes Regulation (EU) No. 524/2013 on online dispute resolution for consumer disputes About the authors Dr Mary Donnelly is a Senior Lecturer in Law at University College Cork. She is the author of *The Law of Credit and Security* (Thomson Reuters Round Hall, 2011). She has acted as a consultant on consumer and banking law issues for public and private sector organisations. Dr Fidelma White is a Senior Lecturer in Law at University College Cork. She is the author of *Commercial Law* (Thomson Reuters Round Hall, 2nd ed., 2012). She was a member of the Sales Law Review Group (2008-11) and has acted as a consultant on various consumer law projects in Europe and Ireland.

The Principles of Equity & Trusts offers a refreshing, student-focused approach to a dynamic area of law. In the third edition of his best-selling textbook, Professor Graham Virgo brings his expertise as a teacher to present an engaging, contextual account of the essential principles of trusts and their equitable remedies. Virgo states the law in plain terms before building on an area of debate and encouraging students to fully engage with the inherent issues within the subject. Concise and authoritative analysis enables students to grasp the principles of trusts, develop the confidence to engage fully with the subject area, and excel in their studies. Virgo approaches the topics with unparalleled clarity and provides the academic rigour for which this text has come to be relied upon. Combining expert knowledge and comprehensive coverage, *The Principles of Equity & Trusts* is the ideal companion to a course in trusts.

Celebrating over 30 years as the market-leading series, Blackstone's Statutes have an unrivalled tradition of trust and quality. With a rock-solid reputation for accuracy, reliability, and authority, they remain first-choice for students and lecturers providing a careful selection of up-to-date legislation for exams and course use.

This new follow on work from *An Outline of the Law of Agency* provides a useful and accessible reminder of the principles of agency law for experienced practitioners as well as being of interest to students looking for an approachable text on this topic. This new work takes into account all recent changes and developments including coverage on the Commercial Agents (Council Directive) Regulations 1993 and focuses more specifically on particular classes of commercial agents, for instance those acting within the banking and finance sectors.

Sealy and Hooley's Commercial Law: Text, Cases, and Materials provides students with an extensive and valuable range of extracts from key cases and writings in this most dynamic field of law. The authors' expert commentary and questions enliven each topic while emphasizing the practical application of the law in its business context. Five renowned experts in the field continue the legacy of Richard Hooley and Len Sealy, capturing the essence of this fascinating topic at a time of significant legislative, regulatory, and political change.

This innovative textbook examines commercial law and the social and political context in which it develops. Topical examples, such as funding for terrorism, demonstrate this fast-moving field's relevance to today's concerns. This wide-ranging subject is set within a clear structure, with part and chapter introductions setting out the student's course of study. Recommendations for further reading at the end of every chapter point the reader to important sources for advanced study and revision questions encourage understanding. The extensive coverage and detailed commentary has been extensively market tested to ensure that the contents are aligned with the needs of university courses in commercial law.

"Carriage of Goods by Sea is the definitive textbook on this important area of international trade law and is suitable for both undergraduate and postgraduate students. Written by an expert in the field, it provides an authoritative, in-depth and critical survey of all aspects of the law relating to carriage of goods by sea. The book successfully combines a clear analysis of legal principles with sound practical considerations, allowing for a more complete treatment of the subject."--BOOK JACKET.

"This book, now in the tenth edition, to prepare future and even current professionals to better intervene and treat the children and families at risk. This book draws on my years of practice to present an all-encompassing view of maltreatment, in its various guises, from symptoms of abuse

and neglect to motivations of those who abuse and neglect children, as well as how the social services system intervenes. The questions asked of me by students, social service workers, and trainees have helped to shape the direction of the book. The responses from faculty reviewers who teach courses in child welfare have further fine-tuned what is presented here. My experiences not only as a protective social worker but also as a therapist treating victims, families, and perpetrators and now as a clergywoman have helped to provide ideas for the illustrations and examples"--

Commercial Law Concentrate

Atiyah and Adams' Sale of Goods

A Contemporary Concept of Monetary Sovereignty

Q&A Commercial Law

Carriage of Goods by Sea

In force in 70 countries around the world and covering more than two thirds of world trade, the 1980 United Nations Convention on Contracts for the International Sale of Goods (CISG) is considered to be the most successful convention promoting international trade. According to many commentators, this success is due, among others, to the fact that the Convention does not directly impact on the domestic law of the various legal systems, as it applies only to international - as opposed to purely domestic - contracts. The Convention, in other words, does not impose changes in the domestic law, which makes it easier for States to adopt the Convention. This does not mean, however, that the Convention does not have any impact on the domestic law at all. This book analyzes - through 24 country reports as well as a general report submitted to the 1st Intermediate Congress of the International Academy of Comparative Law held in November 2008 in Mexico City - to what extent the Convention de facto influences domestic legal systems. In particular, the book examines the Convention's impact on the practice of law, the style of court decisions as well as the domestic legislation in the area of contract law.

Modern Land Law offers a lively and thought-provoking account of a subject that remains at the heart of our legal system. Dispelling any apprehension about the subject's formidability from the outset, this compact textbook provides an absorbing and exact analysis of all the key legal principles relating to land. Written with students firmly in mind, the principal features of this textbook include: • a clear introduction to every chapter which frames each topic in its wider context; • corresponding chapter summaries which help to consolidate learning and encourage reflection; • the use of tables and diagrams to aid understanding of complicated topics; • a friendly two-color text design which complements Martin Dixon's comprehensible and engaging writing; • an updated companion website which supports this textbook with a fully customizable testbank for lecturers; self-test questions and practice exam-style questions for students as well as podcasts to keep students updated with new cases, important decisions and other newsworthy issues relating to land law. This 9th edition has been thoroughly revised and updated to take into account key developments in the law in the light of the Law Commission's recommendations on easements and covenants, as well as the increased impact of the HRA 1998 on case law. All major recent decisions and judgments will be incorporated alongside a discussion of proposals for reform and new legislation. Modern Land Law is one of the most current and reliable textbooks available on land law today.

This latest edition of Moffat's Trusts Law has been fully revised and updated to cover recent statutory developments and explores the impact of a wealth of new cases including the Supreme Court decisions in *Pitt v. Holt* (2013), *FHR European Ventures v. Cedar Capital Partners* (2014) and *Williams v. Central Bank of Nigeria* (2014). It has been restructured to incorporate a new chapter on the internationalisation of the trust which provides an understanding of the new directions being taken in the areas of trust law and equitable remedies. Supplementary material includes an online chapter on occupational pension schemes. With suggestions for further reading guiding the student to contemporary debates, this leading textbook retains its hallmark combination of a contextualized approach and a commercial focus, and remains the serious student's textbook of choice.

This volume contains summaries of the essential cases & extracts from key legislative provisions that you will need to draw upon when answering problem or essay questions. Debate & issue boxes are included to highlight contentious areas of the law & help you refine your critical analysis skills.

Sealy and Hooley's Commercial Law

This is the fifth, fully updated edition of Roy Goode's seminal work *Commercial Law*, covering the area's theoretical framework as well as its application. From its first publication, this book was acclaimed as the standard text on this field of the law. Now for its fifth edition, it has been completely revised and expanded to take into account the new developments of the last five years. The book lays out both the framework of commercial law and the application of fundamental principles to typical business transactions. This unique combination of theory and practice is supplemented by specimen documents, tables of statutes, cases and conventions.

Ellinger's Modern Banking Law

Blackstone's Statutes on Commercial and Consumer Law 2021-2022

Written by one of Ireland's leading medical law academics, this practical book comprehensively covers case law and regulations regarding the healthcare system, the law relating to human reproduction, and the key issues of consent and treatment. Designed to be used by lawyers and healthcare professionals, Medicine, Ethics and the Law in Ireland provides an invaluable reference tool for anybody who requires accurate information and guidance on this area of Irish law. This new edition includes: Medical research and clinical trials; Organ donation and transportation; Patient safety and QA; and Biobanking.

*"Once more, we were delighted to take on the task of updating this text for its 14th edition, having taken over editorial responsibilities from the late John Adams from the 13th edition. In our preface to the previous edition, we recorded the sudden passing of Professor Adams. Sadly, in this preface, we must note another passing: on 30 March 2018, Patrick Atiyah, who wrote the 1st-8th editions of this book and continues to give the book its name, passed away at the age of 87. Patrick was one of those giants of academic contract law whose contributions continue to be read and to inspire scholars everywhere. We are both mindful of our task to maintain the scholarly rigour which he gave to this book as we take it into the future. This edition is also the first time since the 9th edition without a Scottish editor. Professor Hector MacQueen had been responsible for adding Scottish content since the 10th edition (2001), but decided that he would discontinue this role after the 13th edition was published in 2016. We are very grateful for Hector's contributions to the work. On the advice of the book's publishers, this edition has been put together without the benefit of a Scottish editor, although we have, of course, continued to take decisions from the Scottish courts into account in updating the various chapters. Since the last edition was published, there have been few major developments in the law on the sale of goods, aside from the difficult ruling by the Supreme Court in *PST Energy 7 Shipping LLC v OW Bunker Malta Ltd* [2016] UKSC 23 (which arrived too late for proper consideration in the previous edition). We have updated the text in light of recent cases and academic writings where appropriate. Furthermore, we have continued our task of streamlining the running order of the chapters, and we have sought to make gentle updates to the language of the book, preserving its rigour but ensuring it remains accessible to a contemporary audience. In some instances, we have curtailed or removed altogether the detailed discussion of the pre-1994 case-law which had become redundant as a result of the changes made to the Sale of Goods Act at that time. The rise of digital technology and new business models in the digital economy will invariably have an impact on the law concerning the sale of goods, but at this point, the real impact is not yet known. In some places, we have alluded to the possible significance of digital technology, and this could well become a more significant theme in future editions"--*

Banking Law and Regulation is the ideal textbook to accompany a modern course at undergraduate and post-graduate levels. A truly contemporary textbook, it fully addresses the current landscape of banking law and regulation post the 2008 financial crisis. Coverage is expertly balanced between transactional, regulatory, and private law topics across UK banking law, as well as European and international law, ensuring that this book covers everything needed for a full understanding. Packed with features, including diagrams, questions, key takeaways, and key bibliographies, student learning is supported and consolidated.

*The second edition of Commercial Law covers everything you need to know, from sale of goods and supply of services, to finance, insurance and international trade. The book examines the private law framework within which trade and commerce is conducted and provides you with an accessible, up-to-date description and critical analysis of the main areas of commercial law in Ireland, with reference to other jurisdictions where relevant. The second edition maps major developments in commercial legislation and case law over the last 10 years, from both a European and Irish perspective. Commercial Law also considers the recommendations of various law reform bodies; in particular the recommendations from the final report of the Sales Law Review Group (2011) are contextualised and critically examined. Commercial Law provides you with a thorough exploration of the subject area by examining the impact of the Arbitration Act 2010, Land and Conveyancing Law Reform Act 2009, Consumer Protection Act 2007, and the Patents (Amendment) Act 2006 on Commercial Law. You will also be brought up-to-date on important new regulations, such as: *The Consumer Sales Regulations, 2003 *The EC (Mediation) Regulations, 2011 *The EC (Payment Services) Regulations, 2009 *The EC (Enforcement of Intellectual Property Rights) Regulations, 2006 *The EC (Certain Aspects of the Sale of Consumer Goods and Associated Guarantees) Regulations, 2003*

Moffat's Trusts Law 6th Edition

Commercial and Consumer Law

Goode on Commercial Law

Law Revision and Study Guide

Everything You Need to Know about the Most Effective and Best Smelling Pheromones for Men

Written by leading figures in the field, this third edition of the Principles of Banking Law provides an authoritative account of the subject, significant changes in banking law, regulation, and practice that have occurred since the publication of the second edition in 2002. The thoughtful and contextual treatment of domestic and international banking and financial services law, with in-depth expert coverage of regulation, payment systems, lending, and trade finance.

This book looks at the UK banking in the context of general legal doctrines and banking regulation. It draws on Australian, US and Canadian law and deals with the impact of the recent global financial crisis.

Monetary sovereignty is a crucial legal concept dictating that states have sovereignty over their own monetary, financial, and fiscal affairs. It does not feature as part of any key instruments of international law, including the Articles of Agreement of the International Monetary Fund. It remained a somewhat separate notion, developed under contemporary international law from an assertion of the former Permanent Commission on International Law.

Justice in 1929. As a consequence of globalization and increasing financial integration and a worldwide trend towards the creation of monetary unions, the principle of monetary sovereignty has undergone significant change. This book examines this evolution in detail, and provides a conceptual framework to demonstrate what this means for the legal and economic challenges faced by the international community. The book traces the historic origins and evolution of the concept of monetary sovereignty, putting it into the context of broader concepts of sovereignty. It shows how sovereignty remains relevant as a dynamic legal concept with both positive and normative components. It investigates the continuing history of international monetary law resulting from changes to its formal and material sources. It then examines the complex phenomenon of exchange rate misalignment under international monetary and trade law, and the increasing regionalization of monetary sovereignty, notably in light of the recent sovereign debt crisis. Finally, it assesses the role the concept of monetary sovereignty can play in the reorganization of international financial institutions in the recent global financial crisis.

Intellectual Property Law is the definitive textbook on this subject - an all-embracing and detailed guide to intellectual property law. It covers copyright law in relation to copyright, patents, trade marks, passing off and confidentiality, whilst enlivening the text with illustrations and diagrams.

Rights and Regulation

The sixth edition of the authoritative and acclaimed commercial law text 'A great book ... will be equally useful to legal practitioners, students and business people' Financial Times This sixth edition of Goode on Commercial Law, now retitled Goode and McKendrick on Commercial Law, remains the first port of call for the modern day practitioner with its theoretical and practical coverage of commercial law in both a national and an international context. Now updated to cover the most recent legal and technical changes, this highly acclaimed and authoritative text, which is regularly cited by all courts from the Supreme Court downwards, combines a deep theoretical analysis of foundational principles with a practical approach in the context of typical commercial and financial transactions. It is also replete with diagrams and specimen forms covering a wide range of transactions. 'Searching analysis and meticulous exposition coupled with a lucid clarity of style and a relaxed lightness of touch combine to make the book not only compulsory but compulsive reading for anyone interested in its field' Law Quarterly Review 'A work of immense scholarship ... Professor Goode's work must be as nearly exhaustive as can be possible and as produced by Penguin is a triumph of paperback publishing' Solicitor's Journal 'Clear and comprehensive ... The student and practitioner will find it indispensable; the interested layperson too will benefit from it as a work of reference' British Business 'A veritable tour de force' Business Law Review

Cases and Materials in Company Law is well-established as the best casebook on company law available. It covers all vital cases and combines sophisticated commentary with well-chosen notes and questions. This edition retains the original successful structure and style, whilst being fully updated to reflect changes following the Companies Act 2006.

Text and Materials
