A brilliant novel of mystery and history merged together when in 1891 a young girl disappears mysteriously and is never heard from again. Abigail Stone just graduated from college when she and her dog, Willow, are moving to St. Augustine, Florida, where she will be employed at the Blue Water Clinic. She's rented a small home from a feisty sixty-eight-year-old lady who lives next door. Shortly after Willow and Abigail move in, Willow starts to investigate and finds a letter that's over one hundred years old. Abigail engages her landlord in the reading of the letter, and from there, they enter into a maze of danger, risk, and intrigue that begins when Henry Flagler and his second wife, Ida, were the talk of the town.

she has everything she could ever want, except her parents' attention. A Princeton physicist and a high-powered executive, they barely have any time for each other, much less for Morgan. Then her beloved grandfather dies, depriving Morgan of the only stable figure in her life. If that's not enough, she suddenly finds out he was never her grandfather at all. To find out the truth about her family, Morgan makes her way to Brooklyn, where she meets Terence Mulvaney, the Irish immigrant father who her mother disowned. Morgan wants answers; but instead of just satisfying her curiosity, Mulvaney shows her the people in his condemned tenement building, who are suffering and have nowhere to go. He challenges her to help them, by tearing away the veil of shame, and showing her wealthy parents and her advantaged circle of friends a world they don't want to know exists. The temptation to walk away from this ugly reality, as her mother did, is strong. But if she does, can Morgan ever really leave behind what she learned when she crossed into Brooklyn?

In this dynamite series debut, Sharon Fiffer has introduced an engaging and enterprising heroine in Jane Wheel. Recently laid off from her advertising job, separated from her husband Charley, and colliding head-on with a midlife crisis, Jane is trying to make ends meet as an antique "picker" foraging for killer stuff at suburban Chicago's estate sales and auctions, garage sales and flea markets. Before long she's addicted to the hunt, spending her Friday nights with the classified ads and a street map, outlining her weekend plan of attack. Jane knows that finding the real treasures is all about being in the right place at the right time. But just as she's settling in to her new routine, Jane finds herself in just the wrong place and at quite the wrong time: stumbling over her neighbor

Sandy's dead body. Soon she's the prime suspect. After all, everyone on the block seems to have seen her kissing Sandy's husband at a recent dinner party. Leaning on her best friend Tim, a flower shop owner and fellow junk hound, as well as Evanston police detective Bruce Oh, Jane has no choice but to hunt for the truth. Hopefully her knack for uncovering valuables in the least likely of places will extend to discovering clues as well. Like the vintage postcards, Bakelite buttons, and Fulper lamps that she dreams of finding, to Jane the truth just might be priceless. Sharon Fiffer's mystery debut is a fabulously entertaining read and an intriguing puzzle featuring a heroine that's a dynamic mix of Miss Marple, Kinsey Millhone, and Leigh and Leslie Keno.

Do teachers have a front row seat to America's decline? Jeremy S. Adams, a teacher at both the high school and college levels, thinks so. Adams has spent decades trying to instill wisdom, ambition, and a love of learning in his students. And yet, as he notes, when teachers get together, they often share an arresting conclusion: Something has gone terribly wrong. Something essential is missing in our young people. Their curiosity seems stunted, their reason undeveloped, their values uninformed, their knowledge lacking, and most worrying of all, their humanity diminished. Digital hermits of a sort unfamiliar to an older generation, they have little interest in marriage and family. They largely dismiss—and are shockingly ignorant of—religion. They

sneer at patriotism, sympathize with riots and vandalism, and regard American society and civilization as so radically flawed that it must be dismantled. Often friendless and depressed, they eat alone, study alone, and even “socialize” alone. Educators like Adams see a generation slipping away. The problems that have hollowed out our young people have been festering for years. A year of COVID-19 lockdowns and social distancing have magnified them. The result could be a generation—and our nation’s future—lost in a miasma of alienation and stupefaction. In his stunning new book, *Hollowed Out*, Jeremy S. Adams reveals why students have rejected the wisdom, culture, and institutions of Western civilization—and what we can do to win them back. Poignant, frightening, and yet inspiring, this is a book for every parent, teacher, and patriot concerned for our young people and our country

Inside a secret compartment of the just arrived jewelry box is a cache of incredibly expensive jewelry. Lila's mind reels. How could her mother afford such opulence? Did it really belong to her? Part memoir, part investigative reporting, Diary of a Misfit is a sweeping journalistic saga about sexuality and gender, family trauma and the redemptive force of love. When Casey Parks came out as a lesbian in college back in 2002, she assumed her life in the South was over. Her mother shunned her, and her pastor asked God to kill her. But then Parks's grandmother, a stern conservative who grew up picking cotton, pulled her aside and revealed a startling secret. I grew up across the street from a woman who lived as a man, and then implored Casey to find out what happened to him. Diary of a Misfit is the story of Parks's life-changing journey to unravel the mystery of Roy Hudgins, the small-town country singer from grandmother's

youth, all the while confronting ghosts of her own. For ten years, Parks traveled back to rural Louisiana and knocked on strangers' doors, dug through nursing home records, and doggedly searched for Roy's own diaries, trying to uncover what Roy was like as a person--what he felt; what he thought; and how he grappled with his sense of otherness. As Parks traces Roy's story, she is forced to reckon with long-buried memories and emotions surrounding her own sexuality, her fraught Southern identity, her tortured yet loving relationship with her mother, and the complicated role of faith in her life. With an enormous heart and an unstinting sense of vulnerability, Parks writes about finding oneself through someone else's story, and about forging connections across the gulfs that divide us.
