The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of A Very Stable Genius. "Chilling." - Anderson Cooper "Jaw-dropping." - John Berman "Shocking." - John Heilemann "Explosive." - Hallie Jackson "Blockbuster new reporting." - Nicolle Wallace "Bracing new revelations." - Brian Williams "Bombshell reporting." - David Muir The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members—Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest

movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump’s supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

Rosemary (Rosie) Kennedy was born in 1918, the first daughter of a wealthy Bostonian couple who later would become known as the patriarch and matriarch of America’s most famous and celebrated family.

Elizabeth Koehler was born in 1957, the first and only child of a struggling Wisconsin farm family. What, besides their religion, did these two very different Catholic women have in common? One person: Stella Koehler, a charismatic woman of the cloth who became Sister Paulus Koehler after taking her vows with the Sisters of the Third Order of St. Francis of Assisi. Sister Paulus was Elizabeth's Wisconsin aunt.

For thirty-five years—indeed much of her adult life—Sister Paulus was Rosie Kennedy’s caregiver. And a caregiver, tragically, had become necessary after Rosie, a slow learner prone to emotional outbursts, underwent one of America’s first lobotomies—an operation Joseph Kennedy was assured would normalize Rosie’s life. It did not. Rosie’s condition became decidedly worse. After the procedure, Joe Kennedy sent Rosie to rural Wisconsin and Saint Coletta, a Catholic-run home for the mentally disabled. For the next two decades, she never saw her siblings, her parents, or any other relative, the doctors having issued stern instructions that even the occasional family visit would be emotionally disruptive to Rosie. Following Joseph Kennedy’s stroke in 1961, the Kennedy family, led by mother Rose and sister Eunice Kennedy Shriver, resumed face to face contact with Rosie. It was also about then that a young Elizabeth Koehler began paying visits to Rosie. In this insightful and poignant memoir, based in part on Sister Paulus’ private notes and augmented by nearly one-hundred never-before-seen photos, Elizabeth Koehler-Pentacoff recalls the many happy and memorable times spent with the “missing Kennedy.”

Sexy, smart, and so unique! I was completely immersed in Mia's journey.” –Katy Evans, NYT Bestselling Author “A sexy, fast-paced, and downright addictive read. I devoured every word of Mia's journey.” –Meghan March, USA Today Bestselling Author “This was a KILLER start to Ms. Carlan's monthly series!” –Give Me Books “Damn, Audrey did it again! Made me smile, made me laugh & made me cry with her beautiful words! I am in love with these books. –Hooks & Books Blog “This story was exciting, quick; but well paced and full of loveable characters. I haven't met a character in this series that I haven't liked yet!” –Nice and Nau Synopsis It’s really simple. I needed money. A lot of money. One million dollars to be exact. The amount didn’t matter. All that mattered is that at the end of that price tag held my father’s life. No money. No life. The time limit was one year. On January 1st I had to pay up or my Father was going to be killed. When you’re faced with an ultimatum like this, you do whatever you have to do. And that’s exactly what I did. The job...Exquisite Escorts. My role, serve as high priced arm candy to anyone that can afford the \$100,000 price tag for a month of my company. Sex is optional (for me) and a 20% increase on the price. Mia Saunders just barely escaped a paltry life back home in

Las Vegas until she gets the call that her Father has been beaten to within an inch of his life for not paying his gambling debt. Problem is, the lone shark is her lousy, ruthless ex-boyfriend. Another guy in a long line of men she'd fallen head over heels for. Not anymore. Mia's mission is simple. Serve as a high-priced escort for her Aunt's company and pay monthly against her Father's bad debt. A month with a rich man who she doesn't have to sleep with if she doesn't want to? Easy money. At least that's the way it was supposed to go.

For more than twenty years Wendy Whiteley has worked to create a public garden at the foot of her harbourside home in Sydney's Lavender Bay. This is the extraordinary story of how a determined, passionate and deeply creative woman has slowly transformed an overgrown wasteland into a beautiful sanctuary for everyone to enjoy - and in the process, transformed herself. Wendy Whiteley was Brett Whiteley's wife, muse and model. An artist herself, with a finely honed aesthetic sense, she also created the interiors at the heart of Brett's iconic paintings of their Lavender Bay home. When Brett died, followed by the death nine years later of their daughter Arkie, Wendy threw her grief and creativity into making an enchanting hidden oasis out of derelict land owned by the New South Wales Government. This glorious guerrilla garden is Wendy's living artwork, designed with daubs of colour, sinuous shapes and shafts of light. This is Wendy's story but it's also the story of the countless people who cherish the Secret Garden. 'I've loved making this garden. It's been a great gift to my life. It let me find myself again,

and it's my gift to share with the public.' Wendy Whiteley

The realization of this manual has been possible thanks to the hard review, compilation and edition work of Nadia Scialabba, Natural Resources officer (NRC) and Ilka Gomez and Lisa Thivant, members of the TECA Team. One of the U.S. government's leading China experts reveals the hidden strategy fueling that country's rise – and how Americans have been seduced into helping China overtake us as the world's leading superpower. For more than forty years, the United States has played an indispensable role helping the Chinese government build a booming economy, develop its scientific and military capabilities, and take its place on the world stage, in the belief that China's rise will bring us cooperation, diplomacy, and free trade. But what if the "China Dream" is to replace us, just as America replaced the British Empire, without firing a shot? Based on interviews with Chinese defectors and newly declassified, previously undisclosed national security documents, *The Hundred-Year*

Marathon reveals China's secret strategy to supplant the United States as the world's dominant power, and to do so by 2049, the one-hundredth anniversary of the founding of the People's Republic. Michael Pillsbury, a fluent Mandarin speaker who has served in senior national security positions in the U.S. government since the days of Richard Nixon and Henry Kissinger, draws on his decades of contact with the "hawks" in China's military and intelligence agencies and translates their documents, speeches, and books to show how the teachings of traditional Chinese statecraft underpin their actions. He offers an inside look at how the Chinese really view America and its leaders – as barbarians who will be the architects of their own demise. Pillsbury also explains how the U.S. government has helped – sometimes unwittingly and sometimes deliberately – to make this "China Dream" come true, and he calls for the United States to implement a new, more competitive strategy toward China as it really is, and not as we might wish it to be. The Hundred-Year Marathon is a wake-up call as we face the greatest national security challenge of the twenty-first century.

NATIONAL BESTSELLER • "Elegant and wicked.... [This] might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime." -The New York Times Book Review

Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the

sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. Midnight in the Garden of Good and Evil is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.

Her signature floral prints have become hugely popular and she's been profiled in countless design magazines around the world. Kim Parker Home, a

thoughtful look at the artist's creative process, shows how anyone can create an "interior garden" in their home or apartment. A designer with a funky flair, Parker combines her own fantastic floral prints with unconventional flea market finds, fashionable antiques, and unique modern pieces to create a vibrant, colorful look. The book's stunning photographs feature her varied collections of designer rugs, bath and bedding, and dinnerware, as well as examples of the inspiration she finds both in nature and in the city. A wonderful sourcebook for anyone with an eye for mixing vintage and contemporary, Kim Parker Home is also a revealing window on how to make the most of your own creativity and vision.
