Explains how to customize the Java integrated development environment, covering navigation, terminology, extension, the plug-in architecture, and frameworks. "Books for New Testament study ... [By] Clyde Weber Votaw" v. 26, p. 271-320; v. 37, p. 289-352.

This is a comprehensive guide to challenging decisions of criminal courts and public bodies in the criminal justice system using judicial review. Written by a team of criminal and public law practitioners, it considers claims for judicial review arising in the criminal justice system, which now represent a distinct area of public law. These claims are set apart by special considerations and rules; for example, on the limits of the High Court's jurisdiction or the availability of relief during ongoing proceedings. Criminal practitioners may lack the background to spot public law points. Equally, public law specialists may be unfamiliar with criminal law and types of issues that arise. Criminal Judicial Review is intended as a resource for both. The book deals with the principles, case law, remedies and, the practice and procedure for obtaining legal aid and costs. It will be of assistance to any practitioner preparing or responding to judicial review claims involving the following: - The Police and the Crown Prosecution Service. - Magistrates' courts, the Crown Court and Coroners. - Prisons and the Parole Board. - Statutory bodies such as the Independent Police Complaints Commission and the Legal Aid Agency. - Claimants who are children, young persons or have mental disorders. - The international dimension including extradition proceedings and European Union law. - Practical considerations such as CPR Part 54, remedies, legal aid and costs. From the Foreword by The Rt Hon Lord Judge “The book is offered in clear and simple style, focussing less on esoteric theoretical considerations and more on the practical needs of the practitioner. It brings together materials relating to public law with which a criminal specialist may be less well informed, and material relevant to the criminal justice processes which may not be immediately apparent to the public law specialist. It will assist with the preparation of arguments, and also enable submissions which are unarguable to be discarded. It will therefore provide valuable guidance in this broad and developing area of practice.”

West's COMPTIA CLOUD+ GUIDE TO CLOUD COMPUTING, 2nd Edition, equips students and professionals interested in mastering fundamental, vendor-independent cloud computing concepts. Fully updated content maps to the CompTIA Cloud+ (CVO-003) exam objectives. The new exam has less emphasis on physical host configuration and more emphasis on cloud infrastructure, management and security. Each module in the second edition is packed with enriched features that provide the most effective and durable learning experience, such as self-check questions, group activities and capstone projects that enable learners to strengthen their new skills and knowledge through real design and deployment scenarios. In addition, learners have the opportunity to work with three popular cloud platforms: AWS (Amazon Web Services), Microsoft Azure and GCP (Google Cloud Platform). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Wiley CPAexcel Study Guides have helped over a half million candidates pass the CPA Exam. This volume contains all current AICPA content requirements in Business Environment and Concepts (BEC). The comprehensive four-volume paperback set (AUD, BEC, FAR, REG) reviews all four parts of the CPA Exam. With 3,800 multiple-choice questions. The CPA study guides provide the detailed information candidates need to master or reinforce tough topic areas. The content is separated into 48 modules. Unique modular format—helps candidates zero in on areas that need work, organize their study program, and concentrate their efforts. Comprehensive questions—over 3,800 multiple-choice questions and their solutions in the complete set (AUD, BEC, FAR, REG). Guidelines, pointers, and tips show how to build knowledge in a logical and reinforcing way. Arms test-takers with detailed text explanations and skill-building problems to help candidates identify, focus on, and master the specific topics that may need additional reinforcement. Available in print format.

Healthcare providers, consumers, researchers and policy makers are inundated with unmanageable amounts of information, including evidence from healthcare research. It has become impossible for all to have the time and resources to find, appraise and interpret this evidence and incorporate it into healthcare decisions. Cochrane Reviews respond to this challenge by identifying, appraising and synthesizing research-based evidence and presenting it in a standardized format, published in The Cochrane Library (www.thecochranelibrary.com). The Cochrane Handbook for Systematic Reviews of Interventions contains methodological guidance for the preparation and maintenance of Cochrane intervention reviews. Written in a clear and accessible format, it is the essential manual for all those preparing, maintaining and reading Cochrane reviews. Many of the principles and methods described here are appropriate for systematic reviews applied to other types of research and to systematic reviews of interventions undertaken by others. It is hoped therefore that this book will be invaluable to all those who want to understand the role of systematic reviews, critically appraise published reviews or perform reviews themselves.

For many years Letterland has led children to skillful reading, accurate spelling and a love of literacy. Now this sequel Step-by-Step Letterland Guide provides fresh support for your children's second school year in their journey to full literacy.

A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.

Government Secrecy

A portrait of how the 1990s round of redistricting treated the racial and linguistic minorities that had been given special protections by the Voting Rights Act of 1965, primarily African-Americans, but also Native Americans, Asian-Americans, and those of Spanish heritage. Throughout the volume, the primary focus is on the practical politics of redistricting and its consequences for racial representation. Almost all the authors have been directly involved in the 1990s redistricting process either as a legislator, a member of the Voting Rights Section of the Justice Department, a member of a districting commission, or, most commonly, as an expert witness or lawyer in voting rights cases. All bring to bear special insights as well as insider knowledge of Congressional and state redistricting.

"Curriculum connections, vocabulary, unit tests, critical thinking"--Cover.

The ISM Code has been mandatory for almost every commercial vessel in the world for more than a decade and nearly two decades for high risk vessels, yet there is very little case law in this area. Consequently, there remains a great deal of confusion about the potential legal and insurance implications of the Code. This third edition represents a major re-write and addresses significant amendments that were made to the ISM Code on 1st July 2010 and 1st January 2015. This book provides practitioners with a practical overview of, and much needed guidance on, the potential implications of failing to implement the requirements of the Code. It will be hugely valuable to DPAs, managers of ship operating companies, ship masters, maritime lawyers and insurance claims staff.
