Big Box of Sentence BuildingKey Education Publishing Company

This primer, a pithy handbook for the dilettante and a refresher for the seasoned wordsmith, employs a methodology that has proven highly effective with students over the years. Sure to come in handy for all who want to take the flaws out of their clauses- and keep them out!

The go-to sentence-building guide now includes a brand-new, fully comprehensive review chapter! You've learned the fundamentals of French grammar, like spelling, word meanings, and parts of speech. Now it's time to take the next step and put them all together to communicate complete ideas. Practice Makes Perfect French Sentence Builder, Second Edition guides you through the process of putting the "parts" of French together correctly, from connecting words into clauses to writing original sentences to creating whole paragraphs. You'll get where you want in no time through Practice Makes Perfect's systematic, crystal-clear approach to building sentences. Practice Makes Perfect French Sentence Builder, Second Edition features: • Clear explanations of how to apply grammar to create well-formed sentences • Numerous examples of correctly-formed French sentences • Lesson reinforcement with copious practice exercises, include multiple choice, sentence-correction, and building new sentences from scratch • Answer key, including suggestions for creative exercises

Routledge Language Workbooks provide absolute beginners with practical introductions to core areas of language study. Books in the series provide comprehensive coverage of the area as well as a basis for further investigation. Each Language Workbook guides the reader through the subject using 'hands-on' language analysis, equipping them with the basic analytical skills needed to handle a wide range of data. Written in a clear and simple style, with all technical concepts fully explained. Language Workbooks can be used for independent study or as part of a taught class. Sentence Structure: • introduces the evidence for sentence structure and reveals its purpose • is based on a problem-solving approach to language • teaches the reader how to identify word classes, such as noun, preposition and demonstrative • uses simple tree structures to analyse sentences • contains numerous exercises to encourage practical skills of sentence analysis • includes a database and exercises that compare the structure of English with other languages The second edition has been revised and updated throughout.

A straightforward guide to understanding English grammar This book is for people who have never thought about syntax, and who don't know anything about grammar, but who want to learn. Assuming a blank slate on the part of the reader, the book treats English grammar as a product of the speaker's mind, and builds up student skills by exploring phrases and sentences with more and more complexity, as the chapters proceed. This practical guide excites and empowers readers by guiding them step by step through each chapter with intermittent exercises. In order to capitalize on the reader's confidence as a personal authority on English, Understanding Sentence Structure assumes an inclusive definition of English, taking dialect variation and structures common amongst millions of English speakers to be a fact of natural language. Situates grammar as part of what the student already unconsciously knows Presupposes no prior instruction, not even in prescriptive grammar Begins analyzing sentences immediately, with the "big picture" (sentences have structure, structure can be ambiguous) and moves through levels of complexity, tapping into students' tacit knowledge of sentence structure Includes exercise boxes for in-chapter practicing of skills, side notes that offer further tips/encouragement on topics being discussed, and new terms defined immediately and helpfully in term boxes Applies decades of findings in syntactic theory and cognitive science, with an eye towards making English grammar accessible to school teachers and beginning students alike Understanding Sentence Structure: An Introduction to English Syntax is an ideal book for undergraduates studying modern English grammar and for instructors teaching introductory courses in English grammar, syntax, and sentence structure.

Enhance early grammar and reading skills with sturdy, interlocking cards that cover parts of speech, capital letters, punctuation, building sentences, and more! Tailor activities to different learning levels with this fun set, which includes grammatically color-coded cards (55 word, 4 punctuation, and 27 photo cards), game ideas, sample sentences, and teaching suggestions. It also supports NCTE and NAEYC standards.

Practice Makes Perfect helps you put your Italian vocabulary and grammar skills together! You may have all the vocabulary down pat and every grammar point nailed--but without the skill of knowing how to put these elements together, communicating in your second language would be nearly impossible. Practice Makes Perfect: Italian Sentence Builders picks up from where other grammar books leave off, showing you the variety of structures and how to combine them to make solid sentences. And like every Practice Makes Perfect title, these books feature crystal-clear explanations, numerous realistic examples, and dozens of opportunities to practice, practice, practice!

Parts of speech - Phrases - Sentences - Questions - Commands and exclamations - Simple sentences - Clauses - Compound sentences - Complex sentences - Sentence-building skills.

Sometimes it's better to start small, with a sentence. Every English teacher has experienced it: students staring at an empty page, seemingly paralyzed by a writing assignment. When this happens, it may be time to back off from the Big Idea approach to the art of reading and writing, and zero in on a single sentence. In this book, a master teacher offers a complete guide to a sentence-level approach. Helping students recognize the techniques that make sentences great is the first step, and there are plenty of examples here from YA novels, TV shows, and song lyrics as well as the

novels, poetry, and nonfiction pieces that form the canon of middle and high school reading lists. Lesson plans include activities to introduce the featured element of style; questions to guide students in their analysis; and writing prompts and activities to spark students' interest and creativity. With this Little-to-Big strategy, students move quickly from analysis of the words between two periods to the universe of ideas of which that sentence is a part. They may even be eager to write their own

Understand Korean sentence structures better & Build longer and more flexible Korean sentences!!

Improving Sentence Structure teaches self-editing skills that help the writer avoid common writing problems like sentence fragments and run-on sentences. Sentences are the building blocks of good writing. People who struggle with writing sentences will obviously struggle when they are expected to write paragraphs or essays. A firm grasp of basic sentence structure allows writers to say what they mean in a way that others can easily understand.

BUILDING WRITING SKILLS THE HANDS-ON WAY. 1st Edition teaches you the skills you need to become a college-level writer, reader, and critical thinker. The book takes the gr out of grammar, provides helpful instruction on writing sentences and paragraphs, and makes the essay writing process clear by leading you through lessons that include engaging hands-on activities. The friendly, informal tone makes the book easy to read, and the real-world examples and exercises are drawn from a variety of life experiences and perspectives. In short, this book makes the learning process more fun, less intimidating, and more effective. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Based on the bestselling series from The Great Courses, Building Great Sentences celebrates the sheer joy of language—and will forever change the way you read and write. Great writing begins with the sentence. Whether it's two words ("Jesus wept.") or William Faulkner's 1,287-word sentence in Absalom! Absalom!, sentences have the power to captivate, entertain, motivate, educate, and, most importantly, delight. Yet, the sentence-oriented approach to writing is too often overlooked in favor of bland economy. Building Great Sentences teaches you to write better sentences by luxuriating in the pleasures of language. Award-winning Professor Brooks Landon draws on examples from masters of long, elegant sentences—including Don DeLillo, Virginia Woolf, Joan Didion, and Samuel Johnson—to reveal the mechanics of how language works on thoughts and emotions, providing the tools to write powerful, more effective sentences.

The go-to guide to helping you make the leap from French language basics to composing well-structured sentences--now with new streaming audio recordings via the McGraw Hill Language Lab app. Once you've learned the rudiments of French grammar and a core vocabulary, the next challenge is to put together well-structured sentences. In Practice Makes Perfect: French Sentence Builder, you'll find everything you need to help you break out of a compartmentalized understanding of the language and build your confidence in writing and speaking French. Progressing gradually from putting words together into clauses through writing your own sentences and eventually entire paragraphs, Practice Makes Perfect: French Sentence Builder presents clear explanations on how to apply grammar, numerous examples that demonstrate correct word order, and helpful exercises to practice. With new audio recordings of the answer key to more than 50 exercises, you'll gain the skills you need to be able to speak, understand, and write French with confidence. Features Presents grammar elements in the context of sentence building, supported by numerous examples Includes numerous exercises in a variety of formats to build writing skills A review chapter tests your comprehension of everything covered in the book An answer key provides correct responses to closed exercises and example answers for creative questions NEW: Audio recordings of the answer key to more than 50 exercises, available via the McGraw Hill Language Lab app

Using Story-based Activities to Develop Knowledge of how Language Works. Book 2. Building Sentences

A hands-on discovery mode of teaching English grammar using a variety of techniques.

Improve sight word recognition, build vocabulary, increase fluency, teach punctuation, and introduce grammar with the Big Box of Sentence Building! The 250 puzzle pieces (approx. 2" x 2") also include four blank puzzle pieces that can be used with write-on/wipe-off crayons or dry erase markers. The pieces are also color-coded by the part of speech it represents. Also included is a 4-page booklet with directions, teaching suggestions, and games. Games include Scrambled Sentences, Spinner Game, and much more. Supports NCTE standards.

A series of lectures designed to broaden understanding of how the variety of ways to construct sentences, from the smallest clause to the longest sentence, is important to enhancing appreciation of great writing and potentially improving your own.

Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout.Each unit includes:1) a sentence builder modelling the target constructions;2) a set of vocabulary building activities;3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; – a set of retrieval-practice translation tasks;4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning.Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.
