Isobel Stonecrow's life has an expiration date: One month, two weeks, four days, and six hours remaining. Not that she's counting. When she signed a contract giving her soul and memories to a demon named Ander, she didn't expect that she would ever have to face termination. But now Ander is dead and she'll be following suit if she can't find a way to dissolve the deal. Too bad she can't remember anything from the time before she signed the contract. Fritz Friederling, a billionaire demon hunter who owns several businesses in Hell, isn't ready to give up on Isobel. But she isn't sure that working with Fritz is better than dying. She doesn't know much about her past life, but she knows that she signed Ander's contract for a reason—and that getting away from Fritz was a significant part of it. Escaping her contract means remembering the life that she chose to forget. And it means trusting Fritz Friederling, who Isobel fears might be the biggest danger of all...

When more than a dozen people die at a retirement home, the official story is carbon monoxide poisoning. Cèsar Hawke is convinced the reason is less mundane and more infernal. But that's his job. As an agent working for the Office of Preternatural Affairs, he's always looking for supernatural answers to deadly questions. Isobel Stonecrow agrees to help him find the truth. With her powers of necrocognition, she can speak to the dead and get the real story. But when they return to the crime scene, they find a lot more than cadavers. They find a nightmare that they can't escape—a nightmare from Isobel's past, which even she can't completely remember thanks to the contract that signed away her soul. Cèsar will have to disinter Isobel's secrets to save her. He'll learn who Isobel used to be, what she's done, and the price she paid...no matter how deadly the knowledge might be.

In the heart of darkness... do what must be done. Depweg is lost in time, unwittingly finding himself in a stream of reality that has broken off from the single river our universe safely resides upon. John has no choice but to do the impossible and retrieve his best friend or risk the two parallel timelines crashing into one another. Teaming up with the newcomer, Jose, our hero must act quickly to prevent a catastrophic flood of crashing realities. Poised at the center of our galaxy, lies the most destructive force in the known universe, and John will get a first-hand experience at its unimaginable power. To save Depweg, our hero must travel through the supermassive blackhole, and back in time to find a single needle in a thousand haystacks. Waking up in a strange place, Depweg is gifted with something he hadn't known he had craved since John had first told him of the unstoppable prophecy and coming apocalypse; solace. For the first time in years, Depweg can take a breath, finding peace in the knowledge that the end of the world is far, far away. There's only one thing that could make his relaxing vacation even better while simultaneously providing the perfect reason to never go back... Having lost everyone he cares about, a defeated, hopeless young man will allow chaos into his heart in exchange for a chance at revenge for the fallen. All too late, he realizes the cost as the law of unintended consequences proves to be absolute, and a war is waged on people the young man once called friend. Behind the scenes, powerful marionettes pluck at fraying strings, guiding the story toward its inevitable conclusion. Will John be able to cut away his strings to become a real boy? Or will he remain a puppet to his fate... If you like Jim Butcher, Shayne Silvers, Cameron O'Connell, Kevin Hearne, Steve McHugh, Ilona Andrews, Patricia Briggs, Shannon Mayer, or K.F. Breene, you won't be able to put down the highly addictive Preternatural Chronicles.

The exciting conclusion to a sumptuous gaslamp fantasy series! Leanna Renee Hieber brings Victorian London and New York to life and fills both cities with ghosts and monsters. Two groups of paranormally talented investigators discover that the Eterna compound—thought to be the key to immortality—is, instead, a powerful protective charm. That protection is sorely needed, for both England and the U.S. are under attack by dark forces. Having vanquished the demonic pretender to the British throne, the now-united forces of the Eterna Commission and the Omega Department reach America ready to take on a new menace. But like the United States itself, this

evil is rapidly spreading from sea to shining sea. Will the new magic our heroes have discovered be strong enough to defeat it? With its blend of Victorian details, complex plots, and compelling characters, Hieber's fascinating historical fantasy continues to earn critical acclaim. A great philosopher will change the way you think about your life. For most of human history, religion provided a clear explanation of life and death. But in the late 19th and early 20th centuries new ideas – from psychiatry to evolution to Communist – seemed to suggest that our fate was now in our own hands. We would ourselves become God. This is the theme of a remarkable new book by one of the world's greatest living philosophers. It is a brilliant and frightening look at the problems and opportunities of a world coming to grips with humankind's now solitary, unaided place in the universe. Gray takes two major examples: the belief that the science-backed Communism of the new USSR could reshape the planet, and the belief among a group of Edwardian intellectuals – popularized through mediums and automatic writing – that there was a non-religious form of life after death. Gray presents an extraordinary cast of philosophers, journalists, politicians, charlatans and mass murderers, all of whom felt driven by a specifically scientific and modern world view. He raises a host of fascinating questions about what it means to be human. The implications of Gray's book will haunt its readers for the rest of their lives.

The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of A Very Stable Genius. "Chilling." – Anderson Cooper "Jaw-dropping." – John Berman "Shocking." – John Heilemann "Explosive." – Hallie Jackson "Blockbuster new reporting." – Nicolle Wallace "Bracing new revelations." – Brian Williams "Bombshell reporting." – David Muir The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members—Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump's supporters so easily breached the most sacred halls of American democracy, and how the

president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

If you can judge a book by its enemies, *Too Famous* could be an instant classic.

Bestselling author of *Fire and Fury* and chronicler of the Trump White House Michael Wolff dissects more of the major monsters, media whores, and vainglorious figures of our time. His scalpel opens their lives, careers, and always equivocal endgames with the same vividness and wit he brought to his disemboweling of the former president. These brilliant and biting profiles form a mesmerizing portrait of the hubris, overreach, and nearly inevitable self-destruction of some of the most famous faces from the Clinton era through the Trump years. When the mighty fall, they do it with drama and with a dust cloud of gossip. This collection pulls from new and unpublished work—recent reporting about Tucker Carlson, Jared Kushner, Harvey Weinstein, Ronan Farrow, and Jeffrey Epstein—and twenty years of coverage of the most notable egomaniacs of the time—among them, Hillary Clinton, Michael Bloomberg, Andrew Cuomo, Rudy Giuliani, Arianna Huffington, Roger Ailes, Boris Johnson, and Rupert Murdoch—creating a lasting statement on the corrosive influence of fame. Ultimately, this is an examination of how the quest for fame, notoriety, and power became the driving force of culture and politics, the drug that alters all public personalities. And how their need, their desperation, and their ruthlessness became the toxic grease that keeps the world spinning. You know the people here by name and reputation, but it's guaranteed that after this book you will never see them the same way again or fail to recognize the scorched earth the famous leave behind them.

Preternatural Chronicles Book 8

*My name is John Cook, and my life began the day my heart stopped beating. You meet the most interesting men in Medieval prisons. This one time, I met a guy who offered me immortality for the low, low price of changing my diet. I didn't read the fine print. Because he wasn't talking about a gluten free diet. More like hemoglobin full. And now I'm a friggin' vampire with five centuries of pop culture references. Granted, at the time, I was listening to the dying screams of my mother and father being burned and eviscerated alive just outside the rusty bars of the prison cell, and my new best friend was offering me my only real chance at saving my own life and avenging my parents' murderers-some day. Except my first chance at vengeance took about five hundred years, and I had to wade through oceans of sin and violence, blackening my soul-and my already dark sense of humor-beyond redemption until I met Father Thomes-a Roman Catholic Priest-in present-day Houston. Papa Thomes taught me how to use my dark curse to fight for the good guys. Like Alfred and Robin did for Batman-except we straight up murder Jokers and Two-Faces. Biteman and Pope'n. We stand up for the downtrodden, the forgotten, and the neglected?By exsanguinating the wicked in horrific, truly imaginative ways, and having a grand ol' time doing it. You know what they say about doing what you love?But our party is soon cut short when we learn the End of Days is just around the corner, and that the fine print of my contract might have hidden a few other tidbits. Like the fact that I was central to kicking off the Apocalypse, and that the Archdemons will stop at nothing to make sure The Dude Abides by the terms of his contract. I guess I need a lawyer. Get ready to laugh at extreme violence. I know I will. If you're not laughing, you're learning.*

*There is nothing in the universe the cursed dragon, Falcyn, hates more than humanity . . . except Greek humans. In a war he wanted no part of, they systematically destroyed everything he'd ever cared for. Now he waits for the day when evolution will finally rid him of the human vermin. Medea was born the granddaughter of the Greek god Apollo, and among the first of his people that he cursed to die. But she will not let anyone rule her life. Not even her notorious grandfather. And when Apollo sends a new plague to destroy what remains of her people, she refuses to stand by and watch him take everything she loves from her again. This time, she knows of a secret weapon that can stop the ancient god and his army of demons. Once and for all. However, said device is in the hands of a dragon who wants nothing to do with politics, the gods, humanity, demons or Apollites. And especially not her. He is the immovable object. She is the unstoppable force . . . When Apollo makes a strategic move that backfires, he forces Falcyn back into play. Now Medea either has the weapon she needs to save her people, or she's unleashed total Armageddon. If she can't find some way to control the dragon before it's too late, Falcyn will be an even worse plague on the world than the one Apollo has set loose. But how can anyone control a demonic dragon whose sole birthright is world annihilation?*

*My name's Cèsar Hawke, and the people in my life are filled with good intentions. We all know where that ends up. A fissure to Hell has ripped from Las Vegas to Los Angeles and now half the City of Dis is in my hometown. Helltown's hotter than ever. Demon dynasties are on the rise. Nightmares are out to get me. Staying alive means forgiving people I've kicked out of my life, it means getting vicious with magic, and yeah, it means I'm dealing with dead bodies. Lots of them. I'm Cèsar Hawke. When more than a dozen people die at a retirement home, the official story is carbon monoxide poisoning. Cesar Hawke is convinced the reason is less mundane and more infernal. But that's his job. As an agent working for the Office of Preternatural Affairs, he's always looking for supernatural answers to deadly questions. Isobel Stonecrow agrees to help him find the truth. With her powers of necrocognition, she can speak to the dead and get the real story. But when they return to the crime scene, they find a lot more than cadavers. They find a nightmare that they can't escape—a nightmare from Isobel's past, which even she can't completely remember thanks to the contract that signed away her soul. Cesar will have to disinter Isobel's secrets to save her. He'll learn who Isobel used to be, what she's done, and the price she paid...no matter how deadly the knowledge might be.

This urban fantasy boxed set contains the first three books of the Preternatural Affairs series: *Witch Hunt*, *Silver Bullet*, and *Hotter Than Helltown*. Readers of Jim Butcher's Dresden Files will love Cesar Hawke. My name's Cesar Hawke. I'm a witch working for a division of the government you've never heard about. The world's not what everyone thinks it is—unless you think that our world's a pawn in a game of chess between

Heaven and Hell, and riddled with as much magic and wonder as it is with evil. In that case, the world is exactly what you think. My place of employment—the Office of Preternatural Affairs—takes a modern approach to an ages-old problem. It used to be that inquisitors would burn demons and the people in league with them. Now we get warrants, perform arrests, put the suspects on trial, and send guilty parties back to the Hell from whence they came with the travel forms filled out in triplicate. This stuff I do with the OPA, it saves lives on most days. Most days, I said. About Witch Hunt There are scratches on Cèsar Hawke's arms, a discharged Glock on his coffee table, and a dead woman in his bathtub. Yeah, maybe he brought the waitress home for some fun—he was too drunk to remember it—but he knows for a fact that he didn't kill her. He's an agent with the Office of Preternatural Affairs. He doesn't hurt people. He saves them. The cops disagree. Now Cèsar is running. Isobel Stonecrow speaks with the dead. She brings closure to the bereaved and heals broken hearts. But when she talks to the wrong spirit, the OPA puts a bounty on her head. Tracking down Isobel is the last case assigned to Cèsar before he bolts. If he finds her, he can prove that he didn't kill that waitress. He can clear his name, get his job back, and bring justice to all those wronged families. She's just one witch. He's bagged a dozen witches before. How hard can one more be? About Silver Bullet Former private investigator Cèsar Hawke has one rule: He doesn't deal with dead bodies. That's why he enlisted with the Magical Violations Department in the Office of Preternatural Affairs. He's happy tracking down witches that commit petty crimes, but he leaves the homicides to other agents. Except that he's been assigned to a new team—a team that handles special investigations—and the job has suddenly changed. Now Cèsar has to deal with dead bodies. He also has to deal with necromancers, murderous cults, and demons that can stop a man's heart with fear. This isn't the job he signed up for, but it's the job he needs to do. If he survives the first week. About Hotter Than Helltown A killer is mutilating bodies in Los Angeles. Agent Cèsar Hawke is on the case, but the murderer is ahead of him—way ahead of him. Wiping the memories of the dead so that the team's necrocognitive can't talk to them? Done. Preventing magical reconstruction of the crime scenes? Oh yeah. And the murders keep getting more brutal while Cèsar struggles to catch up. The best way to heat up a cold case is to go to Helltown, where Los Angeles's most powerful evil hides out, but even those demons are afraid of the murderer. Their fear adds one more question to the growing pile of unknowns: What kind of bad guy is too hot for Helltown? It's been five years since she killed her last enemy, and life has been quiet since then. She went to college. Got a job, and then lost it. Made a friend or two. Lived a normal life. Now her former partner, a powerful witch named James Faulkner, wants Elise to fight one more time. The daughter of a coven member has been possessed, and Elise is the only exorcist nearby. Becoming a hero again would mean risking discovery by old enemies. But digging into the case reveals that it might already be too late—bodies are disappearing, demons slither through the night, and the cogs of apocalypse are beginning to turn once more. Street magician Missy Masters inherited more than the usual genetic cocktail from her estranged grandfather. She also got his preternatural control of shadow and his legacy as the vigilante hero, Mr Mystic. Problem is, being a pulp hero takes more than a good fedora and a knack for witty banter, and Missy lacks the one thing Mr Mystic had: experience. Determined to live up to her birthright, Missy journeys to China to seek the aid of Lung Huang, the ancient master who once guided her grandfather. Lung Huang isn't quite as ancient as Missy expected, and a romantic interlude embroils her in the politics of Lung Huang and his siblings, the nine dragon-guardians of creation. When Lung Di-Lung Huang's brother and mortal enemy-raises a magical barrier that cuts off China from the rest of the world, it falls to the new Mr. Mystic to prove herself by taking down the barrier. As Missy prepares to confront Lung Di, she faces a tough decision: remain loyal to Lung Huang and see China destroyed, or side with the bad guy and save the world. Enter a hidden world of winged vampire warriors—and the women they are sworn protect. Born of Ashes is the fourth breathtaking novel in paranormal romance author Caris Roane's Guardians of Ascension series... For years, she was kept as a human slave—one of seven unwilling "blood donors" for the death vampires who thirst for absolute power. Now, Fiora, a woman, haunted by her memories of being strapped to a gurney, drained of blood, then revived at the last moment, must avenge her captors—but only one warrior can help her... Jean-Pierre has lived and fought for over two-hundred years, known the triumph of slaying a death vampire, but has never known anything like the feelings that arise when he becomes a guardian. Her beauty, her pain, her passion—and her growing power—consume his senses. Now the warrior must draw her out once more—and fight the gates of hell itself—for love.

The bestselling author delves into his past and discovers the inspiring story of his grandmother's extraordinary life. She was a woman and a prosecutor, a graduate of Smith College and the granddaughter of slaves, as dazzlingly unlikely a combination as one could imagine in New York of the 1930s—and without the strategy she devised, Lucky Luciano, one of the most powerful Mafia bosses in history, would never have been convicted. When special prosecutor Thomas E. Dewey selected her as one of his lawyers to help him clean up the city's underworld, she was the only member of his team who was not a white male. Her grandmother, Eunice Carter, was raised in a world of stultifying expectations about race and gender. In the 1940s, her professional and political successes had made her one of the most famous black women in America. But her life was shadowed by prejudice and tragedy. Greatly complicating her rise was her difficult relationship with her young son, Alphaeus, an avowed Communist who—together with his friend Dashiell Hammett—would go to prison during the McCarthy era. Yet she remained unbowed. Moving, haunting, and as fast-paced as a novel, Invisible tells the true story of a woman who found her path blocked by the social and political expectations of her time. But Eunice Carter never accepted defeat. Thanks to her grandson's remarkable book, her long forgotten story is once again visible.
