

Short Story With Question And Answer

A king visits a hermit to gain answers to three important questions.

An investigation into the assignment of moral responsibilities and rights to intelligent and autonomous machines of our own making. One of the enduring concerns of moral philosophy is deciding who or what is deserving of ethical consideration. Much recent attention has been devoted to the "animal question"—consideration of the moral status of nonhuman animals. In this book, David Gunkel takes up the "machine question": whether and to what extent intelligent and autonomous machines of our own making can be considered to have legitimate moral responsibilities and any legitimate claim to moral consideration. The machine question poses a fundamental challenge to moral thinking, questioning the traditional philosophical conceptualization of technology as a tool or instrument to be used by human agents. Gunkel begins by addressing the question of machine moral agency: whether a machine might be considered a legitimate moral agent that could be held responsible for decisions and actions. He then approaches the machine question from the other side, considering whether a machine might be a moral patient due legitimate moral consideration. Finally, Gunkel considers some recent innovations in moral philosophy and critical theory that complicate the machine question, deconstructing the binary agent-patient opposition itself. Technological advances may prompt us to wonder if the science fiction of computers and robots whose actions affect their human companions (think of HAL in 2001: A Space Odyssey) could become science fact. Gunkel's argument promises to influence future considerations of ethics, ourselves, and the other entities who inhabit this world.

Short story publishing is flourishing in the 21st century and is no longer seen as a poor relation of the novel. But what is a short story and how do you write one? Robert Graham takes you through everything you need to know, from how a writer works to crafting and editing your own stories. This heavily revised edition features new chapters by contemporary fiction writers. Stressing the importance of reading broadly and deeply, it offers a wide range of prompts and writing exercises. It teaches you how to read as a writer and write like somebody who has read. You will learn about the craft you need to produce short stories, and one of the key writer's disciplines: reflecting on your own work. Whether you are a student or an experienced author, this book will teach you how to write short stories – and reflect on the creative processes involved. The book features contributions from writer-teachers James Friel, Rodge Glass, Ursula Hurley, Heather Leach, Helen Newall, Jenny Newman, James Rice and Tom Vowler.

Online booksellers are rapidly becoming online publishers. Sell your short fiction or nonfiction to the newest markets. Anyone who publishes your compiled short stories, novels, or nonfiction is looking for more opportunities to market your work. If you have published your stories or nonfiction with a mainstream or print-on-demand publisher, that firm cooperates with online booksellers. They probably want to leverage serial rights opportunities with your short stories, articles, or nonfiction excerpts from your books. After publication, you need to drive people to online booksellers' Web sites and your own to create visibility. The revolution is in virtual book tours and online marketing with booksellers. Another hidden market is short story publishing rights' auctions online to create visibility. You sell your writing as you'd sell a product at one of the online auctions. Long before finding any publisher or after the "face-out shelf life" of your book is over, sell or pre-sell your creations online. Offer short stories or articles to the public for a small fee to download. The music and movie industry do it. So can you. Online booksellers already are famous for a targeted community of readers that buy online. That's only one hint of hidden markets for authors that want to be well-paid for short stories or brief nonfiction. Here's how to write, customize, and market precisely what these merchants want. Here's how to pose the least financial risk to them.

Debbie Macomber's Blossom Street and Cedar Cove series have won thousands of fans, thanks to her signature blend of heartfelt romance, delightful humor, and warm wisdom. Now, in this original short story available exclusively as an eBook, Macomber shares a sneak peek into her new series set in Cedar Cove, which features Jo Marie, before she becomes the owner of the beloved Rose Harbor Inn. From the moment Jo Marie sits next to Paul inside the Seattle Seahawks' stadium, she feels a spark. Paul's striking blue eyes and kind smile tell her that he's someone special—different from any man she's met before. When they strike up a conversation, Jo Marie and Paul realize how much they have in common, yet there's one thing keeping them from a fairy-tale ending: Paul is in the military and will ship out of Seattle within the next six weeks. As Jo Marie wonders if she should once again open her heart, she decides that, no matter the stakes, she can't forgo her chance at true love. Includes an excerpt from Debbie Macomber's Last One Home.

How does one translate experience into fiction? Here at last is specific and practical guidance on the art, craft, and business of writing short stories. Comprehensive yet concise, William H. Phillips offers indispensable advice on exploring sources, galvanizing the imagination, studying stories, and then writing them. Drawing on years of classroom experience, the author provides guidance for several types of writers: beginners, writers with works in progress, those seeking other writers for critiques, and students in introductory and intermediate writing courses. A special section features three original stories by former students of the author. Accompanying materials on development offer keen insights into the writer's craft. Using proven, group-tested materials, Writing Short Stories furnishes all the essentials needed to produce effective short fiction—from simple guidelines to sample journal entries, from exercises to strategies—not to mention a healthy and welcome dollop of encouragement and inspiration.

WHAT IS THE STORY GRID? The Story Grid is a tool developed by editor Shawn Coyne to analyze stories and provide helpful editorial comments. It's like a CT Scan that takes a photo of the global story and tells the editor or writer what is working, what is not, and what must be done to make what works better and fix what's not. The Story Grid breaks down the component parts of stories to identify the problems. And finding the problems in a story is almost as difficult as the writing of the story itself (maybe even more difficult). The Story Grid is a tool with many applications: 1. It will tell a writer if a Story ?works? or ?doesn't work. 2. It pinpoints story problems but does not emotionally abuse the writer, revealing exactly where a Story (not the person creating the Story'the Story) has failed. 3. It will tell the writer the specific work necessary to fix that Story's problems. 4. It is a tool to re-envision and resuscitate a seemingly irredeemable pile of paper stuck in an attic drawer. 5. It is a tool that can inspire an original creation.

Essays tracing the evolving relationship between British women writers and the short story genre from the late Nineteenth Century to the present day. What is the relationship between the British woman writer and the short story? This collection examines what this versatile genre offers

women writers, and what this can tell us about the society and culture they inhabit. From the rise of the modern printing press at the end of the Nineteenth Century through to the present digital age, these essays examine how the short story has been deployed and reworked by women writers and how they have influenced and shaped the genres development. Considering the effect of literary inheritances, societal and cultural change, and shifting publishing demands, this collection traces the evolution of the genre through to its continued appeal to women writing today. From the New Woman to contemporary feminisms, women's anthologies to microfiction, modernist writers to the contemporary works of Sarah Hall and Helen Simpson, the chapters in this collection investigate a crucial yet under-examined field of British literature. Key Features and Benefits 12 chapters discussing a range of gender and genre issues since the fin-de-sic e to the present day. Sets out a clear trajectory to map both the historical and literary connections and divergences between British women short story writers. Offers a comprehensive account of the genres development to provide scholars with a unique insight into a largely neglected aspect of womens writing. Includes new readings of canonical authors alongside more recent theoretical approaches, innovations and lesser-discussed writers.

Winner of the Francis Parkman Prize, Society of American Historians "A tour de force. . . . No one has ever written a book on the Declaration quite like this one."—Gordon Wood, New York Review of Books Featured on the front page of the New York Times, Our Declaration is already regarded as a seminal work that reinterprets the promise of American democracy through our founding text. Combining a personal account of teaching the Declaration with a vivid evocation of the colonial world between 1774 and 1777, Allen, a political philosopher renowned for her work on justice and citizenship reveals our nation's founding text to be an animating force that not only changed the world more than two-hundred years ago, but also still can. Challenging conventional wisdom, she boldly makes the case that the Declaration is a document as much about political equality as about individual liberty. Beautifully illustrated throughout, Our Declaration is an "uncommonly elegant, incisive, and often poetic primer on America's cardinal text" (David M. Kennedy).

NOW A #1 NEW YORK TIMES BESTSELLER! An unflinching, darkly funny, and deeply moving story of a boy, his seriously ill mother, and an unexpected monstrous visitor. At seven minutes past midnight, thirteen-year-old Conor wakes to find a monster outside his bedroom window. But it isn't the monster Conor's been expecting-- he's been expecting the one from his nightmare, the nightmare he's had nearly every night since his mother started her treatments. The monster in his backyard is different. It's ancient. And wild. And it wants something from Conor. Something terrible and dangerous. It wants the truth. From the final idea of award-winning author Siobhan Dowd-- whose premature death from cancer prevented her from writing it herself-- Patrick Ness has spun a haunting and darkly funny novel of mischief, loss, and monsters both real and imagined.

Originally published in 1995, this book explores American short story sequences as a twentieth-century genre.

With his stunning watercolors -- and text that resounds with universal truths, award-winning artist Jon J Muth has transformed a story by Tolstoy into a timeless fable for young readers. What is the best time to do things? Who is the most important one? What is the right thing to do? Nikolai knows that he wants to be the best person he can be, but often he is unsure if he is doing the right thing. So he goes to ask Leo, the wise turtle. But it is Nikolai's own response to a stranger's cry for help that leads him directly to the answers he is looking for. Jon J Muth combined his studies of Zen with his love for Tolstoy to create this profound, yet simple book about compassion and living in the moment.

From We Need Diverse Books, the organization behind Flying Lessons & Other Stories, comes another middle-grade short-story collection--this one focused on exploring acts of bravery--featuring some of the best own-voices children's authors, including R. J. Palacio (Wonder), Rita Williams-Garcia (One Crazy Summer), Linda Sue Park (A Long Walk to Water), and many more. Not all heroes wear capes. Some heroes teach martial arts. Others talk to ghosts. A few are inventors or soccer players. They're also sisters, neighbors, and friends. Because heroes come in many shapes and sizes. But they all have one thing in common: they make the world a better place. Published in partnership with We Need Diverse Books, this vibrant anthology features thirteen acclaimed authors whose powerful and diverse voices

show how small acts of kindness can save the day. So pay attention, because a hero could be right beside you. Or maybe the hero is you. AUTHORS INCLUDE: William Alexander, Joseph Bruchac, Lamar Giles, Mike Jung, Hena Khan, Juana Medina, Ellen Oh, R. J. Palacio, Linda Sue Park and Anna Dobbin, Cynthia Leitich Smith, Ronald L. Smith, Rita Williams-Garcia, and short-story contest winner Suma Subramaniam "As with the two previous anthologies from We Need Diverse Books, this collection admirably succeeds in making available to all readers a wider and more representative range of American voices and protagonists." —The Washington Post "That Spot" is a short story written by Jack London in 1908 "I don't think much of Stephen Mackaye any more, though I used to swear by him. I know that in those days I loved him more than my own brother. If ever I meet Stephen Mackaye again, I shall not be responsible for my actions. It passes beyond me that a man with whom I shared food and blanket, and with whom I mushed over the Chilcoot Trail, should turn out the way he did."

Now in paperback, inspired by Joan of Arc, a girl builds a submarine and pilots it across the Chesapeake Bay to escape her abusive father in this gorgeous middle-grade debut Mary Murphy feels like she's drowning. Her violent father is home from prison, and the social worker is suspicious of her new bruises. An aunt she's never met keeps calling. And if she can't get a good grade on her science project, she'll fail her favorite class. But Mary doesn't want to be a victim anymore. She has a plan: build a real submarine, like the model she's been making with Kip Dwyer, the secretly sweet class clown. Gaining courage from her heroine, Joan of Arc, Mary vows to pilot a sub across the Chesapeake Bay, risking her life in a modern crusade to save herself. Mary Underwater is an empowering tale of persistence, heroism, and hope from a luminous new voice in middle-grade fiction.

How to Write A Short Story (And Think About It)

The essays in this volume seek to explore the genre of the short story in India and its relationship with English language and literature. Various aspects of the question are taken up the impact of colonialism; the way English has shaped (or not) short story writing; why, how and in what contexts English words are used, feminist perspectives in the writings of women; the Indian diaspora; the teaching of the short story to Indian students and so on.

Frank Yerby's first novel, *The Foxes of Harrow*, established him as a writer and launched a forty-nine-year career in which he published thirty-three novels. He also became the first African American writer to sell more than a million copies of his work and to have a book adapted into a movie by a Hollywood studio. He garnered legions of loyal fans of his writing. Yet, few know that Yerby began his writing career with the publication of a short story in his school newspaper in 1936, the first of nine stories he would publish in the 1930s and '40s. Most stories appeared in small journals and magazines and were largely forgotten once he started writing novels. This groundbreaking collection gives readers access to an intriguingly diverse selection of Yerby's short fiction. The stories collected here, eleven of which have never previously been published, paint a picture of Yerby as an intellectual who thought deeply about several philosophical questions at the center of understanding what it means to be human. The stories also reveal him as an artist committed to exploring a range of human drives, longings, conflicts, and passions, from the quirky to the serious, and in a variety of writing styles. With an attention to historical detail, voice, and character that he became known for, these stories give us new insights into this important African American writer who dared to believe he could earn a living as a writer.

The Cambridge History of the English Short Story is the first comprehensive volume to capture the literary history of the English short story. Charting the origins and generic evolution of the English short story to the present day, and written by international experts in the field, this book covers numerous transnational and historical connections between writers, modes and forms of transmission. Suitable for English literature students and scholars of the English short story generally, it will become a standard work of reference in its field.

Reading Skills Activities | Reading Comprehension | Finding Facts Improve Overall Reading Comprehension with Targeted Specific Skill Practice! Focusing on one comprehension skill at a time gives students the opportunity to master that skill and improve their general reading and comprehension skills. Finding Facts: Being able to find the facts in a story is a basic, yet essential, comprehension skill. It helps to lay the foundation for success in mastering other comprehension skills. You may want to introduce this skill by explaining to students that facts are small bits of information that make up the whole of a story. Skill Specific Activities There are 15 high-interest, short stories in this selection that include a variety of fiction and non-fiction topics. The follow up questions guide students to find the facts. The facts might be who, what, where or when. Or they might be the names of people and places, dates, times, and numbers. Each story is numbered instead of having a title. The last question for each story asks the students to give the story a title. This important activity helps to determine the student's level of understanding the story's main idea. Visual Lesson Each story has an engaging illustration designed to bring the story to life and help capture the interest of reluctant readers. To help sharpen inference skills, students can be asked to use the illustration to predict what the story is about. Teaching Opportunities These targeted activities are great for one-on-one intervention, small groups of students at multiple skill levels or whole class participation. Can be used for remediation, review, and transition classes. Details: Each short story is between 140 and 160 words and is written at a 2.0 to 3.5 reading level according to the Flesch-Kincaid Readability Scale. The interest level is grades 4 and up. Contents Include: • 15 high-interest, short stories • 15 pages of skill-specific questions focusing on Finding Facts • Answer Key
